THE BMW 5 SERIES TOURING.

With Luxury and M Sport models in addition to SE, the BMW 5 Series Touring allows you to create a vehicle as individual as you are. Exterior features are defined by redesigned Xenon Headlights incorporating an LED eyebrow for a more focused look, whilst the kidney grille and front bumper give an increased dynamic stance, while the side, the signal indicators have been repositioned to the exterior mirrors. With Dakota leather and BMW Professional Multimedia Navigation system standard on Luxury models and BMW Business Advanced Navigation system on SE and M Sport, the BMW 5 Series Touring will always provide an unforgettable drive.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW 5 Series Touring model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The BMW 5 Series Touring is available in a variety of trim levels, each providing a different level of standard specification. These tables highlight some of the equipment differences between them, whilst further details can be found in the BMW 5 Series Touring model Brochure.

SE models

- 17" light alloy V-spoke style 236 with run-flat tyres
- Air conditioning, automatic with two-zone control
- Bluetooth hands-free facility with USB audio interface and Bluetooth audio streaming
- BMW ConnectedDrive Services, comprising:
 - BMW Emergency Call
 - BMW TeleServices
- BMW Professional radio with single CD player (with MP3 playback capability)
- Control Display – 6.5" colour display screen
- DAB tuner
- Dakota leather upholstery
- Door sill finishers, illuminated (535d)
- Drive Performance Control with ECO PRO, Comfort and Sport modes
- Eight-speed automatic transmission with Steptronic (528i)
- EU6 emissions management
- Exhaust tailpipes, Chrome
- Full Black panel display
- iDrive Controller with shortcut buttons
- Kidney grille, Chrome with Chrome-fronted and Black-sided vertical slats
- Navigation system – BMW Business Advanced
- Park Distance Control (PDC), front and rear
- Rain sensor with automatic headlight activation
- Rear-view mirror, automatically dimming
- Roof rails, Matt Aluminium
- Six-speed manual transmission
- Standard seats – front, part-electric adjustment
- Tailgate operation, automatic
- Tailgate window, independent opening
- Tyre Pressure Monitoring
- Xenon Headlights with Headlight wash

RRP from £31,810 inc. VAT

Luxury models (In addition / replacement to SE models)

- 18" light alloy Multi-spoke style 454 with run-flat tyres
- 20GB hard disc drive (HDD) memory
- BMW ConnectedDrive Services comprising:
 - BMW Apps interface
 - BMW Online Services
 - Real Time Traffic Information
- Dakota leather upholstery with Exclusive stitching
- Door sill finishers, illuminated with BMW designation
- Exhaust tailpipes with Chrome finisher
- Exterior B pillar and mirror base housing – Black, High-gloss
- Exterior door handles, illuminated with Chrome strip
- Foglights, front LED
- Front air inlet with Chrome finisher
- iDrive Touch Controller with shortcut buttons
- Interior trim, Finition Anthracite wood
- Kidney grille, Chrome plated
- Navigation system, BMW Professional Multimedia
- Rear bumper with Chrome finisher
- Remote control, including integrated key, in Black with inset in Chrome
- Sport multi-function leather steering wheel, three-spoke
- Voice Control

RRP from £34,610 inc. VAT
+ £2,800 over SE

STANDARD EQUIPMENT HIGHLIGHTS.

M Sport models (In addition / replacement to SE models)

- 18" light alloy M Double-spoke style 613 M with run-flat tyres
- Door sill finishers with M designation
- Exhaust tailpipes, Dark Chrome
- Exterior trim, High-gloss Shadowline
- Foglights, front LED
- Headlining, Anthracite
- M aerodynamic bodystyling
- M designation on front side panels, left and right
- M Sport multi-function leather steering wheel, three-spoke
- M Sport suspension (can be deleted)
- Sport seats – front, part-electric adjustment

RRP from £34,610 inc. VAT
+ £2,800 over SE

BMW INDIVIDUAL. THE EXPRESSION OF PERSONALITY.

The higher your standards, the less room there is for compromise. For drivers with the most exacting standards, BMW Individual offers a range of stunning and perfectly-

crafted materials to ensure that the expression of personality has never felt so effortless.

A BMW Individual paint finish is more than just a colour, each has its own characteristic brilliance and complexity. Five layers deep, the depth of colour is more sophisticated than the regular paintworks thanks to a special pigmentation. A variety of metallic, Xirallic or Frozen finishes create numerous

intense effects and a unique iridescence. Inside, the level of exclusivity can be continued with a variety of hand-picked interior trims which perfectly compliment the choice of supple BMW Individual Merino leather.

Meticulous selection of raw hides ensures this upholstery remains porous, breathable and soft, whilst the leather shades perfectly match the BMW Individual paints. Furthermore, for those customers with a desire for a truly

made-to-measure vehicle, BMW Individual offers an exclusive service to enable customers to tailor their vehicle to a bespoke design by using a range of premium materials.

OPTIONAL EQUIPMENT HIGHLIGHTS.

ADVANCED PARKING PACKAGE.

With the Advanced Parking package, parking has never been so easy. Your BMW will not only search for a space, it will take care of the actual parking.

- Reversing Assist camera gives you a clear view to the rear
- Park Distance Control provides visual and auditory feedback on objects during reversing
- Park Assist selects and parallel parks your BMW for you

See page 17

HEAD-UP DISPLAY.

BMW has been an innovation leader in Head-up Display for almost a decade. Since it was first introduced in 2004, our system has continually evolved and now offers a full-colour Head-up Display to project key driving information directly into the driver's line of sight.

- Aviation technology in your BMW
- Displays current speed, navigation guidance, music and telephone listings, as well as information from the on-board computer
- The height, brightness and angle of the display can be adjusted in the vehicle Settings

See page 21

ADAPTIVE HEADLIGHTS.

Provide an advanced headlight system that intelligently adapts the beam distribution according to the traffic conditions. The left and right headlights are controlled independently enabling light to be channelled around or away from other vehicles.

- Enhanced safety due to improved road visibility
- Fully autonomous system so you can relax and focus on the road ahead
- The system works at various speeds and light conditions

See page 21

SOFT-CLOSE DOORS.

Ensure that the doors of your BMW are securely closed with minimum effort.

- When the door is within approximately 6mm of the lock, an electric motor pulls the door securely and quietly closed
- Graceful convenience that can be enjoyed by all passengers when both entering and exiting your BMW

See page 23

Figures in () apply to cars with automatic transmission. Insurance group figures refer to 50 Group Rating System.

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW 5 Series Touring models fall into one of the five categories listed below:

CO ₂ emissions (g/km)	Band D 121-130	Band E 131-140	Band F 141-150	Band G 151-165	Band I 176-185
First year VED	£0	£130	£145	£180	£345
Annual VED (second year onwards)	£110	£130	£145	£180	£225

¹ = BIK tax rate and VED band dependent on chosen wheel size.

On the road price

The recommended on the road price includes:

Delivery and BMW Emergency Service	£700
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Ellesfield Avenue, Bracknell, Berkshire, RG128TA (hereafter referred to as "BMW") provides the customer with vehicle-specific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").
