Imagine a life with less to worry about and more to enjoy.

Easier and smarter, the new Verso-S packs versatility and comfort into a surprisingly small package.

Make short work of tight spaces.

Sleek and appealing, the spacious new Verso-S is less than 4m long. That gives you all the benefits of a larger car with none of the hassle.

Raise your expectations.

A high seating position gives everyone a great view in this airy, comfortable car. It makes access easier, too. The clever design, with its slender seatbacks and dash-mounted gear shift, means there's also plenty of personal space.

Keep it simple: fold, load and go.

From the integrated central armrests fitted front and back to the completely flat loading area, Verso-S is a model of ease and versatility. The 60:40 split rear seats fold down to create a fully flat load space.

623 litres*
* VDA luggage capacity.

1085 mm[§]
§ Luggage compartment in mm.

1388 litres*

In the boot, use the space under the deckboard for extra storage. On Verso-S this deckboard can be moved to a lower setting or removed entirely for extra load height.

One-touch buttons located in the boot area enable you to fold the 60:40 split rear seats flat in an instant. Perfect for that unexpectedly large load.

Figures shown are up to roof without deckboard.

**Multimedia integration**

The touch-screen is used for the radio/CD audio system. It also features USB and aux-in connectivity for portable MP3 players, full iPod® control, and Bluetooth® to access your mobile phone and stream music wirelessly. The screen also displays vehicle information.

**Bluetooth® functionality**

Connect a compatible mobile phone using Bluetooth® and enjoy safe hands-free operation while on the move.

**Vehicle info and settings**

View all the relevant information on your trip from the Toyota Touch interface. You can monitor your fuel consumption by time and compare with your best performance (past records).

**Built-in rear-view monitor**

For more convenient reversing, the 6.1" colour touch-screen shows images from the rear-view camera.

**Satellite navigation****

The integrated satellite navigation system offers crystal-clear guidance. Instructions are voiced using the car's speakers, while directions appear on the 6.1" touch screen.

** Satellite navigation is an option on all grades.

Take control.

See more, hear more with the Toyota Touch multimedia system. This 6.1" colour touch-screen is a multimedia hub, and also displays the view from the rear-view camera. Optional satellite navigation* adds extra multimedia capabilities.

* Available from May 2011.

Light up your life.

The panoramic roof* is one of the largest available in its class. It floods the interior with uplifting natural light, but also reflects the heat to keep you comfortable.

* Available on T Spirit only.

Stay safe.

Seven airbags are fitted alongside multiple passive and active safety systems, including Vehicle Stability Control, ABS and Brake Assist. Because at Toyota there's nothing more important than your safety.

* Combined cycle.

Your choice of manual or continuously variable transmission, both with the benefits of Toyota Optimal Drive.

TR

Verso-S TR sets a new standard with its rear-view camera, Toyota Touch multimedia touch-screen and air conditioning.

T Spirit

Main features

- Air conditioning
- Toyota Touch multimedia system with USB, Aux-in MP3/iPod® connectivity
- Rear-view reversing camera
- Bluetooth® connectivity
- 15" steel wheels
- 7 airbags
- Vehicle Stability Control (VSC)
- Driver's front power windows
- ABS with Brake Assist (BA) and Electronic Brake force Distribution (EBD)
- Automatic and remote door lock
- Front armrest

Options

- Black/Grey two tone leather seats
- Satellite navigation with connected services*
- Protection pack (see page 28/29)

* Available from May 2011.

T Spirit

Enjoy extra convenience, comfort and appeal thanks to the panoramic roof, privacy glass and 16" alloy wheels.

Model shown features optional satellite navigation with connected services.*

Main features (additional to TR)

- Rear power windows
- Privacy glass
- Panoramic roof
- 16" alloy wheels

Options

- Black/Grey two tone leather seats
- Satellite navigation with connected services*
- Protection pack (see page 28/29)

* Available from May 2011.

Wheels and trims

As a car that's built around your needs, it's fitting that Verso-S offers a choice of interior and exterior options. Suits you, suits your life.

15" steel wheels with wheel caps
185/60R15
Standard on TR

* Metallic paint. § Pearlescent.

Option packs

The Verso-S makes life easy and more pleasurable. So too with Toyota Option packs. Each is designed for purpose, convenience and value.

Alloy wheel

With a bold 5-spoke design the 15" Silex alloy wheels give your vehicle a purposeful, sporty appearance. Suitable for the TR only.

Leather interior

For true luxury there's nothing that compares to a leather interior. The seats are as good to look at as they are to sit on.

Toyota satellite navigation with connected services*

The multimedia navigation system will guide you, keep you informed and provide a hub for audio, phone and personal technology. It adds navigation to Verso-S models already fitted with the 6.1" display audio system. Integrates with and upgrades your car's display audio to also provide full map pan-European navigation. Suitable for the TR & T Spirit.

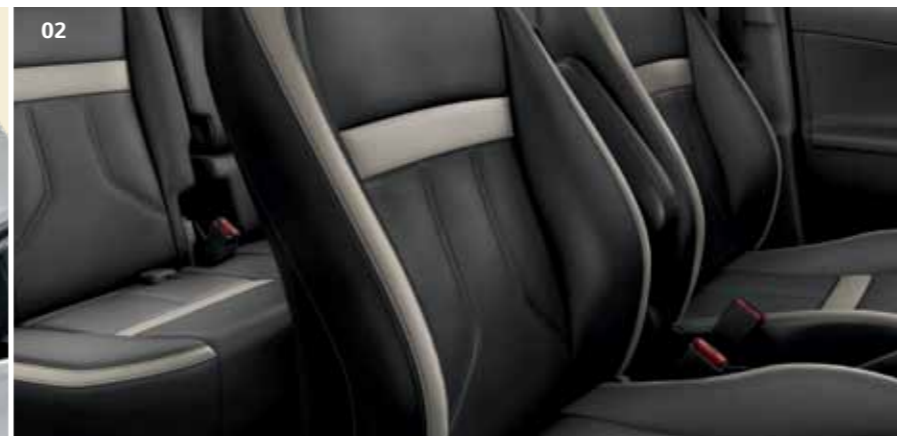

- Intuitive touch-screen navigation controls
- Fast map and menu scrolling and map zooming
- Lane guidance, speed limit and safety camera notification
- Points of interest and favourite places databases
- Full map coverage for Europe and Russia
- Navigation instructions in 14 different languages
- Internet download navigation updating via a USB stick
- Online POI search

* Available from May 2011.

Option packs

Protection pack

People have different ways of living with their car. The Protection pack is designed to help you deal with all eventualities. The pack features body-coloured TPA400 rear parking sensors, which help you to navigate even the tightest of parking spaces with ease. There's also a slip-resistant, rubber boot liner to guard your boot against wear and tear and to help prevent items moving around when the car is in motion and scuff plates to protect door sill paintwork against minor damage. Suitable for the TR & T Spirit.

TOYOTA

Individually yours

Spacious, light and airy. Exceedingly comfortable. Versatile and practical. The Verso-S is everything you could want it to be. Toyota accessories make it more so. Toyota accessories tailor the Verso-S to the important things in your life. They give you choices to personalise your car to the life you lead.

There are mats for the cabin and boot, safety seats for the children and handy options for extra storage. You can even fit blinds to protect against the sun. And there are a great range of carrying attachments to increase your leisure potential. The point is that Toyota accessories are all about you.

Audio

JBL Premium sound system

Convenience

Ash tray
Cargo net, vertical
Storage box for overhead console
TPA800 front and rear parking sensors
Rear parking sensor cancellation switch, for use with tow bar
Sun blinds, back and rear side windows
Wind deflectors, front and rear

Interior trim

Shift knob, black with metal insert, 6 M/T
Shift knob, black with metal insert, Multidrive S
Sports shift knob, 6 M/T

Protection

Boot mat. Reversible with extension
Bumper corner protectors. Black can be painted to body colour
Carpet mats, anthracite with embroidered logo
Clean air filter
Door handle protection film

Fog lamps, front pair

Mud flaps, front and rear pairs
Rear bumper protection film
Rear bumper protection plate, black or chrome
Rubber mats, full set black
Side mouldings, black (can be painted in body colour)

Roof

Roof rack
The following accessories can be fitted with the above roof rack system
Bicycle holders, Standard, Medium and Luxury
Boat holder
Kayak holder
Luggage box Luxury 380 litre
Luggage box Standard 380 litre
Ski & snowboard holder Mid-level
Ski & snowboard holder Luxury
Ski box Luxury 490 litre
Ski box Mid-level 390 litre
Ski box Standard 410 litre
Surfboard & mast holder

Safety

Child restraint seat G0, birth to 13 kg (up to approx. 15 months)
Child restraint seat G1, 9–18 kg (approx. 8 months to 4 years)
Child restraint seat G2+3, 15–36 kg (approx. 3 years to 12 years)
Fire extinguisher
First aid kit
Reflecting jacket
Warning triangle

Security

TRACKER Stolen Vehicle Tracking systems – Monitor & Horizon

TOYOTA

Leisure

Power, stability and versatility make the Verso-S a great car for exploring life's big adventures. A Toyota rear bicycle holder and roof rack, with your choice of attachments, plus a Toyota tow bar add extra load carrying flexibility.

01 Roof rack

Strong, lightweight aluminium design with security locking.

02 Surfboard and mast holder

Custom designed for a surfboard or wind surfboard and mast.

03 Luggage box

Aerodynamic with a big capacity. Includes central locking and passenger side opening.

04 Ski and snowboard holder

Lockable design for skis and snowboards. Available in small, medium, large and luxury large with an extendable carrier.

05 Ski box

Holds all your ski accessories. Features passenger side opening and central locking.

TOYOTA

Leisure

01 Rear bicycle holder

Lightweight high-strength steel design for safely carrying two bicycles. The holder attaches to a Toyota tow bar and features security locking plus an integral lights and licence plate unit.

02 Standard bicycle holder

Lockable design with a quick lock and release system for easy loading and unloading.

03 Medium bicycle holder

Featuring a tough anti-theft system and moulded profiles to grip the bicycle wheels. Fits on either side of the roof.

Detachable tow bars

High-strength towing with the convenience of a removable hook. Choose a vertical, horizontal or tow-ball design*. Towing capacity up to 800 kg with braked system. Available with an optional wiring kit.

04 Vertical detachable tow bar

05 Horizontal detachable tow bar

06 Fixed tow bar

Strength and durability for day-to-day towing. Gives a towing capacity of up to 800 kg with braked system. Available with an optional wiring kit.

*Not illustrated.

Practical

Flexibility is the key to the Verso-S. Its spacious interior, split fold-flat rear seats and wide opening tailgate give you plenty of layout options. This makes it ideal whether

you're preparing for an outing or managing the school run. Toyota accessories add to the practicality. There's a cargo net to keep the boot tidy and a choice of mats to avoid spoiling your car's carpets.

01 Rubber floor mats

The toughest protection against mud and dirt.

02 Carpet mats

Available in anthracite with safety fixings on the driver's mat.

03 Boot mat

Dependable waterproof protection for your carpet.

04 Vertical cargo net

Clips onto pre-fitted hooks to keep your possessions firmly in place.

05 & 06 Sun blinds

Tailored to fit the back and rear side windows.

Non UK specification vehicles shown.

Noise (drive-by) (EU directive 70/157 as last modified by directive 1999/101)		
dB(A)	71	71

The fuel consumption and CO₂ values are measured in a controlled environment, in accordance with the requirements of directive 80/1268/EEC incl. its amendments, on a basic production vehicle. For further information or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

Glossary

Discover more about the Verso-S technology.

Whiplash Injury Lessening seats (WIL)
During impact at lower speeds the WIL concept seat and the headrest cushion the head and back at the same time to help reduce the risk of whiplash injuries.

Pre-tensioners and force-limiters
Integral to the front seat belts, pre-tensioners and force-limiters are designed to help avoid injuries to the chest area.

Multidrive S
Multidrive S is an advanced automatic transmission, offering the comfort and convenience of a conventional automatic transmission with the fuel advantage of a manual transmission.

Vehicle Stability Control (VSC)
VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or driving on slippery road surfaces.

ISOFIX seat fixing
The Verso-S incorporates special anchor points – including a top tether that helps prevent the seat tipping forward – for a safe and convenient way of correctly securing ISOFIX child seats (available from your Toyota Centre).

Gear Shift Indicator
Light display system that recommends the appropriate gear shift timing to reduce fuel consumption and emissions (manual transmission only).

Front and rear suspension
The Verso-S suspension ensures superior handling, stability and ride comfort using a MacPherson strut at the front and rear torsion beam at the back. Increased roll rigidity of front and rear suspension ensures stability and agility, whilst a new combination of coil springs and shock absorbers help to balance ride comfort and handling.

Toyota and the environment

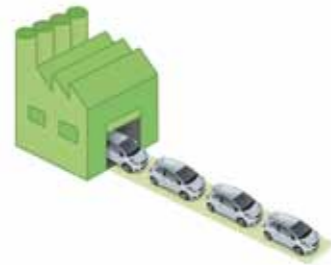

Designing your car

To achieve lower emissions and greener vehicles on the way towards the ultimate eco-car, it is essential to measure progress. Toyota has therefore developed its Ecological Vehicle Assessment System, or ECOVAS.

This is a comprehensive approach to assessing a vehicle's whole life cycle in terms of its impact on the environment, starting at the early stage of development, before the vehicle is actually built.

The environmental impact of the Verso-S 1.33i Dual VVT-i compared to an equivalent model (1.4l petrol engine) is demonstrated through the complete life cycle with 23% CO₂ (Carbon dioxide), 25% NMHC (Non-Methane Hydrocarbons), 26% PM (Particulate Matter) and a 29% SO_x (Sulphur Oxide) reduction.

Making your car

During the production of your vehicle every effort is made to reduce the effect of the manufacturing process on the environment.

KANTO AUTO WORKS, LTD (a Toyota group company), which is manufacturing Verso-S, is steadily implementing company-wide environmental activities with its 5-year Environmental Action Plan. Since the fiscal year 2006, the first year of the fourth 5-year action plan, it has achieved a 42% reduction in absolute CO₂ emissions, 6% reduction in materials discarded per produced vehicle, 8% reduction in water consumption per produced vehicle, and 15% reduction in volatile organic compounds by the fiscal year 2009.

All plants of KANTO AUTO WORKS, LTD have obtained a certification of the Environmental Management System ISO 14001, a green standard.

Getting vehicles and parts to you

We are always looking to employ the most efficient and environmentally friendly logistical and delivery methods. For instance, modes of transport with the least environmental impact are selected wherever possible.

Selling and servicing your car

Toyota's retail network – with over 3,000 Toyota and Lexus Centres across Europe – is a major contributor to the company's total emissions. That's why Toyota Motor Europe has developed a sustainable programme to minimise emissions output. Our aim is to reduce energy, water and waste emissions generated across the retail network. The programme covers everything from rainwater recycling, introducing additional roof insulation and using renewable energy at new Toyota Centres, as well as carrying out energy audits to identify efficiency improvement at existing centres.

Minimise & Maximise

In the design phase Toyota aims for cleaner engines. Thanks to Toyota Optimal Drive we are achieving even more. Every component is optimised to save weight and space, reduce friction or simply work more efficiently.

The end of the road for your vehicle?

95% of the Verso-S is recoverable, 100% of materials are coded and the four heavy metals have been eliminated completely (in accordance with 2000/53/EC).

In addition, according to our environmental policy, we offer Toyota drivers new and innovative ways of returning their old car. For more information visit: www.toyota.eu or contact your local Toyota Centre.

Toyota Optimal Drive delivers lighter, more compact engines and advanced transmissions. You enjoy lower emissions and greater fuel economy without compromising driving pleasure. This is a new era of engine design.

Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO₂ emissions by around 30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owner's manual.
06. Shift up gear earlier.
07. Only use air conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

Owning a Verso-S

On the day you purchase your new Verso-S, your Toyota Centre will present you with the 'Verso-S Passport'. It's a guide to getting the best out of your new Verso-S and its comprehensive range of features. Of course, your Toyota Centre will explain the new Verso-S to you in detail – and always be available should you require any assistance.

Intelligent design

The Verso-S is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that Verso-S technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your Verso-S in an ideal working condition.

Toyota quality service

Your Toyota Centre will talk you through the Verso-S 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your new Verso-S needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes sooner). An intermediate Health and Safety check is necessary every year or 10,000 miles (whichever comes sooner).

5-Year Toyota Warranty

Every new Toyota comes with a five-year/100,000-mile manufacturer's warranty (covering your car against the unlikely event of a manufacturing defect causing a mechanical fault). For full details, please ask your official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Rust and paint defects The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in materials for a period of three years, regardless of mileage.

Corrosion cover The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develops due to corrosion caused by faults in materials or workmanship.

Toyota Extended Warranties

After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle*, meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota genuine parts

The Verso-S is designed to minimise the cost of accident repair. Energy-absorbing elements are built into the bumpers, expensive-to-replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low parts and labour charges.

Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, a 5% discount off Toyota Motor Insurance, plus exclusive offers and promotions through our quarterly customer magazine. For further information please call 0844 701 6200 or visit toyota.co.uk/club

Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident, one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months' warranty, breakdown cover, Club Toyota membership[§] and a 30-day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

* With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.

[§] Except on non-Toyota vehicles.

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it.

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package. **AccessToyota** is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years. What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/ optional final payment, plus the cost of borrowing. In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS. Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car[◊]
- Simply hand the car back with nothing more to pay**

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement **AccessToyota**, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

[◊] On payment of the option-to-purchase fee.
^{**}Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.

Finance subject to status to over 18s.
