THERE'S MORE TO LIFE THAN A VOLVO. THERE'S THE ENERGY WHEN PEOPLE COME TOGETHER, THE ENERGY TO CROSS BORDERS AND CHALLENGE CONVENTIONAL WISDOM, THE ENERGY TO EXPLORE THE BEAUTY OF CONTRASTS, THE ENERGY TO GO THE EXTRA MILE BECAUSE YOU'RE CURIOUS, THE ENERGY TO FIND YOURSELF AND RELAX AMONG FRIENDS (WITHOUT BUMPING INTO THE VEHICLE THAT SUDDENLY BRAKES IN FRONT OF YOU). THAT'S WHY WE DESIGNED THE VOLVO XC60.

From sidewalks to switchbacks in the blink of an eye.

The Volvo XC60 is equally at home in all locations. Sportiness joins with ruggedness, style turns functional and luxury gets attitude. The best of two worlds come together to create a crossover of its own. Maybe just like you and your friends?

Volvo. for life

THERE'S MORE TO LIFE THAN A VOLVO. THAT'S WHY WE DESIGN OUR CARS TO SUPPORT YOU IN ANY SITUATION ON THE ROAD. THAT'S WHY OUR SAFETY TECHNOLOGY HAS PUSHED AUTOMOTIVE DEVELOPMENT FOR MORE THAN EIGHTY YEARS. THAT'S WHY WE AIM FOR A FUTURE WHERE CARS DON'T CRASH. THAT'S WHY WE LEAD THE WAY TO ZERO EMISSIONS, AND OFFER ONE OF THE PREMIUM SEGMENT'S STRONGEST RANGES OF LOWER CO₂ ALTERNATIVES. AND THERE ARE ALL THE REASONS IN THE WORLD TO MOVE THE BOUNDARIES FOR WHAT'S POSSIBLE AND WHAT'S NOT. THAT'S WHY WE INNOVATE FOR LIFE.

Innovated for your enjoyment, the Volvo safety technologies will protect more than the fun of driving.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This huge task calls for innovative thinking and a brand new approach to the way we design cars. The good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). And the technology needed is no figment of the imagination, some is already available in your Volvo. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.

TOW IN HARMONY.

When towing, TSA (Trailer Stability Assist) helps counteract snaking tendencies from a trailer.

KEEP THE BALANCE.

RSC (Roll Stability Control) senses an impending roll-over and helps stabilise the vehicle if needed.

EYES IN THE BACK.

Park Assist and Park Assist Camera let you know what's going on behind your car when reversing.

PERSONAL GATEKEEPING.

Inspired by fighter aircraft technology, the IDIS (Intelligent Driver Information System) can help reduce your workload in stressful situations.

STAY ON TRACK.

DSTC (Dynamic Stability and Traction Control) improves handling, safety and fun in a wide range of challenging situations.

ALL-ROAD STABILITY.

Volvo's AWD (All-Wheel Drive) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads.

URBAN COLLISION AVOIDANCE.

City Safety – the world's first standard-fitted collision avoidance and mitigation technology – brakes your car automatically if you're about to run into a slower moving or standstill vehicle at speeds up to 19 mph.

POSITION CONTROL.

Lane Departure Warning warns you if you begin to drift between the lanes.

STAYING ALERT.

Driver Alert Control alerts you if you begin to lose concentration and need a break.

AN EYE ON THE BLIND SPOT.

BLIS (Blind Spot Information System) helps you detect vehicles entering your blind spot.

ON-ROAD ENLIGHTENMENT.

ABL (Active Bending Lights) with Dual Xenon technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.

KEEPING A SAFE DISTANCE.

Collision Warning with Auto Brake warns if you're too close to a vehicle in front and helps brake the car automatically if a collision is imminent.

SMOOTH CRUISING.

ACC (Adaptive Cruise Control) automatically maintains your set speed and distance to the vehicle ahead of you.

Designed to catch the light brilliantly, this car also reflects a promise.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started in the early 70s. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of our cars and how we make them.

Today's biggest challenge is, of course, to reduce the carbon dioxide emissions that cause climate change. Today we offer one of the premium segment's strongest ranges of lower CO₂ alternatives: the Volvo DRIVE variants. Utilising innovative power train technology together with advanced aerodynamics, low friction technology and lightweight materials, the DRIVE range is an important step towards zero emissions.

In the near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO₂ emissions and can be charged from a standard wall socket. And we're heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.

FUEL-SAVING DESIGN.

To reduce energy loss from wind and roll resistance, we utilise advanced aerodynamic design, light-weight materials and low-friction technology. Together with state-of-the-art engine technology, this lowers your CO₂ emissions and helps you travel further on less fuel.

154 G CO₂ PER KM.

Our latest eco-progress, the front wheel drive Volvo XC60 DRIVE, satisfies itself with up to 48.7 mpg* for minimum emissions and maximum style.

*Based on a combined cycle.

RECYCLING.

To help minimise its total environmental impact, the Volvo XC60 already complies with proposed stringent European recycling directives.

FRESH CABIN AIR.

Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's Interior Air Quality System helps ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic.

ALLERGY-TESTED INTERIOR MATERIALS.

All our upholsteries and interior textiles are tested for certain allergy-inducing or harmful substances and comply with Oeko-Tex Standard 100. And several interior metal details are tested for contact allergies. Good for you, and for anyone who shares your ride.

MAXIMISED FUEL EFFICIENCY WITH DIESEL.

Volvo's advanced common-rail turbodiesel technology ensures superior fuel economy and lower CO₂ emissions; choose between the all-wheel drive D5 or the new CO₂ optimised front-wheel drive DRIVE.

CLEANER EXHAUST.

Fast responding after a cold start, Volvo's advanced emission control eliminates between 95 and 99% of carbon monoxide, hydrocarbons and nitrogen oxides from petrol engine exhaust gases. The Volvo turbodiesels feature a particulate filter that removes about 95% of the particles from the diesel exhaust.

BRAKE FOR ENERGY.

Every time you brake, the battery is fed with extra power. Smart and fuel-saving.

ALLERGY-APPROVED INTERIOR.

CZIP (Clean Zone Interior Package) provides cabin air that is so clean it is recommended by the Swedish Asthma and Allergy Association.

RDESIGN

Dynamically expressive. Flawlessly synchronised. Beautifully balanced. And that's just the sports chassis.

With the Volvo XC60 R-DESIGN variant, the well-equipped Volvo XC60 acquires even more confidence, inside and out. Boldly provocative yet tastefully reserved, the exclusive R-DESIGN styling elements express a definitive passion for sport. From the R-DESIGN grille badge to the 90 mm tailpipes, the Volvo XC60 R-DESIGN exudes confidence at every turn. Yet, it's in the turns where the sports chassis really complements the swift agility and sweeping artistry of this bold crossover.

Silk metal grille

The distinctive, silk metal finished design details include the front grille and lower air intake surrounds, lower port flares, and side mirror caps.

Exterior accents

The grained, colour coordinated lower body panels help accentuate the silk metal finish of the rear skid plates and side scuff plates.

Sports tailpipe

From behind, the dual 90 mm tailpipes give the XC60 R-DESIGN a powerful, no-nonsense demeanour.

Sports chassis

Perceptibly yet subtly different, the shocks, springs and anti-roll bars are adjusted and tuned to be firmer and more balanced. The result is improved control and a sportier, road-hugging drive.

Sports steering wheel

Get to grips with this exclusive leather 4-spoke sports steering wheel with R-DESIGN logo.

Instruments

The attractive blue watchdials of the speedometer and rev counter give the gauges a profile of distinction.

Sports gear knob

Perforated leather gives the gear knob and gaiter a performance-ready look and feel.

Sports pedals

Racetrack-inspired to enhance the driving experience, enjoy the feel of these ridged sports pedals.

R-DESIGN upholstery

Unique smooth leather R-DESIGN upholstery is available in three variants: Off Black/Soft Beige GM00, Soft Beige/Off Black GM02 and Off Black/Off Black GM0U – with well-padded side bolsters and the R-DESIGN logo embossed on unique front sports seats. For more information please look at the upholstery table on page 43.

R-DESIGN deco inlay

The centre stack features a contemporary aluminium inlay with radiant pattern design.

Sports floor mats

These black, ribbed and richly tufted sports floor mats set the stage, front and back.

Cratus aluminium wheels

Silver Bright matt finish five spoke 18" Cratus wheels are standard with the option to upsize to 20".

City Safety.

Probably the most important innovation for urban dwellers since take-away latte.

It can happen to anyone driving in slow city traffic. A millisecond lapse in concentration. The car in front slams on its brakes. Driving an ordinary car, you're most likely to run into the vehicle in front of you. Driving a Volvo XC60, City Safety can help spare you from this kind of urban nuisance. This laser-based technology continuously monitors the area in front of your XC60 and can brake automatically to help you avoid or mitigate a collision. City Safety comes as standard and is activated as you start the car. Good news for you, your passengers and, not least, anyone in the car in front of you.

Front radar.
Registers distance and speed of a vehicle in front at speeds over 18 mph.

Forward Sensing Module.
Processes incoming signals from the front radar and digital camera to determine the car's position on the road and distance to other vehicles in front.

Laser sensor.
The City Safety laser sensor spots slower or stationary vehicles in front at speeds below 19 mph.

Digital camera.
This camera helps the on-board computers tell the difference between moving and stationary vehicles and register lane markings.

Blind spot cameras.
Digital cameras help detect vehicles entering the blind spot.

So loaded with technology, it's almost human.

A closer look inside your Volvo XC60 will reveal some impressive on-board intelligence (in addition to yours, of course). Employing powerful microprocessors together with laser, radar and digital camera technology, this vehicle really can support if support is needed. City Safety helps you avoid low-speed collisions in urban traffic. At speeds over 18 mph, ACC (Adaptive Cruise Control) can automatically maintain a safe distance from the car in front of you. CWAB (Collision Warning with Auto Brake) for highway driving can warn you if you're too close to the vehicle in front of you and can, if a collision can't be avoided, activate the brakes to help reduce the effects of a crash. On long trips, when it's easy to get distracted, DAC (Driver Alert Control) can remind you if you unexpectedly lose concentration. And by continuously monitoring your car's position on the road, LDW (Lane Departure Warning) will alert if you weave out of your lane without signalling. But most of the time you'll never notice these supportive technologies. The most intelligence demanding part of driving will always be your absolute privilege.

When the drive asks questions, you need quick answers.

A sporty coupe fused with a capable all-roader, enjoy instant power from a six-cylinder petrol engine (304 PS) or five-cylinder turbodiesel (205 PS). Or why not consider reducing your carbon dioxide emissions with our outstanding front-wheel drive, 400 Nm DRIVE? When it comes to drive-enhancing technology, the XC60 is fully loaded from the tarmac upwards. A low centre of gravity with 230 mm clearance, intelligent computer controlled all-wheel drive, DSTC (Dynamic Stability Traction Control) and TSA (Trailer Stability Assist) are just the start. You'll also feel the driving stability and reassurance of the optional Four-C active chassis and Hill Descent Control* whenever your journey takes you off the beaten track.

*Standard on AWD models.

Test drive the power tailgate.

A highly versatile partner, the Volvo XC60 helps you deal with the challenges imposed by daily life. On the inside, there's clever storage and a spacious load compartment. To allow comfortable configurations of people and cargo, all passenger seats can be folded separately. The power tailgate can be opened using the remote control (very convenient when your hands are full). And to include small friends, integrated adjustable booster cushions will elevate children to new levels of comfort and safety.

Be connected.

The Volvo XC60 will elevate you in many ways. Behind the wheel there's no doubt who's in command. Everything, from the multi-adjustable driver's seat to the slightly angled centre console, is designed to empower you as the driver. Controls and instruments connect intuitively, and, when needed, there's on-board intelligence to support you.

“Happiness shared is happiness doubled”

Swedish proverb

Effortlessly, this spacious five-seater will accommodate friends and luggage. Everyone travels in seats surrounded by thoughtful amenities and haute couture safety. So lean back and turn on the mighty Premium Sound audio system. The only complaint you might hear is that you've reached the destination too soon.

Have you heard about the new hot spot?

Because you love music, we created some of the car world's most formidable audio systems, each designed to harmonise with the acoustics of the interior. Like the Premium Sound system. With up to 910 W of uncluttered music via a digital class D amplifier, twelve high-end loudspeakers and an optional subwoofer, this is the ultimate in true-to-life sound. Dolby® Pro Logic® II Surround Sound ensures an equally authentic sensory sensation in all seats. And of course, connecting your iPod® is not a problem. So who will you put on the guest list?

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

iPod is a trademark of Apple Computer, Inc.

Premium Sound loudspeakers

The twelve high-end loudspeakers in the Premium Sound audio system are powered by a 5 x 130 W digital amplifier. There are three separate drivers, woofer, midrange and tweeter, in each front door. In the rear doors there is a similar set-up with a woofer and tweeter and there's an available 260-watt subwoofer you can feel. Each speaker has its own crossover filter to harmonise with the others. The latest generation Dolby® Pro Logic® II Surround Sound uses the centre loudspeakers (woofer and tweeter) and a sound processor to recreate authentic sound with a strong sense of presence for everyone in the car. The digital class D amplifier features new technology to provide extremely high efficiency, enabling it to generate the most audio power from the least amount of current.

Performance audio system

A console-integrated radio and CD player. It sounds good, looks good and it's easy to use. Performance equipment includes:

- RDS radio
- CD player
- Aux Input in front centre armrest
- 4 x 20 W amplifier
- 6 loudspeakers
- Steering wheel remote audio controls

Accessories: USB and iPod® Music Interface.

High Performance audio system

This is a powerfully versatile system. Each loudspeaker is fitted with a more powerful magnet and a larger coil. In combination with the amplifier, this system promotes excellent transient reproduction and high power, quite simply superb sound. This High Performance audio system includes:

- RDS radio
- MP3 and WMA compatible CD player
- USB and Aux Input and USB port in front centre armrest
- 4 x 40 W amplifier
- 8 High Performance loudspeakers
- Steering wheel remote audio controls

Options: integrated 6 x CD player, rear seat audio console, DAB (Digital Audio Broadcasting) radio and 260 W subwoofer

Accessories: USB and iPod® Music Interface.

Premium Sound

This is our top-of-the-line audio system designed for dynamic clarity with the entire sound spectrum. This 5 x 130 W system features twelve high-end loudspeakers. In addition, Dolby® Pro Logic® II Surround Sound helps tailor a well-balanced audio experience for each occupant. Premium Sound includes:

- RDS radio
- MP3 and WMA compatible CD player
- USB and Aux Input and USB port in front centre armrest
- 5 x 130 W digital class D amplifier
- Dolby® Pro Logic® II Surround Sound with centre loudspeaker and digital sound processor
- 12 high-end Premium Sound loudspeakers
- Steering wheel remote audio controls

Options: an integrated 6 x CD player, a rear seat audio console, DAB (Digital Audio Broadcasting) radio and 260 W subwoofer

Accessories: USB and iPod® Music Interface.

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

The XC60 range at a glance.

XC60 ES

The ES model comes with all the features you would expect from Volvo. Beyond the innovative City Safety technology, 17" alloy wheels and RSC (Roll Stability Control) system, the ES offers electrically adjustable and heated door mirrors, roof rails and rear spoiler. Interior details include electronic climate control, floor mats, passenger airbag cut-off switch, information centre, cruise control, leather steering wheel with remote audio controls, aluminium trim and performance sound audio system with aux input and CD player.

XC60 SE

The SE is further enhanced with a rain sensor, rear park assist, power operated tailgate and autofolding power door mirrors with ground lights. Added luxury includes Eriksberg T-Tec/Textile upholstery, Bluetooth® handsfree system, autodimming rear view mirror and a high performance audio system with USB input and 8 speakers.

XC60 SE LUX

Our most luxurious variant is the SE Lux. Above and beyond SE specification, the SE Lux has leather-faced upholstery, power adjustable driver's seat with memory function, active bending lights with headlight cleaning system and 18" alloy wheels.

XC60 *R*DESIGN

A unique power steering system and 18" Cratus alloys wheels together with the R-DESIGN chassis enhance the handling of this model. Visual presence is complemented with silver matt door mirrors, unique rear exhaust pipes, together with R-DESIGN leather-faced upholstery, front sport seats with side support, R-DESIGN leather steering wheel and unique aluminium interior trim.

PREMIUM

The Premium model is the ultimate upgrade. The combination of leather-faced upholstery, satellite navigation system, high performance audio system and DAB (Digital Audio Broadcasting) radio is designed to complement the existing high level of specification whichever model you choose.

XC60 *DRIVE*

The DRIVE badge is given to cars in the Volvo range that have the best environmental performance. The D3 DRIVE model is equipped with a conventional diesel engine and manual gearbox optimised for extra-low fuel consumption as well as being tailored specifically for low rolling resistance and reduced air drag. With CO₂ as low as 154 g/km and fuel consumption of up to 47.9 mpg on a combined cycle, this makes the D3 DRIVE an attractive choice without compromising on driving pleasure. (DRIVE is not currently available as a Geartronic.)

On the road.

How much will it cost to get behind the wheel of your own Volvo XC60? Simply decide which model variant and engine type are right for you and then take a look at the full price list.

(i) Must be ordered in conjunction with rain sensor.

(ii) Must be ordered in conjunction with Satellite Navigation System.

(iii) Cannot be combined with Load Compensating Suspension.

(iv) Must be ordered in conjunction with Heated Front Seats. Cannot be combined with Family Pack.

(v) Must be ordered in conjunction with Classic Wood Trim.

(vi) Cannot be ordered in conjunction with Nordic Light Oak Trim.

(vii) Must be ordered in conjunction with High Performance Audio or Premium Sound Audio System.

(viii) If a 6 x CD Player is ordered, the standard USB port is unaffected.

(ix) Dolby and Pro Logic Surround Sound™ are trademarks of Dolby Laboratories Licensing Corporation.

(x) Volvo On Call includes Safety package (Security package available at additional cost). If ordered in conjunction with Bluetooth® Handsfree System, handset is removed.

(xi) Must be ordered in conjunction with accessory Rubber Floor Mats and Luggage Compartment Mat. CZIP cannot be combined with front and rear Ashtray with Cigarette Lighter.

(xii) Cannot be ordered in conjunction with Heated Rear Seats.

(xiii) Must be ordered in conjunction with Autofolding Power Door Mirrors.

(xiv) For details of compatibility, please go to: www.volvocars.com/bluetooth

Inside information.

Here you can learn more about the features and technology of your Volvo XC60. Some are standard, some are optional. For more detailed information, please contact your Volvo dealer or visit www.volvocars.co.uk

Dynamic Stability and Traction Control (DSTC)

By helping prevent fishtails, spinouts, and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, a gyroscope senses the car's direction and compares this with steering wheel movements as well as the actual rotation of the car's wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine's power output, or braking on one or more wheels. Further developed in the XC60, this technology also adds to stability in dynamic driving where the vehicle is exposed to high lateral forces.

ISOFIX

ISOFIX attachments only allow you to fit the child seat in the correct way. They also make the child seat easier to fit and remove. We offer two rear-facing child seats with ISOFIX attachments: one for infants and small children up to 13 kg, and one for children weighing between 9 and 18 kg.

Satellite Navigation System

Volvo's GPS-based satellite navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts, it also lets you know if there's weather related trouble en-route and recommends an alternative. This system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. The maps are on one DVD and cover major parts of Europe. To help you keep track of new roads and points of interest, you can join our MapCare programme for two free map updates.

Whiplash Protection System (WHIPS)

Integrated in the front seats, Volvo's WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term injuries by 50%.

Inflatable Curtains (IC)

In a collision or rollover, the Inflatable Curtains (IC) protect the heads of both front and rear outboard occupants. They also stay inflated for some seconds to provide prolonged protection in multiple accidents. And to help protect children in the rear seat, IC interacts with the two-stage integrated booster cushions and the belt load limiters.

Dual-stage airbags, driver and front passenger

Helping to optimise protection, the dual-stage airbags adapt the level of inflation depending on the force of the collision. The driver's airbag also interacts with the deformation of the collapsible steering column.

Side Impact Protection System (SIPS)

SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the car – including the front seats – is designed and reinforced to help displace the impact of a side collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The side structure is extremely strong to help withstand a severe side impact, even with a larger vehicle. The Inflatable Curtains (IC) for all the outboard occupants and the front seat side airbags interact to help provide further protection.

Active Bending Lights

Compared to conventional halogen headlights, Active Bending Lights with Dual Xenon technology expand your vision range by about 230%. This means you'll be helped to gain 45 metres more for braking. And using motorised lights that turn up to 15° in either direction, this technology gives a 90% boost to your vision around bends at night. You can enjoy highly effective low beam illumination on narrow, winding roads and extremely powerful full beams on the motorway. A daylight sensor disengages the adaptive function during daytime to extend its lifespan. Independent of the load, these headlights self-adjust to maintain the correct angle to the road – even during hard acceleration or braking.

Personal Car Communicator (PCC)

PCC is an advanced remote control that combines keyless drive with two-way communication with your Volvo. Keep the PCC with you and the car unlocks automatically as you pull the door handle. Start the engine by pressing a button on the dash, lock the car by pressing a button in the door handle. Later in the day, if you're wondering whether you've locked the car, PCC can remind you; no matter where you are. On your return to the car – within a radius of 60 to 100 metres – pressing the PCC information button will give you a current report on its status.

Hill Descent

Hill Descent Control offers a smooth and controlled hill descent on steep, rough roads. Simply push the Hill Descent Control button and the vehicle will descend using the brake system to control each wheel's speed, so that you can concentrate fully on steering. Hill Descent Control also makes it easier to move off when towing a heavy trailer. Standard on AWD models only.

City Safety

City Safety collision avoidance technology is a Volvo world first standard feature for safer urban driving. At speeds up to 19 mph, this laser-based technology can sense if a vehicle in front within 6-8 metres is at a standstill or is moving slower. If City Safety senses an impending collision, the brakes are pre-charged to act faster on your response. And if you don't brake, City Safety automatically applies the brakes and switches off the throttle to help you avoid or mitigate a collision. City Safety is activated when you start the car, but can be switched off if you, for instance, are driving in deep snow.

Park Assist Camera

If the car is equipped with satellite navigation and park assist camera, this helps display what's going on behind your car when reversing. The system uses the satellite navigation screen and a camera discretely located over the licence plate. On-screen guiding lines provide extra assistance for smooth parking.

Accessories from Volvo.

Of course, your Volvo XC60 won't be perfect until it's exactly how you want it. So here's a selection of our range of accessories to completely personalise your new car.

Exterior styling pack
Make your Volvo XC60 even more distinctive with a range of specially designed exterior styling accessories.

19" Achilles
Diamond cut/Silver stone matt

19" Achilles
Diamond cut/Dark grey matt split

19" Erakir
Diamond cut/Dark grey

Load organiser, cargo compartment
Easy to install load organiser for the cargo compartment helps keep loads in order whilst travelling.

Towbar-mounted bike rack
This state-of-the-art holder secures your bicycles conveniently and safely on the back of your Volvo.

'Sport time 500' roof box
A practical, lightweight, easy-to-load roof box ideal for skis, luggage, camping gear or golf clubs.

Convertible child seat (9-25 kg)
Advanced design helps provide world-class protection and flexible seating for many years.

Towbars
Our lockable, easy-to-remove towbars are designed specifically for your Volvo. Comes with Trailer Stability Assist (TSA) as standard.

Booster seat (15-36 kg)
Volvo's new booster seat helps position a child at the correct height for the safety belt.

Rear Seat Entertainment (RSE) dual screen
Rear seat passengers can watch a DVD or play a game via two, integrated, 8-inch widescreen displays.

Reversible textile/rubber load compartment mat
With textile on one side and waterproof rubber on the other, this helps you keep the cargo area clean.

Take a look at all our accessories and full pricing information at www.volvocars.co.uk/accessories

COLOUR YOUR VOLVO. When it comes to the appearance of your Volvo, the choice of exterior colour, wheels and other styling items are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit www.volvocars.co.uk

18" Merac
Silver Bright

18" Zephyrus
Diamond Cut/Anthracite matt

17" Segin
Silver Stone

Front bumper bar

This sporty design element, integrated in the front bumper, equips the Volvo XC60 with an even more powerful elegance. Available in an exclusive matt aluminium finish to match other exterior styling extras.

Side scuff plate

The stylish matt aluminium finish side scuff plates add an extra touch of attitude to the Volvo XC60, perfectly matching the design of the sill and other Volvo XC60 exterior styling extras.

Running boards, integrated

As an alternative to the side scuff plate, the running boards are smoothly integrated with the sills to enhance the versatile character of the Volvo XC60. You can stand on these to reach the roof and they also make it easier to step in or out of the vehicle.

Illuminated instep plates

Enter in style. Open the front door, and the Volvo logo embedded in the brushed aluminium footstep lights up together with the interior lighting to provide an illuminated welcome.

Skid plate, rear bumper

Lead the way in style. This matt aluminium finish rear skid plate is available for one or two visible tailpipes.

Sport tailpipe

Available for the D3, this sporty tailpipe in stainless steel adds to the dynamic character of your XC60.

IMAGINE YOUR NEW INTERIOR. Crafted according to your requirements, the interior of your Volvo can take on any number of personalities. Choose between two interior colours, Anthracite Black and Sandstone Beige, and different upholstery variants. Pick the interior that suits you and add the finishing touch with the interior trim, steering wheel, gear knob and floor mat of your choice. After all, you're probably going to spend a lot of time here.

Ergonomic design Developed in co-operation with ergonomic specialists to provide generous support for the body during hours of driving, the seats in the Volvo XC60 are among the most comfortable in the automotive world. Multiple adjustment possibilities and adjustable lumbar support make it easy to find the perfect driving position.

Leather-faced

This upholstery affords the Volvo XC60 an atmosphere of luxury. It's a hide quality that's smooth and durable, with a fine grain pattern on the centre panels and a more coarse grain pattern on the outer panels. Like all Volvo leather, it's organically tanned and ages beautifully.

Eriksberg T-Tec/textile

This sporty looking upholstery combines two materials: finely woven textile upholstery trimmed with ultra-modern T-Tec, a synthetic skin inspired by wetsuits and durable outdoor gear.

Lomma textile

A finely woven fabric with a contemporary feel and finish. Centre panels are finely patterned while outer panels are plain.

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.

Notes

The weight of a vehicle will influence the level of CO₂ emitted and, as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight and CO₂ emissions of the standard vehicle, as published in this price list. The weight effect of any additional items does not affect the amount of Vehicle Excise Duty payable. A weighbridge must be used to determine specific weights. Data valid for manual transmission unless specified. All measurements in mm. The max. output figures are quoted in PS (Pferdestärke), which is the metric equivalent of brake horsepower. NB Some of the information in this price list may not be correct due to product changes which may have occurred since it was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to prices, colour, materials, specifications and models. Volvo Car UK Limited, Globe Park, Marlow, Buckinghamshire, SL7 1YQ.

Auto = Geartronic Automatic Transmission.

Meet the family.

Please note: Some of the information in this brochure may be incorrect due to changes in product specification that may have occurred since printing. Some of the equipment described or shown may now only be available at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time and without notice, to prices, colours, materials, specifications and models.

Furthermore: There are options, accessories and packages that can be chosen separately or combined as you like. For more information, please contact your Volvo dealer.

INSURANCE

Volvo Car Insurance is designed for Volvo drivers and because we know Volvos inside out, we can offer exactly the right tools and expertise, fitting only genuine Volvo parts by trained Volvo technicians⁽ⁱ⁾. Your Volvo will come with seven days drive away insurance, so you've already got peace of mind. Because Volvo drivers have an excellent reputation, we can also offer extensive cover at a reasonable price⁽ⁱⁱ⁾. Call now for your insurance quote on **0800 238 239**, quoting reference BROCH.

SERVICING YOUR VOLVO

Your Volvo dealer has the unique know-how to tailor a service programme according to Volvo's strict recommendations and guarantees you years of safety and driving pleasure. In addition, why not save yourself money on service costs by taking out a Volvo Service Plan? They're designed to spread servicing costs on an interest-free monthly basis, providing you with economic, convenient servicing and peace of mind.

Whatever option you choose your costs are fixed no matter what happens to labour, parts or oil prices. You will also have the satisfaction of being able to have your Volvo serviced at any one of our UK Volvo dealers and Service Centres. For further information and to purchase online please go to www.volvocars.co.uk/serviceplan

VOLVO ON CALL

Subscribe to Volvo On Call and you'll never be completely on your own. It's a GPS-based communication system providing 24-hour access to both emergency and roadside assistance wherever you are. See the Volvo On Call brochure for more information.

LOOKING AHEAD

You'll probably never find out just how good some of these services are. But should the unexpected happen, we'd like to think that you'd be even happier you chose a Volvo.

ROADSIDE ASSISTANCE

Every new car comes with one year's Volvo Assistance cover. You'll enjoy free breakdown and recovery assistance, anywhere in Europe, 24 hours a day. You can even extend cover for £85 for one year or £125 for two years. Call Volvo Assistance on **0845 641 9747**.

WARRANTY

Every new Volvo comes with comprehensive protection. Our warranty covers the first three years or 60,000 miles, whichever comes first. There's a three year unlimited mileage warranty on the paintwork, and either eight or twelve years against rust perforation. If a component fails due to a defect or material fault, your dealer will swiftly rectify the problem, free of charge.

THERE'S MORE TO LIFE THAN A VOLVO.

Volvo. for life

THAT'S WHY YOU DRIVE ONE.

VOLVO

Volvo Car UK Limited
