50 VOLKSWAGEN SERVICE

THE SHARAN:
OPEN THE MOST
ADVANCED
CHAPTER IN
FAMILY LIFE.

Model shown is Sharan SEL with optional 17" 'Jarama' alloy wheels and metallic paint.

UNBELIEVABLY SPACIOUS. UNMISTAKEABLY VOLKSWAGEN.

More versatile and more capable than ever before, the Sharan is designed to cope with just about anything you demand of it. Innovative seating and advanced functionality offer endless possibilities and options, while the dynamic modern design proves that practicality doesn't have to be at the expense of luxury or style. Whether you're looking for lots of seats, large load capacity, sophisticated technology or effortless handling, the Sharan delivers it all. In one neat, sleek package.

THE SHARAN. SPACIOUSNESS DEFINED.

→ As a **seven-seater**, the Sharan provides easy access for all rear passengers. The 2nd row seats easily push forward and fold down, giving clear access to the 3rd row seats for passengers.

Standard | **S** | **SE** | **SEL**

← The **six-seater Sharan Executive** has individual armrests in the second row for greater comfort and is equipped with two folding seats in each of the 2nd and 3rd rows, enabling you to vary the loading capacity to meet your needs.

Standard | **EX**

Sit inside the Sharan and you'll soon find it delivers what it promises from the exterior. High quality materials ensure total comfort, advanced features provide the highest levels of functionality and every seat enjoys exceptional spaciousness.

↑ The **front passenger backrest folds completely flat**, extending the load-through capacity or providing a level table surface. Depending on the seating configuration, the Sharan offers a load volume from 300 litres up to 2,297 litres.

Standard | **SE** | **SEL** | **EX**

Optional | **S**

S models include lumbar support for both front seats. Lower image – Interior shown features optional 'Vienna' leather upholstery.

↑ The 2nd row can easily be equipped with **one (2nd row, left) or two (2nd row, outer) integrated child seats**, designed to Volkswagen's exacting safety standards.

Optional | **S** | **SE** | **SEL** | **EX**

The integrated child seats cannot be used in conjunction with the Isofix child seats. Interior shown features optional retractable roller blind for rear side window.

Strong bodylines and flowing contours create a stylish exterior that is refined and elegant, enhanced by aesthetic detail and contemporary design. Confident touches such as contoured headlights and black radiator grille with chrome trimmed radiator grille louvres exude quality and charisma, while a choice of alloy wheels enables you to add a sporty touch, giving your Sharan an individual look.

↓ **Stylish gas discharge (Xenon) dipped beam headlights** including automatic range adjustment, dynamic curve lighting, static cornering function, headlight washers, LED daytime running lights and rear number plate lights provide better visibility in all weather conditions.

Optional | **S** | **SE** | **SEL** | **EX**

← **Two-piece rear lights** with integrated indicators enhance the rear styling, adding a touch of elegance and giving the Sharan its distinctive identity.

Standard | **S** | **SE** | **SEL** | **EX**

↓ The Sharan's **rear sliding doors** offer the ultimate in convenience, enabling rear passengers to get in and out with the greatest of ease, particularly in narrow parking spaces. The easy entry seats in the 2nd row outer slide back and forward and also fold down, giving easy access to the 3rd row of seats. As a further plus, children's seat belts are much easier to fasten thanks to the extra space.

Standard | **S** | **SE** | **SEL** | **EX**

S model | **S** | SE model | **SE** | SEL model | **SEL** | Executive model | **EX**

↓ The distinctive '**Gloss Black**' radiator grille with **chrome trimmed radiator grille louvres** gives the front design a characteristic and dynamic look.

Standard | **SE** | **SEL** | **EX**

IT'S THE DETAIL THAT MAKES THE DIFFERENCE.

← **Front fog lights** including static cornering function with chrome detailing adds a dynamic and sporty look to the exterior of the Sharan.

Standard | **SEL** | **EX**

Optional | **S** | **SE**

↓ **Chrome side window surrounds** echo the chrome detailing on the front, emphasising the body lines of the Sharan and creating a streamlined, stylish effect.

Standard | **SE** | **SEL** | **EX**

EXPERIENCE A NEW DIMENSION OF LIGHT AND SPACE.

↓ The **heat insulating rear tinted glass** from B pillar back reduce sunlight by up to 65%, helping to ensure a pleasant temperature in the passenger compartment.

Standard | **SEL** | **EX**
Optional | **S** | **SE**

← **Rear sliding doors** offer the ultimate in convenience, allowing passengers to get in and out with the greatest of ease, especially in tight parking spaces. Access to the 3rd row of seats couldn't be simpler either, as the 2nd row seats easily push forward and fold down. And should you choose to fold the 2nd and 3rd rows flat, the sliding doors allow for effortless loading. The generous interior space also makes fastening children's seat belts so much easier.

Standard | **S** | **SE** | **SEL** | **EX**

← **Electric rear sliding doors** are also available as an option on all models, enabling you to take the strain out of opening and closing the doors, via a button located in the front centre console or by using the remote key fob.

Optional | **S** | **SE** | **SEL** | **EX**

→ The **panoramic electric sliding glass sunroof** gives an uninterrupted view of the sky above, flooding the interior with natural light and providing an extra dimension of space to create a relaxing interior ambience. Protection against the sun is provided by tinted glass and also an electric sun shade, which can be easily opened and closed, even when the sunroof is open. The sunroof is easily operated and adjusted via a conveniently located control panel.

Standard | **SEL** | **EX**
Optional | **S** | **SE**

On S models, this option includes black roof rails.

S model | **S** SE model | **SE** SEL model | **SEL** Executive model | **EX**

Interior shown is Sharan Executive with optional pearl effect paint.

TRUE BEAUTY IS ALWAYS ON THE INSIDE.

The Sharan is available in four trim levels, the S, SE, SEL and Executive, each offering varying levels of comfort, design and functionality. Whichever you select, you can look forward to top quality materials, luxurious seating and a whole range of innovative features fitted as standard.

FOUR DIFFERENT LEVELS OF LUXURY AND FUNCTIONALITY.

The **Sharan S** offers a level of standard specification that is quite remarkable. The stylish exterior features body-coloured bumpers, door handles and door mirrors with integrated indicators incorporating LED technology, a black radiator grille with chrome trimmed louvres and halogen headlights with daytime running lights. Inside, the contemporary feel continues with 'Move' upholstery and 'Matt Chrome' decorative inserts, while such luxuries as climate control – 3Zone electronic air conditioning, driver's seat height adjustment and an RCD 310 DAB radio/MP3 compatible CD player with eight speakers, and AUX-in socket and Multi Device Interface (MDI) for connection to an external multimedia source ensure real driving enjoyment.

Other innovative features include battery regeneration, multifunction computer including visual gear change recommendation for improved fuel consumption and a Start/Stop function, helping to ensure maximum economy and efficiency; remote central locking, tyre pressure loss indicator and electric windows front and rear, all providing a truly impressive interior specification. With masses of storage space, including compartments in the roof, footwell of the 2nd row outer seats, centre console, front doors, luggage compartment and front dashboard, and the innovative easy folding seating system for the 2nd and 3rd row seats and rear sliding doors, the Sharan offers all you could ask for and more for an entry level model.

Interior shown is Sharan S.

The **Sharan SE** takes the concept of comfort and style to a whole new level. 16 inch 'Memphis' alloy wheels with self-sealing tyres, a black grained front air intake grille with chrome trimmed surround and 'Gloss Black' radiator grille create a truly stylish exterior, enhanced by chrome side window surrounds and black roof rails. Inside, attractive 'Bridge' upholstery, 'Triangle titan' decorative inserts in the dashboard, centre console and front doors, and carpet mats throughout continue the theme. While a 6-way electrically adjustable driver's seat with 4-way lumbar support, front passenger's seat with height and lumbar adjustment, multifunction computer and a leather trimmed multifunction steering wheel and gear knob provides exceptional comfort and luxury. Also included as standard is an automatic coming/leaving home lighting function, Bluetooth telephone connection for HFP (Hands Free Profile) enabled telephones*, and dusk sensor, not to mention cruise control, front and rear parking sensors, rain sensor and an automatically dimming interior rear-view mirror. With useful drawers under the front seats, folding tables on the rear of the

front seats and front passenger seat load-through provision, the Sharan SE is as practical as it is comfortable.

The Sharan SE 2.0 TDI 177 PS includes advanced safety features such as the XDS system† which is linked to Electronic Stability Control (ESC) hydraulics and designed to provide maximum grip and stability while cornering, whilst the Driver Alert system, standard on the SE and above, gives an early warning of when you need to take a break on long and tiring journeys.

* Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.
† XDS is standard on 2.0 litre TDI 177 PS models.

Interior shown is Sharan SE with optional metallic paint.

The **Sharan SEL** delivers uncompromising standards of quality and luxury. External styling includes 17 inch 'Sydney' alloy wheels with self-sealing tyres, heated windscreen washer jets, front fog lights with static cornering function and chrome-plated roof rails, while interior aesthetics comprise sumptuous

Alcantara leather upholstery and brushed aluminium-look decorative inserts. Heated front sports seats and the RCD 510 touch-screen DAB radio/MP3 compatible six CD autochanger with eight speakers and an AUX-in socket for connectivity to an iPod or MP3 player add a touch of real luxury. This is complemented by the heat insulating

65% light absorbing tinted glass from the B pillar back, and the magnificent panoramic glass sunroof, creating an extra dimension of light and space inside. Finally, footwell illumination in the front and 2nd row, complete the interior specification, providing a level of style and functionality that is second to none.

Please note: SEL 2.0 litre TSI 200 PS models do not include battery regeneration and Start/Stop function.

The **Sharan Executive** rewrites the rules of luxury and comfort for an MPV. Quite simply, everything has been included to make your journey as relaxing and luxurious as possible. This exceptional car offers a phenomenal level of specification. Externally, 17 inch 'Sydney' alloy wheels, chrome-plated roof rails, heat insulated tinted glass from B pillar

back and front fog lights create a stylish presence. While on the inside, the high specification continues with a panoramic sunroof which creates a light and airy interior, while crystal clear radio reception is possible from the RCD 510 touch-screen DAB radio with dash-mounted MP3 compatible six CD autochanger. To complete your in-car

entertainment, an AUX-in socket and Multi Device Interface (MDI) allow connection to external multimedia sources. What sets this model apart from the rest, is the six seat configuration meaning every passenger enjoys more comfort and space. Each seat is individually contoured with its own head restraint and height adjustable

three-point seatbelt to ensure safety is of the highest order, while second row passengers are afforded additional comfort with their own individual armrests. Sumptuous 'Vienna' leather* upholstery adorns the interior, which is both durable and hard wearing.

*Some parts of leather interior will contain artificial leather.

Interior shown is Sharan SEL DSG with optional metallic paint.

Interior shown is Sharan Executive with optional pearl effect paint.

IT'S REASSURING TO FEEL
SAFE IN EVERY SITUATION.

Model shown is Sharan SEL with optional 17" 'Jarama' alloy wheels, Xenon dipped beam headlights and metallic paint.

Whether you are travelling alone or with six other people and lots of luggage, safety is paramount in the Sharan. A cleverly thought out package of active and passive safety concepts minimise the risk of an accident, and should the worst happen, provides optimum protection both for occupants and other road users.

INNOVATIVE FEATURES FOR OPTIMUM PROTECTION.

← The **Electronic Stability Control (ESC)** recognises critical driving situations and reacts in milliseconds by targeting brake and engine management systems, reducing the engine's output, braking individual wheels and helping to bring the vehicle under control. As a result, the vehicle achieves maximum directional stability.

Standard | s | SE | SEL | EX

A careful driving style is still essential, as Electronic Stability Control (ESC) cannot defy the laws of physics.

↑ The **comprehensive airbag system** comprises driver's and front passenger's airbags, with a passenger's airbag deactivation switch, and a driver's knee airbag, providing additional protection, particularly in the event of a head-on collision. Curtain airbags for the front, 2nd and 3rd row passengers, along with front seat and 2nd row seat side impact airbags ensure optimum passenger safety. In the event of a crash, the airbags are triggered within milliseconds and inflated by a gas generator.

Standard | s | SE | SEL | EX

← The **Driver Alert system** detects when the driver is becoming tired and recommends taking a break, this is achieved by monitoring driving behaviour and alerting the driver via a visual and audible warning.

Standard | SE | SEL | EX

↑ The **cargo management system** helps keep any load, large or small, safe and secure. Two load lashing straps and rings, two side rails and a net with pocket enable you to create the ideal space to store items in the boot, safely and securely, and keep things in place should you have to brake suddenly.

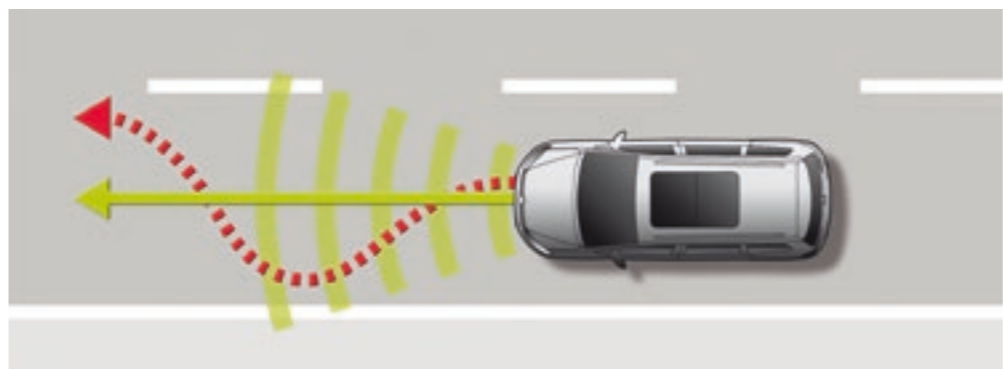

Optional | s | SE | SEL | EX

↑ The **Park Assist** system not only makes parallel parking significantly easier, but now has the added functionality to help you reverse park into a space at 90 degrees to the kerb. The driver activates the system by pressing a button on the centre console and, using ultrasonic parking sensors, Park Assist will then detect a parking space large enough for either reverse or parallel parking. Once

the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a good lookout, while the Sharan steers itself into its chosen space. Improvements to the system mean Park Assist can now parallel park in particularly small spaces.

Optional | s | SE | SEL | EX

← **Lane Assist** is a camera controlled lane tracking aid that countersteers your vehicle if it drifts from your chosen lane, and gives an audible warning should you remove your hands from the steering wheel. On S models, this option includes cruise control helping to maintain a constant speed. Lane Assist also includes **Traffic Sign Recognition** when ordered in conjunction with the RNS 315 or RNS 510 navigation system.

Optional | s | SE | SEL | EX

↑ **Isofix fittings**, attached to the car's chassis for greater rigidity and optimal safety, ensure child seats can be fitted easily and securely onto the seats of the 2nd row.

Standard | s | SE | SEL | EX

Not in conjunction with optional integrated child seats.

↑ **Keyless entry/locking and starting system with tailgate opening** enables you to enter your vehicle and even start the engine using a button in the centre console, without taking the key out of your pocket. And having your hands full while trying to open your tailgate is no longer a chore, as standing behind your Sharan is all it takes to open the tailgate.

Optional | s | SE | SEL | EX

Not in conjunction with optional tailgate, electric closing.

S model | s | SE model | SE | SEL model | SEL | Executive model | EX

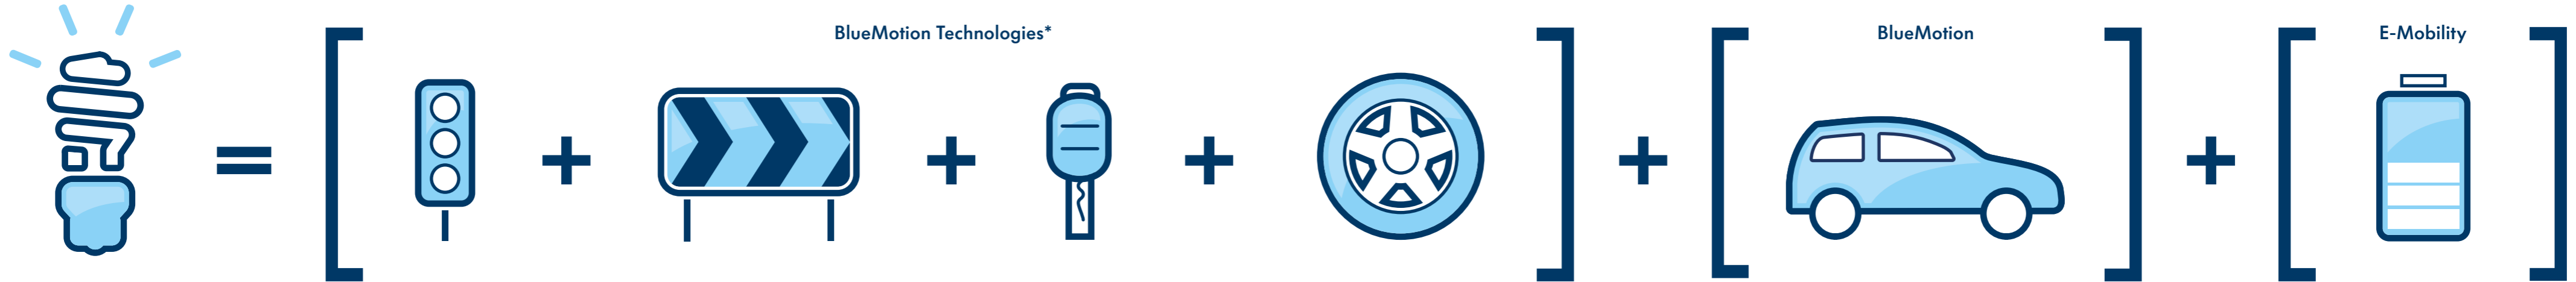

Model shown is Sharan SE with optional 17" 'Avus' alloy wheels and metallic paint.

SAVOUR
THE DRIVING
EXPERIENCE.
YOU CAN ADMIRE
THE VIEW LATER.

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue.
Smart ideas for sustainable driving.

Start/Stop technology saves fuel and therefore cuts emissions by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system saves fuel by making the most of energy that's usually lost when you brake.

Turbocharged engines deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres save you fuel by reducing the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts combined with the ultimate in driving efficiency and low operating costs. The ultimate way to Think Blue.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

A range of highly sophisticated petrol and diesel engines deliver phenomenal power and performance alongside exceptional economy, thanks to innovative technology, such as the Selective Catalytic Reduction (SCR) system. Which means impressive pulling power and ultra smooth running is yours to enjoy, without having to worry about your wallet or the environment. That's the best kind of fun you can have.

POWER THAT'S KIND TO YOUR WALLET AND THE ENVIRONMENT.

→ **TDI engines** with common rail technology and direct diesel injection combine high torque with low consumption and lower emissions. The Diesel Particulate Filter (DPF) removes exhaust emissions that endanger health and the environment, and thanks to innovative AdBlue® injection, working with the Selective Catalytic Reduction (SCR) system, emissions of nitrogen oxides are significantly reduced, ensuring all TDI engines meet the stringent EURO 5 standard.

Standard | **s** | **SE** | **SEL** | **EX**

Please see pages 44-45 for fuel consumption figures.

↑ The combination of direct fuel injection and intelligent turbocharging technology allows **petrol engines with TSI technology** to work particularly efficiently, ensuring such benefits as high performance, high torque and low fuel consumption.

Standard | **s** | **SE** | **SEL**

↑ The **dual clutch Direct Shift Gearbox (DSG)** represents a milestone in the development of the latest gearbox technology. This innovative automatic gearbox shifts smoothly and imperceptibly into the pre-selected next gear within a few hundredths of a second, without disrupting traction.

Standard | **s** | **SE** | **SEL** | **EX**

↑ The **Bluetooth telephone connection with multifunction leather trimmed steering wheel** is fitted with ergonomically designed switches, making it easy to use the telephone connection, radio, in-car entertainment system and multifunction computer.

Standard | **SE** | **SEL** | **EX**

Optional | **s**

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

← **Dynamic Chassis Control (DCC)** adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you decide how firm or comfortable you wish to set the suspension, with a choice of three settings: Sport, Comfort or Normal.

Optional | **s** | **SE** | **SEL** | **EX**

↑ The **Start/Stop function** turns off your engine when not needed, resulting in lower emissions and improved fuel economy. When waiting at a traffic light or in a traffic jam, simply select neutral gear and release the clutch. The engine will switch off and the Start/Stop symbol will appear on the dashboard. To drive on, simply select first gear and the engine will restart, enabling you to pull away. The system can easily be deactivated by a switch within easy reach.

Standard | **s** | **SE** | **SEL** | **EX**

Not available on SEL 2.0 litre TSI 200 PS models.

S model | **s** | SE model | **SE** | SEL model | **SEL** | Executive model | **EX**

The Sharan's greatest asset has to be the convenience factor. With a range of innovative features and equipment designed to ensure your total comfort and well-being, it simply couldn't be easier to use and drive.

DESIGNED TO TAKE THE STRESS OUT OF EVERYDAY LIFE.

↑ **Electric 6-way seat adjustment** ensures optimum comfort for the driver, with adjustments for height, length, backrest incline and **4-way lumbar support**, making it easy to adopt the perfect driving position.

Standard **SE|SEL|EX**

← Heated front seats, with three individual temperature settings for the driver and front seat passenger, are included in the **Winter pack**, along with heated windscreen washer jets, making cold mornings just a little bit more bearable.

Standard **|SEL|EX**

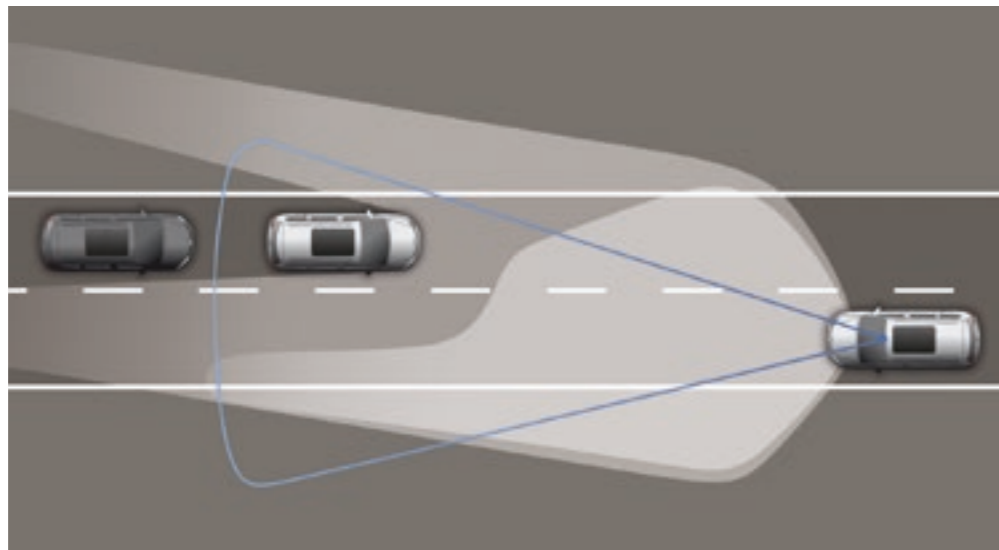

Optional **|S|SE**

Not in conjunction with leather upholstery.

↓ **High beam assist** ingeniously senses the lights from oncoming vehicles and switches between main and dipped beam accordingly.

Optional **|S|SE|SEL|EX**

Not in conjunction with optional gas discharge (Xenon) dipped beam headlights. Must be ordered in conjunction with optional Convenience pack on S models.

↑ The **Keyless entry/locking and starting system with tailgate opening** offers the highest standards of convenience, enabling you to enter your vehicle and even start the engine using a button in the centre console, without taking the key out of your pocket.

Optional **|S|SE|SEL|EX**

Not in conjunction with optional electric closing tailgate.

Available but not shown. **Lane Assist** is a camera controlled system that warns you should your vehicle drift out of its lane. When ordered in conjunction with the RNS 315 navigation/DAB radio system or RNS 510 DVD navigation/DAB radio system, it also includes Traffic Sign Recognition. This system will recognise roads signs and display them on the navigation system's display, providing the driver with additional notification and warnings. On S models, this option includes cruise control helping to maintain a constant speed.

Optional **|S|SE|SEL|EX**

Obscured road signs may not be recognised.

↑ **Park Assist** makes parallel parking significantly easier, but now has the added functionality to help you reverse park into a space at 90 degrees to the kerb. Improvements to the system mean Park Assist can now parallel park in particularly small spaces. When specifying this option on S models you also benefit from front and rear parking sensors. Front and rear parking sensors are standard on all other models.

Optional **|S|SE|SEL|EX**

↑ **Cruise control** maintains your chosen speed over 19mph. When the brakes or clutch are depressed, the speed control system automatically switches off again.

Standard **|SE|SEL|EX**

Optional **|S**

↑ **Ultrasonic parking sensors** in the front and rear bumpers warn you acoustically and optically, via the vehicle's audio display, about obstacles in the way. The closer you get to an object, the faster the sound frequency.

Standard **|SE|SEL|EX**

Optional **|S**

↑ Operated at the touch of a button located in the front centre console or by using the remote key fob, **electric rear sliding doors** are a convenient addition enabling rear seat passengers to get in and out with the greatest of ease.

Optional **|S|SE|SEL|EX**

↑ The **electric closing tailgate** can be opened easily from the driver's seat via a button in the front centre console or by using the remote key fob. The tailgate can also be closed automatically by pressing a button located on the inside of the tailgate.

Optional **|S|SE|SEL|EX**

↑ The RCD 310 DAB radio/MP3 compatible CD player features eight speakers with an output of 4 x 20 watts. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player). The DAB digital receiver allows you to listen to digital stations in crystal clear sound.

Standard |s|SE

↑ The RCD 510 touch-screen DAB radio/dash-mounted MP3 compatible six CD autochanger features a large 6½ inch colour display, with intuitive menu navigation and touch-screen operation. It also features an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player), an SD card reader and crystal clear DAB digital reception.

Standard |SEL|EX Optional |s|SE

↑ Bluetooth telephone connection for HFP (Hands Free Profile) enabled telephones allows you to use your phone safely and easily whilst driving. The leather trimmed multifunction steering wheel, which is standard on SE, SEL and Executive models, is also included when you specify this option on S models. This allows controls of the audio and telephone systems without taking your hands off the steering wheel, making your journey that little bit easier.

Standard |SE|SEL|EX

Optional |s

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility. Radio shown is RCD 510 DAB radio system.

↑ The RNS 315 touch-screen navigation/DAB radio system features a 5 inch colour touch-screen with clearly arranged map navigation, guiding you to your destination. The MP3 compatible CD player with eight speakers will play CDs even when the navigation system is being used. Music can also be played via the SD card reader and AUX-in socket enabling you to connect external audio devices such as an iPod or MP3 player.

Optional |s|SE|SEL|EX

RCD 510 DAB radio system, RNS 315 navigation/DAB radio system or RNS 510 DVD navigation/DAB radio system cannot be specified in conjunction with each other.

↑ The RNS 510 touch-screen voice activated DVD navigation/DAB radio system with rear-view camera responds to spoken commands for navigation, CD and radio functions, and the clearly arranged map navigation will guide you to your destination. It features a DVD drive, 6½ inch colour screen, 30 GB hard drive with preloaded navigation data, SD card reader and is fully compatible with MP3, WMA and DVD data files. The AUX-in socket and Multi Device Interface (MDI) enables you to connect to an external multimedia source, such as an iPod or MP3 player.

Optional |s|SE|SEL|EX

DVD playback will not function while the navigation system is in use or while the vehicle is in motion.

↑ Also available with the RCD 510 radio system or RNS 315 navigation system, is the rear-view camera. Providing a clear view to the rear of your vehicle, it transmits an undistorted live image to your radio or navigation system's display, enabling you to manoeuvre quickly and easily into the most difficult parking space.

Optional |s|SE|SEL|EX

Rear-view camera is fitted in lieu of DAB digital radio receiver when specified in conjunction with the RCD 510 DAB radio system.

↑ Climate control – 3Zone electronic air conditioning with automatic air recirculation features three zone temperature control, enabling the driver and front seat passenger to adjust the temperature, air supply and air distribution to suit their individual preference, as well as selecting a desired temperature for the rear seat passengers.

Standard |s|SE|SEL|EX

← Available as an option for the rear seat passengers is a separate temperature and fan control for the climate control – 3Zone electronic air conditioning system. Located in the rear of the front centre armrest, it allows rear seat passengers to select their desired temperature.

Optional |s|SE|SEL|EX

Available but not shown. The optional 'Dynaudio' soundpack can be specified to upgrade the acoustics of the RCD 310 or RCD 510 radio systems or, RNS 315 or RNS 510 navigation systems. This option includes an eight channel digital amplifier with 300 watt output and eight speakers, strategically placed for ideal sound distribution offering you exceptional music reproduction.

Optional |s|SE|SEL|EX

Please contact your authorised Volkswagen retailer for further information.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and new Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the new Passat, new Passat Estate and Jetta.

4x4

New Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: Tiguan and new Passat and Estate 4MOTION models.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and R. Or for something more refined and elegant, there's the Eos too.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of 'World Car of the Year 2013'.

TECHNICAL SPECIFICATION (CONTINUED).

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable. All Sharan diesel models require AdBlue®, please see www.volkswagen.co.uk/technology/adblue for more details.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen web site at www.volkswagen.co.uk and at www.vca.gov.org.
- 07) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

TECHNOLOGY.

Engines

Front transverse-installed engine

1.4 litre/150 PS⁽⁰¹⁾ (110 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection twin-charged engine with four valves per cylinder, a supercharger and a turbocharger. Available with a six speed manual or a six speed automatic DSG transmission

2.0 litre/200 PS⁽⁰¹⁾ (147 kW) petrol engine: EU5 emissions standard, four cylinder in-line direct injection turbocharged engine. Fitted with four valves per cylinder and a turbocharger. Available with a six speed automatic DSG transmission

2.0 litre/115 PS⁽⁰¹⁾ (85 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual transmission. Requires AdBlue®

2.0 litre/140 PS⁽⁰¹⁾ (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission. Requires AdBlue®

2.0 litre/177 PS⁽⁰¹⁾ (130 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission. Requires AdBlue®

Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with front disc brakes (ventilated) and rear disc brakes
- Asbestos-free brake pads
- Electronic parking brake

Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual or six speed automatic DSG gearbox with double joint half axles
- Six speed manual: 1.4 litre TSI 150 PS, 2.0 litre TDI 115 PS, 2.0 litre TDI 140 PS, 2.0 litre TDI 177 PS
- Six speed automatic DSG: 1.4 litre TSI 150 PS, 2.0 litre TSI 200 PS, 2.0 litre TDI 140 PS, 2.0 litre TDI 177 PS

Running gear

- Electronic Stability Control (ESC) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar
- XDS electronic differential lock (2.0 TSI 200 PS DSG and 2.0 TDI 177 PS engines only)

Model shown is Sharan SEL with optional 17" 'Jarama' alloy wheels, Xenon dipped beam headlights and metallic paint.

THE SHARAN.

FOR FAMILY LIFE.

VOLKSWAGEN SERVICE.

The Volkswagen Warranty

The Volkswagen Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Sharan are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Sharan then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available.

In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change.

If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet OfTel regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

⁴ Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

⁵ Ensurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SO53 3YA).

⁶ Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.
