# V60

PLUG-IN DIESEL HYBRID

# Welcome to a world first.

The Volvo V60 D6 AWD Plug-in Hybrid is like nothing you've ever experienced. It's the world's first and only luxury diesel hybrid that also runs on pure electricity. It's a car born from Volvo's vision of a sustainable future and increasingly efficient cars. And it's a dream realised – a pioneering, engineering revolution that gives you three different ways to drive in one extraordinary car.

## Your journey. Your choice.

No longer will you have to compromise on performance, efficiency or driving experience in order to drive cleaner. Not here. Climb inside the V60 Plug-in Hybrid and you can achieve a completely clean, emission-free commute if you wish. Or you can be at the wheel of a high-performance car. You can even take a balanced view and enjoy the best of both worlds – it's up to you. Maximum choice to give you the greatest driving pleasure.

## Groundbreaking technology. Breathtaking design.

Inside, all this world first technology can be enjoyed from the world's best driving environment. Designed around the driver and finished in true Scandinavian style with leather upholstery, an electrically adjustable driver's seat and Sensus Connect with high performance audio and Sensus Navigation. Even a completely digital dashboard that you can change to support and enhance your chosen driving mode. Paying attention, always, to you.

# Drive-E advanced technology.

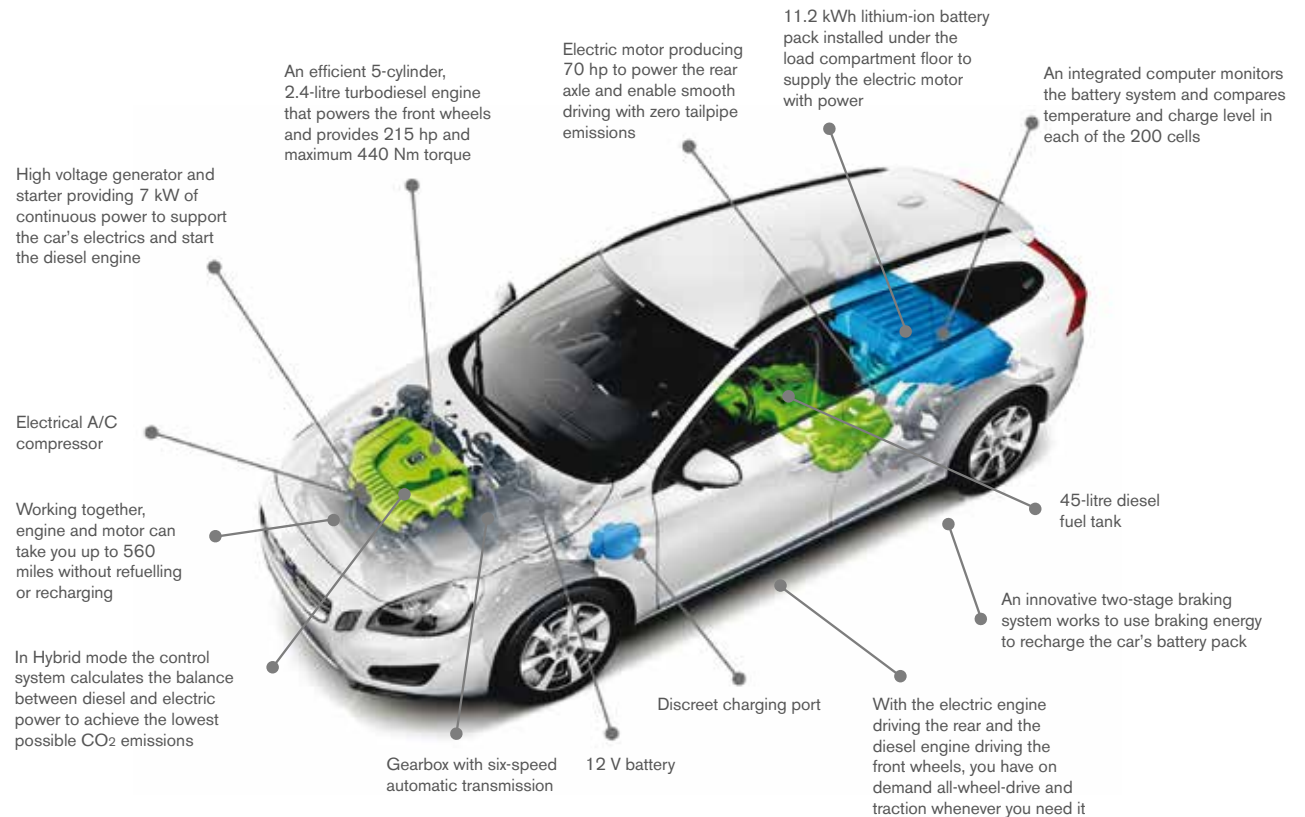

## Pure. Hybrid. Power.

The electric motor and diesel engine of your V60 Plug-in Hybrid can be used independently or together, to give you purity, efficiency and power whenever you need it.

- Press the **PURE** button and you're driving a zero-emissions electric car, taking you up to 31 miles on pure electricity.
- Switch to **HYBRID** and both diesel engine and electric motor combine to give you a balanced, environmentally conscious drive – returning up to 155 mpg with emissions as low as 48 g/km.
- Push **POWER** and you're behind the wheel of a refined but powerful performance car, with a 215 hp turbodiesel engine combining with a 70 hp electric motor to take you to 60 mph in under 6 seconds.

## Charging

Your V60 recharging port is easy to access and use, with LED indicators on the handle showing the recharging status. Just connect the cable to a regular 230 V/240 V socket and you can be fully recharged from empty in 3–4 hours.

# Make the next move.

Our range of finance, service and insurance options will allow you to budget for your new Volvo around one key factor – your lifestyle.

## FLEXIBLE FINANCE

You might be surprised how easy and flexible financing the purchase of your new car can be. As part of Volvo, Volvo Car Financial Services has developed a series of funding plans that will provide you with maximum choice and flexibility when acquiring a Volvo.

## SERVICE PROGRAMME

When you have your car serviced at a Volvo dealer, we make a pledge to you. It's called Volvo Service Promise and it guarantees an unbeatable combination of quality, reassurance and expertise. First, your personal service advisor will deal with any of your questions and make sure you can get to where you need to go. Our expert technicians will then give your car a full health check including a free software upgrade. Finally, we'll provide you with 12 months' complimentary Volvo Roadside Assistance and a car wash. For full details please go to [volvocars.co.uk/servicepromise](http://volvocars.co.uk/servicepromise)

## INSURANCE

Volvo Car Insurance\* has been designed with you in mind, from the moment you get behind the wheel of your new car. It offers excellent value and a range of exclusive benefits, including a UK-based 24-hour claims team.

Call now for your insurance quote on 0800 238 239, quoting reference ZZ07.

\* Volvo Car Insurance is underwritten by Royal & Sun Alliance Insurance plc (no. 93792). Registered in England and Wales at St Mark's Court, Chart Way, Horsham, West Sussex, RH12 1XL. Authorised and regulated by the Financial Services Authority. Calls may be recorded and monitored. All benefits are subject to qualifying status, terms and conditions, cover level and underwriting criteria.

## VOLVO ON CALL

When you subscribe to Volvo On Call you'll never be completely on your own. It's a GPS-based communication system providing 24-hour access to both emergency and roadside assistance wherever you are. Comes complete with a mobile app that provides a car locator, remote dashboard and lock-your-car functionality. For full details visit [volvocars.co.uk](http://volvocars.co.uk)

## ROADSIDE ASSISTANCE

Every new V60 Plug-in Diesel Hybrid comes with 3 years' Premium Volvo Assistance cover. This includes free breakdown and recovery assistance, plus unique benefits like our Enhanced Journey Continuation Package to help you complete your journey in Business Class. And, after 3 years your car will continue to be covered by Volvo Roadside Assistance when it's serviced by an authorised Volvo Dealer every 12 months. For further details please go to [volvocars.co.uk/volvoassistance](http://volvocars.co.uk/volvoassistance)

## WARRANTY

Every new Volvo comes with comprehensive protection. Our warranty covers the first 3 years or 60,000 miles, whichever comes first. There's a 3-year unlimited mileage warranty on the paintwork, and 12 years against rust perforation. The battery is covered by a warranty for 8 years or 100,000 miles – whichever comes first. If a component fails due to a defect or material fault, your dealer will swiftly rectify the problem, free of charge.

Official fuel consumption figures are obtained in accordance with Directive 93/116/EC as amended by 1999/100/EC. The results do not express or imply any guarantee of the fuel consumption of a particular car. The figures are obtained under controlled test conditions and as such consumption achieved on the road will not necessarily accord with the official test results. Factors including driving styles and road, car and weather conditions will also have a bearing on actual fuel consumption achieved. Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg. All diesel models are fitted with a particulate filter. The weight of the vehicle will influence the level of CO<sub>2</sub> emitted and as a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO<sub>2</sub>. However, vehicle tax is paid according to the weight and CO<sub>2</sub> emissions of the standard vehicle, as published in this price list. A weighbridge must be used to determine specific weights. All measurements in mm.
