Social: Feeds and tweets from your friends can be read aloud while you're on the move.⁵⁾

Media: Select your favourite music from your smartphone via Cover Flow.

Places: Search for points of interest via Google™ and transfer them directly to your navigation system.

Best connections.

01 Mercedes-Benz Drive Kit Plus for the iPhone®

The “Drive Kit Plus for the iPhone®” comprehensively integrates your iPhone® 5/5s/5c/4/4s on board. Integration is based on the combination of the Mercedes-Benz “Digital DriveStyle” app and the “Drive Kit Plus for the iPhone®” – the on-board interface to which the iPhone® is connected and via which it is charged. The “Digital DriveStyle” app is available free of charge from the iTunes® App Store¹⁾. The app features an extensive range of functions, seamlessly integrated into the new, revolutionary user interface which appears on the vehicle display²⁾. When an iPhone® is connected, the “Digital DriveStyle” app can be operated safely and conveniently using the ergonomic Controller.

Some functions of the “Digital DriveStyle” app:

- Advanced navigation solution from Garmin®, with internet-based real-time traffic information, point of interest search and 3D map views.
- Local search for points of interest powered by Google™ – with Street View™ and transfer of destination to navigation system.
- Google Places™: search for points of interest (POIs) is internet-based, which means the latest information is available.
- Google™ Traffic: overview of current traffic situation via Google Maps™.
- Siri™³⁾ can act as a personal assistant, providing answers to questions or carrying out commands which would otherwise require manual input.
- AUPEO! Personal Radio for an individual music programme.
- Internet radio from national and international broadcasters.
- Access to songs saved on your iPhone®.
- Facebook® feeds and Twitter® tweets from friends are read aloud⁴⁾.
- Socially interactive experience with option, for example, of sharing and posting current song choice or navigation destination on Facebook® and Twitter®.
- Glympse™: share your location, vehicle speed and estimated time of arrival with your friends in real time.

- Intuitive CarFinder – automatically stores vehicle’s location in iPhone®.

Integral pedestrian navigation on the iPhone® makes it easy to find your vehicle again.

Only available for models manufactured up until 10/2014.

Mercedes-Benz Drive Kit Plus for Android™ | not pictured

The “Drive Kit Plus for Android™” comprehensively integrates your Android™ smartphone on board. Integration is based on the combination of the Mercedes-Benz “Digital DriveStyle” app and the “Drive Kit Plus for Android™” – the on-board interface to which the smartphone is connected and via which it is charged. The “Digital DriveStyle” app is available free of charge from the Google™ Play Store⁵⁾.

The functionality is virtually identical to that of the Drive Kit Plus for the iPhone®. For more detailed information, go to www.drive-kit-plus.com or contact your Mercedes-Benz partner.

Availability on request. Only available for models manufactured up until 10/2014.

1) “Digital DriveStyle” app available in iTunes® App Store in Germany, France, Italy, Switzerland, Austria, the UK, Luxembourg, the Netherlands, Belgium, Spain, Portugal, Denmark, Norway, Sweden, Finland, the Czech Republic, Slovenia, the Slovak Republic, Hungary, Greece, Serbia and Montenegro. Other countries to follow.

2) Only in conjunction with Audio 20 CD.

3) Audio support only. A list of Siri™ commands can be found at <http://drive-kit-plus.com>

4) Languages: German, English, Italian, French, Spanish, Dutch, Danish, Swedish, Norwegian, Finnish, Portuguese.

5) The “Digital DriveStyle” app is available free of charge in the Google™ Play Store in Germany, France, Italy, Switzerland, Austria, the UK, Luxembourg, the Netherlands, Belgium, Spain, Portugal, Denmark, Norway, Sweden, Finland, the Czech Republic, Slovenia, the Slovak Republic, Hungary, Greece, Serbia and Montenegro. Other countries to follow.

01 iPad® Docking Station for rear compartment

The ergonomic, crashproof Docking Station introduces the iPad® and all of its familiar functions to your Mercedes-Benz. All connections, e.g. for your headphones or charging cable, remain accessible. The mount is fitted to the head restraint and can be tilted and rotated around 90°. Available for the iPad®, iPad® 2, iPad® 3 and iPad® 4.

02 Rear Seat Entertainment System

This elegant DVD system allows the rear passengers to watch DVDs, look at their favourite pictures and even play video games on two superb, tilting 17.8 cm colour screens. Keeping them entertained during your journey – and outside the vehicle, as the monitors can be removed from the mount with a click and used anywhere with the aid of the 230V/12V mains adapter provided. The AV-IN connection and the USB, SD card and AUX interfaces allow other storage media to be used. A separately available video cable allows your passengers to watch videos and look at image files from external sources. Supplied with two sets of infrared headphones and a remote control. The crashproof, theft-protected docking stations are firmly attached to the seat.

The system is designed to be retrofitted in your Mercedes-Benz – no factory-fitted pre-installation required.

A range of multimedia connections [A], a remote control [B] and 2 sets of infrared headphones [C]: the Rear Seat Entertainment System offers everything you need for in-car entertainment.

03 Reversing camera

The reversing camera is automatically activated when reverse gear is engaged. It assists the driver when reversing into a parking space. Static and dynamic guide lines show the driver the steering angle and the available clearance.

04 QUICKPARK

Mercedes-Benz QUICKPARK uses ultrasonic sensors. Ultrasonic signals bounce back off obstacles in their path, and an audible warning tone indicates the distance between the vehicle and any obstacle. When reverse gear is engaged (with ignition switched on) an audible signal indicates that the system is operational. QUICKPARK effectively helps prevent damage when reversing into a parking space.

Only available for models manufactured up until 10/2014.

01 Audio 20 CD

Twin-tuner radio with colour TFT display. Bluetooth® interface with hands-free function and audio streaming. CD changer is MP3-compatible.

Available with 20.3 cm display or 17.8 cm display for models manufactured from 11/2014 and for models with electric drive system.

Available with 14.7 cm display for models manufactured up until 10/2014 and for models with electric drive system.

02 Garmin® MAP PILOT

Transforms your Audio 20 radio into a high-performance navigation system with 3D map views. Garmin® MAP PILOT uses the standard-fit 17.8 cm colour TFT display and can be conveniently operated via the vehicle's Controller and the Audio 20 keypad. Available for a whole range of countries. For details and the latest updates, visit the Mercedes-Benz Shop at shop.mercedes-benz.com.

Only available for models manufactured from 11/2014 and for models with electric drive system.

03 Becker® MAP PILOT

Transforms your Audio 20 radio into a high-performance navigation system with 3D map views. Becker® MAP PILOT uses the standard-fit 14.7 cm colour TFT display and is conveniently operated via the Audio 20 keypad. The plug-in navigation module can be connected to your PC via USB to download the latest updates and additional services from the Becker® MAP PILOT website. Available in Europe, the USA, China, Australia/New Zealand and Russia.

Only available for models manufactured up until 10/2014 and for models with electric drive system.

04 Europe navigation update for COMAND Online and Garmin® MAP PILOT

Did you know that we update 20% of the information on our navigation media every year? Changes include new roads and junctions, altered priorities, new points of interest such as filling stations and restaurants and additional countries, above all in Eastern Europe.

For further information about Mercedes-Benz Apps, go to apps.mercedes-benz.com

05 COMAND Online with 6-disc DVD changer

Fully integrated high-end multimedia system with 6-disc DVD changer, hard-drive navigation system, internet browser, telephony plus DVD video and Music Register, shown on high-resolution colour TFT display. Can be operated conveniently and safely via your vehicle's control instruments.

- Fast hard-drive navigation with 3D map views, Speed Limit Assist and automatic congestion avoidance (TMC Pro).
- High-speed internet access via your vehicle's aerial or your mobile phone's WLAN hotspot function¹⁾ with free use of Mercedes-Benz internet services such as Weather, Google™ route download, etc.
- Write and read-aloud function for text messages and email.
- 10 GB Music Register for a range of audio and video formats (MP3, WMA, AAC, MPEG, AVI up to 720p) plus USB interface.
- Bluetooth® interface with hands-free function and audio streaming for music. Slot for SD memory cards.
- DVD video with Cover Flow display.
- LINGUATRONIC voice control system for audio, telephone, navigation and music search.
- Digital, animated Owner's Manual.
- Supports Mercedes-Benz Apps.
- Navitainment functions.

Available with 20.3 cm display for models manufactured from 11/2014 and for models with electric drive system.

Available with 17.8 cm display for models manufactured up until 10/2014 and for models with electric drive system.

06 Mercedes-Benz Apps

Take advantage of Mercedes-Benz Apps for COMAND Online and Audio 20 CD²⁾:

News: Access to news from around the world, in categories such as finance, politics and technology.

Parking Finder: Search for parking options near your current position or destination, with details of free parking, parking charges and opening hours.

Morningstar Finance: Receive details of indexes and share prices from funds rating agency Morningstar. Please note that market details are not delivered in real time.

Fuel Prices: Shows the current fuel prices at filling stations in your vicinity and transfers the selected address to your navigation system.

For details of Mercedes-Benz Apps and their availability in your country, go to <http://apps.mercedes-benz.com>

Please ask your Mercedes-Benz partner whether your mobile phone is suitable for use with COMAND Online. The Mercedes-Benz Bluetooth® (SAP) telephone module with integral UMTS module and a direct connection to the vehicle aerial ensures that COMAND Online has a fast, stable and secure internet connection.

1) Only available for models manufactured from 11/2014 and for models with electric drive system.

2) Audio 20 only supported in models manufactured from 09/2014. Not available for Audio 20 USB.

01 Mercedes-Benz Bluetooth® (SAP¹⁾) telephone module²⁾

Enjoy internet access, telephony and navigation – with the combination of the Mercedes-Benz Bluetooth® (SAP) telephone module and the COMAND Online multimedia system. The telephone module with integrated UMTS module and a direct connection to the vehicle aerial ensures that COMAND Online has a fast, stable and secure internet connection. You can phone and simultaneously use Mercedes-Benz Apps via COMAND Online and have the system read text messages to you. You can make full use of the Convenience Telephony functions at the same time: convenient operation via your multimedia system, hands-free using the personal contact details saved on your mobile's SIM card and much more. If required, your mobile is also charged via the USB port. The Bluetooth® (SAP) telephone module can either use your mobile's SIM card or a SIM card can be inserted directly into the module, for a connection that is independent of your mobile phone. Many mobile phone providers offer multi SIM cards for your existing contract.

1) SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card.

2) Only in conjunction with Convenience Telephony (Code 386).

02 Mobile-phone holders

When it comes to selecting a mobile phone for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. Enjoy the benefits of Convenience Telephony to the full.

Other advantages:

- Optimum reception quality as a result of using vehicle's external aerial.
- Mobile's battery is charged.
- Access to internal phone memory.
- Convenient operation using multifunction steering wheel.

Only in conjunction with Convenience Telephony (Code 386).

Holders are available for a range of popular mobiles, for example:

Nokia:	6303, 6303i classic
Apple®:	iPhone® 4s, iPhone® 4
Samsung:	Galaxy S3
BlackBerry:	9790 Bold, 9900 Bold, 9780 Bold, 9700 Bold

Media Interface kit | not pictured

Allows convenient use of external audio devices such as the iPhone®, iPod® or AUX and USB players via a universal interface in your centre console. In conjunction with a COMAND system and the separately available Media Interface video cable it is also possible to watch videos.

Control your player via your central audio system or your multifunction steering wheel. Functions will vary, depending on the device connected. The Media Interface displays the playlists, artists and songs on the connected iPod®.

Most compatible devices will also be recharged while connected.

Please ask your Mercedes-Benz partner whether the Media Interface (Code 518) can be retrofitted in your vehicle.

Only available for models manufactured up until 10/2014.

03 Media Interface consumer cables, kit

Control your iPod®, your iPhone® or other devices with a micro USB connection via the multifunction steering wheel or your audio system. Display the song, artist or album/playlist of your choice in the instrument cluster or on the monitor of your audio system. And charge your device's battery – via the universal interface in the centre console.

Only available for models manufactured from 11/2014.

For further information about using the phone while in your car, go to www.mercedes-benz.com/connect or contact your Mercedes-Benz partner.

01

In best form.

01 Illuminated Mercedes star

Let your star shine. Thanks to fibre-optic cables and LED technology, the central star emblem in your Mercedes' radiator grille lights up when you remotely lock/unlock the vehicle or open the door or tailgate. Only functions when engine is switched off. Not in conjunction with DISTRONIC (Code 233). For models with central star emblem.

Only available for models manufactured from 11/2014.

02 High-gloss black exterior mirror housings

For an individual, sporty and dynamic look. Set of 2.

QUALITY

The long road to perfection.

Mercedes-Benz light-alloy wheels not only boost your vehicle's looks, they also offer the ultimate in safety.

All wheels are precision-tailored to your vehicle in terms of load profile and dimensions. Before your light-alloy wheels are allowed to accompany you safely on your travels, they are subjected to an extensive development and testing programme. Each wheel design has to pass a variety of endurance tests, based on exacting Mercedes-Benz guidelines, all of which exceed statutory requirements. These include special test routines which simulate real challenges on the road and material tests in cutting-edge x-ray facilities.

High-sheen wheels undergo additional tests such as exposure to highly corrosive salt spray or a 28-day variable climate programme. Only once all of the tests have been passed may the wheels be included in the range of genuine Mercedes-Benz light-alloy wheels. Add an individual touch to your vehicle with a tested and approved genuine Mercedes-Benz light-alloy wheel and head for the open road.

11 RUDcompact easy2go snow chain

Durable snow chain, offering an outstandingly comfortable ride and impressively easy stationary fitting. The patented permanent tensioning device helps enhance safety. Integral wheel protection conserves your prized light-alloy wheels and the waterproof transport bag helps keep your load compartment clean. Double-sided chain mesh. Tested according to the exacting standards Standards Institute.

Not available for models with electric drive system.

RUDmatic Hybrid snow chain | not pictured

This innovative snow chain system is designed for safe driving, ease of fitting and outstanding protection of the wheels. The unique combination of textile and metal is lightweight and the product can be fitted quickly and intuitively. Supplied with case for space-saving storage.

Not available for models with electric drive system.

13

12 Mud flaps

Protect the underbody and the sides of the vehicle from loose chippings and dirt. Available in pairs for front or rear axle. Black.

13 Valve caps, black

Stylish highlights in a new design. Protect the valves from dirt. Set of 4.

14 Tyre pressure gauge

Allows you to carry out a quick tyre pressure check on the road or at home. Keeping tyres at the optimum pressure saves fuel and reduces tyre wear. Suitable for all motor vehicle tyre valves and for cycle valves. Supplied with leather pouch.

15 Rim locks, silver

Protect your valuable light-alloy wheels from theft. Set consisting of coded key and one lock per wheel.

Mercedes-Benz floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. Can be clip-fastened to the floor to prevent slipping.

01 CLASSIC velour mats (set of 4)

Elegant, high-quality tufted velour mats, with embroidered Mercedes-Benz lettering. Available in various colours to match your interior.

02 CLASSIC rep mats (set of 2)

Durable, extremely hardwearing needle felt mats, with embroidered Mercedes-Benz lettering. Available in black.

03 CLASSIC all-season mats (set of 2)

Made from robust, washable synthetic material for heavy use. Contemporary design with recessed areas and raised edge. With distinctive Mercedes star logo. Available in black.

QUALITY

Made to last.

Floor mats from Mercedes-Benz offer quality you can rely on. Every floor mat has to earn its star logo before it is allowed to keep your vehicle clean and dry. The mats undergo the toughest endurance and scuffing tests and have to demonstrate their resistance to sunlight, dirt and weight loading, emerging with their outstanding quality undiminished.

Inside your vehicle you can check the quality of Mercedes-Benz floor mats for yourself. They are precision-tailored to the dimensions of the footwell, clip-fastened to the floor of the vehicle to prevent slipping and absolutely dimensionally stable, thanks to their special layered format. Your floor mats are made to cope with any demand you place on them.

01

02

03

04

01 Cup holder for the centre console

Black. Insert for the centre console. Holds up to two drink containers within easy reach. The insert simply slots into the standard stowage compartment in the centre console.

02 Pedal covers in stainless steel

High-sheen stainless steel pedals with non-slip stud panel. Available for vehicles with automatic transmission and manual transmission.

03 Illuminated door sill panels

A distinctive, eye-catching accessory, whether in daylight or at night – thanks to brightly illuminated Mercedes-Benz lettering, set in an elegant ground stainless steel panel.

04 Illuminated SPORT door sill panels

A genuine highlight: these high-quality stainless steel door sill panels feature lettering which lights up when you get in or out of the vehicle.

05-08 Style & Travel Equipment

These head restraint elements are simple to fit and remove. The modular system centres around a base support which can be combined with the product of your choice – coat hanger, universal hook or folding table.

Only for models with head restraint posts. Not for models with Code 864 (Rear Seat Entertainment System).

Mercedes-Benz child safety

Your vehicle features automatic front passenger airbag deactivation with seat occupancy recognition (optional extra Code U10). The front passenger airbag is automatically deactivated when a child seat is fitted to the front passenger seat. All child seats can also be used without the ISOFIX attachment system. Mercedes-Benz child seats are available in the “Limited Black” design.

The covers are washable and very hardwearing. Optional replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in flannel grey and chilli red [pictures 06 and 07].

01 Lateral support headrest for integral child seat

Supports your child’s head and shoulders and enhances comfort, particularly for sleeping child. Ensures optimum seat belt routing in conjunction with the integral child seat. For children between the ages of around 2 and 12 (12.5 to 36 kg). Cannot be used in conjunction with integral child seat covering.

02 Integral child seat padded play table

Padded play table which transforms the integral child seat into a secure restraint system. For children between the ages of around two and four (body weight 12.5 to 18 kg).

Integral child seat protective covering | not pictured
Hardwearing protective covering. Padded sides transform the integral child seat into a fully fledged child seat. For children up to the age of 12 (36 kg). Colour: side sections anthracite, centre sections grey with DaimlerSquare pattern.

03 “BABY-SAFE plus II” child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg).

04 “DUO plus” child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable harness, ventilation channels and ISOFIX attachment points. Adjustable tilt.

05 “KIDFIX” child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KIDFIX” seat is secured using the 3-point seat belt and ISOFIX attachment points. For children between the ages of around 3.5 and 12 (15 to 36 kg).

06–07 Headrest covers

Available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in flannel grey [06] and chilli red [07].

Best possible flexibility.

01 Alustyle Quickfix basic carrier bars

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport solutions: ski and snowboard rack, bicycle rack or roof boxes. Fitted in next to no time without the use of tools, thanks to new, innovative quick-release fasteners. Aerodynamic Mercedes-Benz design with optimised noise level. Crash-tested. Lockable.

02 Transport and stowage bag

Robust bag, made from high-quality nylon fabric. Protects your basic carrier bars when stowing or transporting them.

Mercedes-Benz roof boxes

Aerodynamic design, tailored to your Mercedes-Benz. Extremely durable material. Designed for quick, simple attachment to your basic carrier bars and basic carrier bars for roof rails. Boxes open on both sides for particularly easy loading and unloading. Lockable on both sides.

03 Mercedes-Benz roof box 330

Capacity approx. 330 litres. Available in titanium metallic. Maximum payload 50 kg¹⁾.

04 Mercedes-Benz roof box 400

Capacity approx. 400 litres. Available in matt silver and black metallic. Maximum payload 75 kg¹⁾. Handle strip for easier opening and closing.

05 Mercedes-Benz roof box 450

Capacity approx. 450 litres. Available in matt silver and black metallic. Maximum payload 75 kg¹⁾. Handle strip for easier opening and closing.

06 Ski rack insert for Mercedes-Benz roof boxes

Insert for securing your skis – precision-tailored to the internal dimensions of the roof box.

Ski rack insert for roof box 330:

A secure hold for up to three pairs of skis²⁾.

Ski rack insert for roof box 400:

A secure hold for up to four pairs of skis²⁾.

Ski rack insert for roof box 450:

A secure hold for up to five pairs of skis²⁾.

1) Please bear in mind your vehicle's permissible roof load.

2) Subject to geometry of skis.

01 New Alustyle ski and snowboard rack "Comfort"

For up to 6 pairs of skis* or 4 snowboards. Lockable. Practical pull-out function makes loading and unloading easier.

02 New Alustyle ski and snowboard rack "Standard"

For up to 4 pairs of skis* or 2 snowboards. Lockable.

* Subject to geometry of skis.

03 New Alustyle bicycle rack

Extremely lightweight bicycle rack, designed to be attached to the basic carrier bars. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted. Support frame folds down when not in use to reduce drag when travelling without cycles. Suitable for cycles with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). Please bear in mind your vehicle's permissible roof load.

04 Coil locks

Available as a separate accessory for the bicycle rack.

05 Rear-mounted bicycle rack for trailer coupling, folding

Easy-to use, lockable rear-mounted bicycle rack, designed to provide secure transport for 2 or 3 cycles. Rack is easy to attach to trailer coupling, and cycles are equally easy to fit to rack. Maximum payload of up to 30 kg per rail, making rack suitable for most ebikes. An ingenious roller mechanism means that the load compartment can still be opened. The rack is easy to fold for space-saving stowage in the load compartment, at your holiday accommodation or at home.

06 Trailer coupling

Mechanically folding trailer coupling, specially for Mercedes-Benz vehicles. High corrosion protection. Supplied with electrical kit and control unit. Max. drawbar load 75 kg.

07 Adapter for trailer

For trailer with 7-pin plug.

01 Height-adjustable load compartment floor

Increases the flexibility and convenience of your load compartment. Raising the height of the floor creates a virtually level surface, without a load sill. At the same time, the space created beneath the floor allows you to transport select items separately and hide them from prying eyes. If you have bulky items to transport, the load compartment floor can be returned to its lower starting position in a single manoeuvre.

Only available for models manufactured up until 10/2014.

02 Concertina load sill protector

Protects the rear of the vehicle from scratches when you're loading up – and prevents dirt from the vehicle from getting onto your clothes. Practical design – can be secured to shallow boot tub or reversible mat.

03 Concertina bags

A practical addition to the EASY-PACK load-securing kit (Code 942): these folding, removable bags in robust, washable nylon fabric offer a secure hold for your shopping. Simply insert the supplied brackets into the load system strips in either side of the load compartment floor, slot the bags into place, open them up – and they're ready to use!

With the extension kit for the snap-in module for the load compartment (A166 860 0751) in place, concertina bags can be fitted without pre-installation of the load-securing rails (optional extra Code 942). Not available for models with electric drive system.

04 Luggage-securing feature

Ingenious solution to the problem of luggage sliding around in the load compartment. Attaches securely around the object in question thanks to Velcro fastening.

05 Shopping crate

Anthracite. Collapsible.

06 Snap-in module for load compartment

Partition your load compartment to suit your requirements and prevent the contents from sliding around. The brackets can be freely positioned along the outer edges of the load compartment floor. The system's telescopic frame provides a secure hold.

Factory-fitted pre-installation (Code 942) is not required.

07 Tie-down strap

Even heavy objects can be secured in place easily using this strap.

08 Reversible mat

The reversible mat has a high-quality velour side and a non-slip side. It helps keep the original floor of the load compartment clean. Available in black.

01 Deep boot tub

Deep edge all round. Made from flexible, impact-resistant HD-PE plastic. Suitable for transporting foodstuffs.

Only suitable for models with optional extra Code 942 (Load compartment package).

02 Shallow boot tub

Made from impact-resistant, non-slip polypropylene. Suitable for transporting foodstuffs. Structured surface holds separately available stowage crate in place.

Only suitable for models with optional extra Code 942 (Load compartment package).

03 Stowage crate

A secure hold for items which are prone to tip over or slide around, e.g. shopping bags. Adjustable partitioning elements allow crate to be divided into max. four sections. Optimum functionality only in conjunction with shallow boot tub.

04 Coolbox

Not only cools but warms too. Cools to up to 20°C below ambient temperature – to max. -2°C. Can be switched to warming function. Robust, highly insulated hard case with fabric cover, outside pockets and padded shoulder strap. Capacity 24 litres. Can be connected to 12 V socket in vehicle or to 230 V power source via separately available rectifier.

05 Rectifier

Allows the coolbox to be connected to a 230 V socket at home.

06 Emergency spare wheel

The emergency spare wheel must be secured in place in the load compartment in an emergency spare wheel bag. Emergency spare wheel to comply with statutory requirements.

07 Emergency spare wheel bag

Emergency spare wheel bag, designed to secure the emergency spare wheel in place on the floor of the load compartment.

Vehicle tool kit | not pictured

Everything you need to change a wheel – from the wheel wrench to a pair of gloves. All handily stored in a compact bag.

08 Charger with trickle charge function

New life for your vehicle's battery: checks, charges and revives your battery – even if it's totally flat. Tailored to your vehicle's complex electronic systems. Available in a combination 5 A version for all types of lead-acid or lithium battery. Also available in a 25 A version for all types of lead-acid battery.

09 Compact fluorescent jacket

Optimum safety in every situation: this fluorescent yellow jacket with reflective stripes makes you more visible to others. Now rolled for compact stowage and supplied in an individual fabric bag. Suitable for the stowage compartments in the vehicle doors.

Mercedes through and through.

DESIGN & DEVELOPMENT

Mercedes-Benz Genuine Accessories make your dream car a reality – while ensuring that it remains a Mercedes-Benz through and through:

- ▶ Individualisation options are developed in accordance with the Mercedes-Benz car design philosophy.
- ▶ The use of CAD data from Mercedes-Benz Vehicle Development ensures precision-fit accessories.

QUALITY & SAFETY

When it comes to Mercedes-Benz vehicles, quality and safety are paramount. You can feel equally safe with Mercedes-Benz Genuine Accessories as a result of:

- ▶ Stringent safety measures and extensive load testing, including the use of crash test facilities and the wind tunnel.
- ▶ Harmonised development of both vehicle and Mercedes-Benz Genuine Accessories.
- ▶ The highest standards, frequently far in excess of those prescribed by law.

FUNCTION & OPERATION

Mercedes-Benz Genuine Accessories form part of the vehicle concept from the outset. This results in impressive functional solutions:

- ▶ Fully integrated telematics products can be operated safely and conveniently using the multifunction steering wheel.
- ▶ Roof-mounted carrier systems can be fitted quickly and without the use of additional tools.
- ▶ Instructions and manuals are in standard format and easy to understand.

ADVICE & FITTING

No one is as familiar with the ins and outs of your vehicle as our employees. And the same goes for Mercedes-Benz Genuine Accessories:

- ▶ Contact your Mercedes-Benz partner for expert advice in matters relating to service and sales.
- ▶ Trust our trained specialists when it comes to fitting Mercedes-Benz Genuine Accessories.

There are many ways to explore the range of Genuine Accessories for your B-Class. The choice is yours.
