PLUG INTO THE POSITIVE ENERGY

DRIVE THE CHANGE

RENAULT TWIZY TIMES ARE CHANGING

Don't wait for the future. Twizy's here now. This fun car reinvents city living, starting now. Safe and comfortable, twin seats, totally electric, open-hearted, energetic, sensible and radical. Let's just say it launches the electric revolution in a completely different direction. Time to get the new energy flowing.

Twizy is like nothing you have ever known. Twizy uses lines you could have never imagined before seeing them! Its architecture is guided by function: to surround you in total freedom. Vertical-opening scissor doors are perfect for the city's tight parking spaces.

Forget the excuses that stop you going out, like where do I park? Twizy's answer: everywhere! Stand up, spread your arms. That's all the room you'll need. What to wear? Whatever you want, because Twizy's got you covered. Who am I going out with? Ah... choose carefully, because its two seats do create a certain intimacy. It's so relaxed at swanning around that you can savour several different soirées in a single night. That's Twizy magic.

THE LAST WORD IN URBAN CHIC AND A FIRST FOR YOU

BEING A CITY PERSON MEANS LIVING WITH YOUR COMMUNITY. BUT APART FROM ATTENTION TO THE ENVIRONMENT, CONCERNS ABOUT WELL-BEING AND SAFETY ARE ALSO UP-FRONT. TWIZY IS INDIVIDUALISTIC AND COMMUNITY-ORIENTED, AND ANSWERS YOUR DESIRE FOR INNOVATION AND WONDERMENT. TWIZY. WELCOME TO ETHICAL CITY.

WHAT'S YOUR TWIZY LIKE?

URBAN

The Twizy you want already exists, from conservative to complete fun. It's all down to your tastes. Urban focuses on the Twizy essentials: flexibility, energy and safety. Above all, it's a design in its purest form, which speaks for itself. Twizy Urban, a stand-alone blockbuster.

With a volume of 180L and a max payload of 75KGs, Twizy Cargo is perfect for deliveries and trips with carry-on luggage. No fuss, no hassle, just the room you need with no compromises on driver experience.

OR MAYBE IT'S? TECHNIC

Twizy Technic pushes the envelope down to the finest detail: carbon effects on the roof and glove box tops, metallic paint for electrifying appearance, and black diamond cut alloys, the ultimate finish. The contrasting interior is just as daring with its black and white seats. So chic goes hand in hand with fun.

* The Renault Twizy range has been measured and certified to 62 miles by UTAC (Union Technique de l'Automobile du Motorcycle et du Cycle) on the ECE-15 cycle. Exactly as with petrol and diesel cars, when driven under real conditions, this range will vary according to: speed, driving style, the terrain of the road, the use of electric accessories. Most of these factors can be influenced directly by the driver so as to help maximise the range of the Renault Twizy. For example, the range will be around 50 miles using eco driving principles and 31 miles when driven under severe conditions.

DESIGN YOUR OWN

TWIZY

TWIZY PEOPLE ARE NOT SHRINKING VIOLETS. YOU WANT TO STAND OUT AND BE NOTICED. YOU LIKE TO BE DIFFERENT. THAT'S WHY WE'VE INTRODUCED DESIGN YOUR OWN TWIZY; MAKING THE MOST OF TWIZY'S ABILITY TO STAND OUT FROM THE CROWD LIKE NO OTHER CAR.

CAMO

This is the ultimate in personalisation; as well as a huge range of colours, you can also choose from patterns and designs to make Twizy truly your own. With the new website configurator (www.renault.co.uk/dyot), you will be able to see exactly what your Twizy will look like before ordering.

And it doesn't end there. Lots of businesses are making the most of Twizy's ability to stand out and be noticed. The 'Do Your Own Thing' option within Design Your Own Twizy allows them to make sure their vehicle reflects their business as fully as possible; wraps can include business names and images so the possibilities are limited only by imagination.

TWIZY COMFORT

No room for jealousy aboard the Twizy: two people, one set of welcoming and adaptable comforts. Some like it fully open, others have a little cocoon in mind. This is why Twizy offers optional scissor doors and covers dividing driver and passenger. For a flood of natural light and an unrestricted panoramic view, the clear sky roof is an optional extra, too. Also available is a highly practical accessory: the hands free Bluetooth® kit lets you stay connected. Twizy, a truly outstanding re-definition of openness.

TWIZY STORAGE

Make your move and live it up with Twizy's 40 litres of stowage. Twin glove boxes on the dashboard hold much more than gloves: like drinks cans, sunglasses, and the rest. Storage nets safely hold small items. And for the weekly shop, fix a 50-litre bag to the passenger seat with secure fasteners.

TWIZY TECHNOLOGY

Charging the batteries, couldn't be simpler. Open the front flap, pull out the cable, and plug into any 230V socket. After about three and a half hours, you're good for a real-world range of 50 miles, depending on driving conditions, your driving style and the landscape. Enough to cope with anything, especially since the automatic gearbox helps electric economy. As with the entire Z.E. range, on the dashboard you will see remaining battery life information, so you'll always know where you stand.

TWIZY SAFETY

Twizy is gifted when it comes to looking after you. Its Renaultsport-developed tubular frame protects you from impacts, and four disc brakes mean true active safety. Combined with an amazing turning circle, Twizy is not only a fun vehicle to drive but a really responsive one too. For passive safety, four-point seatbelts and a driver's airbag have never before been seen on a vehicle that's so agile and easy to handle.

ACCESSORIES

Twizy windows - benefit from total protection of the vehicle's cabin in poor weather thanks to an ingenious, high-quality accessory. Twizy windows are fast and easy to fit at home making Twizy even more versatile than ever. Parrot MK9100 Bluetooth kit - a unique Bluetooth hands-free kit, combining the latest in communication technology with a range of music functions. These include wireless remote control and colour display, voice synthesiser and voice recognition requiring no pre-programming, and MP3 iPod connectivity. Add some colors to the wheels to personalize your vehicle! 13 inch alloy wheels in Flame Orange, Urban Blue or Gloss Black Diamond-finish.
