Introducing the latest addition to the Yaris range, the new Yaris Hybrid.

Model shown: Yaris Hybrid T Spirit with optional Glacier Pearl pearlescent paint.

Light-Emitting Diode (LED) rear combination lamps are unique to Yaris Hybrid

Exclusive 16" Turbine alloy wheels (T Spirit only)

Hybrid blue accent used throughout the interior

Hybrid gear shift knob with blue insert

Urban agility and striking design meet innovative technology.

LED daytime running lights – adding style and alerting other road users by increasing the visibility of your vehicle whatever the light conditions.

Grade availability
– Standard on Yaris Hybrid.

Hybrid System display – featuring hybrid blue lighting.

Grade availability
– Standard on Yaris Hybrid.

Drive your Yaris Hybrid like a normal automatic. Alternatively, select ECO mode for even lower fuel consumption when less power is needed, or choose EV mode for pure electric power consuming no fuel with zero emissions.

Grade availability
– Standard on Yaris Hybrid.

The Energy Monitor displays the basic energy flows so that you can optimise the performance and efficiency of your drive.

Grade availability
– Standard on Yaris Hybrid T₄ and T Spirit.

More space, more convenience, more driving pleasure, wherever you're headed.

Model shown: Yaris Hybrid T Spirit.

Versatile, spacious and comfortable. Yaris ingenuity comes in many forms.

The passenger room and boot capacity of the Yaris Hybrid is identical to Yaris grades thanks to the downsized version of the Hybrid Synergy Drive® powertrain.

1. A 60:40 split rear seat gives the greatest flexibility for varied load combinations.

2. The large boot capacity benefits from full flat loading. In addition there are several storage compartments throughout the vehicle.

3. Seats five in comfort – ergonomic front seats with a slim profile allow extra space for rear seat passengers.

4. The panoramic roof* option floods the interior with daylight. Separate front and rear roller shades give added flexibility.

5. The glovebox features aux-in and USB sockets, as well as being a handy hidden compartment. It is also ventilated* to keep items cool.

* Requires automatic air conditioning.

* Optional for Hybrid T Spirit.

Model shown: Yaris Hybrid.

Toyota Touch™

Enjoy unprecedented in-car convenience with Toyota Touch™, available as standard from TR grade on Yaris and T4 grade on Yaris Hybrid.

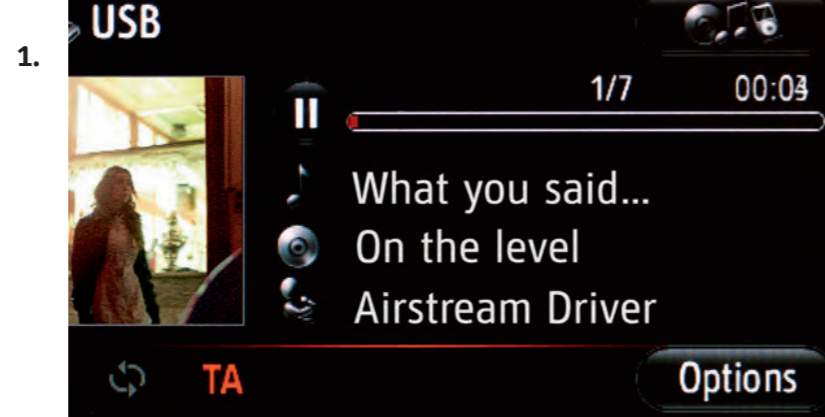

1. Touch screen Multimedia Use the 6.1" colour touch screen with the radio/CD and portable media players connected via USB or aux-in. View instant fuel consumption vehicle data, too.

The USB and Aux-in enable MP3 and WMA music files to be played.

2. Rear-view camera Reverse more safely using the rear-view camera. The clear colour image displayed on screen helps you spot hidden hazards and park with ease.

3. Hands-free answering Connect a compatible phone using Bluetooth®* to enjoy safe hands-free operation when answering your phone and to stream stored music via your Toyota Touch™.

* Contact your local Toyota Centre to find out if your phone is compatible or go to toyota.co.uk and click on Touch & Go Multimedia.

Toyota Touch & Go™

Or upgrade to Toyota Touch & Go™ to be even more connected. Optional from TR grade on Yaris and T4 grade on Yaris Hybrid.

4. Full map satellite navigation Plot your route with advanced, easy to update satellite navigation. Includes speed limit and safety camera warnings.

Includes USB navigation destinations using Google™ Maps. Plan a route on your computer, save it to a USB and plug it into Touch & Go™.

5. Connected services Enhanced connectivity⁵. Google™ local search, Google™ send to car and Toyota applications. Toyota Touch & Go™ account set up required.

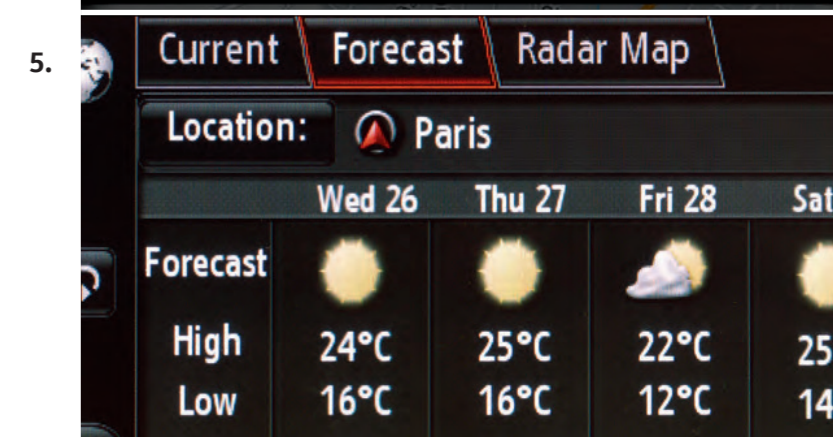

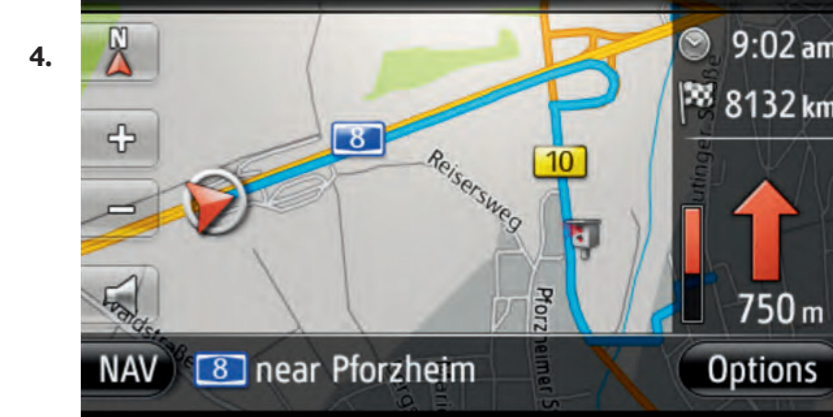

6. Text messaging Use advanced Bluetooth®⁶ to send and receive SMS messages when it's safe to do so, with customisable templates available to minimise distraction.

⁵ Requires compatible mobile device and tethering.

⁶ Bluetooth® MAP profile required on your mobile phone.

Point your smartphone or webcam at the graphic for more about Touch & Go™.

Nimble handling, effortless parking.
Make the smart move with the Yaris range.

Scan this code with your smartphone or webcam to see for yourself the agility of the new Yaris.

Model shown: Yaris T Spirit 5-door with optional Burning Red metallic paint.

Hybrid, petrol or diesel? Manual or automatic? There's a Yaris to suit, the choice is yours.

Model shown: Yaris Trend 2012 with optional Tyrol Silver metallic paint.

Toyota Optimal Drive Toyota Optimal Drive means reduced CO₂ emissions, better fuel economy and enhanced performance. It marks the beginning of a new generation of

powertrain technologies, engineered to save you money. It means you no longer have to give up performance to benefit from lower CO₂ and improved economy.

Engine	Power	Fuel consumption*	CO ₂ emissions*	Acceleration	Available on
1.0 litre petrol VVT-i 5-speed Manual transmission	69 DIN hp	58.9 mpg	111 g/km	15.3 secs 0-62 mph	Yaris T ₂ , TR
1.33 litre petrol VVT-i 6-speed Manual transmission	99 DIN hp	52.3 mpg	123 g/km	11.7 secs 0-62 mph	Yaris TR, SR, T Spirit
1.33 litre petrol VVT-i Multidrive-S	99 DIN hp	55.4 mpg	118 g/km	12.6 secs 0-62 mph	Yaris TR, SR, T Spirit
1.4 litre diesel D-4D 6-speed Manual transmission	90 DIN hp	72.4 mpg	104 g/km	10.8 secs 0-62 mph	Yaris TR
1.5 litre hybrid HSD e-CVT	100 DIN hp	81 mpg [§]	79 g/km [§]	11.8 secs 0-62 mph	Yaris Hybrid T ₃ , T ₄ , T Spirit

* Combined cycle. [§]Based on 15" wheels T₃ and T₄.
e-CVT = electronically controlled Continuous Variable Transmission.

Safety is Toyota's highest priority. Outstanding protection is the result.

A five-star rating is a fitting reflection of Toyota's dedication to the safety and protection of drivers, passengers and pedestrians alike.

1. ABS with Electronic Brake force Distribution (EBD) – ABS prevents the wheels from locking when braking; EBD optimises the brake force on each wheel. Together they help maintain control.

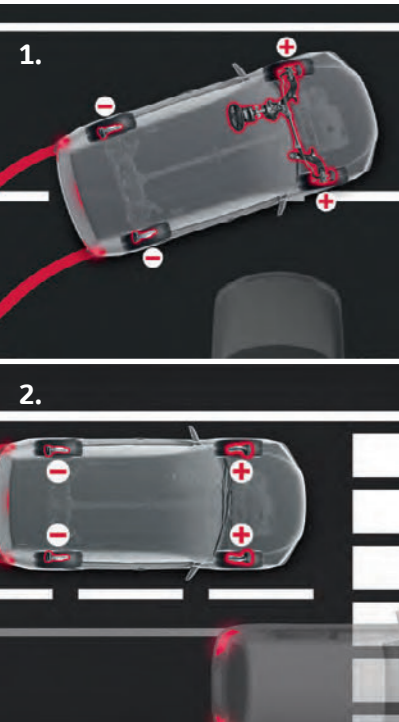

2. Brake Assist (BA) detects when you attempt an emergency stop, and applies extra brake pressure. This enables ABS to work to its full potential.

3. Vehicle Stability Control (VSC) activates individual brakes and controls engine output to help prevent skidding when cornering on slippery surfaces.

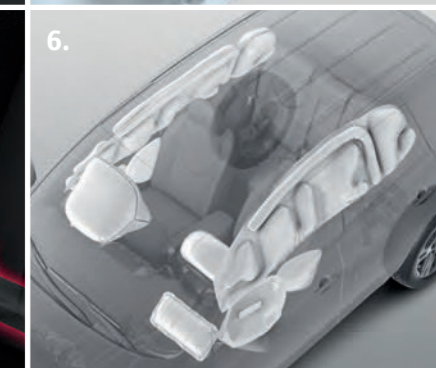

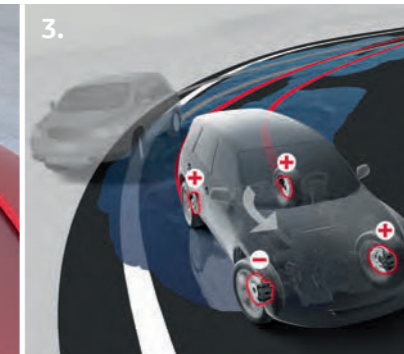

4. Traction Control (TRC) automatically reduces engine power and controls brake force if you accelerate too hard. This helps to restore traction.

5. ISOFIX seat fixing – Seats incorporate special anchor points, including a top tether that helps prevent the seat tipping forward. These provide a safe and convenient way of correctly securing ISOFIX child seats (available from your Toyota Centre).

6. Supplemental Restraint System (SRS) airbags this model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

Seven airbags

Yaris – exteriors

T₂

Main features

- 15" steel wheels
- Black outside door handles
- Black door mirrors with integrated turning signal
- Vehicle Stability Control
- Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD) and Brake Assist (BA)
- Vehicle Stability Control (VSC) and Traction Control (TRC)

Edition

Main features (in addition to T₂)

- 15" Podium machined alloy wheels
- Floating roof decal
- Rear privacy glass
- Front fog lamps
- Body-coloured door handles
- Body-coloured, door mirrors with integrated indicator
- Rear chrome boot trim
- Front grille chrome trim

TR

Main features (additional to T₂)

- 15" alloy wheels
- Body-coloured door handles
- Body-coloured, electric exterior mirrors
- Front and rear chrome trim

SR

Main features (additional to TR)

- 16" sports alloy wheels
- Front fog lamps with smoked chrome surround
- Darkened headlamps
- Front and rear smoked chrome trim
- Roof spoiler
- Sports suspension
- Rear privacy glass

Yaris – exteriors

Trend 2012

Main features (in addition to SR)

- 16" Podium anthracite alloy wheels
- Chrome finish exhaust pipe finisher
- Floating roof decal

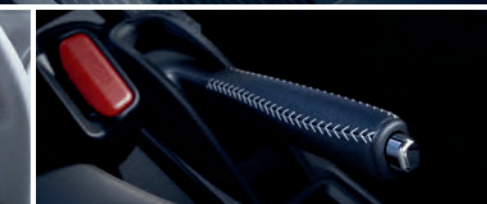

T Spirit

Main features (additional to TR*)

- Panoramic roof
- Dusk-sensing headlamps
- Rain-sensing wipers
- Front fog lamps

* Except privacy glass.

Yaris – interiors

T₂

Main features

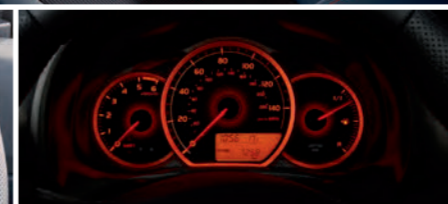

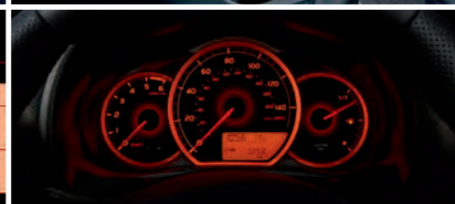

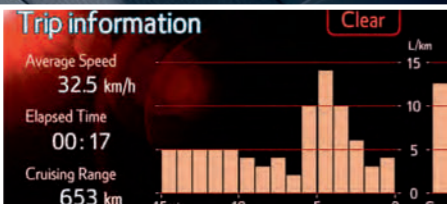

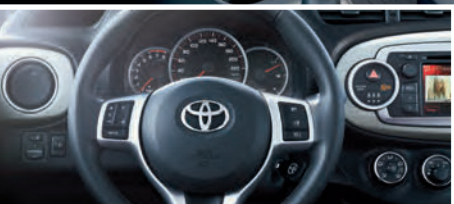

- Exclusive Escaro black seat fabric
- Adjustable seat height (driver)
- Steering wheel with audio switches
- Power door lock
- Front power windows
- Passenger seatback pocket
- 6-speaker radio/CD system with USB and aux-in
- 7 airbags
- Rear seat belt reminder

Edition

Main features

- Escaro black seat fabric
- Tachometer
- Leather gear knob
- Adjustable seat height (driver)
- Steering wheel with audio switches
- Power door lock
- Front power windows
- Passenger seatback pocket
- 6-speaker radio/CD system with USB and aux-in
- 7 airbags
- Rear seat belt reminder

Yaris – interiors

TR

Main features (additional to T₂)

- Exclusive Serez blue seat fabric with soft instrument and door panels
- Manual air conditioning
- Leather steering wheel with audio and Bluetooth® switches
- Leather gear shift knob
- Chrome detailing on gear knob, instrument panel and inside door handles
- Remote door lock
- Toyota Touch
- Air vents with gunmetal inserts
- Tachometer

SR

Main features (additional to TR)

- Exclusive Villadin red fleck seat fabric with leather bolsters
- Adjustable seat height (passenger, 5-door only)
- Perforated steering wheel and leather parking brake with red stitching
- Exclusive meter illumination
- Driver and passenger seatback pockets

Trend 2012

Main features (additional to TR)

- Exclusive Villadin red fleck seat fabric with leather bolsters
- Adjustable seat height (passenger, 5-door only)
- Perforated steering wheel and leather parking brake with red stitching
- Exclusive meter illumination
- Driver and passenger seatback pockets

T Spirit

Main features (additional to TR)

- Dual-zone automatic air conditioning and ventilated glovebox
- Exclusive Rivolet grey seat fabric
- Adjustable seat height (passenger, 5-door only)
- Leather parking brake with silver stitching
- Auto-dimming rear-view mirror
- Rear power windows
- Smart Entry & Start

Yaris Hybrid – exteriors

Hybrid T₃

Main features

- 15" steel wheels with wheel caps
- Aero front grille
- Black outside door handles
- Black, electric door mirrors with integrated turning signal
- LED daytime running lights
- Standard Yaris rear combination lights
- Black rear boot trim

Hybrid T₄

Main features (additional to Hybrid T₃)

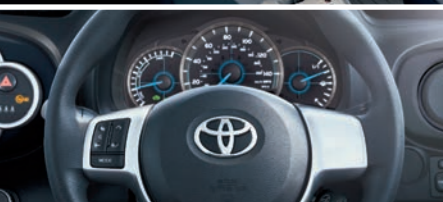

- 15" alloy wheels
- Body-coloured door handles
- Body-coloured, electric, heated door mirrors with integrated turning signal
- Rear privacy glass
- Front fog lamps
- LED rear combination lamps
- Rear chrome garnish

Hybrid T Spirit

Main features (additional to Hybrid T₄)

- 16" Turbine alloy wheels
- Rear spoiler

Yaris Hybrid – interiors

Hybrid T₃

Main features

- Dual-zone automatic air conditioning
- 6-speaker radio/CD system with USB and aux-in
- Escaro black seat fabric
- Steering wheel with audio switches
- Power door lock
- Front power windows
- Hybrid System display
- Eco-driving display
- EV/ECO buttons
- 7 airbags
- Rear seat belt reminder
- Vehicle Stability Control
- Hill-start Assist Control

Hybrid T₄

Main features (additional to T₃)

- Estirac blue/dark grey seat fabric
- Leather steering wheel with blue stitching and Bluetooth® audio switches
- Hybrid gear shift knob with blue insert and parking brake with blue stitching
- Soft instrument panel and upper front doors
- Chrome detailing on gear knob, instrument panel and door handles
- Gunmetal inserts on air vents
- Remote door lock
- Toyota Touch™ Multimedia
- Rear-view camera
- Driver and passenger sun visors with mirror
- Adjustable driver seat height

Hybrid T Spirit

Main features (additional to T₄)

- Pluvet blue/dark grey fabric/dark grey partial leather seats
- Adjustable passenger seat height
- Smart Start
- Rear power windows
- Glovebox with cooler
- Driver and passenger sun visor with mirror and lamp
- Cruise control
- Rain-sensing wipers
- Auto-dimming rear-view mirror
- Passenger adjustable seat height
- Driver and passenger seatback pockets
- Dusk-sensing headlamps

Choose from three packs

Pro pack Designed to keep your Yaris looking as good as new, the fully tailored velour carpet mats and boot liner will save your car's carpets from everyday wear and tear. The custom shaped front and rear mud flaps will protect against stone chips and the side mouldings will give protection for doors against accidental bumps. (TR and Hybrid T₃).

Pro+ pack In addition to the Pro pack accessories Pro+ includes Toyota rear parking sensors, a big benefit in avoiding accidental damage when manoeuvring in tight spaces. (TR, SR, T Spirit, Hybrid T₄ and T Spirit).

Style pack Toyota body style accessories will contribute an extra touch of individuality to your Yaris. The pack includes smart front scuff plates*, side sills to add a dash of chrome to emphasize your car's contours and a sporty exhaust pipe finisher which has a durable chrome finish. (TR, T Spirit, Hybrid T₄[§] and T Spirit).

* The scuff plates have a Yaris or Hybrid logo, according to model.
§ Available from September 2012.
Please order Option packs when ordering your vehicle.

Accessories

Choice, purpose and personality. For the city, the country and those wide open spaces. Wherever life takes you and your Yaris, genuine Toyota accessories make the journey even more special.

Audio

DAB, Digital Audio Broadcasting

Convenience

Rear centre console box
Sun blinds, back door set

Sun blinds, quarter window – 3-door only
Sun blinds, rear door – 5-door only

Protection

Boot liner
Bumper corner protectors
Carpet mat set, velour grey
Door handle protection film
Mud flaps, tailored front and rear pairs
Rear bumper protection film
Rear bumper protection plate – black, paintable
Rubber mats – set of 4
Side mouldings, pair – black, paintable
Toyota Parking Assist, front sensors – painted to match vehicle colour
Toyota Parking Assist, rear sensors – painted to match vehicle colour
Toyota Parking Assist, rear cancellation switch can be fitted with TPA when tow bar is in use
Vertical cargo net
Wind deflectors – 3-door front pair, 5-door front and rear

Roof

Roof rack, lockable
The following accessories can only be fitted with the Toyota roof rack:

Bicycle holders – various
Boat holder
Fixation straps
Kayak holder – various
Load Stop
Luggage box Luxury – 380 litres
Luggage box – 380 litres
Platform – various
Ski and snowboard holder – a range of ski holders for varying numbers of skis/snowboards
Ski box Luxury – 490 litres
Ski box Mid-level – 390 litres
Ski box Standard – 410 litres
Surfboard and mast holders – various

Safety

Babysafe restraint seat – birth to 13 kg (approx. up to 15 months)
Duo Plus ISOFIX restraint seat – 9 to 18 kg (approx. 8 months to 4 years)
Kid restraint seat – seatbelt fix, 15 to 36 kg (approx. 3 years up)
Fire extinguisher
First aid kit
Reflective jacket
Warning triangle

Security

TRACKER, Monitor and Locate Stolen Vehicle Tracking Systems
Vehicle security system

Style

Daytime LED running lights
Exhaust pipe chromed finisher
Front fog lamp chromed contours
Rear lower boot trim, chrome
Roof spoiler
Scuff plates with Yaris or Hybrid logo:
Polycarbonate, black or brushed aluminium, silver or black
Side sills – 5-door

Towing

Detachable tow bar
Fixed tow bar (horizontal)
Rear bicycle holder (must be fitted with Toyota tow bar)

Wheels

Podium 15" alloy wheels, anthracite
Podium 15" alloy wheels, anthracite machined
Podium 16" alloy wheels, anthracite
Podium 16" alloy wheels, anthracite machined
Locking wheel nuts
Winter rim wheels – especially for use with winter tyres (15" only)

Protection

Toyota accessories provide a dependable extra layer of protection against today's crowded streets and busy car parks. Each has been designed to help keep your Yaris in pristine condition.

1. Bumper corner protectors

Available for the front and rear bumpers. (Black, can be painted to match the body colour of your car.)

2. Wind deflectors

Increase comfort by reducing wind noise and turbulence when driving with open windows.

3. Scuff plates

The stylish way to protect door sill paintwork against scratching, detailed with Yaris or Hybrid logo.

4. Rubber floor mats

The ultimate protection against dirt, mud, rain and liquids. Custom shaped for the Yaris.

5. Rear bumper protection plate

Prevents paintwork scratches when loading or unloading the boot. (Black* for Yaris or aluminium for Hybrid).

6. Door handle film

Clear adhesive film to guard against scratches.

* Can be painted to match body colour.

Adventurous

Fitting a Toyota roof rack and your choice of carrying attachments gives you enormous flexibility to explore life's big adventures. The roof rack is especially shaped to fit the Yaris. Its lightweight high strength structure provides a perfect base for combining with any

of the Toyota interchangeable attachments. The attachments are purpose designed and range from ski and surfboard holders through to luggage boxes and bicycle holders.

1. Roof rack

Strong, lightweight aluminium design with security locking.

2. Luggage boxes

The aerodynamic design conceals a big carrying capacity. Features include central locking, passenger side opening and a choice of standard or luxury finishes.

3. Ski boxes

The easy way to carry all your ski accessories. Available in standard or luxury versions, both with central locking and passenger side opening.

4. Surfboard and mast holders

Securely holds a full size surfboard or wind-surfboard and mast.

5. Ski and snowboard holders

Custom designed lockable holders for combining with the Toyota roof rack to securely hold skis and snowboards. Available in small, medium and large sizes including a large luxury holder with an extendable carrier for easy loading.

6. Standard bicycle holders

Lockable design with a quick lock and release system for easy loading and unloading. Medium and Luxury bicycle holders also available.

7. Rear bicycle holder

The rear bicycle holder is a lightweight high strength steel design for securely carrying two bicycles. It attaches to a Toyota tow bar and features an integral lights and licence plate holder plus security locking.

The fuel consumption and CO₂ values are measured in a controlled environment, in accordance with the requirements of Directive 80/1268/EEC incl. its amendments, on a basic production vehicle. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load, number of passengers, etc.) play a role in determining a car's fuel consumption and CO₂ emissions.

Glossary

Discover more about the Yaris technology.

Smart Entry & Start System

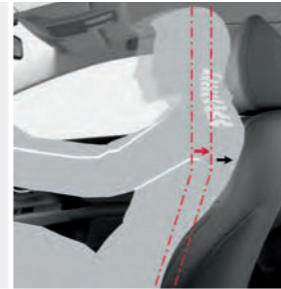

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Smart Entry & Start – Yaris T Spirit only
Smart Start – Hybrid T Spirit only.

ISOFIX seat fixing

Seats incorporate special anchor points, including a top tether that helps prevent the seat tipping forward. These provide a safe and convenient way of correctly securing ISOFIX child seats (available from your Toyota dealer).

Whiplash Injury Lessening (WIL) seats

During an impact at lower speeds and particularly from the rear, WIL seats and headrests cushion the head and back. This reduces the risk of whiplash injuries.

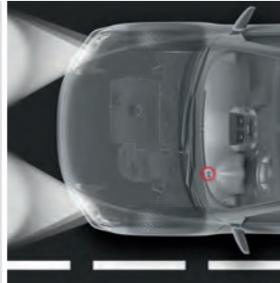

Connected Services Toyota Touch & Go™ allows access to a selection of on-board internet based services, harnessing the power of your mobile phone. Search for a restaurant, check local fuel prices, weather info, or that elusive parking space – all from your car. To take advantage of these features your mobile phone will need to be compatible with Toyota Touch & Go™, have a suitable data plan, and tethering enabled. Contact your phone provider for more details. Further applications are coming soon, downloadable from www.toyota.co.uk and may incur an extra cost.

Rain sensing wipers

The automatic rain sensor instantly sets the appropriate wiper speed and intervals.

(Yaris T Spirit & Hybrid T Spirit)

Dusk-sensing headlights

The dusk sensor monitors light levels and automatically switches on the headlights when the light is low.

(Yaris T Spirit & Hybrid T Spirit)

1.41 D-4D

The 1.4 litre D-4D diesel engine with common rail direct injection provides clean, responsive power. Environmentally friendly diesel technology injects fuel at high pressure for superior performance and a refined driving experience.

Multidrive S

Continuously Variable Transmission (CVT) combines the smoothness of an automatic transmission gearbox with the fuel economy of a manual transmission. By seamlessly adjusting the pulley ratio, Multidrive delivers the most fuel-efficient performance. Change gears using the steering wheel-mounted paddle shifts.

1.0 and 1.33 i Dual VVT-i

The 1.0 and 1.33 litre Dual VVT-i petrol engine balances performance with lower consumption and reduced CO₂ emissions. Dual VVT-i technology optimises timing of the air intake and exhaust valves to match the engine's needs, resulting in better performance and greater fuel economy.

The 1.0 litre VVT-i petrol engine is ultra-lightweight and compact. Three cylinders deliver agility and efficiency with low fuel consumption and CO₂ emissions.

1.5 i HSD

The 1.5 litre Hybrid Synergy Drive® (HSD) is the world's most advanced full hybrid system. It combines a 1.5 litre VVT-i petrol engine with two electric motors to provide low fuel consumption, low CO₂ emissions and a powerful, peaceful driving experience.

e-CVT

The innovative, electronically controlled Continuous Variable Transmission (e-CVT) manages the flow of power from the petrol engine and electric motors for smooth, effortless acceleration. It delivers the optimum blend for every driving condition, ensuring maximum fuel efficiency.

Toyota takes great pride in constantly improving environmental performance.

- National sales centres
- Logistics centres – vehicles
- Logistics centres – accessories/spares
- Production sites
- Supporting companies
- Training centres

As a worldwide corporation we aim to be wherever our customers need us, and therefore we have a strong presence in Europe. This shortens delivery distances and results in substantial time savings that are good for you and the environment.

27% less CO₂ used to build a Yaris since the fiscal year 2002

Designing your car

Each design detail on our vehicles is analysed to ensure the lowest possible environmental impact throughout its life cycle. This meticulous approach has led to an array of innovative features on our cars that contribute to environmental efficiency.

The environmental impact of the Yaris Hybrid (engine type 1NZ-FXE) compared to the petrol version (engine type 1NR) is demonstrated through the complete life cycle analysis with 26% CO₂ (Carbon dioxide), 12% NO_x (Nitrogen Oxide), 23% NMHC (Non-Methane Hydrocarbons) and 12% SO_x (Sulphur Oxide) reduction.

Making your car

At Toyota, every effort is made to ensure environmental efficiency throughout the manufacturing process. Since the fiscal year 2002, we have reduced the average energy consumption per vehicle built at Toyota Motor Manufacturing France by 27%.

Full hybrid, full satisfaction – Toyota's unique Hybrid Synergy Drive® is the world's most advanced hybrid technology. Outstanding levels of fuel efficiency, low CO₂ emissions and high

Getting vehicles and parts to you

Toyota is always looking to employ the most efficient and environmentally friendly logistical and delivery methods.

Selling and servicing your car

We have developed a sustainable Centre programme to reduce energy, water and waste emissions generated across our network. This covers everything from rainwater recycling, introducing additional roof insulation and using renewable energy at new Toyota Centres, as well as carrying out energy audits to identify efficiency improvements at existing Toyota Centres.

In the design phase Toyota aims for cleaner engines. Thanks to Toyota Optimal Drive we are achieving even more. Every component is optimised to save weight and space, reduce friction

95% of your Yaris is recoverable

The end of the road for your vehicle?

Toyota always designs and manufactures its vehicles with an eye on the three Rs: reduce, reuse and recycle. For example, 95% of every Yaris is reusable and recoverable, 100% of materials are coded and four heavy metals have been eliminated completely in accordance with 2000/53/EC. In addition, our environmental policy means that we offer Toyota drivers new and innovative ways of returning their old car. For more information visit: www.toyota.eu or contact your local Toyota Centres.

or simply work more efficiently. This delivers lighter, more compact engines and advanced transmissions that help lower emissions and boost fuel economy without compromising on performance.

20-30% less fuel and CO₂

Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO₂ emissions by around 20–30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owner's manual.
06. Shift up gear earlier.
07. Only use air conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

Owning your new Yaris

On the day you purchase your Yaris, your Toyota Centre will present you with the 'Yaris Passport'. It's a guide to getting the best out of your Yaris and its comprehensive range of features. Of course, your Centre will explain the Yaris to you in detail – and always be available should you require any assistance.

Intelligent design

The Yaris is designed and engineered to minimise your maintenance costs. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that Yaris technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your Yaris in an ideal working condition.

Toyota quality service

Your Toyota Centre will talk you through the Yaris 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your Yaris needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes first). An intermediate Health and Safety check is necessary every year or 10,000 miles (whichever comes sooner).

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile* manufacturer's warranty, covering your car against the unlikely event of a manufacturing defect causing a mechanical fault. Additionally, the Hybrid battery in the Yaris Hybrid is covered, in the event of a manufacturing defect, for 8 years/100,000 miles, whichever comes first. For full details, please ask your official Toyota Centre or visit www.toyota.co.uk/5yearwarranty

Rust and paint defects The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in materials for a period of three years, regardless of mileage.

Corrosion cover The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develops due to corrosion caused by faults in materials or workmanship.

Extended Warranty

After the initial warranty period has ended, you can extend your warranty until the vehicle is 7 years old – choosing from a range of packages to suit your vehicle and your needs. Our Extended Warranty covers the main component parts of the vehicle[§], meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota genuine parts

The Yaris is designed to minimise the cost of accident repair. Energy-absorbing elements are built into the bumpers, expensive-to-replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low parts and labour charges.

Added security

The Yaris security system withstands the insurance industry's rigorous 5-minute attack test and provides excellent protection. Both the alarm system and engine immobiliser are approved by Europe's major insurance companies.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle[°].

Toyota Roadside Assistance

When you buy a Toyota you automatically receive 12 months AA Roadside Assistance in the UK and Europe, free of charge. As an owner you will also benefit from specially negotiated offers and promotions on a whole host of exciting leisure and motoring activities. To find out more visit www.toyota.co.uk/owners

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months' warranty, breakdown cover, 12 months' AA Roadside Assistance** and a 30-day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans has been designed with simplicity in mind to make funding your car as easy as driving it.

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package. **AccessToyota** is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years. What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/ optional final payment, plus the cost of borrowing. In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount

your Toyota will be worth at the end of your agreement is guaranteed at TFS. Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car^{§§}
- Simply hand the car back with nothing more to pay^{°°}

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement **AccessToyota**, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT-efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

- * Whichever comes soonest.
- [§] With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.
- [°] Check with your Toyota Centre for specific warranty details.
- ** Except on non-Toyota vehicles.
- ^{§§} On payment of the option-to-purchase fee.
- ^{°°} Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.

Point your smartphone or webcam at the graphic and start a new experience of Yaris.

To experience the Yaris or for more information, please contact your local Toyota Centre or visit our website toyota.co.uk/yaris
