Legendary Land Cruiser.

60 years' unrivalled driving experience in more than 150 countries worldwide.

No stone has been left unturned in the evolution of the Land Cruiser. First-hand knowledge has shaped the design and technology that define it. Making it the most reliable, most durable and most comfortable Land Cruiser Toyota has created.

Asia
In Oman, Land Cruisers drag fishing boats and their fully laden nets to shore. The fish are transferred into the built-in refrigeration tanks before being driven 150 km to market.

Africa
A large number of Libyan tour companies rely on their trusted convoy of Land Cruisers to take tourists on adventures across the deserts and mountains. Offering reliability and versatility in the most testing conditions.

Americas
Toyota has always been popular in both Central and South America. Land Cruisers are still used in the diamond mines in Venezuela to deliver supplies to remote areas.

Antarctica
Land Cruiser took the Japanese 7th South Pole Observation Team on their missions from the Showa base camp. It was an invaluable tool for investigating the local landscape.

Australia
The sheer size of the continent and large amount of off-roading makes Land Cruiser the ideal vehicle for the outback. On any expedition, it can be trusted in difficult conditions.

Unstoppable. Uncompromised. Unlimited.

The Kinetic Dynamic Suspension System (KDSS)* delivers impeccable handling and comfort on-road, and maximum traction when you need it most. Variable Flow Control power steering adapts the level of assistance to suit the conditions, for easy control at low speeds and rewarding feedback on the open road. And with full-time 4WD and Vehicle Stability Control as standard, you can be sure of a secure and stable drive.

* LC₄ and LC₅ grades.

Advanced technology takes Land Cruiser's capabilities to a higher level. Crawl Control automatically optimises vehicle settings to suit different off-road conditions, and it's easier to navigate a safe course thanks to the Steering Angle Display and enhanced control from the Multi-terrain Select*.

* LC_s grade.

Strength of body. Peace of mind.

Land Cruiser provides the highest levels of safety, whether you are travelling on or off-road. The array of active safety features includes Multi-terrain ABS that gives peak braking performance on all surfaces, and Active Traction Control, engineered to keep you moving in the toughest conditions. The KDSS and Variable Flow Control power steering contribute to safe, reassuring handling at all times. In the case of emergency braking the LED rear lights flash instantly and faster than conventional bulbs to alert the driver behind.

Safety is built into Land Cruiser at every level, with a structure that's designed to channel impact forces away from those on board, and also to cut the risk of injury to pedestrians. Should the worst happen, a full suite of airbags, 3-point seatbelts with force limiters, active headrests and front seats engineered to minimise the risk of whiplash, combine to provide all-round protection.

Tackle the Earth's most challenging journeys in supreme comfort.

Land Cruiser takes the strain as you enjoy the spacious interior that blends natural materials, cutting-edge technology and an abundance of storage options.

Versatility that knows no bounds.

A versatile interior offering class-leading Toyota Easy Flat seating with electronically controlled 3rd row seats, which you can transform in seconds*.

*LC₄ and LC₅ grades.

Intelligent, refined interior.

From the sophistication of the instrument panel to the quality of each detail, everything has been designed to enhance your driving experience. Land Cruiser proves practical can be beautiful.

1. Multi-information switches. Intuitive fingertip controls respond instantly to your needs. Keep your eyes glued to the road as you select Cruise Control, Multi-terrain Monitor, telephone – and of course Beethoven.

2. Rear seat entertainment*. A supreme quality 9" drop-down screen with powerful 5.1-channel DVD surround sound. Premier seats for all the thrills and spills – whatever the adventures outside.

3. State-of-the-art air conditioning. Land Cruiser's fully automatic air conditioning system allows you to independently control three temperature zones. Making sure everyone is as cool as they want to be.

Items shown only available on certain grades.

* Headphones can be purchased separately.

The world's most spellbinding concert venue.

Rediscover the finest moments of Beethoven's Fifth with the outstanding JBL 17-speaker* surround sound system. The cabin is crafted to acoustic perfection with an array of state-of-the-art speakers to make your spirit soar. Immerse yourself in Land Cruiser's wealth of comfort features wherever you are in the world.

* LC₄ and LC₅ grades.

Free to go where you want to go.

Sprint to the next horizon with outstanding engine performance. Land Cruiser offers strong low-end torque and delivers power quickly from a low range.

Land Cruiser delivers CO₂ emissions of 213 g/km* and fuel economy of 34.9 mpg* – impressive statistics for a vehicle in this class.

* Combined cycle (5-door).

LC₃ 3-door and 5-door

Robust design and high safety specification define this new-generation adventurer.

Main features

- 17" alloy wheels
- Vehicle Stability Control (VSC) with Active Traction Control (A-TRC)
- Hill-start Assist Control (HAC) and Downhill Assist Control (DAC)*
- Climate control air conditioning
- 7 SRS airbags (including driver's knee airbag)
- Central differential lock with TORSEN® limited slip differential
- Active headrests
- Cruise control*
- Radio, CD audio system with Bluetooth®, iPod®/USB/AUX-in – 6 speakers
- Smart Entry & Start System
- Roof rails, black*
- Back door with glass hatch
- Side steps
- Front fog lamps
- Headlamp cleaners
- Electric windows
- Variable Flow Control power steering
- Yosemite Grey fabric trim

Optional features

- 3rd row seats (manual fold)*

* Except 3-door.

LC₄

Chase your next horizon with assured KDSS stability and luxuries, such as the Multi-Vision Satellite Navigation system. The leather interior and versatile design provide reassuring inner comfort.

Main features (additional to LC₃ grade)

- 18" alloy wheels
- Kinetic Dynamic Suspension System (KDSS)
- Multi-Vision Satellite Navigation system with DVD-CH, Hard Disk Drive (HDD), Bluetooth®, iPod®, USB, AUX-in, JBL premium sound system – 17 speakers
- Sequoia Beige or Yukon Dark Grey leather interior
- Powered and heated driver and passenger seats
- 3rd row seats: power adjustable (leather)
- Triple zone climate control air conditioning
- Back camera monitor
- Parking sensors (front and rear)
- Dusk sensor/rain sensor
- Follow Me Home headlights
- Privacy glass (rear)
- Electric tilt-adjustable and telescopic steering wheel
- Leather steering wheel, gear shift lever and knob
- Chrome radiator grille
- Auto dimming rear-view mirror
- Optitron dials with multi-information display
- Illuminated side step
- Cool box (in centre armrest)
- 220V power outlet (in boot)

LC₅

Land Cruiser LC₅ benefits from leading-edge technology that's both intuitive to use and effective on all road surfaces. Crawl Control delivers optimum driver control in the harshest off-road scenarios while Multi-terrain Select provides optimum vehicle settings for varied terrain, plus extended all-round views from the Multi-terrain Monitor.

Multi-terrain Monitor (MTM)

Multi-terrain Select (MTS)

- Main features (additional to LC₄ grade)**
- Adaptive Variable Suspension (AVS)
 - Active Height Control (AHC)
 - Rear entertainment system with 9" screen – CD/DVD/HDD input, audio/visual input and headphone jacks
 - Multi-terrain Monitor with 4 cameras
 - Crawl Control and Multi-terrain Select
 - Steering Angle Display
 - Sunroof
 - Memory position driver's seat
 - Leather/wood steering wheel
 - Leather/wood gear shift knob and lever
 - Unique radiator grille
 - Wood detail inserts
 - Rear electric differential lock
 - Adaptive front lighting system with High Intensity Discharge (HID) Xenon headlamps

Accessories

Assert your individuality

Your car says a lot about you and your personality. It also reflects the way you live your life which is why we've designed a complete range of quality accessories that will add style, comfort and convenience to your Land Cruiser.

Audio

Digital Audio Broadcasting DAB (digital radio upgrade)

Body exterior

Chrome exterior mirror covers

Chrome fog lamp contours

Door handle protection films

Exhaust pipe finisher, stainless steel

Rear bumper protection plate, stainless steel

Rear chrome lower trim

Side bars, stainless steel

Side protection mouldings, black with chrome insert

Sunroof deflector

Wind deflectors (front pair or front and rear set)

Bonnet deflector

Convenience

Cool/hot box

HomeLink (Home security control system)

Interior trim

Premium grey tailored carpet mats, 3 rows, grey or beige

Rubber floor mats with high border, set 4, grey or beige

Scuff plates, front set, illuminated

Scuff plates, front and rear set, illuminated

Lights

Driving lamps for improved visibility

Headlamp protection covers

Clear rear combination lamps

Load space

Boot liner

Cargo manager – flexible load partition (LC₄, LC₅)

Dog guard (full or upper half height)

Dog guard divider, to section boot and separate pets

Moving load floor, beige or grey (LC₄, LC₅)

Locks

TRACKER Stolen Vehicle Tracking Systems: Monitor and Horizon

Roof

Cross bars – to fit with roof rails

The following accessories can be fitted with the above cross bars:

Barracuda bicycle holder – 4 can be installed

Luggage and cargo platforms

Luggage/ski boxes – range of sizes in silver or black metallic finish

Ski holders, small and large

Surfboard or windsurf board/mast holder

Safety

Child restraint seat, Babysafe G0, birth to 13 kg (approx. up to 15 months)

Child restraint seat, ISOFIX Duo Plus G1 Plus, 9 to 18 kg (approx. 8 months to 4 years)

Child restraint seat, Kid G2, 15 to 36 kg (approx. 4 years up)

Fire extinguisher

First aid kit

High visibility reflecting jacket

Warning triangle

Storage

Cargo net, vertical or horizontal

Towing

Tow bar, horizontal detachable

Tow bar, fixed

Tow bar, flanged – 2 height

12N (trailer) and 12S (caravan services) 7-pole wiring kits for all above tow bars

Rear bike holder with integrated lighting board – 2 or 3 bikes (requires 12N trailer wiring and tow bar to mount)

Wheels

Canyon 17" alloy wheels (LC₃)

Pinnacle 18" alloy wheels

The above accessories fit all models unless otherwise stated.

Accessories for the Land Cruiser present a cleverly designed balance between form and function. Each contour and finish blends seamlessly with the Land Cruiser's muscular appearance. Yet Land Cruiser accessories also serve a purpose. They protect, enhance and inspire.

The rear under-run guards against stone chips. The rear bumper plate shields the paintwork and the side mouldings help prevent panel damage. Each element works individually and as a co-ordinated whole.

01 Side mouldings

Great side panel protection combined with a chrome insert for that dash of style.

02 Rear bumper protection plate

Guards bumper paintwork when loading or unloading the boot.

Style

Style is the presentation of individuality. It's about adding those subtle extra details to give your Land Cruiser a personal appearance. You can do it with Toyota accessories. Each is custom designed to enhance the unique Land Cruiser appeal.

01 Wind deflectors

Aerodynamically designed to reduce wind impact when driving with open windows. Available as a front and rear set.

02 Driving lamps

Powerful illumination combined with rugged appeal.

03 Mirror covers

The chrome finish creates a look of pure style.

Touring and towing

The Land Cruiser's strength and stability make it ideal for towing a trailer, caravan or horsebox. Perhaps a boat or jet-ski?

Whatever your passion, you can do it with your choice of Toyota tow bars.

01 Rear bicycle holder

Lightweight high strength steel design for attaching to a Toyota tow bar. Features include security locking and an integral lights and licence plate holder. Available in two and three bike versions.

The range of fixed, flanged and detachable tow bars gives you enormous flexibility to use your Land Cruiser to its full powerful potential. The stylish tow bar bumper cover completes the look.

Increase flexibility even further with the Toyota roof rack when fitted with fully lockable accessory cross bars. The attachments include a roof platform, ski and luggage boxes, ski holders and a bike holder.

01 Flanged tow bar and bumper cover

For those big towing jobs where you need maximum stability. Towing capacity up to 3,000 kg.

02 Fixed tow bar and bumper cover

Offering strength and durability for day-to-day towing. Gives a towing capacity up to 3,000 kg.

03 Detachable tow bar and bumper cover

High strength towing with the added convenience of a removable hook. Towing capacity up to 3,000 kg.

04 Luggage/ski box 410 litre standard

A slimline roof box with excellent aerodynamics and narrow enough to carry other roof items, such as a bicycle. It features central locking and load securing straps.

05 Luggage box 380 litre luxury

Increase the load space of your vehicle with this compact roof box. It has 3-point central locking, side access and load security straps.

06 Ski holder

Lockable design for skis and snowboards. Available in small, medium and large sizes including the large luxury holder with its extendable carrier for easy loading and unloading.

07 Luxury bike holder

Features a tough anti-theft system and moulded profiles to grip the bicycle wheels.

Practical

Toyota accessories add even more capability to the abundance of storage in the Land Cruiser's cabin. With nets*, a boot liner* and cargo management options you have choices to reflect your own special needs.

To protect your carpets there are carpet mats* for day-to-day use and ultra tough rubber mats* for the worst conditions you can imagine. And the choice of dog guards offers versatile space for your pet while preventing it jumping over the seats.

01 Cargo manager

The system clips into your car's boot rails and features an adjustable, lockable, aluminium bar and security belt to maximise load stability.

02 Moving load floor

Glides along the trunk rails so that heavy loads can be easily moved deep within the boot space.

03 Dog guard (full height) and optional divider

A floor-to-ceiling design that lets you fold the rear seats while keeping your dog secure. The divider can be purchased separately to divide the boot for a dog and luggage or two dogs.

* Not illustrated.

Child seats

The Land Cruiser is ideal for children. But youngsters come in all shapes and sizes and so keeping them safe needs a purposeful outlook. Be assured, with Toyota child restraint seats you have individually designed options for each age group.

01

01 Babysafe Plus restraint seat

Comfort and protection for babies up to 13 kg (from birth up to around 15 months). An integral retractable canopy offers protection against the sun and wind.

02

02 ISOFIX Duo Plus restraint seat

For children between 9 and 18 kg (approximately 8 months to 4 years). For maximum safety the seat locks into the rear ISOFIX bars to anchor directly to the car body and also has a top tether to prevent forward tipping. Deep padded wings increase side impact protection.

03

03 Kid restraint seat

Height-adjustable for children between 15 and 36 kg (approximately 4 to 12 years). A booster seat and adjustable head-rest add flexibility for a growing child.

The fuel consumption and CO₂ values are measured in a controlled environment, in accordance with the requirements of directive 80/1268/EEC incl. its amendments, on a basic production vehicle. For further information or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load, number of passengers, etc.) play a role in determining a car's fuel consumption and CO₂ emissions.

Glossary

Discover more about Land Cruiser technology

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls the engine output to help maintain stability and prevent skidding when turning sharply or driving on slippery road surfaces. **Benefits:** *Stability and safety.*

Brake Assist (BA) and Multi-terrain Anti-lock Braking System (ABS)

Automatically supports emergency braking if the brakes are applied quickly, but without sufficient pressure. It does this by measuring how fast the brake pedal is depressed and then, if appropriate, increasing braking force. When you ease the pressure BA similarly reduces the amount of assistance. With Multi-terrain Select, the ABS controls the wheel lock on loose surfaces. Automatically adjusts to the terrain you are driving on to provide optimal braking performance.

Adaptive Front lighting System (AFS) with High Intensity Discharge (HID) headlamps

AFS adjusts the direction of the headlamps when approaching a bend in the road, pre-empting the vehicle's path by three seconds. HID headlamps use less energy and are more than twice as bright as conventional halogen bulbs.

Adaptable Variable Suspension (AVS)

Continuously adapts shock absorber damping in response to the road conditions. AVS automatically selects the most appropriate ride mode: Comfort, Normal or Sport. **Benefits:** *Outstanding ride comfort, handling and stability.*

Active Traction Control (A-TRC)

A-TRC is an intelligent form of traction control that helps keep Land Cruiser moving in the most adverse conditions on and off-road. A-TRC can actually apply brake force to one wheel that may be slipping while distributing power evenly between the three that are not.

Multi-terrain Monitor (MTM) system

Reaching the crest of a steep hill, approaching a sudden drop or approaching a blind T-junction MTM allows you to see the road around, helping you stay on your intended course and avoid potential danger. The navigation screen displays a choice of six live images from four cameras, giving you an instant understanding of your surroundings. **Benefits:** *Drive with a full view of exactly where you are going. Combines with Steering Angle Technology to guide your course and Multi-terrain Select for enhanced control.*

Downhill Assist Control (DAC) and Hill-start Assist Control (HAC)

Additional control when driving on difficult slopes. DAC maintains a stable speed of around 3 mph as you descend. HAC applies the brakes if it detects you rolling back when starting off on an incline. **Benefits:** *No roll-back on hill starts. Reassuring stability when driving. Buzzer alert.*

Crawl Control

Confidently tackle challenging off-road conditions without touching the accelerator or brake pedals – all you do is steer. Crawl Control automatically controls the engine and brakes to maintain a consistent crawling pace. Just press the 'CRAWL' button, select one of five speeds – and go. Speed can be changed on the move. **Benefits:** *Improves traction and stability. Minimises wheel spin and damage to underside of body. Crawl Control also assists in freeing the vehicle when stuck. No tricky pedal operations.*

Variable Flow Control (VFC) power steering

Advanced technology that controls the flow of steering fluid in response to your travelling speed and steering movements. The flow increases at slow speeds to make the steering wheel easier to turn, then decreases at high speeds for a more solid and defined drive.

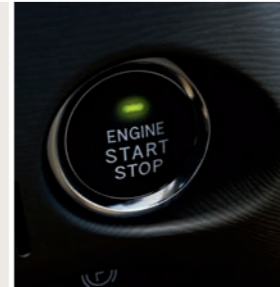

Multi-terrain Select

Tackle any scenario with a choice of four terrain modes – mud and sand, loose rock, mogul and rock. The vehicle's throttle, braking and traction control systems are automatically modified to suit the off-road conditions, providing maximum traction and control.

Steering Angle Display

In uneven off-road conditions it is often difficult to determine your exact steering direction. Land Cruiser's Multi-information display shows the steering angle and tyre path guidelines to give you confidence in these situations. When Multi-terrain Select is in use, the steering angle guidelines let you know your predicted path. **Benefits:** *Predict your steering direction for an assured drive.*

Smart Entry & Start System

Unlock and start Land Cruiser without taking the key out of your pocket or handbag. Your vehicle senses the key and automatically unlocks when the door handle is pulled. It even activates the interior lamp to guide you in the dark. Just get in and press lightly on the Start/Stop button to go. **Benefits:** *Convenient and hands-free.*

Toyota takes great pride in constantly improving environmental performance.

- National sales centres
- Logistics centres – vehicles
- Logistics centres – accessories/spares
- Production sites
- Supporting companies
- Training centres

As a worldwide corporation we aim to be wherever our customers need us, and therefore we have a strong presence in Europe. This shortens delivery distances and results in substantial time savings that are good for you and the environment.

Less CO₂ used to build a Land Cruiser 150 since 2002

Designing your car

Each design detail on our vehicles is analysed to ensure the lowest possible environmental impact throughout its life cycle. This meticulous approach has led to an array of innovative features on our cars that contribute to environmental efficiency.

Making your car

At Toyota, every effort is made to ensure environmental efficiency throughout the manufacturing process.

Getting vehicles and parts to you

Toyota is always looking to employ the most efficient and environmentally friendly logistical and delivery methods.

Selling and servicing your car

We have developed a sustainable Toyota Centre programme to reduce energy, water and waste emissions generated across our network. This covers everything from rainwater recycling, introducing additional roof insulation and using renewable energy at new Toyota Centres, as well as carrying out energy audits to identify efficiency improvements at existing Centres.

95% of your Land Cruiser 150 is recoverable

The end of the road for your vehicle?

Toyota always designs and manufactures its vehicles with an eye on the three Rs: reduce, reuse and recycle. For example, 100% of materials are coded and four heavy metals have been eliminated completely in accordance with 2000/53/EC. In addition, our environmental policy means that we offer Toyota drivers new and innovative ways of returning their old car. For more information visit: www.toyota.co.uk or contact your local Toyota Centre.

20-30% less fuel and CO₂

Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO₂ emissions by around 20-30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owner's manual.
06. Shift up gear earlier.
07. Only use air conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

Owning the Land Cruiser

On the day you purchase your Land Cruiser, your Toyota Centre will present you with the 'Land Cruiser Passport'. It's a guide to getting the best out of your Land Cruiser and its comprehensive

range of features. Of course, your Toyota Centre will explain the Land Cruiser to you in detail – and always be available should you require any assistance.

5-Year Toyota Warranty

Every new Toyota comes with a five-year/100,000-mile manufacturer's warranty (covering your car against the unlikely event of a manufacturing defect causing a mechanical fault). For full details, please ask your official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Corrosion cover The warranty offers 12 years' coverage, regardless of mileage, against perforation of the body-work (from inside to outside) that develops due to corrosion caused by faults in materials or workmanship.

Rust and paint defects The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in materials for a period of three years, regardless of mileage.

Extended Warranty

After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle*, meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota genuine parts

The Land Cruiser is designed to minimise the cost of accident repair. Energy-absorbing elements are built into the bumpers, expensive-to-replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low parts and labour charges.

Added security

The Land Cruiser's security system withstands the insurance industry's rigorous 5-minute attack test and provides excellent protection. Both the alarm system and engine immobiliser are approved by Europe's major insurance companies.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has up to a 5-year warranty when purchased together with the vehicle⁵.

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

Toyota Approved Used Car Scheme

All Toyota Approved Used Vehicles come complete with a pre-delivery inspection, a mileage check, 12 months' warranty, AA breakdown cover, Club Toyota membership⁶ and a 30-day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

* With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.
⁵ Check with your Toyota Centre for specific warranty details.
⁶ Except on non-Toyota vehicles.

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it. All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package.

AccessToyota is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from two to three years.

What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/optional final payment, plus the cost of borrowing.

In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS.

Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car*
- Simply hand the car back with nothing more to pay⁵

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement **AccessToyota**, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Intelligent design

Land Cruiser is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that Land Cruiser technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your Land Cruiser in an ideal working condition.

Toyota quality service

Your Toyota Centre will talk you through the Land Cruiser 'health and safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your Land Cruiser needs a full health and safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes sooner). An intermediate health and safety check is necessary every year or 10,000 miles (whichever comes sooner).

Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free AA Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, a 5% discount off Toyota Motor Insurance, plus exclusive offers and promotions through our quarterly customer magazine. For further information please call 0844 701 6200 or visit toyota.co.uk/club

Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident, one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

* On payment of the option-to-purchase fee.
⁵ Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

Toyota Financial Services is authorised and regulated by the Financial Services Authority, Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.
