

RENAULT CLIO

DRIVE THE CHANGE

WHY RENAULT? WE'RE DRIVEN BY A PASSION TO MEET AND EXCEED PEOPLE'S NEEDS, AND THAT'S WHAT DRIVES THE INDUSTRY FORWARD. IT'S BEEN THAT WAY WITH US FOR OVER A HUNDRED YEARS. BUT IN TODAY'S RAPIDLY-CHANGING ENVIRONMENT, IT'S MORE IMPORTANT THAN EVER THAT WE SOURCE NEW SOLUTIONS THAT WILL SAFEGUARD ALL OUR FUTURES.

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

At Renault we are working to create more affordable cars, with radically lower CO₂ emissions. For the widest possible audience. Today that's our collection of 35 'eco²' models. Eco² indicates that the vehicle produces CO₂ emissions lower than 140 g/km, it includes at least 5% recycled plastic in its plastic mass, and has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy). In addition eco² means that our factories are ISO 14001 certified.

Starting next year there will be a groundbreaking range of electric vehicles, from a nippy town car to a comfortable family saloon and a small van. They will be affordable to run – you will be able to drive up to 100 miles using a battery that costs typically £3 to charge, and a lot less using cheaper tariffs. And parking and congestion charges should all be lower, too.

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

RENAULT. DRIVE THE CHANGE.

UP TO THE MINUTE TECHNOLOGY

20:07

TAKE THE NEXT RIGHT...

Carminat TomTom makes navigation simple. It is Renault's latest GPS navigation system and is the fruit of an exclusive partnership between Renault and TomTom, to produce a fully integrated navigation unit at an affordable price. Ready to run in an instant and easy to use, it gives the Clio range an advanced, affordable navigation system which incorporates a 5.8-inch (14.7cm) colour screen - larger than that of removable systems - allowing the clear display of precise, detailed maps, including a 'birds-eye view' display. It gives accurate directions, including traffic information, speed restrictions and speed camera location alerts. It's very simple to update, too - meaning you always have the latest information.

SAFETY FOR ALL

Driving a small car doesn't mean that you have to compromise on safety. Its excellent handling, powerful braking and state-of-the-art technology helped make Clio the first vehicle in its category to obtain the maximum five Euro NCAP stars for adult protection. This focus on safety also helped make Clio "Car of the Year" on two separate occasions. The wide range of safety features, fitted as standard, is proof that Renault always goes the extra mile for your safety.

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

Your new Renault Clio is covered by a 3-year warranty package – the first 2 years of unlimited mileage Renault manufacturer warranty, followed by a further year of cover up to 60,000 miles. Paintwork is also guaranteed for 3 years while the anti-corrosion warranty runs for 12 years. In addition, the Renault Assistance plan ensures prompt help in the UK and Northern Ireland for manufacturer defects for 36 months. For full details please refer to the Renault warranty terms and conditions, available from your Renault Dealer or from www.renault.co.uk.

SERVICE INTERVALS (EURO5)

All models 18,000 miles / 2 years

Except:

12,500 miles / 2 years:

- Twingo 1.2 TCe 100 & Renaultsport 133
- Mégane Renaultsport 250

12,000 miles / 2 years:

Wind Roadster, Modus, Grand Modus & Clio 1.2 TCe 100 & 1.6 VVT 133

- Clio Renaultsport 200

18,000 miles / 1 year:

- Kangoo 1.6 16V 105 (Euro4)

Service required at the mileage or time interval shown, whichever is sooner.

ENGINES WITH OIL CONTROL SYSTEM (OCS)

- PETROL 1.2 TCe 100, 1.4 TCe 130, 2.0 TCe 180, 1.6 VVT 128, 1.6 VVT 133, Renaultsport 133 and 250
- ALL DIESEL engines

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your engine from excessive wear and possible bearing failure. Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to driver's handbook for details).

EXTENDING YOUR WARRANTIES AND COVER

Renault Extended Warranty allows you to extend your Renault Warranty up to 5 years or 80,000 miles.

Renault Assistance Added Cover provides you with additional cover for incidents not covered by Renault Assistance: punctures, incorrect (or lack of) fuel, keys lost, stolen or locked inside the vehicle and incidents involving caravans or trailers.

For full information on these products please ask your Renault Dealer or log on to www.renault.co.uk and click on 'Owner Services', where you can also buy securely online.

SERVICE PLANS

When you buy a new car, you can also purchase a Fixed Price Service Plan. Prices start from just £159 and the plan covers your recommended manufacturer servicing up to 3 years or 30,000 miles, whichever comes first.* For more details ask your dealer or log on to www.renault.co.uk and click on 'Owner Services'.

*Plan only available at the time of vehicle purchase.
