- Owning the Auris

Refined and remarkably efficient, the Auris is now restyled inside and out for an even more rewarding experience.

With smoother, retuned suspension, Auris offers the perfect balance of responsive handling and comfort, no matter what the conditions or road surface.

It's easy to think you're in a much larger car. Special attention has been paid to headroom, shoulder space and legroom, ensuring that there's ample space for five tall adults. This is travel without compromise.

SR interior shown.

With a spacious boot and wide-opening tailgate, Auris has plentiful carrying capacity for luggage, shopping and more. Practical one-touch folding seats make life easier too.

Toyota Touch™

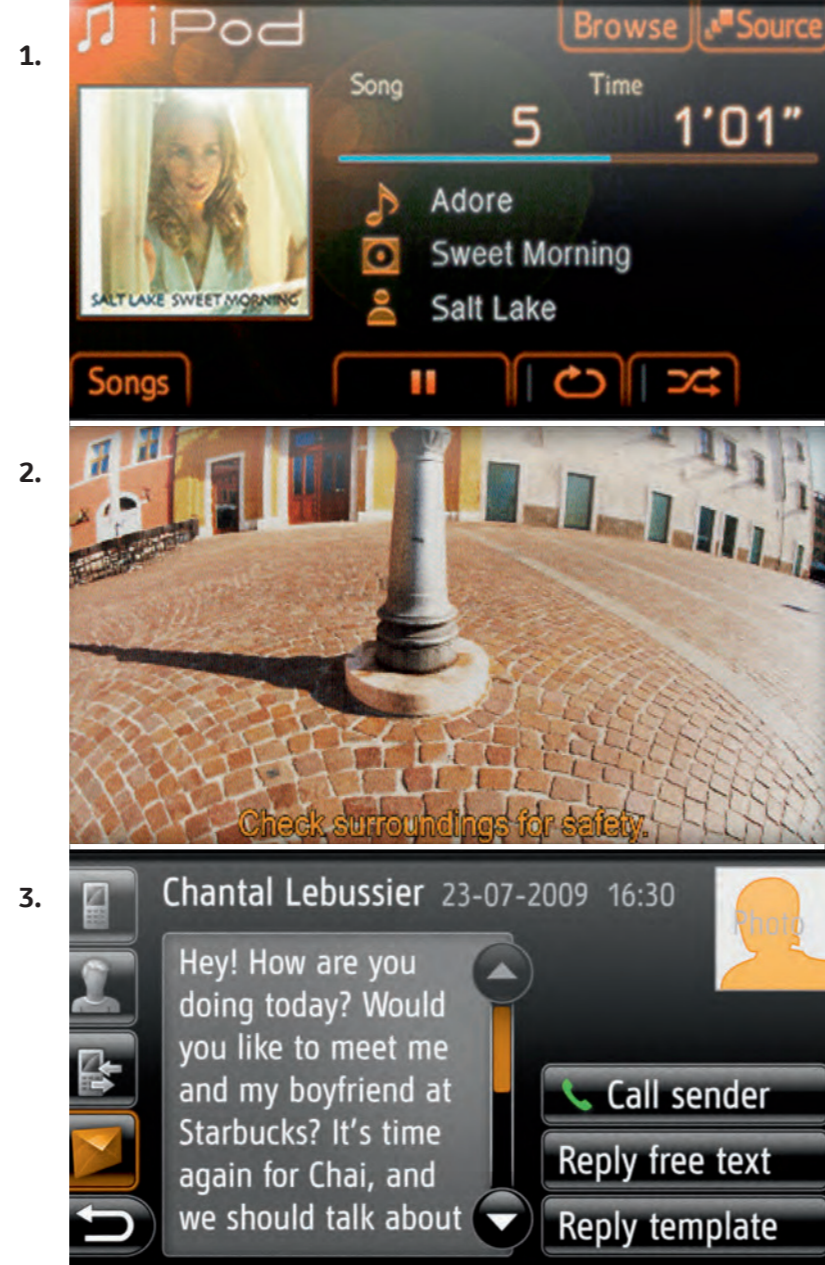

Enjoy unprecedented in-car convenience with Toyota Touch™, available as standard on Colour Collection, TR and SR.

1. **Touch screen Multimedia** Use the 6.1" colour touch screen with the radio/CD and portable media players connected via USB or aux-in. View instant vehicle fuel consumption data, too.

2. **Rear-view camera** Reverse more safely using the rear-view camera. The clear colour image displayed on screen helps you spot hidden hazards and park with ease.

3. **Hands-free answering** Connect a compatible phone using Bluetooth®* to enjoy safe hands-free operation when answering your phone and to stream stored music to your Toyota Touch™.

* Contact your local Toyota Centre to find out if your phone is compatible.

Toyota Touch & Go™

With Toyota Touch & Go™ you will be even more connected. Optional on Colour Collection, TR and SR.

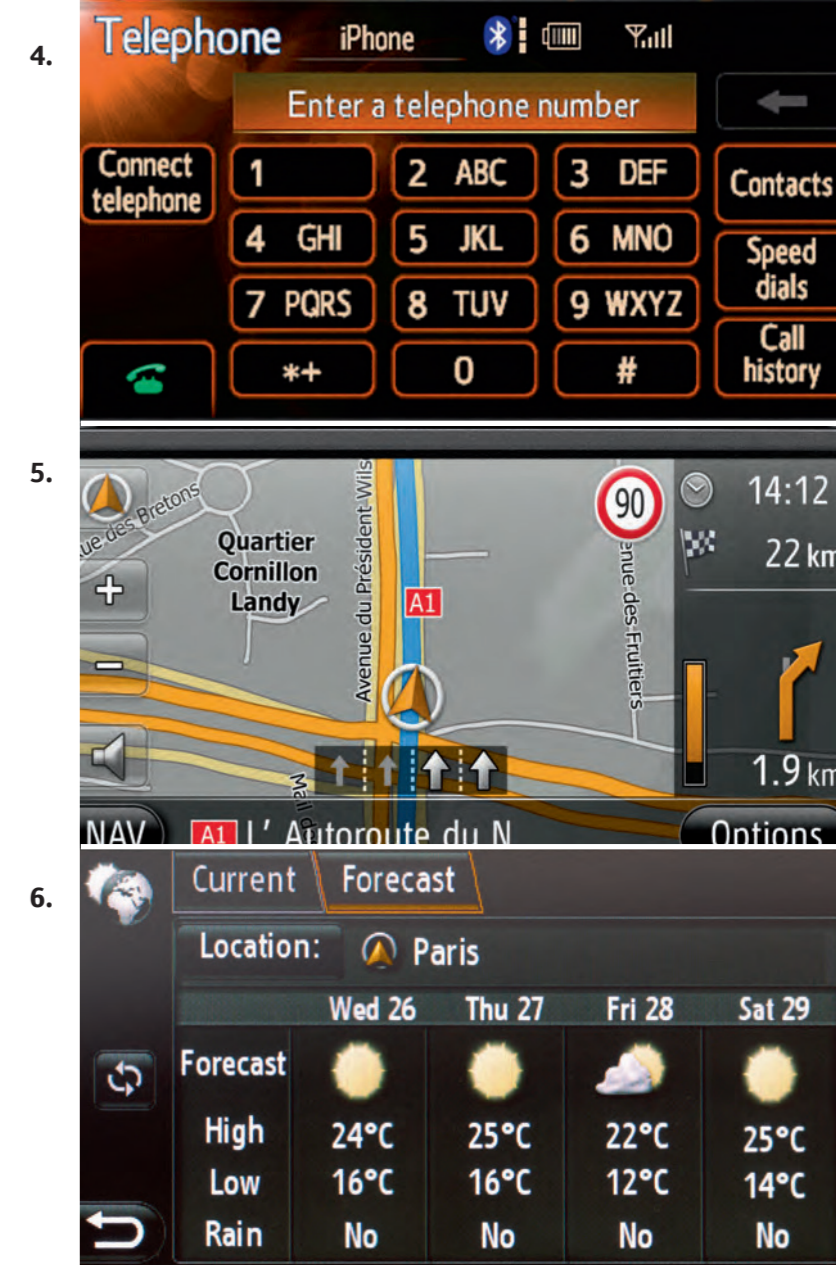

4. **Text messaging** Use advanced Bluetooth®⁵ to send and receive SMS messages when it's safe to do so, with customisable templates available to minimise distraction.

⁵ Bluetooth® MAP profile required on your mobile phone.

5. **Full map satellite navigation** Plot your route with advanced, easy-to-update satellite navigation. Includes speed limit and safety camera warnings.

6. **Connected services** Enhanced connectivity⁶: online local search, plus applications including Fuel, Parking Information and Weather.

⁶ Requires compatible mobile device and tethering.

No safety specification is too high for Toyota. That's why Auris is equipped with seven airbags, including knee airbag, Whiplash Injury Lessening front seats and a smart impact-absorbing body structure. Further peace of mind comes in the form of a five-star Euro NCAP safety rating.

Non-UK specification vehicle shown.

Toyota Optimal Drive

Toyota Optimal Drive means reduced CO₂ emissions, better fuel economy and enhanced performance. It marks the beginning of a new generation of power train technologies, engineered to save you money.

It means you no longer have to give up performance to benefit from lower CO₂ and improved economy.

ENHANCED PERFORMANCE
LOWER CO₂
BETTER FUEL ECONOMY

With Toyota Optimal Drive as standard, every engine is designed for uncompromised efficiency and performance. Take your pick from a choice of three outstanding engines.

1.33 litre Dual VVT-i* Petrol 6 M/T	1.6 litre Valvematic Petrol 6 M/T	1.6 litre Valvematic Petrol 6 M/M	1.4 litre D-4D Diesel 6 M/T	1.4 litre D-4D Diesel 6 M/M

M/T = Manual transmission. M/M = MultiMode with paddle shift. * With Stop & Start. § Combined cycle. The above figures are based on a selection of the engines available.

Edition

A spacious, comfortable car with a surprisingly high level of sophistication and equipment.

Colour Collection

Great style, extra features and extraordinary value, in a choice of nine colour options.

Main features

- Available with 1.33 Dual VVT-i
- 16" alloy wheels
- Manual air conditioning
- 4-speaker radio/CD player with USB and aux-in MP3 capability
- Front electric windows
- Seven airbags
- Leather steering wheel with audio switches and leather shift knob
- Colour-keyed electric, heated and retractable door mirrors with integrated turning signal
- Colour-keyed door handles
- 60/40 folding and reclining rear seats
- Galea interior trim (dark grey)
- Optitron speedometer (white and amber dials)
- Centre armrest console storage
- High-mounted rear stop lamp

Options

- Vehicle Stability Control (VSC)*
- Protection pack

* Subject to availability.

Main features (additional to Edition grade)

- Available with:
- 1.33 Dual VVT-i
 - 1.4 D-4D
 - 1.6 Valvematic
 - Dual-zone climate control
 - Toyota Touch™
 - 6-speaker radio/CD player with USB and aux-in MP3 capability
 - Cruise control (1.6 only)
 - Bluetooth® connectivity
 - Front fog lamps
 - Front and rear electric windows
 - Tatami Sport dark grey fabric with silver detail
 - Analogue speedometer (1.4 & 1.6)
 - Optitron speedometer (1.33)
 - Rear-view camera

Options

- MultiMode transmission (1.6 only)
- Toyota Touch & Go™ navigation
- Protection Pack

TR

Refined features and smart extras such as Toyota Touch™ and rear-view camera make this a satisfying choice, even before you open the door.

Main features (additional to Edition grade)

Available with:

- 1.33 Dual VVT-i
- 1.4 D-4D
- 1.6 Valvematic
- Dual-zone climate control
- Toyota Touch™
- 6-speaker radio/CD player with USB and aux-in MP3 capability
- Cruise control (1.6 only)
- Bluetooth® connectivity
- Front fog lamps
- Front and rear electric windows
- Tatami Sport dark grey fabric with silver detail
- Analogue speedometer (1.4 & 1.6)
- Optitron speedometer (1.33)
- Rear-view camera

Options

- Vehicle Stability Control (VSC)*
- Protection Pack
- MultiMode transmission (1.6 only)
- Toyota Touch & Go™ navigation

* Subject to availability.

SR

Enhanced style and extra features for a drive that's a cut above the rest.

Shown with optional VSC.

Main features (additional to TR grade)*

- Available with 1.6 litre Valvematic
- 17" alloy wheels
- Dynamic rear spoiler with integrated stop lamp
- Rear privacy glass
- Darkened effect halogen headlamps
- Tatami Sport dark grey fabric with red detail
- Analogue speedometer
- Rear armrest with cup holder
- Tyre repair kit

Options

- Vehicle Stability Control (VSC)[§]
- Protection Pack
- Dark Grey leather interior trim
- Toyota Touch & Go™ navigation

* SR grade excludes rear parking sensors.

[§] Subject to availability.

Option packs

Choose from our specially created range of option packs to add a touch of individuality.

Please order when ordering your vehicle.

01 Leather seats

For luxury, there's nothing to compare with the style, comfort and practicality of a Toyota leather interior. The 'Kasaba' black leather seat trim is made of the finest leather with matching leather effect door inserts. Reassuringly, Toyota leather interiors are fully airbag compliant. Available on TR and SR grades.

02 Protection Pack (Edition, Colour Collection, TR, SR)

Toyota accessories provide a reassuringly dependable extra layer of protection and are designed to help keep your Auris looking as good as new. Tailored carpet mats, scuff plates and mud flaps will help to protect your car inside and out. And the tough black rubber boot liner will protect the boot against spillages and wear and tear.

Accessories

With genuine Toyota accessories you can personalise your Auris by adding your own extra touches of style, practicality and innovation. Reassuringly, each accessory comes with the same clever thinking and commitment to quality as the Auris itself.

Audio, technical and entertainment

Digital Audio Broadcast
Hide-away CD-Autochanger
Modular in-car entertainment system

Body exterior

Bumper corner protectors (black, can be painted)
Fog lamp chrome trim
Front and rear mud flaps
Rear bumper protection plate
Rear door chrome trim
Side mouldings, black (can be painted)
Toyota Motorsport front skirt (primered, requires painting)
Toyota Motorsport rear skirt, for use with twin silencer (primered, requires painting)
Toyota Motorsport rear skirt, with standard exhaust (primered, requires painting)
Toyota Motorsport roof spoiler (painted)
Toyota Motorsport side skirts (primered, require painting)
Wind deflectors

Convenience

HomeLink® (ivory, black or grey)
Sunblinds, various
Toyota Parking Assistance rear 4-sensor system, TPA400 (available with black or colour-coded sensors)
Toyota Parking Assistance front and rear 8-sensor system, TPA800 (available with black or colour-coded sensors)
Toyota Parking Assist navigation viewing

Emergency

Emergency kit, comprising warning triangle and first aid kit in zipped holdall
Fire extinguisher
First aid kit
Reflective jacket

Engine

Toyota Motorsport twin sports silencers

Interior trim

Carpet mats (anthracite or beige)
Rubber floor mats
Scuff plates (front pair only)
Sport alloy pedals – all manual models

Lights

Fog lamps – Edition only
Headlamp protectors

Load space

Boot liner (tailored)
Dog guard
Horizontal cargo net
Vertical cargo net

Locks

TRACKER Stolen Vehicle Tracking systems – Monitor & Horizon

Roof

Roof rack (75 kg inc. rack)
The following accessories can be fitted with the above roof rack:
Bike holders, various (hold one bike, two can be fitted)
Boat holder
Horizontal ski holders, small and large
Luggage boxes – various sizes
Ski/luggage boxes – various sizes
Surfboard or windsurf board/mast holder

Safety

Child restraint seat, Babysafe G0, birth to 13 kg (approx. up to 15 months)
Child restraint seat, ISOFIX Duo Plus G1, 9 to 18 kg (approx. 8 months to 4 years)
Child restraint seat, Kid G2, 15 to 36 kg (3 years to 12 years or up to 135 cm height)

Storage

Under parcel shelf storage box

Suspension

Toyota Motorsport lowering springs

Towing

Rear bicycle holder and rear lamp set – holds two bikes. Must be fitted with tow bar, not compatible with a parking aid unless a cancellation switch is fitted
Tow bar, detachable
Tow bar, fixed
Tow bar wiring, 12N
Tow bar wiring, 12S

Wheels

Locking wheel nuts
Podium matt grey with machined surface 16" & 17" – TR, SR
Podium silver 16" & 17" – TR, SR
Podium silver with machined surface 16" & 17" – TR, SR

Toyota Motorsport Grand Prix 16" alloy wheels – Edition, TR
Toyota Motorsport Pitlane 16" alloy wheels – Edition, TR
Toyota Motorsport Pitlane 17" alloy wheels – TR, SR
Turbine 16" 8-spoke alloy wheels – Edition, TR
Please note: Tyre upgrades may be required.

Technology

Travel takes on a new dimension with the Toyota modular in-car entertainment system and you can listen to the rich sounds and exceptional clarity of the DAB upgrade.

01 DAB

Toyota's DAB (Digital Audio Broadcasting) accessory enhances your car's multi-media navigation system or standard radio so you can listen to DAB in its full glory.

02 Modular in-car entertainment system

With the Toyota modular in-car entertainment system your rear seat passengers can watch a DVD, play on a connected games console or review videos and photographs. Features include:
— All-in-one DVD player with CD and MP3 compatibility
— Compatible with most popular makes of games consoles
— Removable, adjustable 7" screen unit
— Infra-red headphones
— Remote control
— USB slot for accessing media straight from a memory stick

03 HomeLink®

Operates up to three home automation systems such as garage doors, drive gates and security lighting from inside your car.

02

Style

Toyota alloy wheels make a bold statement about how you like to express yourself. The choices range from sporty and dynamic through to urban sophistication. With so much on offer you

can be truly creative. Lowering springs increase the effect even further by giving your Auris a distinctive low-slung appeal.

01 Lowering springs
Engineered to complement the Auris' shock absorbers.

02 Chrome trim
Chrome finish bezels to emphasise your fog lights.

03 Silencer
Great looks with a sporty deep bass growl.

04 Rear skirt
Robust aerodynamic design shaped to fit a dual exhaust pipe system.

Podium matt grey with machined surface 16" & 17"

Pitlane 16" & 17"

Podium 16"

Suriya 16"

Snowflake 16" & 17"

Turbine 16"

Podium silver with machined surface 17"

Protection

Taking just a little care at the beginning can make a big difference through the life of your car. Each accessory is designed to help keep your Auris looking as good as new.

- 01 Dog guard**
Prevents your pet jumping from the boot into the passenger area.
- 02 Side mouldings**
Protection against minor door panel damage.

- 03 Headlamp protectors**
Clear acrylic to guard against stone-chip damage.
- 04 Mud flaps**
Shaped to fit your car's wheel arches. Available for the front and rear.

Safety

The Auris has lots of space for children. But youngsters come in all shapes and sizes and so keeping them safe needs careful thought. Be assured, with Toyota child restraint seats you have individually designed options for each age group.

01 Babysafe Plus restraint seat
Features an integral retractable canopy to protect young skin against the sun and wind.

02 Duo Plus ISOFIX restraint seat
For maximum safety, the seat locks into the rear ISOFIX to anchor directly to the car body and also has a top tether to prevent forward tipping. Deep padded wings increase side impact protection.

03 Kid restraint seat
The seat has a booster cushion and an adjustable head rest to add flexibility for a growing child.

Leisure

An ordinary life? Not with the Auris. Weekends away, skiing holidays or simply exploring the great outdoors. Whatever you fancy, the Toyota roof rack together with your choice of special attachments add flexibility to help make every moment a

memorable experience. And by fitting a tow bar you can expand your leisure potential even further. The power and strength of the Auris make it ideal for towing a jet-ski, small caravan or to attach a rear bicycle holder.

Rear bicycle holder

Lightweight high strength design for securely carrying two bicycles. The holder attaches to a Toyota tow bar and features integral lights and licence plate holder plus security locking.

01 Fixed tow bar

Strength and durability for day-to-day towing. Gives a towing capacity of up to 1500 kg. Available with an optional wiring kit.

02 Detachable tow bar

High strength towing with the convenience of a removable hook. Towing capacity up to 1500 kg. Available with an optional wiring kit.

03 Luggage box

The aerodynamic design conceals a big carrying capacity. Features include central locking and passenger side opening. Available in standard and luxury versions.

04 Ski box

Holds all your ski accessories. Featuring passenger side opening and central locking. Available in standard, medium and extra large luxury versions.

05 Bicycle holders

Choose from three bicycle holders. The medium holder shown features a tough anti-theft system and moulded profiles to grip the bicycle wheels. Fits on either side of the roof.

06 Ski and snowboard holders

Lockable design for skis and snowboards. Available in small, medium and large sizes including the large luxury holder with its extendable carrier for easy loading and unloading.

07 Surfboard and mast holder

Custom designed for the awkward shape of a surfboard or wind surfboard and mast.

08 Boat holder

Lockable design with adjustable straps for a kayak type boat.

The fuel consumption and CO₂ values are measured in a controlled environment, in accordance with the requirements of directive 80/1268/EEC incl. its amendments, on a basic production vehicle. For further information or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load, number of passengers, etc.) play a role in determining a car's fuel consumption and CO₂ emissions.

Lower CO₂
Better fuel economy

Toyota Optimal Drive means reduced CO₂ emissions, better fuel economy and enhanced performance. Engineered to save you money. It means you no longer have to give up performance to benefit from lower CO₂ and improved economy.

Euro NCAP

Toyota Auris has been awarded the maximum five-star safety rating by Euro NCAP, with a class-leading total adult safety score of 35.

D-4D

Toyota's powerful yet environmentally friendly diesel engine technology. Common rail direct injection adjusts pressure, timing and volume as you drive, injecting finely atomised fuel at high pressure into the combustion chamber for the best performance.

Dual Variable Valve Timing – with intelligence (Dual VVT-i)

Technology that maximises the engine's performance by optimising timing of the air intake depending on whether you are accelerating, cruising or just idling. Dual VVT-i provides excellent balance between performance and fuel economy by taking conventional VVT-i a step further. It varies not only the intake camshaft timing, but also the exhaust timing.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or driving on slippery road surfaces.

Valvematic

Evolution of the VVT-i mechanism that now incorporates continuous valve lift control together with VVT-i's existing valve timing control. It significantly reduces CO₂ emissions as well as improving acceleration responsiveness.

Connective Services

Toyota Touch & Go™ allows access to a selection of on-board internet based services, harnessing the power of your mobile. Search for a restaurant, check local fuel prices, weather info or find a parking space – all from your car. To take advantage of these features your mobile phone will need to be compatible with Toyota Touch & Go™, have a suitable data plan, and tethering enabled. Contact your phone provider for more details. Further applications are coming later this year, downloadable from www.toyota.co.uk and may incur an extra cost.

MultiMode

MultiMode delivers manual transmission with the ease of an automatic. This 6-speed transmission without a clutch pedal can be operated as an automatic gearbox, maximising fuel economy. Or as a manual sequential shift gearbox for a more active, sporty drive, simply by pressing the paddles on the steering wheel.

Toyota and the environment

Designing your car

To achieve lower emissions and greener vehicles on the way toward the ultimate eco-car, it is essential to measure progress. Toyota has therefore developed its Ecological Vehicle Assessment System, or ECO-VAS. This is a comprehensive approach to assessing a vehicle's whole life cycle in terms of its impact on the environment, starting at the early stage of development, before the vehicle is actually built.

The environmental impact of the Auris 1.6 litre petrol compared to its previous model is demonstrated through the complete life cycle analysis with 6% CO₂ (Carbon dioxide), 3% NO_x (Nitrogen Oxide), 5% NMHC (Non-Methane Hydrocarbons), 3% PM (Particulate Matter) and 3% SO_x (Sulphur Oxide) reduction.

Making your car

During the production of your vehicle every effort is made to reduce the effect of the manufacturing process on the environment.

Since 1993 the environmental impact of manufacturing a single vehicle at Toyota Motor Manufacturing UK has continuously reduced, resulting in a 76% reduction in energy consumption, 80% reduction in water consumption and 74% reduction in volatile organic compounds. Waste disposed of at cost was also reduced by 68% and the plant no longer sends any waste to landfill sites.

In addition TMUK's manufacturing operations meet the environmental management system ISO 14001, a green standard we are proud of.

Harnessing solar energy

TMUK is set to be the first car manufacturer in the UK to install a large-scale solar panel array. It will be located on 90,000m² of industrial land within the plant and consist of around 17,000 panels – enough to cover almost four and a half football pitches – all of which will be manufactured in the UK.

Generating electricity for use on site, the project will help reduce the plant's carbon footprint, support energy security and cut power bills. The scheme will save up to 2,000 tonnes of CO₂ emissions a year and the saving in energy will be equivalent to 4,600,000 kWh. When fully operational it will be capable of supplying enough energy to build approximately 7,000 cars a year.

Getting vehicles and parts to you

We are always looking to employ the most efficient and environmentally friendly logistical and delivery methods. For instance, modes of transport with the least environmental impact are selected wherever possible.

Selling and servicing your car

We take great pride in demonstrating the benefits of driving eco-cars to each of our new customers. Every opportunity is then taken to raise awareness of their ongoing responsibility towards the environment when servicing and driving their car.

The end of the road for your vehicle?

95% of the Auris is recoverable and the cars built in the UK use up to 11.5 kg of recycled material (plastics and soundproofing material). 100% of materials are coded and the four heavy metals have been eliminated completely (in accordance with 2000/53/EC).

Our environmental policy means that we offer Toyota drivers new and innovative ways of returning their old car. For more information visit: www.toyota.eu or contact your local Toyota Centre.

Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO₂ emissions by around 20–30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owner's manual.
06. Shift up gear earlier.
07. Only use air conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

Owning the Auris

On the day you purchase your Auris, your Toyota Centre will present you with the 'Auris Passport'. It's a guide to getting the best out of your Auris and its comprehensive range of features. Of course, your Toyota Centre will explain the Auris to you in detail – and always be available should you require any assistance.

5-Year Toyota Warranty

Every new Toyota comes with a five-year/100,000-mile* manufacturer's warranty (covering your car against the unlikely event of a manufacturing defect causing a mechanical fault). For full details, please ask your official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Corrosion cover The warranty offers 12 years' coverage, regardless of mileage, against perforation of the body-work (from inside to outside) that develops due to corrosion caused by faults in materials or workmanship.

Rust and paint defects The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in materials for a period of 3 years, regardless of mileage.

Extended Warranty

After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle[§], meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota genuine parts

The Auris is designed to minimise the cost of accident repair. Energy-absorbing elements are built into the bumpers, expensive-to-replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low parts and labour charges.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has up to a 5-year warranty when purchased together with the vehicle[°].

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months' warranty, AA breakdown cover, Club Toyota membership** and a 30-day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

* Whichever comes first.

[§] With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.

[°] Check with your Toyota Centre for specific warranty details.

** Except on non-Toyota vehicles.

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it. All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package.

AccessToyota is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years.

What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/optional final payment, plus the cost of borrowing.

In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS.

Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car*
- Simply hand the car back with nothing more to pay[§]

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement Access Toyota, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Intelligent design

The Auris is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that Auris technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your Auris in an ideal working condition.

Toyota quality service

Your Toyota Centre will talk you through the Auris 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your Auris needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes sooner). An intermediate Health and Safety check is necessary every year or 10,000 miles (whichever comes sooner).

Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free AA Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, a 5% discount off Toyota Motor Insurance, plus exclusive offers and promotions through our customer magazine. For further information please call 0844 701 6200 or visit toyota.co.uk/club

Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident, one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

* On payment of the option-to-purchase fee.

[§] Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.

Toyota Financial Services is authorised and regulated by the Financial Services Authority. Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

To experience the Auris or for more information, please contact your local Toyota Centre or visit our website toyota.co.uk/auris
