PEUGEOT **EXPERT**

PEUGEOT

Designed with business in mind, the Peugeot Expert range is built by professionals for professionals. Because we understand that no two businesses are the same, we've designed the Expert to be flexible in all sorts of useful ways – from different payloads and heights to different engines. And that's where our Expert Accessories fit in too. Whatever role your Peugeot Expert will play in your life, our Expert Accessories offer you a range of fantastic ways to make it as individual as your business is.

PERSONALISED TO SUIT YOU THE PEUGEOT EXPERT

Perhaps you want to extend your Expert's carrying capacity with a towbar or roof rack? Or to make for a smoother journey, why not add satellite navigation or a parking aid? You could even keep the contents of your Expert more secure by adding security grilles or an anti-intrusion alarm.

Every item is designed to fit perfectly in your Peugeot. There's no compromise on quality – a philosophy that has been adhered to in every aspect of the Expert's development.

To make it easy to find the things you want this brochure is organised into categories: Touring, In-car Technology, Protection and Safety and Security. So take a look, decide on the accessories you want and get ready for a truly professional way to do business.

Contact your local Peugeot Dealer for more information on our accessories range or visit www.peugeot.co.uk/accessories

Safety and Security	07

TOURING

1. Roof rack

Designed and engineered to fit securely to the roof structure enabling the carriage of bulky cargo without compromising on safety. Max permitted load 170kg, evenly distributed.

2. Step plate

An essential item which makes tying down loads on the roof rack both safe and easy.

3. Load roller

Allows easier loading of ladders and other longer items onto the roof rack.

4. Ladder

Provides easier access to items carried on the vehicle roof rack.

5. Roof bars

An excellent foundation for safely transporting large items. Max permitted load 100kg, evenly distributed.

6. Standard ISO towbar

Engineered and tested to the highest standards this ISO towbar features a traditional two bolt ball coupling and is available with either 13 pin or twin (7n + 7s) electrics.

7. Fog light kit

Increased visibility in fog will enable you to see and be seen. The low level of these fog lights helps penetrate the fog, illuminating the road ahead so you can drive more safely.

8. Load tunnel

The load tunnel allows you to store pipes and tubing of up to 80mm in diameter, in complete safety inside the vehicle. This is also an excellent security feature.

IN-CAR TECHNOLOGY

1. Parking assistance

The parking assistance system can be fitted to either or both the front and rear of the vehicle. The system emits audible beeps when the vehicle approaches an obstacle helping you to manoeuvre more safely. Please note, the rear system is automatically disabled when towing.

2. Smartnav dynamic navigation system

An easy-to-use dynamic navigation system that takes into account live traffic information, directing the user around congestion and traffic hold-ups, all at the press of a button on the dashboard. Also available with optional 'Safe Speed', which alerts the driver to speed cameras, helping you to keep within the speed limit.

3. TomTom portable navigation

No set-up or subscription charges, simply plug in, switch on and go. These smart, easy to use, navigation units come pre-loaded with UK and Western European mapping* and include a screen mount and in-car power lead. Entering address details could not be easier thanks to their touch screen operation and postcode navigation.

4. 'Bluetooth' integrated hands-free kit

Designed to be used with 'Bluetooth' compatible phones, the hands-free kit offers full voice control for pick-up, hang-up and dialling by name. Just leave your phone in your pocket or a bag, turn the ignition key and you're ready to make, take or reject calls while driving.

5. Supertooth One hands-free kit

This hands-free kit simply clips on to the vehicle sun visor and provides a wireless, Bluetooth connection to your mobile phone. It features a 'high clarity' speaker, ultra sensitive microphone with noise cancellation and an integrated rechargeable battery.

6. Auxiliary loom for RD4 radio

The auxiliary input loom allows connection of MP3 players to the vehicle's audio system.

*Dependent on model. Please see price list for detailed model applications.

PROTECTION

1. PVC door sill protectors

Hard-wearing PVC door sill guards to protect from scuffs and scratches.

2. Rubber mat

One piece rubber mat, tailored to fit the vehicle, with the 'Expert' name shown in the centre of the mat. Supplied with fittings.

3. Carpet mat

One piece carpet mat, tailored to fit the vehicle, with the 'Expert' name. Supplied with fittings.

4. Mudflaps

Sold in pairs, front or rear, these offer excellent protection against damage from road debris.

5. Styled mudflaps

Designed to complement the vehicle's lines, while offering excellent protection against damage from road debris. Supplied in matt black plastic ready for fitting. They can be painted body colour for that extra special look.

SAFETY AND SECURITY

1. Warning triangle, high visibility jacket and first aid kit

Be prepared for those unexpected emergencies with our range of road safety accessories. All items are available individually.

2. Anti-intrusion alarm

Protects against forced entry via bonnet, doors and boot, plus ultrasonic protection of vehicle interior.

3. Fire extinguisher

Available in 1kg and 2kg sizes.

4. Headlight beam converter

Peugeot headlight beam converters redirect the beam rather than blocking it. This patented technology allows almost 20% more light through, enabling you to drive safely and legally when abroad.

5. Snow chains

Essential for driving on fresh or compacted snow.

6. Security grilles

Further protect the contents of your vehicle by installing tailored window security grilles (set of two).
