

VOLVO XC90

THERE'S MORE TO LIFE THAN A VOLVO. THERE'S GETTING WHERE YOU WANT TO GO. THERE'S GETTING THERE IN STYLE AND COMFORT. THERE'S POWER, AGILITY AND UNRESTRICTED PLEASURE. AND THERE'S DESIRE. DESIRE TO ENJOY THE BEST AND DESIRE TO SHARE THIS WITH THOSE YOU LOVE, NO MATTER WHERE YOUR JOURNEY TAKES YOU. THAT'S WHY YOU SHOULD TAKE A CLOSER LOOK AT THE XC90.

The subtle application of pure strength.

The XC90 wouldn't be the superb SUV it is without a little muscle. But the application of power without discrimination has never been our business, and here, you'll find no exceptions. Amongst a wealth of outstanding performance enhancing technology you'll find features such as AWD with Instant Traction™ and six-speed Geartronic transmission with a winter setting.

Harmonising power with subtlety can be a bridge too far for many SUVs. But with one depression of the accelerator pedal on an XC90, you'll feel equal parts muscle and grace and instantly enjoy what is surely one of nature's most potent combinations.

Volvo. for life

THERE'S MORE TO LIFE THAN A VOLVO. THAT'S WHY WE DESIGN OUR CARS TO SUPPORT YOU IN ANY SITUATION ON THE ROAD. THAT'S WHY OUR SAFETY TECHNOLOGY HAS PUSHED AUTOMOTIVE DEVELOPMENT FOR MORE THAN EIGHTY YEARS. THAT'S WHY WE AIM FOR A FUTURE WHERE CARS DON'T CRASH. THAT'S WHY WE LEAD THE WAY TO ZERO EMISSIONS, AND OFFER ONE OF THE PREMIUM SEGMENT'S STRONGEST RANGES OF LOWER CO₂ ALTERNATIVES. AND THERE ARE ALL THE REASONS IN THE WORLD TO MOVE THE BOUNDARIES FOR WHAT'S POSSIBLE AND WHAT'S NOT. THAT'S WHY WE INNOVATE FOR LIFE.

ALL-ROAD STABILITY.

Volvo's AWD (All-Wheel Drive) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads.

RAIN PROOF.

Water-repellent side windows improve vision in the rain, and a rain sensor automatically engages the wipers if it begins to rain or if water splashes onto your windscreen.

24/7 PEACE OF MIND.

Stay cool. Volvo On Call is Volvo's integrated emergency and roadside assistance technology.

EXHILARATING COMFORT.

Ergonomic design in seats and driver's environment makes you relaxed and helps maintain your concentration on driving.

STAY ON TRACK.

Volvo's DSTC (Dynamic Stability and Traction Control) improves handling and safety in a wide range of challenging situations.

KEEP THE BALANCE.

RSC (Roll Stability Control) senses an impending roll-over and helps stabilise the vehicle if needed.

AN EYE ON THE BLIND SPOT.

BLIS (Blind Spot Information System) helps you detect vehicles entering your blind spot.

ON-ROAD ENLIGHTENMENT.

ABL (Active Bending Lights) with Dual Xenon technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.

EYES IN THE BACK.

Park Assist alerts you if you're too close to an obstacle behind your car when reversing.

Innovated for your enjoyment, the Volvo safety technologies will protect more than the fun of driving.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This huge task calls for innovative thinking and a brand new approach to the way we design cars. The good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). And the technology needed is no figment of the imagination, some is already available in your Volvo. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.

Designed to catch the light brilliantly, this car also reflects a promise.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started in the early 70s. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of our cars and how we make them.

Today's biggest challenge is, of course, to reduce the carbon dioxide emissions that cause climate change. Today we offer one of the premium segment's strongest ranges of lower CO₂ alternatives: the Volvo DRIVE variants. Utilising innovative power train technology together with advanced aerodynamics, low friction technology and lightweight materials, the DRIVE range is an important step towards zero emissions.

In the near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO₂ emissions and can be charged from a standard wall socket. And we're heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.

85% RECYCLABLE.

To help minimise its total environmental impact, every Volvo is designed to facilitate recovery and recycling at the end of its useful life.

ALLERGY-TESTED INTERIOR MATERIALS.

All our upholsteries and interior textiles are tested for certain allergy-inducing or harmful substances and comply with Oeko-Tex Standard 100. And several interior metal details are tested for contact allergies. Good for you, and for anyone who shares your ride.

FRESH CABIN AIR.

A cabin filter removes dust, pollen and other particles from the incoming air. Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's Interior Air Quality System helps ensure that the air you breathe in the vehicle is cleaner than that outside when driving in heavy city traffic.

MAXIMISED FUEL EFFICIENCY WITH DIESEL.

Volvo's advanced common-rail turbodiesel technology ensures superior fuel economy and lower CO₂ emissions; like the high-performance turbodiesel D5 with up to 34 mpg* and 219 g CO₂/km.

* Based on a combined cycle.

FUEL-SAVING DESIGN.

To reduce energy loss from wind and roll resistance, we utilise advanced aerodynamic design, light-weight materials and low-friction technology. Together with state-of-the-art engine technology, this lowers your CO₂ emissions and helps you travel further on less fuel.

CLEANER EXHAUST.

All Volvo engines comply with stringent international requirements. Fast responding after a cold start, Volvo's advanced emission control eliminates between 95 and 99% of carbon monoxide, hydrocarbons and nitrogen oxides from petrol engine exhaust gases. The Volvo turbodiesels feature a particulate filter that removes about 95% of the particles from the diesel exhaust gases.

Executive by design.

From its 19" Galateia wheels to its mirror door capping, the XC90 Executive edition lives up to its name. A wealth of sophisticated design features including chrome finished rear door pillars, front bumper bar and chrome tipped tailpipes ensure heads will turn in your direction wherever you are.

Inside, the tasteful elegance continues. Settle back into seats upholstered in Executive Soft Leather with contrasting seams and piping. Let your senses be seduced by leather-faced door panels with armrests, walnut wood trim and extra thick pile Nubuck trimmed floor mats. Enjoy the cool comfort of ventilated leather and if you're a front seat passenger, indulge in the pure luxury of the Executive edition's massage facility.

No matter its duration, an Executive journey is a memorable journey.

The R-DESIGN variant of the multi-award-winning Volvo XC90 has it all: **compelling performance, distinctive styling, and, of course, legendary Volvo safety.** With its **sports-tuned chassis, the Volvo XC90 R-DESIGN is not shy, especially around corners. The exceptionally agile Volvo XC90 R-DESIGN secures its high-traction road-holding ability courtesy of a unique, sports-tuned chassis, sports-calibrated steering, and sophisticated stability control technologies. The result is a vehicle that feels quicker and more responsive, yet remarkably composed and purposeful. This is preventive safety from Volvo that helps keep the thrill of driving (and much more) alive.**

R-DESIGN seats
The Leather-faced R-DESIGN sports seats are covered in premium grades of chrome-free hide with a contrasting piping.

Sports-tuned chassis
The Volvo XC90 R-DESIGN has a specially tuned chassis that separates this vehicle from the crowd. The front suspension uses McPherson struts with anti-dive and anti-lift functionality. The multi-link independent rear suspension is attached to a steel subframe. The front and rear both have firmer shocks and stiffer anti-roll bars for added stability and quicker steering response.

Servotronic sports steering
The R-DESIGN steering wheel with aluminium inlay doesn't just look smart. Behind it, the Servotronic power steering uses sophisticated, speed-sensitive technology to regulate the amount of power assistance a driver needs. At highway speeds, steering is firmer and more immediate. When parking or in slow traffic, steering is light and effortless. The Volvo XC90 R-DESIGN has a specially tuned Servotronic system that increases steering feedback significantly in the 31-37 mph range.

High performance wheels
The distinctive Vulcanis 19" wheels with five Diamond Cut spokes couldn't be more serious about driving. Behind them lie large, ventilated disc brakes, firmer shocks for improved body control and stiffer anti-roll bars to help keep the car flat through hard turns. If this isn't enough for you, Cratus 20" wheels are available as an option.

Sports tailpipes
Unique chrome-finish tailpipes ensure the XC90 R-DESIGN sticks out from the crowd. Indeed, this feature alone could be what other drivers notice first as they follow your lead.

A selection of R-DESIGN items are also available as part of our Accessories range. Please contact your local dealer for further information.

Something this good
was always meant to
be shared.

There are no second-class seats in the Volvo XC90. Painstaking craftsmanship and superior materials ensure that comfort and safety rule, from bumper to bumper. From its Interior Air Quality System to a child-friendly booster cushion, nothing and no-one have been forgotten in the pursuit of pure satisfaction. And like many of the good things in life, the Volvo XC90 was made to be shared. Now it's over to you.

It takes extraordinary character to shoulder big responsibility.

Engine power and an improved environment. To many, these terms sound like a contradiction. To us they represented a call to action.

A challenge to develop technology that doesn't compromise on performance while at the same time acknowledging our environmental responsibility. Utilising fuel wisely, the powerful D5 turbodiesel matches the commanding character of the XC90 perfectly. Alternatively, there's Volvo's sophisticated in-line six-cylinder 238 PS petrol engine. Whichever you prefer, state-of-the-art engine technology ensures a stylish and relaxed drive in the city, on the narrow country roads and on the motorway, with reduced emissions.

Carrying this power also presented challenges of its own. To meet these, design characteristics such as a low centre of gravity, precisely calculated weight distribution and high ground clearance were applied. As a result, you stay firmly and comfortably rooted to the road, no matter where it's taking you.

64 expressions of
versatility.

Every one of the seven seats in the Volvo XC90 offers much more than superb comfort. They can also be configured in 64 different ways. Add the fact that every passenger seat can be folded flush and you have the perfect marriage of versatility and luxury. Loading is an easy job too, just open the liftgate section of the split tailgate for lighter objects or let both sections open wide for heavier loads.

Elevate yourself.

The XC90 represents everything a truly exceptional driver's environment should. You are never more than an arm's length away from some of the automotive world's most innovative equipment. You are at the centre of an environment defined by comfort, elegance and luxury. And from your elevated position you can enjoy one of the safest yet most exciting driving experiences of your life. Step up to the outstanding XC90.

Our designers are dreamers, are you?

Have you ever dreamt of a car that is as big as your life? A car with a choice of interior packages, each one an impeccable reflection of contemporary auto styling? Features that are as intuitive as they are facilitating and performance that takes you effortlessly from town to dirt track? We did. And we decided to share it with you. Why not climb in and join us in Dreamland?

When was the last time you felt music?

There is one sure way to transform a journey into an event, add some good music. If you can do this through a system that leads the way in audio excellence, all the better.

Volvo's Premium Sound system delivers a seriously moving aural experience. It features a new digital class D amplifier, 12 high-end loudspeakers, Dolby® Pro Logic® II Surround Sound and is fully compatible with your iPod® or MP3 player. We could say more but in this case, we'll let the music do the talking.

Premium Sound loudspeakers

The twelve high-end loudspeakers by the Premium Sound audio system are powered by a 5 x 130 W digital amplifier. There are three separate drivers, woofer, midrange and tweeter, in each front door, a coaxial woofer/tweeter in each rear door and a tweeter in each rear pillar. Each speaker has a crossover filter to maximise fidelity. The latest generation Dolby® surround system with a centre loudspeaker and sound processor recreates authentic sound with a strong sense of presence for everyone in the vehicle, a Volvo world first. The digital class D amplifier features new technology that provides extremely high efficiency, enabling it to generate the most audio power from the least amount of current.

Premium Sound audio system

The Premium Sound system is in a class of its own. The digital class D amplifier generates 5 x 130 watts of music. Dolby® Pro Logic® II Surround Sound recreates a sound that's equally authentic at each seating position. There are 12 high-end loudspeakers specially developed for the Volvo XC90 and a true concert hall experience. The Premium Sound system includes:

- RDS radio
- MP3 and WMA compatible 6 x CD player
- Aux Input in front centre armrest
- 5 x 130 W digital class D amplifier
- Dolby® Pro Logic® II Surround Sound with centre loudspeaker and digital sound processor
- 12 high-end Premium Sound loudspeakers
- Steering wheel remote audio controls

Options: separate remote control and rear seat audio console with headphone sockets.

Accessories: USB and iPod® Music Interface.

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

High Performance audio system

A powerfully versatile system. Each loudspeaker is fitted with a more powerful magnet and a larger coil. Coupled to the High Performance amplifier, this system provides superb transient reproduction, high power durability and low distortion for a superb listening experience. High Performance audio includes:

- RDS radio
- MP3 and WMA compatible CD player
- USB and Aux Input in front centre armrest
- 4 x 40 W High Performance amplifier
- 8 High Performance loudspeakers
- Steering wheel remote audio controls

Options: separate remote control, a 6 x CD player* (replaces the 1 x CD player), and rear seat audio console with headphone sockets.

Accessories: USB and iPod® Music Interface.

*This option deletes the USB port

The XC90 range at a glance.

XC90 Active

The Active model comes with all the features you'd expect from a Volvo. Beyond the 17" Neptune alloy wheels and RSC (Roll Stability Control) system, the Active offers dual-zone climate control, rear park assist, power door mirrors and windows and dark tinted rear windows. Interior details include a leather steering wheel and gear knob, and our high performance audio system with USB and Aux Input, 8 speakers and CD player together with aluminium trim.

XC90 SE

The SE takes you and your passengers further along the path of self-indulgence with leather-faced upholstery, and a power adjustable driver seat. There are various intuitive features, such as the automatic rain sensor and autodimming rear-view mirror with compass. On the outside, 18" Camulus alloy wheels and brushed aluminium roof rails make sure you don't go unnoticed.

XC90 SE LUX

The SE Lux includes the ultimate motoring equipment. Above and beyond SE specification, the SE Lux has chronograph instrument dials, soft leather upholstery, sanded silver aluminium trim and both front seats are powered and heated. Exterior details include 18" Situla alloy wheels, and active bending lights with power washers.

XC90 EXECUTIVE

The Executive is the ultimate in Volvo luxury. Its refined exterior boasts stylish matt chrome door mirrors; active bending lights and 19" Galatea alloy wheels are further highlights. Inside the cabin, inlays of walnut provide a warm welcome, while Executive ventilated soft leather upholstery with massage function, extra padding and armrests pamper. Further features include satellite navigation system, and our premium sound audio system with Dolby Pro Logic II Surround Sound® and Bluetooth® handsfree system.

XC90 *R-DESIGN* SE

The R-DESIGN model combines the luxury features of the SE, with sports styling and handling enhancements. Speed dependent power steering with unique 19" Vulcanis alloy wheels and R-DESIGN chassis enhance the handling. Visual presence is further enhanced with silver matt door mirrors, unique quad tail pipes, together with R-DESIGN leather-faced upholstery, front sports seats with side support, R-DESIGN leather steering wheel and unique aluminium interior trim.

PREMIUM

The Premium model is the ultimate upgrade. The combination of satellite navigation system and Bluetooth® handsfree system are all designed to complement the existing high level of specification.

(i) Dolby and Pro Logic Surround Sound™ are trademarks of Dolby Laboratories Licensing Corporation.

Inside information.

Here you can learn more about the features and technology of your Volvo XC90. Some are standard, some are optional. For more detailed information, please contact your Volvo dealer or visit www.volvocars.co.uk

Dynamic Stability and Traction Control (DSTC)

By helping prevent fishtails, spinouts, and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, a gyroscope senses the car's direction and compares this with steering wheel movements as well as the actual rotation of the car's wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine's power output, or braking on one or more wheels.

Whiplash Protection System (WHIPS)

Integrated in the front seats, Volvo's WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term injuries by 50%.

Active Bending Lights

Compared to conventional halogen headlamps, Active Bending Lights with Dual Xenon technology expand your vision range by about 230%. This means you'll be helped to gain 45 metres more for braking. And using motorised lamps that turn up to 15° in either direction, this technology gives a 90% boost to your vision round bends at night. You can enjoy highly effective low beam illumination on narrow, winding roads and extremely powerful full beams on the motorway. A daylight sensor disengages the adaptive function during daytime to extend its lifespan. Independent of the load, these headlights self-adjust to maintain the correct angle to the road – even during hard acceleration or braking.

Inflatable Curtains (IC)

In a collision or roll-over, the Inflatable Curtains (IC) protect the heads of both front and rear outboard occupants. They also stay inflated for some seconds to provide prolonged protection in multiple accidents. And to help protect children in the rear seat, IC interacts with the two-stage integrated booster cushions and the belt load limiters.

Side Impact Protection System (SIPS)
SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the car – including the front seats – is designed and reinforced to help displace the impact of a side collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The side structure is extremely strong to help withstand a severe side impact, even with a larger vehicle. The Inflatable Curtains (IC) for all the outboard occupants and the front seat side airbags interact to help provide further protection.

Dual-stage airbags, driver and front passenger

Helping to optimise protection, the dual-stage airbags adapt the level of inflation depending on the force of the collision. The driver's airbag also interacts with the deformation of the collapsible steering column.

Rear Seat Entertainment (RSE) dual screen

With Volvo's RSE dual screen, the rear seat passengers can watch a DVD film or play a game – together or separately. Two 8-inch widescreen displays are integrated in the front seat head restraints. Cordless headphones let you listen to the music or programme of your choice. Sound is also provided through the vehicle's rear loudspeakers or – using the rear headphone connectors – any wired headphones. Integrated behind the front centre armrest, the DVD player and AUX socket for extra devices (such as game consoles, an iPod®, MP3 player, extra DVD player or a digital camera) are easy to reach from the rear seat.

iPod is a trademark of Apple Computer Inc.

Satellite Navigation System

Volvo's GPS-based satellite navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. Via TMC (Traffic Message Channel) radio data broadcasts, it also lets you know if there's weather related trouble en-route and recommends an alternative. The satellite navigation system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. When not in use, the screen retracts into the dash. The maps are on one DVD and cover major parts of Europe. To help you keep track of new roads and points of interest, you can join our MapCare programme for two free map updates.

Blind Spot Information System (BLIS)

BLIS uses rear-facing cameras installed in the door mirrors to keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with a lamp built into the front door post, left or right. Together with the door mirrors, this helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

Autofolding Power Door Mirror with Ground Lights

At the touch of a button, these door mirrors can be folded flat against the car where they are less likely to get damaged after you've parked. They also fold or unfold automatically every time you lock or unlock the car. The integrated ground lighting is activated with the remote control. Beyond enhancing security to and from your car at night, this is also convenient when getting in and out.

Accessories from Volvo.

Of course, your Volvo XC90 won't be perfect until it's exactly how you want it. So here's a selection of our range of accessories to completely personalise your new car.

Exterior styling pack
Make your Volvo XC90 even more distinctive with a range of specially designed exterior styling accessories.

Polestar Performance upgrade
A power optimisation software which was developed jointly between Polestar Performance – Volvo's racing partner – and Volvo Car Corporation's powertrain department. The upgrade will increase your D5 engine's power from 185 hp to 205 hp and torque from 400 Nm to 450 Nm.

Towbar-mounted bike rack
This state-of-the-art holder secures your bicycles conveniently and safely on the back of your Volvo.

'Sport time 500' roof box
A practical, lightweight, easy-to-load roof box ideal for skis, luggage, camping gear or golf clubs.

Convertible child seat (9-25 kg)
Advanced design helps provide world-class protection and flexible seating for many years.

Towbars
Our lockable, easy-to-remove towbars are designed specifically for your Volvo.

Booster seat (15-36 kg)
Volvo's new booster seat helps position a child at the correct height for the safety belt.

Rear Seat Entertainment (RSE) dual screen
Rear seat passengers can watch a DVD or play a game via two, integrated, 8-inch widescreen displays.

Reversible textile/rubber load compartment mat
With textile on one side and waterproof rubber on the other, this helps you keep the cargo area clean.

- (ii) Also available on the XC90 R-DESIGN.
- (iv) Exclusive on the XC90 R-DESIGN.

EXTERIOR DESIGN. It's muscular without being aggressive. Purposeful lines hint of a truly versatile character, while its refined dynamic looks reveal a more sophisticated side. Rounded shapes interact with distinctively sculpted sections, creating a confident Scandinavian style. Add to this a stance that leaves no doubt as to the intentions of this Volvo SUV. And to further emphasise the adventurous spirit of the Volvo XC90, there are a number of specially designed styling options.

Aluminium running boards and foot steps

Provide a more striking impression while matching the front and rear skid-plates. What's more, they protect the door sills on uneven surfaces and make it easier to get in and out, and they're useful when loading the roof. Dimensioned for a load of 300 kg. For extra convenience, foot steps can be added to the running board.

Side décor

Running along the bottom of the doors and wheel arches, the side décor gives the Volvo XC90 an even more exclusive appearance. It's painted in the same colour as the vehicle, and features an integrated metallic lower moulding.

Front bumper bar

Integrated in the front bumper to give the vehicle an even more powerful stance. Painted in Silverstone to match other exterior styling details. Alternatively, it can be painted in the same colour as the vehicle.

Aluminium crossbars

An aerodynamic design element that complements the roof rails and the design of your Volvo. These aluminium crossbars also allow you to exploit the roof's load-carrying capacity to the full.

Roof protector ribs

These protect the roof and give the car a more assertive appearance. What's more, you can carry up to 35 kg directly on the ribs by distributing the weight evenly.

IMAGINE YOUR NEW INTERIOR. Crafted according to your requirements, the interior of your Volvo can take on any number of personalities. Choose between two interior colours, Off Black and Sandstone Beige, and different upholstery variants. Pick the interior that suits you and add the finishing touch with the interior trim, steering wheel, gear knob and floor mat of your choice. After all, you're probably going to spend a lot of time here.

Ergonomic design Developed in co-operation with ergonomic specialists to provide generous support for the body during hours of driving, the seats in the Volvo XC90 are among the most comfortable in the automotive world. Multiple adjustment possibilities and adjustable lumbar support make it easy to find the perfect driving position.

Soft leather

In a class of its own, this option allows you to enjoy specially designed exclusive seats fully upholstered in finest Soft leather with contrasting seams and piping on all seats. Extra padding in the seats contributes to luxurious seating comfort.

Leather-faced

This is a hide quality that's comfortable, durable and has a coarse grain pattern. Like all Volvo leather-faced upholsteries, it's organically tanned and ages beautifully.

Marstrand textile/T-Tec

This rugged yet elegant upholstery combines two materials. The fabric running through the centre panels is rich in contrast and comfort, while the T-Tec on the outer panels is smooth and highly practical.

- (i) For best performance and lowest fuel consumption 98 RON is recommended, 95 RON can be used for normal driving.
- (ii) The results do not express or imply any guarantee of the fuel consumption of a particular car.
- (iii) Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.

Notes

The weight of a vehicle will influence the level of CO₂ emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight and CO₂ emissions of the standard vehicle, as published in the price list. The weight effect of any additional items does not affect the amount of Vehicle Excise Duty payable.

A weighbridge must be used to determine specific weights.

Data valid for manual transmission unless specified.

All measurements in mm.

Automatic = Geartronic Automatic Transmission.

The Max. output figures are quoted in PS (Pferdestärke), which is the metric equivalent of brake horsepower.

VOLVO TOTAL CARE

We want your experience of buying and owning a Volvo to be one of life's pleasures, that's why we're here to make it as care-free and easy as possible. It's simple - Volvo Total Care is a single port of call for all your motoring requirements, from funding your purchase to protecting your investment with Volvo Car Insurance to monthly payment plans for servicing. We will even provide you with special offers during your ownership. Volvo Total Care is designed to make owning a Volvo rewarding. For further information on Volvo Total Care please contact your dealer or go to www.volvocars.co.uk/totalcare

FINANCE

Volvo Car Financial Services have developed a series of funding plans that will provide you with a range of choices and flexibility when acquiring a Volvo®. For details of the current promotions available, please visit www.volvocars.co.uk/financepromotions

WHAT NEXT? If you'd like to find out more about the range of products and services that make up Care by Volvo, the story continues at www.volvocars.co.uk. Alternatively you can contact your nearest Volvo dealer or request relevant brochures.

(i) Finance subject to status. Terms and conditions apply. Guarantees/Indemnities may be required. Applicants must be 18 or over. Volvo Car Financial Services RH1 1SR.

(ii) When using a Volvo approved Body and Paint repairer.

(iii) Volvo Car Insurance is underwritten by Royal & Sun Alliance Insurance plc (No. 93792). Registered in England and Wales at St Mark's Court, Chart Way, Horsham, West Sussex RH12 1XL. Authorised and regulated by the Financial Services Authority. For your protection telephone calls will be recorded and may be monitored. All benefits are subject to qualifying status, terms and conditions, cover level and underwriting criteria. Service and repair benefits are subject to being carried out by a recommended repairer.

INSURANCE

Volvo Car Insurance is designed for Volvo drivers and because we know Volvos inside out, we can offer exactly the right tools and expertise, fitting only genuine Volvo parts by trained Volvo technicians⁽ⁱ⁾. Your Volvo will come with seven days drive away insurance, so you've already got peace of mind. Because Volvo drivers have an excellent reputation, we can also offer extensive cover at a reasonable price⁽ⁱⁱ⁾. Call now for your insurance quote on **0800 238 239**, quoting reference BROCH.

SERVICING YOUR VOLVO

Your Volvo dealer has the unique know-how to tailor a service programme according to Volvo's strict recommendations and guarantees you years of safety and driving pleasure. In addition, why not save yourself money on service costs by taking out a Volvo Service Plan? They're designed to spread servicing costs on an interest-free monthly basis, providing you with economic, convenient servicing and peace of mind.

Whatever option you choose your costs are fixed no matter what happens to labour, parts or oil prices. You will also have the satisfaction of being able to have your Volvo serviced at any one of our UK Volvo dealers and Service Centres. For further information and to purchase online please go to www.volvocars.co.uk/serviceplan

VOLVO ON CALL

Subscribe to Volvo On Call and you'll never be completely on your own. It's a GPS-based communication system providing 24-hour access to both emergency and roadside assistance wherever you are. See the Volvo On Call brochure for more information.

LOOKING AHEAD

You'll probably never find out just how good some of these services are. But should the unexpected happen, we'd like to think that you'd be even happier you chose a Volvo.

ROADSIDE ASSISTANCE

Every new car comes with one year's Volvo Assistance cover. You'll enjoy free breakdown and recovery assistance, anywhere in Europe, 24 hours a day. You can even extend cover for £85 for one year or £125 for two years. Call Volvo Assistance on **0845 641 9747**.

WARRANTY

Every new Volvo comes with comprehensive protection. Our warranty covers the first three years or 60,000 miles, whichever comes first. There's a three year unlimited mileage warranty on the paintwork, and either eight or twelve years against rust perforation. If a component fails due to a defect or material fault, your dealer will swiftly rectify the problem, free of charge.

THERE'S MORE TO LIFE THAN A VOLVO.

Volvo. for life

THAT'S WHY YOU DRIVE ONE.

All "On The Road" prices quoted in this price list include Volvo standard national delivery charge, inclusive of number plates and VAT at £535 and the VED (Vehicle Excise Duty) car tax as of 1st April 2010 (as set by the government). This charge does not include any provision for fuel. The "On The Road" price also includes a £55 vehicle first registration fee (as set by the government – excludes Channel Islands and Isle of Man). Recommended retail prices quoted do not include these additions.
