

Das Auto.

The new Scirocco

THINK FAST.

If you're the kind of person who thrives on excitement and challenge, who keeps moving forwards and never looks back, who likes things to happen quickly without hanging around, the new Scirocco is most definitely the car for you. More powerful, more dynamic, more economical and more refined than ever before, it raises the bar on coupé performance. So, what are you waiting for?

IMPRESS YOURSELF, AS WELL AS OTHERS.

Sleeker, sportier and more dynamic than ever before, the new Scirocco is all about performance. The sculpted headlights, black front grille and front air intake with eye-catching honeycomb design, and body-coloured bumpers with aerodynamic fins all create a classic Volkswagen look. This is echoed by the recessed roundel on the bonnet, signifying Volkswagen's legendary build quality. Combined with advanced new engines delivering greater performance than ever before, it all adds up to a phenomenal package. Tempted?

IF YOU DON'T JUST WANT TO BE PUNCTUAL, YOU WANT TO BE THERE FIRST.

The rear of the new Scirocco is every bit as impressive as the front. The distinctive roof spoiler and dynamic lines create real presence, while the rear bumper with black diffuser and chrome exhaust tailpipes takes it closer to the road. The rear tail lights and rear number plate lights incorporating LED technology provide a clearer, brighter light and give an athletic look even at night, while the Volkswagen roundel doubles up as a hidden tailgate release.

WHEN GETTING IN IS MORE APPEALING THAN GETTING OUT.

The dashboard and controls of the new Scirocco are as sporty as you could wish them to be.

The sporty dashboard features a redesigned instrument panel and recessed dials, with brushed aluminium instrument surrounds and decorative inserts in the dash, centre console and door panels. Stylish front sports seats are finished in contemporary 'Scirocco' or 'GT' cloth, or sumptuous 'Vienna' leather upholstery, depending on which trim level you opt for. The leather trimmed three-spoke multifunction steering wheel with aluminium inserts, allows you to control the multifunction computer, in-car entertainment system and mobile phone functions without taking your hands off the wheel. Matching leather trimmed gear knob and handbrake grip and aluminium-look pedals enhance the sporty look, creating an interior that's simply irresistible. Why would you ever want to get out?

Powerful new petrol and diesel engines are equipped with **'BlueMotion technology'** as standard, incorporating a host of measures to reduce both fuel consumption and CO₂ emissions. This includes the start-stop system, which switches the engine off at standstill, and the brake energy recuperation system, which saves fuel by recovering energy usually lost during braking. With 'BlueMotion technology', not only do you protect the environment, but also your wallet.

'Long Beach' 7J x 17" alloy wheels with 205/50 R17 tyres are an eye-catching addition to the exterior of the Scirocco.

The distinctive **rear light clusters** blend perfectly with the lines of the new Scirocco, complementing its striking design. Its powerful profile is further accentuated by the horizontal, flat surface of the lights, with their dynamic contours. Hi-tech petrol engines feature innovative **TSI technology**, which utilises a combination of downsizing, direct injection and turbocharging to produce impressive torque and power output, alongside low fuel consumption.

The **manual air conditioning system** produces a consistent temperature throughout your journey, which you can tailor for your comfort. It's extremely user-friendly, achieving your required cabin temperature quickly and efficiently.

The stylish **sports instrument dials** above the centre console pays homage to the original 1974 model, with gauges for turbo boost pressure, oil temperature and a stopwatch to measure journey times.

THE SCIROCCO GT. SIMPLY IRRESISTIBLE.

The new Scirocco GT, impressive both inside and out. Sporty 18 inch 'Interlagos' alloy wheels set the scene, with heat insulating rear tinted glass 65% light absorbing from B pillar backwards, front fog lights and front and rear parking sensors completing the exterior look. Inside, driver's and front passenger's sports seats are finished in contemporary 'GT' cloth with Alcantara side bolsters, and the sporty dashboard features 'Chequered Flag' decorative inserts in the dash and centre console, complemented by aluminium inserts in the stylish leather trimmed three-spoke multifunction steering wheel, gear knob and handbrake grip. For added assistance, the multifunction computer performs a number of functions such as displaying the next turn of the RNS 315 touch-screen navigation/DAB radio system's route with an arrow, helping you keep your eyes focused on the road ahead. You can also control functions of telephones connected via Bluetooth* such as phone book navigation, making calls and control audio playback. And with 2Zone electronic air conditioning allowing the driver and front seat passenger to regulate their individually preferred temperature, how could you resist?

* Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

The RNS 315 touch-screen navigation/DAB radio system with MP3 compatible CD player features eight speakers, a 5 inch colour display with clearly arranged map navigation, as well as an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player. The DAB facility enables you to listen to the digital stations available in crystal clear sound.

'Interlagos' 8J x 18" alloy wheels with 235/40 R18 self-sealing tyres provide a sporty and dynamic addition to the exterior.

R-Line

THE SCIROCCO R-LINE. DESIGNED TO BE NOTICED.

Sporty, fun and refined, the Scirocco R-Line has its own unique styling inside and out, providing a level of specification that is truly exhilarating, adding to the excitement of driving this exceptional car.

Thanks to the **R-Line exterior styling pack**, it's easy to recognise this distinctive model, with its specially designed front and rear bumpers, side skirts and black painted radiator grille, which also displays the unique 'R-Line' badging. Dynamic 19 inch 'Talladega' alloy wheels and front fog lights add the finishing touch, creating a look that's sleek, stylish and unforgettable.

The sumptuous interior features a **leather trimmed three-spoke multifunction steering wheel**, gear knob and handbrake grip with aluminium inserts and 'R-Line' logo. This is complemented by aluminium-look pedals, 'Carbon look' decorative inserts in the dash and centre console and unique 'R-Line' door sill protectors.

Front sports seats feature an embossed 'R-Line' logo on the head restraints and are superbly finished in luxurious **Titan Black 'Vienna' leather upholstery***. Heated front seats with three preset temperature settings and electrically adjustable lumbar support on the driver's and front passenger's seats helps to ensure driving comfort even on the longest journeys.

* Some parts of leather interior will contain artificial leather.

THE SCIROCCO R. ONCE SEEN, NEVER FORGOTTEN.

Everything about the new Scirocco R is fast, from its aerodynamic styling to its unique 'R' lowered sports suspension, while the eye-catching exterior style pack and unique interior hint at the experience to come. If you're looking for a combination of style and speed, the new Scirocco R more than delivers.

The side skirts, uniquely shaped front and rear bumpers and gloss black front radiator grille of the 'R' styling pack give the new Scirocco R its dynamic appearance, enhanced by LED daytime running lights set into the front bumper, chrome-look door mirrors with integrated indicators, and unique 'R' badging. To the rear, the 'Gloss Black' diffuser with chrome exhaust tailpipes left and right continue the theme, accentuating the sports suspension lowered by approximately 10mm. The XDS electronic differential lock improves traction and helps keep the 19 inch 'Cadiz' alloy wheels firmly on the road, while the 'Black' brake calipers with unique 'R' logo combine for a truly distinctive look.

Inside, Titan Black 'Vienna' leather heated front sports seats* with an embossed 'R' logo on the head restraints set the scene, while the black rooflining, 'Gloss Black' decorative inserts in the interior door grab handles and centre console, and leather trimmed three-spoke multifunction steering wheel with 'Gloss Black' inserts and 'R' logo continue the theme. Carpet mats front and rear, and unique 'R' door sill protectors complete the elegant look, giving the interior a real sports identity.

Bi-xenon headlights feature dynamic curve lighting, automatic range adjustment, static cornering function and headlight washers, while the black painted radiator grille proudly displays the unique 'R' badging.

* Some parts of leather interior will contain artificial leather.

DRIVING DYNAMICS & SAFETY.

Impressive, sporty and safe: the running gear of the new Scirocco is designed to deliver a dynamic driving style. Dynamic Chassis Control (DCC)* allows you to decide, at the touch of a button, how firm or comfortable you wish to set the suspension, while advanced engineering keeps you on track, especially when cornering.

* Dynamic Chassis Control is standard on R and optional on all other models.

The new Scirocco features **XDS**, an extension of the well-known Electronic Differential Lock (EDL) function. This is linked to the Electronic Stability Control (ESC) hydraulics and works by applying pressure to the inner front wheel during fast cornering to prevent spinning. The one-sided, precise brake pressure helps to maximise traction, reduce understeer and improve responsiveness, thus making cornering even more sporty, safe and accurate. Standard on R and optional on all other models.

The **Electronic Stability Control (ESC)** utilises sensors to detect critical situations at an early stage, reacting within milliseconds by controlling the speed of individual wheels, helping to bring the vehicle under control. Standard on all models.

Dynamic Chassis Control (DCC) allows you to select Sport, Comfort or Normal settings for your journey with a touch of a button, and adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. Standard on R and optional on all other models.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

The **airbag system** includes driver's and front passenger's airbags with passenger's airbag deactivation switch, front seat side impact airbags and curtain airbag system. If an impact is registered, the airbags are deployed within 30 to 40 milliseconds, the doors are simultaneously unlocked, hazard warning lights and inside lights switched on and the fuel pump deactivated.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

A tightly held steering wheel and erratic steering movements are the first signs of driver fatigue. If several of these signs appear one after the other, the **Driver Alert system** recommends taking a break via visual and acoustic signals, helping to keep you safe on long journeys. Optional on all models.

The stylish **sports instrument dials** above the centre console pays homage to the original 1974 Scirocco, with gauges for turbo boost pressure, oil temperature and a stopwatch to measure journey times. Standard on all models.

DESIGNED FOR YOUR COMFORT AND CONVENIENCE.

The Scirocco may be designed for sporty performance and dynamic handling, but that's not at the expense of **comfort and convenience**, and several key features help to ensure you arrive at your destination cool, calm and collected.

Cruise control, can be set at speeds of over 19mph to maintain a constant speed. Once set to your desired speed, you can focus on the road ahead, creating a more relaxed drive. Optional on all models.

The **Keyless entry system** offers the highest standards of convenience, enabling you to enter your vehicle and even start the engine using a button in the centre console, without taking the key out of your pocket. Optional on all models.

The large, high definition **multifunction colour display** is an impressive upgrade to the standard multifunction computer. It presents all the standard journey information, navigational directions, phone book navigation and audio playback control via the multifunction steering wheel on a higher resolution colour screen. Optional on all models.

Climate control – 2Zone electronic air conditioning with automatic air recirculation features dual zone temperature control for the driver and front passenger, allowing each to select their individual preferred temperature. A sensor monitors the outside air quality and if necessary automatically activates the air recirculation function. Standard on GT, R-Line and R models, and optional on Scirocco models.

Front and rear parking sensors assist with parking manoeuvres by emitting audible and visual warnings, alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency. An additional parking display indicates your position on the display of the vehicle's audio system. Optional on Scirocco and standard on all other models.

Image shown features RNS 315 navigation/DAB radio system.

The **rear-view camera** helps you reverse park, giving you a clear view to the rear of your vehicle via the vehicle's audio system display. Thanks to the high resolution detail, even small obstacles such as kerbs can be clearly recognised and avoided. Optional on Scirocco, GT and R-Line models.

Image shown features RNS 315 navigation/DAB radio system. Rear-view camera in lieu of DAB digital radio receiver with RCD 510 touch-screen DAB radio system.

Park Assist helps you parallel and bay park using ultrasonic and audible parking sensors. All the driver has to do is operate the clutch, accelerator and brake whilst keeping a good look-out and Park Assist will do the rest. Park Assist is optional on GT and R-Line models. Park Assist including parking sensors, front and rear is optional on Scirocco models.

Model shown is new Scirocco GT with optional 18" 'Lisbon' alloy wheels, Bi-xenon headlights, panoramic sunroof and 'Vienna' leather upholstery.

The optional **panoramic sunroof** gives an uninterrupted view of the sky above and adds an extra dimension of light and space, creating a relaxing interior ambience. The roof can be tilted upwards by up to 39mm at the touch of a button, allowing in fresh air, while tinted glass and the fabric roller blind provide protection from the sun. Optional on all models.

MULTIMEDIA.

The optional 'Dynaudio Excite' soundpack is the perfect sound system for your new Scirocco, providing exceptional acoustics and adds an extra dynamic to the driving experience. For those needing to get places, the RNS 315 touch-screen navigation/DAB radio system and RNS 510 touch-screen DVD navigation/DAB radio system with integrated voice control will guide you to your chosen destination quickly and easily, as well as providing music playback from CD, SD card reader or an external multimedia source e.g. iPod and MP3 player.

RNS 315 navigation/DAB radio system is standard on GT, R-Line and R models and optional on Scirocco models. The RNS 510 navigation/DAB radio system is optional on all models. 'Dynaudio Excite' soundpack is optional on all models.

DYNAUDIO

The **RNS 510 touch-screen DVD navigation/DAB radio system with integrated voice control** responds to spoken voice commands for navigation, DVD, CD and radio functions, and features a 6½ inch colour screen, 30 GB hard drive with preloaded navigation data, SD card reader, compatibility with MP3, WMA and DVD video data files, and AUX-in socket for connection to an external multimedia source such as an iPod or MP3 player. Optional on all models.

The **'Dynaudio Excite' soundpack** has been specially designed for the passenger compartment of the Scirocco, and delivers 400 watts of phenomenal sound quality through a Digital Sound Processor (DSP), 8 channel digital amplifier and 8 speakers, ensuring the highest levels of listening pleasure. Optional on all models.

The **RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger** features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player, and an SD memory card slot. Standard on Scirocco models.

Bluetooth telephone connection for HFP (Hands Free Profile) enabled telephones allows you to use your phone safely and easily whilst driving. Standard on all models.

Phones must be Bluetooth compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

The **RNS 315 touch-screen navigation/DAB radio system** features a 5 inch colour touch-screen with clearly arranged map navigation, guiding you to your destination. The MP3 compatible CD player with eight speakers will play CDs even when the navigation system is being used. Music can also be played via the SD card reader and AUX-in socket enabling you to connect external audio devices such as an iPod or MP3 player. Standard on GT, R-Line and R models, and optional on Scirocco models.

ALLOYS.

- 01 'Long Beach' 7J x 17" alloy wheels with 205/50 R17 tyres* // Standard on Scirocco
- 02 'Interlagos' 8J x 18" alloy wheels with 235/40 R18 self-sealing tyres // Standard on GT and optional on Scirocco
- 03 'Talladega' 8J x 19" alloy wheels with 235/35 R19 tyres // Standard on R-Line
- 04 'Cadiz' 8J x 19" alloy wheels with 235/35 R19 tyres // Standard on R
- 05 'Shanghai' 7J x 17" alloy wheels with 225/45 R17 tyres // Optional on Scirocco
- 06 'Lisbon' 8J x 18" alloy wheels with 235/40 R18 self-sealing tyres // Optional on GT
- 07 'Lugano' 8J x 19" alloy wheels with 235/35 R19 tyres† // Optional on R-Line
- 08 'Lugano Black' 8J x 19" alloy wheels with 235/35 R19 tyres† // Optional on R-Line

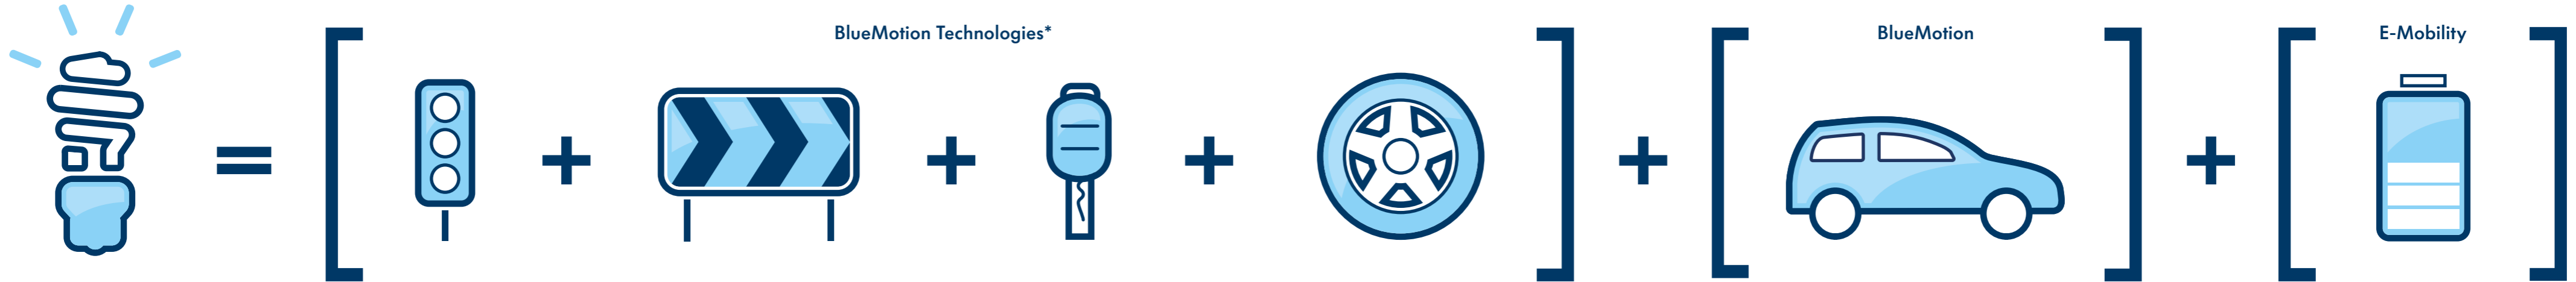

* 225/45 R17 tyres on 2.0 TSI 180 PS and 2.0 TDI 150 PS models. † 19 inch alloy wheels and tyres in lieu of self-sealing tyres.

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue.
Smart ideas for sustainable driving.

Start/Stop technology saves fuel and therefore cuts emissions by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system saves fuel by making the most of energy that's usually lost when you brake.

Turbocharged engines deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres save you fuel by reducing the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts combined with the ultimate in driving efficiency and low operating costs. The ultimate way to Think Blue.

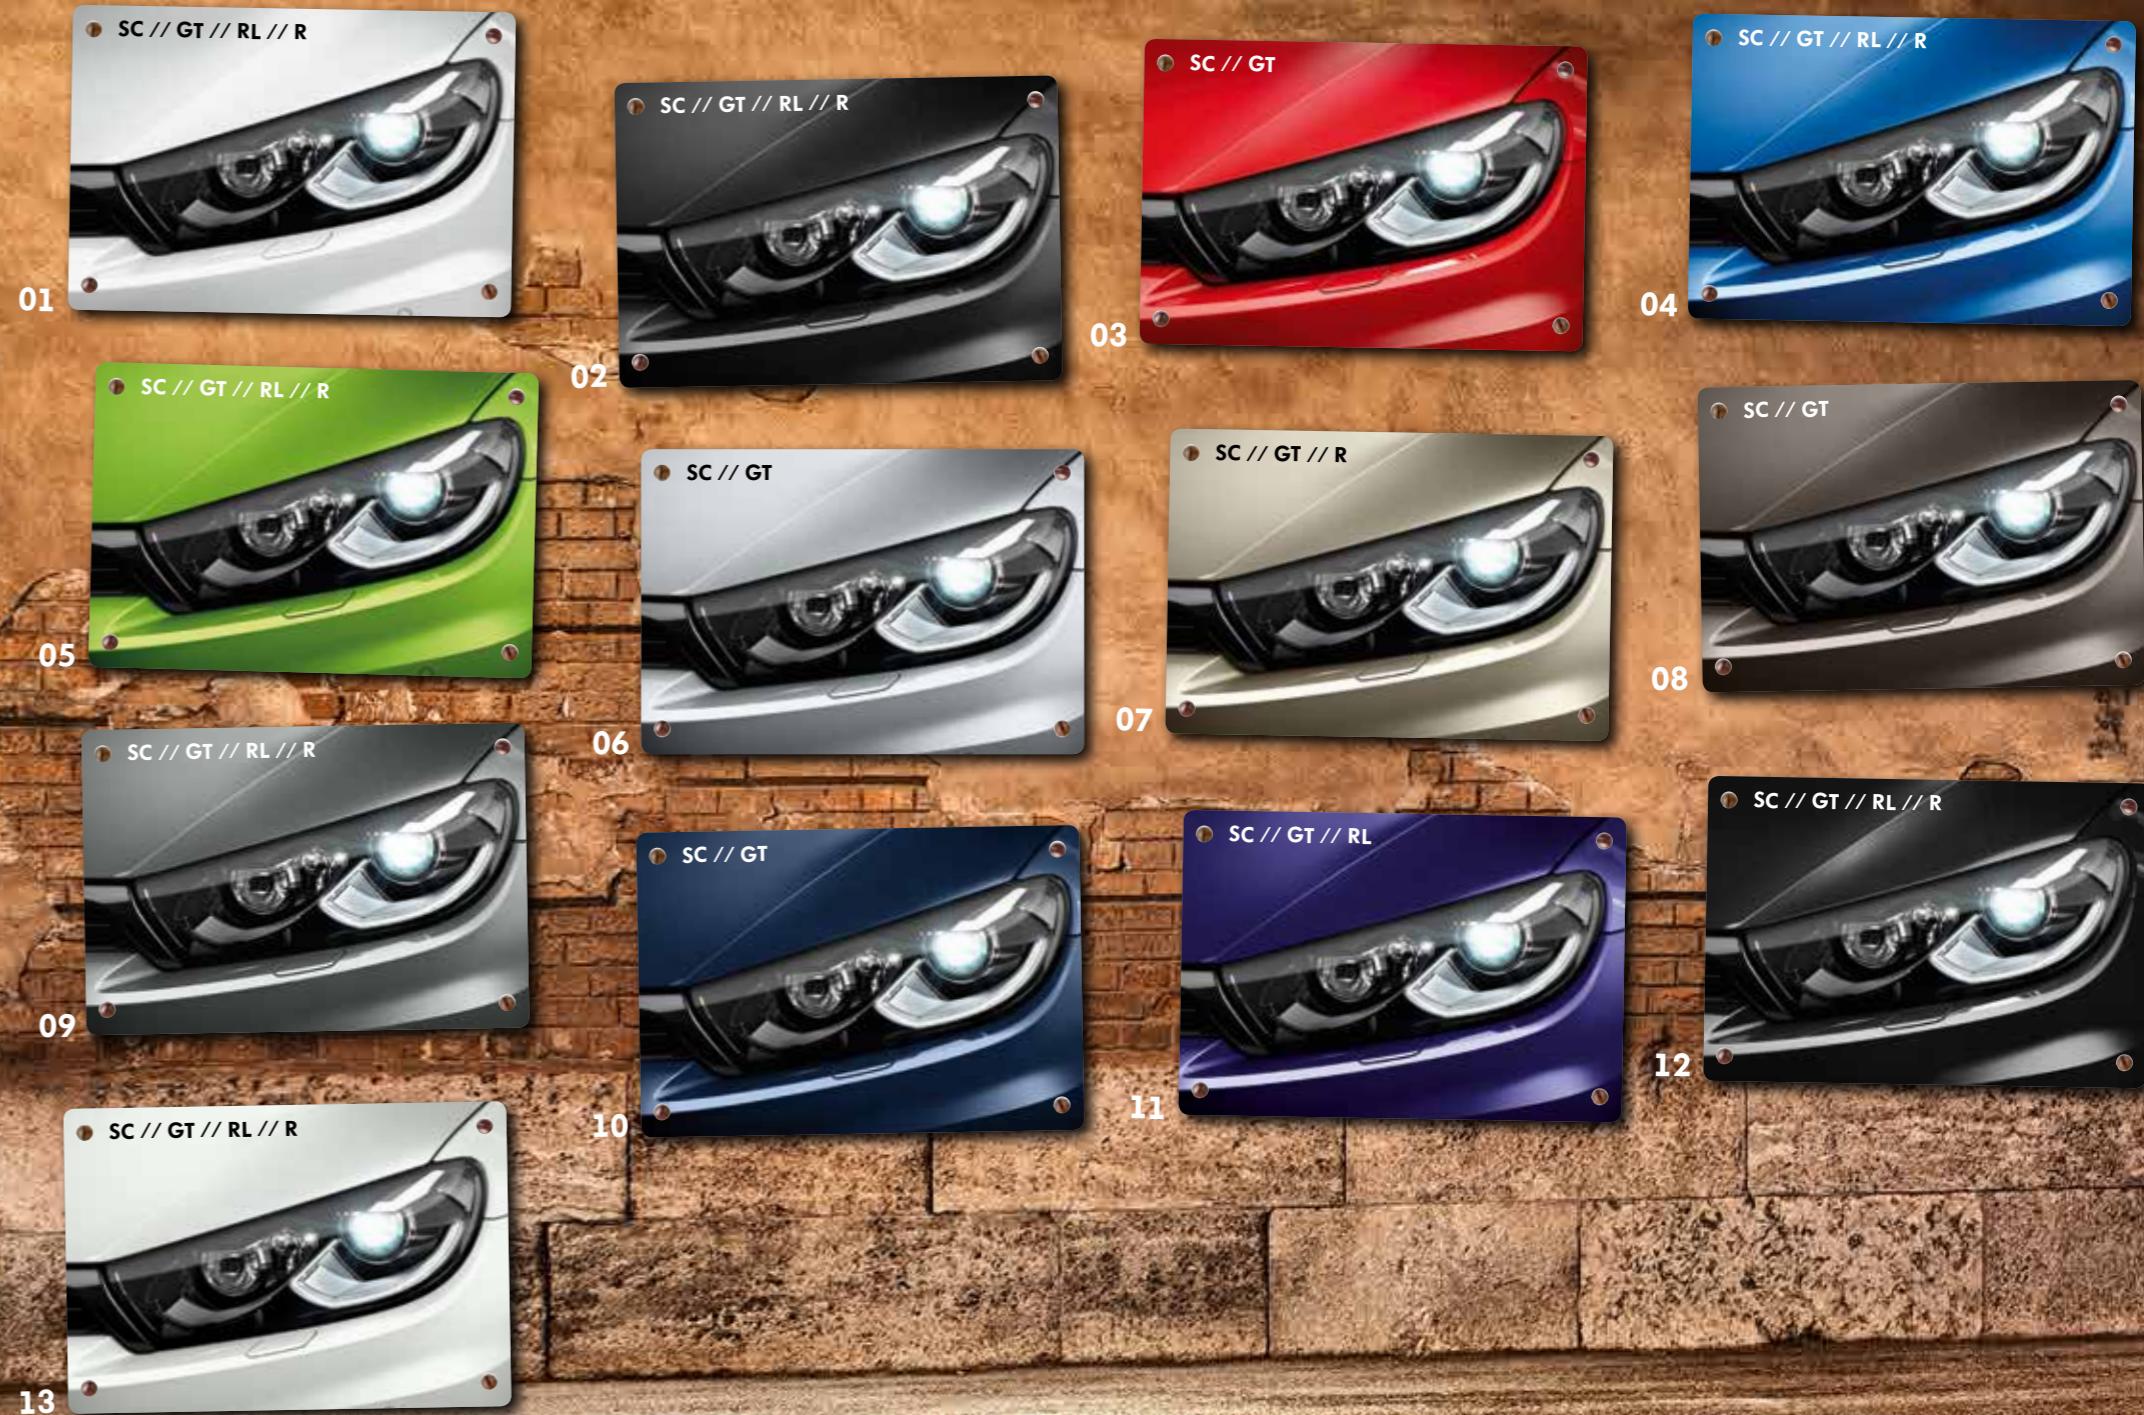

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and new Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the new Passat, new Passat Estate and Jetta.

4x4

New Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and new Passat and Estate 4MOTION models.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

TECHNOLOGY.

Technical specification notes

- The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- The use of 100% Biodiesel (RME or FAME) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

Engines

Front transverse-installed engine

1.4 litre/125 PS ⁽⁰¹⁾ (92 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine with four valves per cylinder. Fitted with a turbocharger. Available with six speed manual transmission.

2.0 litre/180 PS ⁽⁰¹⁾ (132 kW) petrol engine: EU6 emissions standard direct injection, four cylinder in-line direct injection twin-charged engine with four valves per cylinder, a supercharger and a turbocharger. Available with six speed manual or a six speed automatic DSG transmission.

2.0 litre/220 PS ⁽⁰¹⁾ (162 kW) petrol engine: EU6 emissions standard direct injection, four cylinder in-line direct injection turbocharged engine. Fitted with four valves per cylinder and a turbocharger. Available with six speed manual or a six speed automatic DSG transmission.

2.0 litre/280 PS ⁽⁰¹⁾ (206 kW) petrol engine: EU6 emissions standard direct injection, four cylinder in-line engine, aluminium cylinder head, four valves per cylinder with roller rocker finger valve drive, electronic direct injection, variable inlet valve timing, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, longlife spark plugs, exhaust gas turbocharger, three-way close-coupled pre-catalyst and underbody catalyst, lambda control. Available with six speed manual or a six speed automatic DSG transmission.

2.0 litre/150 PS ⁽⁰¹⁾ (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission.

2.0 litre/184 PS ⁽⁰¹⁾ (135 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission.

Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual, six speed automatic DSG gearbox with double joint half axles (wet clutch on six speed DSG models)
- Six speed manual: 1.4 litre TSI 125 PS, 2.0 litre TSI 180 PS, 2.0 litre TSI 220 PS, 2.0 litre TSI 280 PS, 2.0 litre TDI 150 PS, 2.0 litre TDI 184 PS
- Six speed automatic DSG: 2.0 litre TSI 180 PS, 2.0 litre TSI 220 PS, 2.0 litre TSI 280 PS, 2.0 litre TDI 150 PS, 2.0 litre TDI 184 PS

Running gear

- Electronic Stability Control (ESC) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- Front and rear anti-roll bar
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- XDS electronic differential lock (R models only)

Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with front and rear disc brakes (front ventilated)
- Asbestos-free brake pads
- Hydraulic Brake Assist (HBA)

VOLKSWAGEN SERVICE.

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Scirocco are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Scirocco then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Insurance⁵

Get three years' Volkswagen Insurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Insurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want.

If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Insurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-insurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available.

In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change.

If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

⁴ Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

⁵ Insurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SO53 3YA).

⁶ Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.
