LifeShine

Protect your car and your investment

Volkswagen Approved

A three-stage system designed to protect and enhance both the interior and exterior of your car and, if used properly, will last for the lifetime of your ownership.

All exterior paintwork is treated with a unique protective coating to enhance its shine and ensure maximum resistance to environmental hazards and the severest winter weather.

The glossy water-repellent coating is easier to keep clean and maintains a superbly deep glossy shine. Upholstery and carpets are treated with a durable waterproof coating to seal out moisture and resist staining. Accidental spillages simply bead on the surface.
