PEUGEOT ***PARTNER VAN***

PEUGEOT

When you've got work to get on with, you need a van you can rely on to make loading, unloading and delivering as easy as possible. And that's exactly what the New Partner is all about; with payloads up to 850kg, best in class key dimensions and being the first van in its class with a second passenger seat for occasional use.

It's economical as well, with the latest Peugeot HDi 75 diesel engine delivering great fuel consumption and low emissions too. But even though it's frugal, the New Partner is still good to drive and easily comfortable enough for long journeys.

TOUGH FLEXIBLE AND HARDWORKING; THE NEW PEUGEOT

New Partner Accessories give you the opportunity to make your van suit your business even better. Whether you add roof bars or an interior roof rack to cater for your cargo, or go for our iPod connectivity kit to take your tunes on the road with you – the choice is all yours.

Whatever you choose, you can be certain that every item is designed to fit perfectly in your Peugeot, so there's no compromise on quality. To make it easy to find the accessories you want, this brochure is organised into categories: Touring, In-car Technology, Protection, Safety and Security. So take a look, decide how best to stamp your style on your New Partner and get ready to get around town easier than ever.

Contact your local Peugeot Dealer for more information on our accessories range or visit www.peugeot.co.uk/accessories

TOURING

1. Roof bars

An excellent foundation for safely transporting large items. Max permitted load 100kg, evenly distributed.

2. Roof rack

Designed and engineered to fit securely to the roof structure enabling the carriage of bulky cargo without compromising on safety. Max permitted load 120kg, evenly distributed.

3. Load roller

Allows for easier loading of ladders and other longer items onto the roof rack.

4. Standard ISO towbar

Engineered and tested to the highest standards, this ISO towbar features a traditional two bolt ball coupling and is available with either 13 pin or twin (7n + 7s) electrics.

5. Set of two interior roof bars

Set of two interior mounted bars that are ideal for carrying valuable items securely inside the vehicle such as copper tubing. Max permitted load 20kg evenly distributed.

6. Parking assistance

The parking assistance system can be fitted to either or both the front and rear of the vehicle. The system emits audible beeps when the vehicle approaches an obstacle helping you to manoeuvre more safely. Please note, the rear system is automatically disabled when towing.

IN-CAR TECHNOLOGY

1. iPod connectivity kit

Peugeot's range of iPod car dock kits enable you to play your music via the vehicle's audio system. All of the iPod music menus are displayed on the vehicle multi-function display allowing safe browsing through songs, albums, artists, playlists and podcasts. Navigation through these menus could not be simpler via the vehicle audio stalk control which also allows users to adjust volume and skip forwards and backwards through tracks. Once connected, the iPod can be safely stored in the glove box or other dashboard location and its battery will also be charged.

2. Smartnav dynamic navigation system

An easy-to-use dynamic navigation system that takes into account live traffic information, directing the user around congestion and traffic hold-ups, all at the press of a button on the dashboard. Also available with optional 'Safe Speed', which alerts the driver to speed cameras, helping you to keep within the speed limit.

3. TomTom portable navigation

No set-up or subscription charges, simply plug in, switch on and go. These smart, simple, navigation units come pre-loaded with UK and Western European mapping* and include a screen mount and in-car power lead. Entering address details could not be easier thanks to their touch screen operation and postcode navigation.

4. Supertooth One hands-free kit

This hands-free kit simply clips on to the vehicle sun visor and provides a wireless, Bluetooth connection to your mobile phone. It features a 'high clarity' speaker, ultra sensitive microphone with noise cancellation and an integrated rechargeable battery.

5. 'Bluetooth' integrated hands-free kit

Designed to be used with 'Bluetooth' compatible phones, the hands-free kit offers full voice control for pick-up, hang-up and dialling by name. Just leave your phone in your pocket or a bag, turn the ignition key and you're ready to make, take or reject calls while driving.

PROTECTION

1. Styled mudflaps

Designed to complement the lines of the vehicle whilst protecting the bodywork from damage that can be caused by road debris. Supplied in matt black plastic ready for fitting. They can be painted body colour for that extra special look.

3 Brushed aluminium effect door sill protectors

Protect against scuffs and scratches with these hard-wearing Polycarbonate door sill protectors.

2. Set of front carpet mats

For effective protection of the original carpets. Embossed with 'Partner' logo.

4. Set of front rubber mats

Manufactured from hard-wearing washable rubber.

SAFETY AND SECURITY

1. Warning triangle, high visibility jacket and first aid kit

Be prepared for those unexpected emergencies with our range of road safety accessories. All items are available individually.

2. Fire extinguisher

Available in 1kg and 2kg sizes.

3. Headlight beam converter

Peugeot headlight beam converters redirect the beam rather than blocking it. This patented technology allows almost 20% more light through, enabling you to drive safely and legally when abroad.

4. Anti-intrusion alarm

Protects against forced entry via bonnet, doors and boot plus ultrasonic protection of vehicle interior.

5. Rear window Security grilles

Further protect the contents of your vehicle by installing tailored window security grilles (set of two).
