

## PEUGEOT 2008 CROSSOVER

PEUGEOT

## *URBAN ADVENTURER*

Peugeot invites you to enjoy life to the full in the new 2008 Crossover. A vehicle with an identifiable, strong and elegant design.

The 2008 is both compact and spacious. It can adapt to all of your requirements, making adventures with family and friends a reality.

Let yourself live a unique driving experience at the wheel of this safe and stimulating crossover.

## BRAND NEW DRIVING SENSATIONS

Peugeot combines crossover know-how and driving expertise in the innovative 2008 Crossover and offers new sensations thanks to a driving position that gives you a different view of the road. As soon as you get inside the 2008, you will discover an ergonomic driving position where all the controls are within easy reach: the smaller steering wheel offers precision and agility, the head up instrument panel improves the field of vision and the touch screen\* is equipped with intuitive technology. In addition, its ground clearance, stainless steel front and rear scuff plates\* and Grip Control®\* place the driver in a crossover universe.

\*Standard depending on the version.

## ELEGANCE AND STRENGTH

Innovative from the first glance, 2008 Crossover merges the elegant style of the Peugeot brand and the attitude and strength of a modern SUV with a compact urban vehicle.

The finely sculpted bonnet demonstrates protection and refinement. The dynamic and elegant movement of the wing shows off its profile. A wave of roof emerges from above the back seats and features an exclusive design cut into the metal.

Then the eye rests on the rear of the vehicle, which elegantly links the 2008's strength with its dynamism. The large boot space, with low loading height, is covered by a distinctive roof inspired by RCZ. The wide tailgate is framed by lights, solidly set into the bodywork and fitted with three luminous claws which are illuminated from behind by LEDs.

The precisely designed roof bars add the finishing touches to the energy and fun of the 2008. The expanse of glazed surfaces and the large panoramic glass roof\* promise a spacious interior which is open to its environment.

\*Standard, optional or unavailable depending on the version.

## *WELCOME TO THE LIGHT*

When you settle into the 2008 Crossover's interior, you will benefit from the elegant atmosphere where the finely crafted décor works in harmony with the ultramodern mood lighting.

A real invitation to the touch, the silky dashboard contains elements in satin chrome. The wide panoramic glass roof\* literally opens up the interior space by bringing a sense of freedom and an exceptional light into the cabin.

Finally, the blue LED instrument dial surrounds\* and light guides in the panoramic glass roof\* diffuse a subdued blue light while the PEUGEOT LED TRACK\*\* provides an ambient white lighting from the laser cut headlining, offering 2008 an extraordinary range of lighting solutions.

\*Standard, optional or unavailable depending on the version.  
\*\*PEUGEOT LED TRACK roof lighting only available on the Allure level.

## AGILITY AND DEXTERITY

Thanks to Grip Control®\* (optimising traction in low grip conditions), the 2008 Crossover leads you on your way to living brand new experiences. Sand or snow, summer or winter, 2008 adapts to the terrain and helps you overcome the obstacles of the road. With its specific mud and snow tyres, Grip Control®\* facilitates the movement of this two-wheel drive vehicle letting you escape on a relaxing drive.

On snow, mud or sand, the Grip Control dial lets you choose the appropriate mode for the surface you encounter. There are five available modes:

\*Standard depending on the version.

## COMFORT AT YOUR FINGERTIPS

2008 innovates in the crossover world by adopting an interior architecture that makes driving intuitive. Sitting comfortably, being at one with your car, you'll discover natural ergonomics with a focus on safety. You can access all the information necessary for driving and comfort without taking your eyes off the road.

### SOUND AND CONNECTIONS ON BOARD

From the Active level, the dashboard features a 7" touch screen conveniently located at your fingertips. It allows you intuitive access to various functions: radio, hands-free Bluetooth®, music via USB or audio streaming, on-board trip computer, satellite navigation\*. You can also connect your digital music player, smartphone or USB. Once connected to the USB port, all information is displayed on the multifunction display screen and can be accessed using the controls on the steering wheel.

### PARK ASSIST\*

Thanks to its automated technology, parking or leaving a space is no longer a constraint. The Park Assist system assesses the size of space available to ensure that it fits the dimensions of your vehicle. Ultrasonic sensors and steering management take over to manoeuvre in and out of the parking space for you. Acceleration, braking, gear changes and use of the clutch in a manual transmission are left in your control. During entry and exit of the parking space, the system provides you with visual and audio information to ensure your safety.

\*Standard or optional according to version.

## SPACE AND CONVENIENCE

2008 Crossover provides exceptional interiors to ensure optimal comfort. The rear passenger seats are generously proportioned and the parcel shelf has been designed with a front section that lifts, allowing access to the boot compartment even when 2008 is in motion.

The boot has a low loading height of 60 cm and a brushed stainless steel protective lining\*. The 1/3-2/3 modular back seats allow you to vary the boot volume from 360 dm<sup>3\*\*</sup> to a flat floor of 1 194 dm<sup>3\*\*</sup>. Pressing the button at the top of the backrest is enough to tilt the back, allowing the seats to fold down automatically.

Five rails are set into the floor of 2008, running from the boot edge to the back seats, to facilitate the movement of objects in the load space. Six lashing eyes allow luggage to be stowed away safely. Practical down to the finest detail, the boot has two storage areas on the sides, each with a retaining strap and a storage net.

\*Standard depending on the version.

\*\*Storage space of 22 dm<sup>3</sup> (norm VDA 211) under the boot carpet.

## CONSUMPTION AND EMISSIONS

Peugeot uses its technological expertise to reduce the fuel consumption and CO<sub>2</sub> emissions of its engines.

### New generation 3-cylinder engines

This generation of engine block allows a real improvement in terms of fuel consumption and CO<sub>2</sub> emissions, while offering a good level of performance. The PureTech 1.2 e-VTi engine allows 2008 to offer a petrol engine with 99g CO<sub>2</sub>/km.

### E-HDi and PureTech e-VTi Stop & Start technology

The 2008 offers Stop & Start technology on diesel (e-HDi) and petrol (PureTech e-VTi) engines. Quick, efficient and quiet, it limits fuel consumption and CO<sub>2</sub> emissions at every opportunity thanks to the engine stopping whenever the vehicle is stationary and restarting almost instantaneously and without vibration.

		FUEL CONSUMPTION (MPG)				
	Engine	Gearbox	Urban	Extra-Urban	Combined	CO <sub>2</sub> (g/km)
PETROL	PureTech 1.2 VTi 82	5 speed manual	47.1	65.7	57.6	114
	PureTech 1.2 e-VTi 82 Stop & Start	5 speed EGC	57.6	70.6	65.7	99
	1.6 VTi 120	5 speed manual	36.7	58.9	47.9	135
	1.6 VTi 120 Automatic	4 speed automatic	32.1	54.3	43.5	150
	1.4 HDi FAP 70	5 speed manual	61.4	78.5	70.6	104
DIESEL	1.6 e-HDi FAP 92 Stop & Start	5 speed manual	60.1	78.5	70.6	103
		6 speed EGC	68.9	78.5	74.3	98
	1.6 e-HDi FAP 115 Stop & Start	6 speed manual	60.1	78.5	70.6	105

Fuel consumption figures are correct at the time of publication. Please refer to the price and specification guide for the latest information.

The fuel consumption detailed in the table above corresponds to the values approved following European regulations, applicable to all manufacturers and to all cars sold in Europe. These values allow you to compare vehicles and inform your choice:

- Urban consumption is obtained over an approximate 4km course of urban type driving.
- Extra Urban consumption is obtained over an approximate 7km course of extra urban type driving.
- Combined fuel consumption is an average of the two courses, over an approximate course of 11km.

These values are obtained under strict test conditions (temperature, mass, characteristics of roller test bench, etc...) and a very steady driving profile. The real traffic conditions, weather conditions, driving style, tyre pressures, extensive use of air conditioning and/or heating and vehicle condition can lead to a variance of consumption different from those approved.

## SAFETY

The safety equipment in 2008 Crossover allows you to have confidence in your car, without diminishing your responsibility as the driver.

### Braking and ESP

All versions of 2008 have a high level of active safety thanks to the presence of the ESP control system. It consolidates the functions of Anti Wheel-Lock (ABS), Traction Control (ASR), Electronic Brake Distribution (EBV and CBC), Emergency Brake Assistance (EBA), Anti-Stall Engine (MSR) and Intelligent Traction Control\*, which improves the handling of 2008 in difficult driving conditions.

### Hill Assist

This system immobilises your vehicle for a short time (about 2 seconds) during a hill start, the time it takes for you to move from the brake pedal to the accelerator pedal.

\*Available on 2008 equipped with Grip Control®.

\*\*Standard depending on the version.

### Cornering fog lights\*\*

In low beam or high beam, this function allows the beam of the front fog light to illuminate the inside of the turn, when the vehicle speed is below 25 mph (city driving, winding roads...).

### Airbags

In the case of a collision, 6 airbags will protect occupants: two front airbags, two side airbags and two curtain airbags.

### PEUGEOT CONNECT SOS

Peugeot Connect SOS is now in use in most major European countries, including the UK and is technology that could prove vital in an emergency.

Automatic emergency call: if the airbags inflate or the seat belt pretensioners are triggered, the vehicle automatically makes an emergency call on behalf of the driver. PEUGEOT CONNECT SOS\* then locates the vehicle, establishes telephone communication with its occupants and arranges for the appropriate emergency service to be dispatched. Based on the point of sale of the vehicle, the communication will be made in the vehicle owner's language of origin.

Manual emergency call: whether the victim or the witness of an emergency situation, the driver is able to call PEUGEOT CONNECT SOS\* quickly by pressing the SOS button located on the dashboard (and holding for 3 seconds).

\*PEUGEOT CONNECT SOS is available as a cost option on all 2008 vehicles fitted with the Peugeot Connect unit, subject to acceptance when ordering the vehicle. Terms and conditions apply.

# COLOURS AND WHEELS

2008 offers a wide range of colours: metallic, pearlescent or solid.

A selection of wheels are available to customise your 2008.

*Dakota Brown\**

*Cumulus Grey\**

*Nimbus Grey\**

15" Steel wheel with 'Iode' wheel trim \*\*

16" Steel wheel with 'Strontium' wheel trim \*\*

16" 'Hydre' alloy wheel - Anthra \*\*

16" 'Hydre' alloy wheel - Gris dilium \*\*

17" 'Eridan' alloy wheel - Brilliant Black \*\*

17" 'Eridan' alloy wheel - Anthra \*\*

## METALLIC

*Nera Black*

*Spirit Grey*

*Virtual Blue*

*Amber Red*

## PEARLESCENT

*Pearlescent White*

## SOLID

*Bianca White*

\* Metallic colours  
\*\* Standard, optional or unavailable according to version and engine.

# TRIM

Choose from a selection of alcantara, leather or cloth upholstery.

1. Panama Premium Trim
2. Beijing Bronze Premium Trim
3. Oxford Black Premium Trim
4. Midnight Black Leather Trim\*
5. Tokyo Black Trim
6. Berlin Black Trim

Trims are standard, optional or unavailable according to version.  
Trims are in leather and other materials. Refer to the price and specification guide for details.

# NETWORK AND SERVICES

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and built to give you years of worry free motoring. As a Peugeot owner, you can also rely on the customer care services of your Dealer. This will ensure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently - someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original parts.

## FOR YOUR PEACE OF MIND

**MANUFACTURER WARRANTY**  
Any Peugeot 2008 first registered in the UK and purchased from a UK Peugeot Dealer will benefit from a 2 year unlimited mileage manufacturer warranty and a free optional additional year of warranty (up to 60,000 miles) provided by the Peugeot Dealer Network. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year Anti-Perforation and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

**PEUGEOT ASSISTANCE**  
All new Peugeots come with 12 months of Peugeot Assistance - our breakdown assistance service. This covers all incidents involving vehicle based faults for you and anyone else driving your car with your permission. It is available 24 hours a day, 365 days a year. Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling 0870 752 7050.

**PEUGEOT SERVICE CARE**  
Please refer to the maintenance book for details of the service intervals for 2008 and the specifics of vehicles operating in arduous conditions.

**LET THE SPECIALISTS HELP**  
Peugeot Financial Services offer a range of flexible finance plans to make owning a new Peugeot easy. As specialists, we will provide choice, convenience and flexibility. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill, RH1 1QA. Over 18s only, a guarantee may be required.

## FURTHER INFORMATION

**PEUGEOT INSURANCE**  
Designed for Peugeot to offer tailored cover at a competitive price. In the event of an accident, a Peugeot Approved Accident Repair Centre will repair your car, using Peugeot original parts and offer a courtesy car (subject to availability).

Call Peugeot Insurance for a quote on 0870 0240 206 (8am-8pm weekdays, 9am-5pm Saturdays. Max call charge from a BT landline is 8p/minute. Calls from other networks may vary. Calls may be recorded). Peugeot Insurance is underwritten by UK Insurance Limited.

**PEUGEOT ACCESSORIES**  
Peugeot Accessories are designed specifically for each model meaning no compromises on fit or function. In addition they are tested to a rigorous standard for complete confidence and peace of mind.

**PEUGEOT AND THE ENVIRONMENT**  
Our website has details of Peugeot's environmental and recycling policies.

## ABOUT THIS BROCHURE

The information contained in this brochure is based on the data and images available at the time of printing. Some features may not be available in the UK and some photography may feature left hand drive models. As part of a policy of continuous specification improvement, Peugeot reserves the right to modify specification, options and colours at any time. For full details ask your Peugeot Dealer, or click on [www.peugeot.co.uk](http://www.peugeot.co.uk). Print and photographic processes used in this brochure may alter the depth and tone of the colours shown.

This brochure is not a contractual document or offer of sale. The details in this brochure cannot be reproduced without the express authorisation of Peugeot. Issued by: Sales and Marketing, Peugeot Motor Company plc., Pinley House, 2 Sunbeam Way, Coventry, CV3 1ND.
