1) Recommended on-the-road (OTR) price: these prices reflect the Road Fund Licence applicable to the standard model plus £355 additional costs necessary to put your car on the road. Included are a standard UK delivery charge (£240 incl. VAT), new vehicle registration fee (£55), number plates (£25 incl. VAT) and fuel (£35 incl. VAT). VAT is calculated at the standard rate of 20%.

2) A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. The table shows the relevant rate for the second and subsequent years.

3) Micro hybrid drive.

>> Purchasing your electric drive.

>> Carefree electric driving: sale&care.

Ideas that change the world don't have to cost the earth. For the smart fortwo electric drive, smart has teamed up with Mercedes-Benz Financial Services to offer you affordable, carefree access to electric mobility. With sale&care you can buy or lease the car and rent the battery without any risks.

Buy or lease the car:

You can buy or lease your smart fortwo electric drive at attractive terms. Your smart Retailer will be pleased to advise you on the different options and terms available to you.

Rent the battery:¹⁾

With sale&care you simply rent the battery. The monthly rental costs include regular maintenance and replacement of the battery should this ever be necessary. Battery functionality and a defined capacity are guaranteed for the whole rental period (for a maximum of up to ten years depending on the individual contract).

>> Simply drive off.

Plug-in Car Grant (PiCG):

In order to help reduce carbon emissions in the UK, the Government has launched the Plug-in Car Grant (PiCG) scheme, which is intended to run from January 2011 to 31 March 2015. The scheme, managed by OLEV (Office for Low Emission Vehicles), provides a grant of 25% (up to a maximum value of £5,000) towards the cost of a new ultra-low carbon car. The grant is applied to the basic price of the vehicle (including VAT but excluding delivery charge, first registration fee and any optional extras) and provided to private customers or businesses at the point of purchase. The grant is only available on first registrations in the UK and can be administered only once for a specific vehicle.

¹⁾ Needless to say, you can also choose a standard sale and buy, lease or finance the battery together with the vehicle.

>> Standard equipment.

Exterior

body panels in deep black, rally red, flame yellow or crystal white

body panel plus package (front, rear apron and side skirts finished in body panel colour)

door mirror caps in tridion colour

fuel filler cap finished in body panel colour

H7 projection headlights

silver grille surround

third brake light

Luggage compartment capacity in l⁶⁾	220–340
Kerb weight (without driver)/safe load in kg	coupé: 900/250; cabrio: 920/230

- 1) In accordance with Directive 80/1269/EEC in its currently valid version.
- 2) Measured on the basis of the New European Driving Cycle (NEDC, ECE R101). The range may be reduced depending on the individual driving style, road and traffic conditions, outside temperature, use of air conditioning/heating, etc.
- 3) Requires three-phase power supply (400 V/32 A)
- 4) The figures stated were determined in accordance with the stipulated measuring method (Regulation [EC] 715/2007 in the currently applicable version).
- 5) The data do not relate to an individual vehicle and do not form part of an offer, but are intended solely for the purpose of comparison between the different types of vehicle.
- 6) Up to roof in accordance with standard DIN 70020-1.

>> Warranty/servicing.

The new manufacturer's warranty without mileage restrictions from smart offers you a comprehensive scope of protection. We also offer smart Service Care, which is a service plan designed to take care of your servicing costs for the next two, three or four services. smart Service Care is a great way of keeping your smart in the best shape at a Retailer whilst keeping the costs as transparent as possible.

Warranty

2-year warranty on new cars without mileage restrictions, plus 6-year rust perforation warranty.

smartmove Assistance

In good hands. The international smartmove Assistance service provides free breakdown assistance in emergencies. Around the clock and for the whole duration of the 2-year manufacturer's warranty. Further information is to be found in the smart centres directory in your operating manual.

smart Service Care

With smart Service Care it's easy to enjoy more flexible and affordable car servicing at your local smart Retailer.

Because Service Care guarantees the price of parts and labour for up to four services and cleverly protects you against any further inflationary rises, the price will never go up. It also includes regular service items like spark plugs, air filters and fuel filters.

But that's not all. You'll have a choice of easy ways to pay as well. You can either add your servicing costs to your monthly budget by paying a fixed amount, or pay all your servicing costs in one lump sum. Either way, you can relax knowing it's taken care of in the best way for you.

- Service Care guarantees the price you pay today is the price for the next two, three or four services, so what you pay won't go up even if inflation does.
- Fixed monthly costs make it easier for you to budget because you can spread the cost of servicing.
- You'll be adding an official stamp to your service history. So when it comes to selling your pride and joy on, future owners can look for the manufacturers' seal of approval when they buy.
- You'll have the satisfaction of knowing that your car will be serviced by specially trained technicians, using the latest diagnostic equipment and smart Genuine Parts.
- Fully transferable to a new owner if you sell your smart, providing the plan is paid for in one lump sum.
