Looks that thrill...

Design

The GT86 brings the classic sports car experience to a new generation. The principles are simple. Lightweight body. Front-mounted engine. Rear-wheel drive. Great balance and handling. This philosophy was behind influential driver-focused Toyota models such as the GT2000 and AE86. These automotive icons fed the imagination of Toyota's engineers, and ensured that the GT86 has the perfect blend of pedigree and performance.

“The whole point of this car is that it is designed to be fun to drive.”

Richard Hammond, Daily Mirror

Drive

Technology is brilliant – the solution to many challenges. But high-tech driver aids can disconnect us from the skill and emotion of driving. With its front-mounted, free-revving petrol engine driving the rear wheels, the GT86 gives control back to the driver. The result? A car that's responsive, nimble and beautifully balanced. You're back in the driving seat.

"It is a car that makes the driver feel like a hero."

Sunday Times

Re-ignite your passion for driving.

Performance

Every engineer and designer behind the GT86 is passionate about driving and knows that performance is not just about power and top speed. Instead, they set the power train and driving position as low and as far back as possible, for near-perfect weight distribution. The GT86's core ingredients of lightweight, low centre of gravity and a precise power-to-weight ratio connects the driver to the road in a way that brute power simply doesn't understand.

A torque-sensing limited slip differential is fitted as standard – true to the GT86's character as a real driver's car.

Low centre of gravity By adopting an ultra-low 460 mm centre of gravity, the GT86 delivers sheer driving pleasure.

A/T = Automatic transmission M/T = Manual transmission * Combined cycle.

Enjoy the ride in safety.

Safety

In the same way that driving excitement runs through the GT86, an absolute commitment to safety runs through Toyota.

Safety features on the GT86 include 7 airbags alongside multiple passive and active safety systems including ABS, Brake Assist and a Vehicle Stability Control system that can be adjusted to suit.

Supplemental Restraint System (SRS) airbags GT86 is fitted with seven airbags including driver's knee airbag.

Vehicle Stability Control (VSC) To suit your driving style, the switchable VSC system is adjustable through two driving modes: normal or sport.

A design that expresses both playfulness and attention to detail.

Black leather with black Alcantara® (optional).

Interior

Elegant, focused and driver-oriented. It's what a racing driver expects from a car's interior, and it's a lesson applied to the GT86. You sit low, gripped by sculpted sports seats. The dominant dial is the rev counter. Gear shift, switches and controls are intuitively positioned. Understated yet classic.

From the beginning, the concept was to put the driver back at the heart of the sports car.

Control

The essence of a sports car is driver control. The GT86 has been engineered for that purpose – not through horsepower and computer technology but by classic driving dynamics and design. As a flag bearer for a new generation, the GT86 gives control a modern meaning with Toyota Touch™. The multimedia touch screen controls the six-speaker audio system, and enables Bluetooth® connectivity for phone connection and music streaming, plus aux-in and USB port.

The Red Interior pack, shown left, includes red steering wheel inserts, gear knob, handbrake and door handle inserts. The pack is standard with the optional black leather/red Alcantara® seat trim or optional with cloth trim.

“It rides beautifully and the brakes and gearbox are simply delicious.”

Top Gear

1. Toyota Touch is a 6.1" colour touch screen with multimedia capabilities that displays vehicle information and has the following features:

- DAB ready
- USB and aux-in for WMA and MP3 music playing
- Bluetooth® pairing
- Bluetooth® music streaming
- Auto phone contact download

2. Dual-zone automatic air conditioning – GT86 is equipped with a dual-zone automatic air conditioning system to maintain a comfortable cabin temperature.

3. 6-speed manual transmission – The newly developed short shift stroke delivers responsive and smooth gear changes. The gear ratio has also been optimised to combine driving and environmental performance. Alternatively, there is 6-speed automatic transmission with paddle shift.

Toyota Touch™

Enjoy unprecedented in-car convenience with Toyota Touch™ available as standard.

1. Touch screen Multimedia Use the 6.1" colour touch screen with the radio/CD and portable media players connected via USB or aux-in. The USB and aux-in enable MP3 and WMA music files to be played.

2. Hands-free answering Connect a compatible phone using Bluetooth®* to enjoy safe hands-free answering and stream music stored on your MP3 player.

* Contact your local Toyota Centre to find out if your phone is compatible or go to toyota.co.uk and click on Touch and Go Multimedia.

Point your smartphone or webcam at the graphic for further information.

Toyota Touch & Go™

Or upgrade to optional Toyota Touch & Go™ to be even more connected.

3. Full map satellite navigation Plot your route with advanced, easy-to-update satellite navigation. Includes speed limit and safety camera warnings.

Includes USB navigation destinations using Google™ Maps. Plan a route on your computer, save it to a USB and plug it into Touch & Go™.

4. Connected services Enhanced connectivity[§]. Google™ local search, Google™ send to car and Toyota Applications. Toyota Touch & Go™ account set up required.

5. Text messaging Use advanced Bluetooth®[°] to send and receive SMS messages when it's safe to do so, with customisable templates available to minimise distraction.

[§] Requires compatible mobile device and tethering.

[°] Bluetooth® MAP profile required on your mobile phone.

Wheels and trims

17" alloy wheels (10-spoke)
Standard

Black fabric
Standard

Black leather/black Alcantara®
Optional

Black leather/red Alcantara®
This black/red trim is only supplied with the Red Interior pack, which includes red steering wheel inserts, gear shift knob, handbrake and door handle inserts.

Colours

* Pearlescent.

§ Metallic paint.

Option packs

Personalise your GT86 with a choice of side or roof decals. Alternatively, select both options for a great combination.

Side stripes emphasise your car's sculpted contours – in black or silver gloss.

Roof stripes in black or silver gloss for that added touch of personal expression.

Please order when purchasing your vehicle.

Accessories

Choice, purpose and personality. For the city, the country and those wide open spaces. Wherever life takes you and your GT86, genuine Toyota accessories make the journey even more special.

Audio

Active subwoofer
Premium sound grille speaker
Door panel speaker

Convenience

Ash tray
Toyota Parking Assist, rear 4-sensor system

Protection

Door handle protection film
Mud flaps, front pair
Mud flaps, rear pair
Rear bumper protection film

Safety

Babysafe restraint seat, birth to 13 kg (approx. up to 15 months)
Duo Plus ISOFIX restraint seat, 9 to 18 kg (approx. 8 months to 4 years)
Kid restraint seat – seatbelt fix, 15 to 36 kg (approx. 3 years and up)
Fire extinguisher
First aid kit
Reflective jacket
Warning triangle

Style

Carbon mirror cover

1. Rear bumper protection film creates an invisible yet tough shield to prevent scratches.

2. Door handle protection film invisibly guards the paintwork against accidental scratching.

3. JBL premium sound with a 440 watt DSP amplifier and 9 speakers for great acoustics. Grille and door speakers illustrated.

Accessories

1. **JBL premium sound** with a 440 watt DSP amplifier and 9 speakers for great acoustics. Subwoofer illustrated.
2. **Rear parking aid system** with ultrasonic body-coloured sensors and in-car alarm for easier parking.
3. **Carbon-look mirror covers** enhance the appearance of sports inspired individuality.
4. **Mud flaps** for the front and rear, help control the spread of mud and water spray.

Glossary

Discover more about GT86 technology.

2.0 D-4S boxer

The lightweight, front mounted 2.0 litre boxer engine uses Toyota D-4S technology, combining direct and port injection to deliver more power, torque and fuel efficiency while lowering CO₂ emissions.

High Intensity Discharge (HID) headlight

HID headlights use less energy and are more than twice as bright as conventional halogen bulbs. This provides a safer night-time drive, especially in poor weather. These distinctive headlights are equipped with an automatic beam levelling control to reduce glare.

Traction Control (TRC)

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will automatically reduce engine power and control brake force to help restore traction.

Whiplash Injury Lessening (WIL) seats

During an impact at lower speeds and particularly from the rear, WIL seats and headrests cushion the head and back. This reduces the risk of whiplash injuries.

Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD)

ABS prevents the wheels from locking while braking. EBD complements this by optimising brake force distribution between each wheel to compensate for different loads. Together the two systems help you to maintain steering control when braking heavily.

Pre-tensioners and force-limiters

Integral to the front 3-point ELR seat belts, pre-tensioners and force-limiters are designed to help avoid injuries to the chest area.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Connected Services

Toyota Touch & Go™ allows access to a selection of on-board internet based services, harnessing the power of your mobile phone. Search for a restaurant, check local fuel prices, weather info, or that elusive parking space – all from your car. To take advantage of these features your mobile phone will need to be compatible with Toyota Touch & Go™, have a suitable data plan, and tethering enabled. Contact your phone provider for more details. Further applications are coming soon, downloadable from toyota.co.uk and may incur an extra cost.

Brake Assist (BA)

If you attempt an emergency stop, BA will detect this and apply additional brake pressure. This enables ABS to work to its maximum potential.

Smart Entry & Start System (Driver, passenger and boot)

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Owning your new GT86

On the day you purchase your GT86, your Toyota Centre will present you with the 'GT86 Passport'. It's a guide to getting the best out of your GT86 and its comprehensive range of features. Of course, your Centre will explain the GT86 to you in detail – and always be available should you require any assistance.

Intelligent design

The GT86 is designed and engineered to minimise your maintenance costs. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that GT86 technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your GT86 in an ideal working condition.

Toyota quality service

Your Toyota Centre will talk you through the GT86 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your GT86 needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes first). An intermediate Health and Safety check is necessary every year or 10,000 miles (whichever comes sooner).

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile* manufacturer's warranty, covering your car against the unlikely event of a manufacturing defect causing a mechanical fault. For full details, please ask your official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Rust and paint defects The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in materials for a period of three years, regardless of mileage.

Corrosion cover The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develops due to corrosion caused by faults in materials or workmanship.

Extended Warranty

After the initial warranty period has ended, you can extend your warranty until the vehicle is 7 years old – choosing from a range of packages to suit your vehicle and your needs. Our Extended Warranty covers the main component parts of the vehicle[§], meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota genuine parts

The GT86 is designed to minimise the cost of accident repair. Energy-absorbing elements are built into the bumpers, expensive-to-replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low parts and labour charges.

Added security

The GT86 security system withstands the insurance industry's rigorous 5-minute attack test and provides excellent protection. Both the alarm system and engine immobiliser are approved by Europe's major insurance companies.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle[°].

Toyota Roadside Assistance

When you buy a Toyota you automatically receive 12 months A.A. Roadside Assistance in the UK and Europe, free of charge. As an owner you will also benefit from specially negotiated offers and promotions on a whole host of exciting leisure and motoring activities. To find out more visit www.toyota.co.uk/owners

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months' warranty, breakdown cover, 12 months' A.A. Roadside Assistance** and a 30-day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it.

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package. **AccessToyota** is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years. What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on

the vehicle selling price less your deposit and the GFV/ optional final payment, plus the cost of borrowing. In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS. Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car^{§§}
- Simply hand the car back with nothing more to pay^{°°}

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement **AccessToyota**, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

- * Whichever comes soonest.
- [§] With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.
- [°] Check with your Toyota Centre for specific warranty details.
- ** Except on non-Toyota vehicles.
- ^{§§} On payment of the option-to-purchase fee.
- ^{°°} Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.
