# 207 – SETTING A NEW STANDARD

Today's technologies are transforming our world. And with its simple lines, avant-garde looks and dynamic design, the re-styled 207 is the perfect expression of this transformation.

The 207's lively character is clearly visible in the taut lines of its plunging bonnet, its new, even more elegant front end and new LED rear lights\*. Its feline appearance gives it a balance and poise that suggests power, strength and robustness – even when the car is at a standstill.

And from the moment you take to the wheel, your first impressions of the 207 will be confirmed. You'll immediately notice the benefit of its advanced economic engine, the high level of comfort throughout the interior, and the sophistication of the equipment designed for your enjoyment and your safety. In the re-styled 207, you will see the world differently. Now we'd like to show you all the options you have available to add high-quality accessories that reflect your individual needs and your lifestyle.

Perhaps you'd like to heighten your 207's sporting credentials with a rear spoiler or alloy wheels. Then there's practical equipment, such as roof bars, luggage boxes and child seats.

And of course there's extra technology, like USB BOX, TomTom satellite navigation and Bluetooth hands free telephone kits. Every item is designed to fit perfectly in your 207.

There's no compromise on quality – a philosophy that has been adhered to in every aspect of the 207's development. So take a look, decide on the right accessories for you and then get ready to enjoy comfort, style and fun wherever you go.

For more information on our accessories range including retail fitted prices contact your local Peugeot dealer or visit [www.peugeot.co.uk/accessories](http://www.peugeot.co.uk/accessories)
