MINI BAYSWATER.

The new, exclusive MINI special edition models make three stops in London. First up is Bayswater, known throughout the city for its imposing Victorian-era buildings. Reflecting the area's style and elegance, the MINI Bayswater¹ features high-quality, 17" alloy wheels as standard. The model offers a package of eye-catching details, such as bonnet stripes and contrasting exterior mirror caps, designed specially for the MINI Bayswater. Exclusive, sporty Kite Blue metallic paint comes as standard, or there's a choice of another two metallic paint colours.

¹ Available for the MINI Cooper/Cooper D/Cooper S/Cooper SD Hatch. ² Only available for the MINI Cooper S/Cooper SD. Please see the reverse side of this flyer for technical data relating to each of the models presented.

The MINI Bayswater is the sportiest of the three new MINI special edition models. High-quality leather seats with eye-catching contrast stitching in brown and blue, along with Piano Black Bayswater interior surfaces, characterise its dynamic looks. As on all MINI special editions, the vehicle's name is emblazoned on the side scuttles, seat badges and door sill finishers. Particularly eye-catching are the 17" alloy wheels, fitted as standard, and the unique design of the exterior mirror caps. The result is a vehicle that's individual, athletic and entirely bespoke.

MINI HIGHGATE.

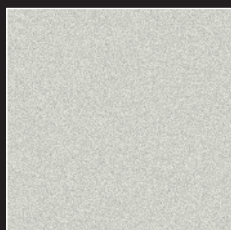

The next destination is Highgate, an exclusive residential area renowned for its historical architecture. This sense of tradition is embodied in the new MINI Highgate¹, which combines exceptional design, exclusive interior details and the finest materials. The new exterior finish of Iced Chocolate metallic, the Silvertouched Truffle soft-top, bonnet stripes and flashes of light blue in the interior lend this special edition model its extravagant, unique character.

An interior that is as unique as the exterior. With the roof down, the exclusive interior details of the vehicle can be fully admired. The Dark Truffle Lounge leather seats with silver contrast stitching and light blue piping are particularly elegant, as is the Colour Line in Dark Truffle leather with silver double stitching. The Highgate name is also featured on the seat badges, door sill finishers and side scuttles, with interior surfaces in Suntouched brushed aluminium. This special edition model sits on 17" alloy wheels, completing a unique package of quality design.

MINI BAKER STREET.

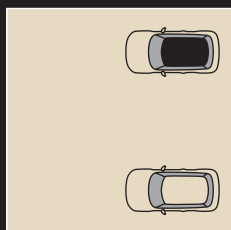

Baker Street: the home of one of fiction's greatest sleuths, and one of the most buzzing streets in the capital. Modern and full of life, it is renowned as a centre of style. It is also the inspiration behind the MINI Baker Street¹, which combines unique colours, elegant materials and customised bonnet stripes. This special edition model is available with a Rooftop Grey metallic exterior finish, as well as two other exterior colours. The interior features cloth/leather seats with the Cross Check design, finished in Rooftop Grey Light and Anthracite, combining elegantly with the colour scheme. These are paired with interior surfaces in Cross Check Rooftop Grey Light, and contrast stitching on the floor mats, gearshift gaiter and handbrake gaiter. Together, these details provide a vehicle that's designed to express your individuality.

Exclusive details as standard: the MINI Baker Street boasts striking interior surfaces and a selection of features developed specially for this special edition model. It offers unique 16" alloy wheels in Jet Black, while the side scuttles, door sill finishers and seat badges all bear the model name. The inimitable Cross Check design further emphasizes the quality of the seats and interior surfaces. The MINI Baker Street is a true personality, and is decidedly different.

¹ All figures relate to vehicles with the standard six-speed manual transmission. Figures in square brackets relate to vehicles with six-speed Automatic Transmission Steptronic.

² All MINI models comply with the EU5 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in directive 80/1269/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted.
