SE

Spacious, dynamic, and plenty of high-end technology as standard: the new C-Class Estate SE comes with a reversing camera, a multi-touch control touchpad and Agility Select, which allows you to choose between five individual driving modes: Comfort, ECO, Sport, Sport+ and Individual. To match the bold exterior, the C-Class SE is fitted with Black Artico man-made leather and high gloss Black trim for a stylish atmosphere inside the cabin. It's generosity at its best.

Sport

The Sport is fitted with the same high level of equipment as the C-Class Estate SE and more: to emphasise the dynamic appeal, it also has 17" alloy wheels, high-performance LED headlamps and sport styling. Inside the spacious cabin, you're welcomed by sophisticated technology like Parktronic with Active Park Assist and Garmin® Map Pilot navigation system as standard. For your comfort, there are heated front seats with Artico man-made leather upholstery, a high gloss black centre console, and brushed aluminium trim on the door panels and dashboard.

AMG Line

The AMG Line gives the C-Class an even greater presence with AMG design highlights: you'll notice the AMG bodystyling complete with AMG front and rear aprons, side skirts, plus 18" AMG alloy wheels and visible twin-pipe exhaust trim integrated into the rear bumper. The interior reflects the AMG spirit: here, AMG sports seats and an upper dashboard fitted with Artico man-made leather and contrast stitching. The AMG multi-function flat-bottomed steering wheel is designed to add control, while the pedals feature brushed stainless steel and the floor mats carry the AMG signature. Responsible for a thoroughly dynamic drive: the lowered sports suspension and the Sports Direct-Steer system.

Space management

The load compartment area of the new C-Class Estate is not only well proportioned, it's also incredibly well organised. For example, the rear seats can be split 40:20:40 for added versatility. The middle section can be folded flat individually or together with the section on the driver's side. And thanks to the Easy-Pack tailgate, the boot can be opened and closed at the touch of a button.
