smart Service Care

With smart **Service Care** it's easy to enjoy more flexible and affordable car servicing at your local smart Official Workshop.

Because **Service Care** guarantees the price of parts and labour for up to three services and cleverly protects you against any further inflationary rises, the price will never go up. Even better, it also includes regular service items like spark plugs, air filters and fuel filters.

But that's not all. You'll have a choice of easy ways to pay as well. You can either add your servicing costs to your monthly budget by paying a fixed amount, or pay all your servicing costs in one lump sum. Either way, you can relax knowing it's taken care of in the best way for you.

- **Service Care** guarantees the price you pay today is the price for the next two or three services, so what you pay won't go up even if inflation does.
- Fixed monthly costs make it easier for you to budget because you can spread the cost of servicing.
- You'll be adding an official stamp to your service history. So when it comes to selling your pride and joy on, future owners can look for the manufacturers' seal of approval when they buy.
- You'll have the satisfaction of knowing that your car will be serviced by specially trained technicians, using the latest diagnostic equipment, and fitting genuine smart parts.
- If your car has been bought on finance then the **Service Care** payment can be easily added to your monthly budget plan.
- Fully transferable to a new owner if you sell your smart, providing the plan is paid for in one lump sum.
