Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

**The Touareg.
See the world from
a fresh perspective.**

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The Touareg. Designed to deliver.

The Touareg's phenomenal off-road capability will find a way even when there appears to be none. The redesigned 4MOTION four-wheel drive system distributes engine power, as required, to all four wheels, ensuring optimum traction and propulsion on virtually all types of ground.

01

02

01 Air suspension CDC (Continuous Damping Control)* offers exceptional ride comfort, with a choice of three settings: Sport, Comfort or Normal, allowing you to choose the driving style that you require. The Touareg can also be raised so it can provide up to 300mm of ground clearance, allowing you to overcome extreme obstacles. To ensure easier and more convenient loading and unloading in the rear can be lowered from the standard height by up to 50mm. Optional on all models.

02 Even if you leave familiar surroundings behind, the **RNS 850 Connect touch-screen navigation/DAB radio off-road display** shows you the way on its high resolution colour TFT screen, with a compass and height display to keep you orientated even in the middle of nowhere, and a steering wheel turn display to help when driving on loose ground. Standard on all models.

03

04

05

06

07

08

03 Totally at home on **gradients of up to 35 degrees**, the Touareg holds its position even when traversing sloping terrain.

04 A **wading depth of up to 580mm** ensures the Touareg crosses water with ease – remember to drive in the direction of the flow and always keep going towards the opposite bank.

05 The Touareg can easily handle a **ramp angle of up to 27 degrees**, providing ample ground clearance.

06 Capable of handling a **30 degree angle of approach**, the Touareg takes ridges, embankments and hills in its stride, making driving great fun.

07 A phenomenal **climbing capability of up to 45 degrees** means steep inclines are no obstacle for the Touareg, providing a welcome opportunity to demonstrate its climbing capability.

08 Escape models feature the redesigned intelligent **4XMOTION four wheel drive system** for optimal traction. A central and rear differential lock coupled with low gear ratios ensures maximum control at low speeds, so that even extreme cross-country journeys become a simple exercise. The vehicle adjusts to the driving situation via a 5-level control, including 'on-road' for roads, 'off-road' for cross-country trips and 'low' for cross-country support. Power is redistributed to the front and rear axle, as required, to prevent rear tyres from spinning on loose ground.

Wading depth, ground clearance, angle of slope and climbing capability can vary depending on engine, equipment and terrain.

		4MOTION (SE, R-Line)	4XMOTION (Escape)
Ground clearance (mm)

	○ 'Raised' load level, maximum	30	30
Angle of gradient (degrees)			
All suspension	Maximum	31	45

Always stylish. On any terrain.

The Touareg's contemporary front design has a powerful road presence, with its distinctive bumper and larger, integrated Bi-Xenon 25W headlights continuing the lines of the redesigned radiator grille, creating a look that is unmistakably Volkswagen. To the rear, the modified bumper with LED fog lights and redefined boot lid line emphasise the athletic build, highlighting the Touareg's sporty character.

The more powerful **Bi-xenon 35W headlights for dipped and main beam, with automatic range adjustment**, ensure the Touareg is ready for anything, with better visibility and illumination of the road ahead. Dipped and main beam follow your steering movements precisely thanks to dynamic curve lighting and static cornering function, while stylish LED daytime running lights provide a unique visual presence to the exterior. Standard on R-Line models and optional on SE and Escape models.

The Bi-xenon 35W headlights also include newly designed **rear light clusters with LED technology** that not only add a touch of style, but ensure greater visibility at night time.

Model shown is Touareg SE with optional Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

Interior.

Whatever the challenge outside, everything is calm inside the Touareg. Latest technology makes navigation easy, all switches and controls are intuitively to hand and the discrete chrome finishes convey a sense of elegance and order.

01 Ergonomically designed for total convenience, the **leather trimmed multifunction steering wheel** enables you to operate the radio, Bluetooth telephone connection and multifunction computer without taking your hands off the wheel. Interior shown is Touareg R-Line with optional premium signature paint.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

02 To ensure you reach your destination quickly and safely, your Touareg is fitted with an **RNS 850 Connect touch-screen navigation/DAB radio system**, complete with 8 inch colour TFT high resolution display, integrated 60 GB hard drive with preloaded navigation data and two SD card readers. The voice-activated system includes a 7 digit postcode search functionality and displays the surrounding area with 3D landmarks. At the touch of a button, the radio system can also be operated from the leather trimmed multifunction steering wheel.

03 The **RNS 850 Connect touch-screen navigation/DAB radio system** provides you with the latest traffic information directly from the internet¹, enabling you to plan the best route. The photo display makes orientation easier and Google Street View™ displays many roads as 360° panoramic images from the driver's perspective.

¹ Internet Services can only be accessed via a separate SIM card when Bluetooth telephone connection to your car is disconnected and the vehicle is stationary.

04 All Touareg models benefit from **Climate control – 2Zone electronic air conditioning**, enabling the driver and front passenger to each select their preferred temperature setting. The system recognises the intensity of the sunlight as well as the outside temperature and adjusts accordingly. Automatic air recirculation prevents unpleasant outside odours, such as exhaust fumes from entering the cabin.

05 The **two-piece front centre armrest** features a handy storage compartment and can be folded and moved forward or backward individually from both the driver's and front passenger's side. Image features optional 'Engineered Ebony' decorative inserts and 'Nappa' leather comfort pack.

06 The **'Vienna' and 'Nappa' leather comfort packs** features a 40:60 split folding backrest, increasing the boot capacity to a maximum 1,642 litres. Optional on all models.

07 The **luggage compartment cover** conceals the contents of your boot, ensuring privacy and protection from the sun, and can be opened automatically for total convenience.

08 The **control panel** in the boot automatically releases the rear seat backrest and the optional towbar, and also lowers the rear of the vehicle for easy loading and unloading.

09 The **'Dynaudio' soundpack** delivers phenomenal acoustics through a 10 channel digital amplifier and 12 speakers, delivering 600 watts of sound. Optional on all models.

10 The **modular design of the rear seating area** enables each rear seat to be moved lengthways and the backrest inclined to three different angles. When moved forward, this increases the boot volume from 580 to 679 litres. Image features optional sunblind and 'Nappa' leather comfort pack.

Images 05 – 08 feature optional 'Nappa' leather comfort pack. Some parts of leather interior will contain artificial leather.

Interior shown is Touareg SE with optional air suspension CDC (Continuous Damping Control), 'Nappa' leather Comfort pack in Titan Black, 'Engineered Ebony' decorative inserts and premium signature paint.

Extreme terrain. Extreme luxury.

The panoramic electric sliding sunroof with a fixed rear glass panel reaches beyond the rear seats, giving an uninterrupted view of the sky above and adding a new dimension of space and light. Easily opened at the push of a button, it lets fresh air into the cabin, while an integrated sunblind provides protection against the sun. Standard on R-Line and optional on SE and Escape models.

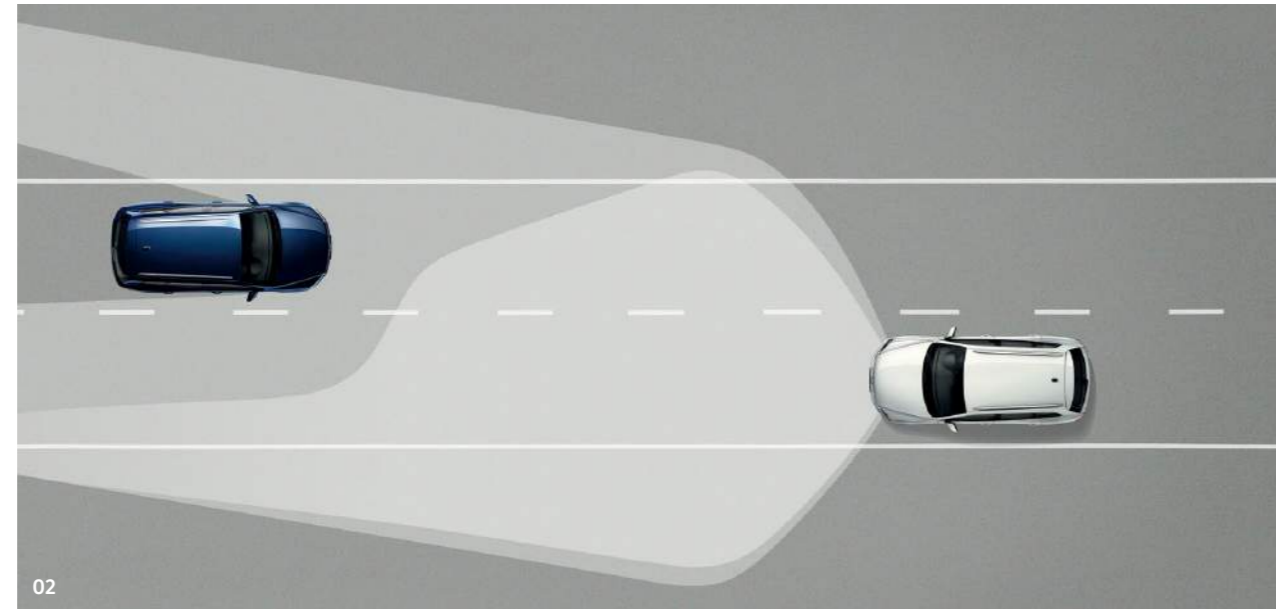

Dazzlingly intelligent.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

Driver's assistance systems.

The Touareg is raring to go, on or off-road. A range of innovative on-board assistants ensures you're prepared for almost any eventuality, helping make driving easier and safer, and providing maximum enjoyment on every trip.

01 The Adaptive Cruise Control (ACC) adjusts your speed to that of the vehicle in front, maintaining the distance specified, and warning you if you get too close. Front Assist warns you if you approach the vehicle in front too quickly and, if necessary, the City emergency braking system will exert enough brake pressure to reduce the severity of a collision or even avoid it altogether. PreCrash preventive occupant protection identifies a critical driving situation and automatically closes the windows and sunroof, as well as tensioning the front seat belts as a precautionary measure. Optional on all models.

02 Dynamic Light Assist senses the lights from oncoming vehicles and automatically switches between dipped and main beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order to avoid dazzling vehicles in front, ensuring better vision and safety when driving at night. Optional on all models.

Must be ordered in conjunction with optional Bi-xenon 35W headlights on SE and Escape models.

03 Automatic Post-Collision Braking System starts the brake operation after impact to help avoid further collisions. Standard on all models.

04 Lane Assist is a camera controlled warning system that warns the driver via an audible warning and steering wheel vibration if the vehicle is about to leave its chosen lane unintentionally. **Side scan** makes motorway driving safer by helping to prevent accidents when you want to change lanes. The radar system monitors the areas to the left and right of the car and up to 50 metres behind it, and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirror housing. Lane assist and Side scan is optional on all models.

Must be ordered in conjunction with optional Interior trim packs or heated multifunction steering wheel on SE and Escape models.

Comfort and convenience.

The Touareg is designed to take the stress out of life. A wealth of standard features and optional extras help to make driving as easy as possible, ensuring you enjoy the ultimate comfort and convenience.

01 The **electronic tyre pressure monitoring system** keeps you informed about the air pressure of each tyre via the multifunction display, warning you of any changes. This enables you to maintain optimum tyre pressure, increasing the lifespan of the tyres and reducing fuel consumption. Standard on all models.

02

02 The **hands free tailgate opening** function enables you to open the tailgate without having to make contact with your Touareg. A small foot movement triggers sensors at the vehicle's rear. Hands free tailgate opening is a function of the optional **Keyless entry/keyless start** and **full electric tailgate operation**. Optional on SE and Escape models.

Please note, keyless entry/keyless start is standard on R-Line models, but does not include hands free tailgate opening.

03 **Area View** front, rear and side cameras provide a 360 degree exterior view transmitted to the RNS 850 Connect touch-screen navigation/radio system's display, providing a bird's-eye view to the front and enabling you to see around left and right hand corners to an angle of over 90 degrees. Optional on all models.

03

04 Area View's **reversing camera** provides a view of the area behind your Touareg, transmitting an image direct to the RNS 850 Connect touch-screen navigation/radio system's display. Superimposed lines show the path you should take when reversing, ensuring you avoid obstacles below eye level. Optional on all models as part of Area View.

04

05

05 **Parking sensors** issue an optical and audible warning as soon as your vehicle approaches an object to the front or rear when manoeuvring into a parking space. Standard on all models.

Live life on the edge.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The Touareg SE.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

Interior shown is Touareg SE with optional air suspension CDC (Continuous Damping Control), 'Nappa' leather Comfort pack, 'Engineered Ebony' decorative inserts and premium signature paint.

The impressive exterior styling of the Touareg SE includes 19 inch 'Salvador' alloy wheels, automatically range adjustable Bi-Xenon 25W headlamps with daytime running lights and front fog lights with static cornering function, while body-coloured door handles, door mirrors and bumpers, and chrome trimmed grille louvres, door trims and window surrounds reinforce the quality of build. This is a car that looks and feels solid, while carrying significantly less weight than previous models. LED rear fog lights and number plate lights, a black diffuser and angular chrome exhaust tailpipes, left and right complete the exterior. Inside, the high level of equipment continues with 'Cricket' leather upholstery, 'Burr Walnut' decorative inlays on the dash, centre console and doors, and a leather trimmed multifunction steering wheel and gear knob. Other luxuries include heated front seats with 6-way adjustment and lumbar support, Bluetooth telephone connectivity, the RNS 850 Connect touch-screen navigation/DAB radio system and a Multi Device Interface (MDI) with iPod cable and latest generation Lightning to 30-pin adaptor. Features such as the automatic coming/leaving home function, climate control - 2Zone electronic air conditioning with automatic air recirculation, electric windows, multifunction computer and cruise control enhance the driving experience, ensuring you arrive at your destination calm and relaxed.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility. Some parts of leather interior will contain artificial leather.

The exterior specification of the Escape includes off-road suspension raised 10mm at the front and 15mm at the rear, dynamic 18 inch 'Karakum' alloy wheels and body-coloured front and rear bumpers with black sills and lower bumper parts. The dynamic styling continues with a chrome trimmed upper grille with black lower grille louvres, black side window surrounds and black load sill protectors, and completed with black round tailpipes, black roof rails and front underbody protection in black. Inside, the Escape builds on the impressive specification of the luxurious SE with 'Silver metallic' decorative inserts in the dash, centre console and doors, a headlight cleaning system and a 100 litre fuel tank, ensuring you won't run out of fuel on an off-road adventure.

The Touareg Escape.

Rugged and robust, the Touareg Escape offers the ultimate in off-road style and capability, allowing you to chart new territory in the lap of luxury.

Model shown is Touareg R-Line with optional 20" 'Talladega' alloy wheels, Driver's Assistance Pack and Area view.

The Touareg R-Line.

Dynamic and distinctive, the Touareg R-Line is athletic, powerful and sporty, with lowered sports suspension, aerodynamic styling and exclusive trim inside and out.

Lowered sports suspension (by approximately 25mm), 20 inch 'Tarragona' alloy wheels and a rear roof spoiler hint at its sporting prowess, reinforced by the 'R-Line' body styling kit that includes unique front and rear bumpers and side skirts, and unique 'R-Line' badging on the front grille. Bi-Xenon 35W headlights are automatically range adjustable, with dynamic curve lighting, static cornering and LED daytime running lights, and the exterior also features a headlight cleaning system, tinted glass from the B pillar back and new LED tail lights. Interior styling continues the story, with a multifunction heated 'R-Line' steering wheel with paddle shift, unique door sill protectors with 'R-Line' logo and aluminium-look pedals, enhanced by the black roof lining, 'Gloss black' surrounds in the dash and centre console, and 'Silver Lane' decorative inlays in the dash, centre console and doors. The R-Line takes its lead from the impressive SE specification, with the addition of keyless entry and keyless start, automatic electric opening and closing of the rear tailgate and a panoramic electric sliding sunroof with a fixed rear glass panel, ensuring the highest standards of comfort, convenience and luxury on every trip.

Interior shown is Touareg R-Line with optional 'Nappa' leather R-Line Sports pack, Memory pack and Dynamic air suspension CDC (Continuous Damping Control).

Think Blue.

Sustainability + Ingenuity.

'Think Blue' is Volkswagen's promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

Think Blue.
Smart ideas for sustainable driving.

Start/Stop technology
saves fuel and therefore cuts emissions by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system
saves fuel by making the most of energy that's usually lost when you brake.

Turbocharged engines
deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres
save you fuel by reducing the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars
include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles
comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts combined with the ultimate in driving efficiency and low operating costs. The ultimate way to Think Blue.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and Golf R.

Efficient

Our **BlueMotion** models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

Spacious family cars

New Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet or the Golf Cabriolet.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the Jetta, and executive comfort in the Passat and Passat Estate – winner of 'European Car of the Year 2015'.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, '4MOTION', as standard for optimum road grip, stability and control.

Go anywhere, do anything in our four wheel drive alternatives: new Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Official CO ₂ emission, g/km ⁽⁰⁷⁾	173	174	180
Emission class	EURO 6	EURO 6	EURO 6
Noise, dB	71.0	71.0	71.0
Notes			
01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.			
02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.			
03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.			
04) Fully compatible with 5% bio diesel in accordance with EN590 Standard. SCR (Selective Catalytic Reduction) requires AdBlue®, please see www.volkswagen.co.uk/technology/adblue for more details.			
05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.			
06) Fuel consumption and CO ₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen web site at www.volkswagen.co.uk and at www.vca.gov.org .			
07) The weight of a vehicle will influence the level of CO ₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO ₂ .			

Technology.

Engines

3.0 litre V6 TDI SCR 204 PS ⁽⁰¹⁾ (150 kW) diesel engine: six cylinder 'V' engine, four valves per cylinder, two overhead camshafts per cylinder bank, turbocharger with variable turbine geometry, valve drive via roller valve levers, injection system of the third generation with Piezo inline injectors and 1,600 bar injection pressure

3.0 litre V6 TDI SCR 262 PS ⁽⁰¹⁾ (193 kW) diesel engine: six cylinder 'V' engine, four valves per cylinder, two overhead camshafts per cylinder bank, turbocharger with variable turbine geometry, valve drive via roller valve levers, injection system of the third generation with Piezo inline injectors and 1,600 bar injection pressure

01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

Running gear

- Front and rear independent suspension on double wishbones with acoustically insulated subframes
- Front and rear anti-roll bar

Transmission

- Eight speed automatic tiptronic gearbox
- 4MOTION permanent four wheel drive with Torsen gearbox as standard; self locking central differential with asymmetrical-dynamic drive distribution; off-road driving programme activated by rotary switch and manual ASR deactivation
- Escape: 4XMOTION permanent four wheel drive including interaxle differential with electronically-controlled disc lock and low-range box with differential lock, operation by five selector off-road rotary switch and manual ASR deactivation

All figures in millimetres. On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

The ownership experience.

Owning and driving a Touareg is an extremely rewarding experience. It's not just the performance, build quality, comfort and practicality that satisfies, the level of after-sales support is exemplary. To deliver such high levels of service, we've introduced a network of specialist service outlets, all having the necessary specialist equipment and high levels of skills required to look after your car.

Within each specialist service outlet we have introduced a new team member. Licensed Technicians meet the highest standards within their field for professionalism, skill and knowledge. Our aim is to make buying and looking after your car more enjoyable. When it comes to servicing, we appreciate that it may be more convenient for us to visit you. So, whether you're at home or the office, one quick and easy phone call is all it takes to arrange for a convenient collection and delivery.

Naturally, we'll provide you with a replacement Volkswagen and we have also set up a dedicated telephone line for Touareg owners. Our Luxury Car Support Centre is open six days a week, and is a single point of contact for Touareg owners.

Comprehensive cover from Volkswagen Roadside Assistance.

Your Touareg is covered by the excellent support service of Volkswagen Roadside Assistance for the first three years after registration. This is a 24 hour, 365 days a year pan-European emergency home and roadside recovery service manned by professional multilingual staff. It's not just there for the unlikely event of a breakdown, Volkswagen Roadside Assistance can ease the uncertainty following an accident or the inconvenience should you run out of fuel or lose your keys. You will benefit from a priority response following your call to our dedicated team of support staff.

Volkswagen Roadside Assistance provides many benefits and complete peace of mind. For example, should you be in the unfortunate situation of a breakdown, we'll arrange overnight accommodation or onward travel for you and your passengers. In addition, there's an Accident and Legal Helpline. Terms and conditions apply. Please see your authorised Volkswagen retailer for details and brochure.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

Volkswagen service.

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Touareg are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car. There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Touareg then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Insurance⁵

Get three years' Volkswagen Insurance cover for free. Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Insurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen Insurance approved repairer, by Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Insurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

CO₂ Emissions

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

AdBlue[®]

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue[®] which must be kept topped up. Please see www.volkswagen.co.uk/technology/adblue for more details.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg and Phaeton which are registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available.

In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change.

If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet OfTel regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workspe.

³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

⁴ Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

⁵ Insurance from Volkswagen Insurance is sold and administered by Lawshield UK Limited, registered in England number: 3360532 (registered office: Lawshield House, 850 Ibis Court, Lakeside Drive, Centre Park, Warrington, Cheshire WA1 1RL) and underwritten by UK General Insurance Limited on behalf of Ageas Insurance Limited, registered in England number: 354568 (registered office: Ageas House, Tollgate, Eastleigh, Hampshire SO53 3YA).

⁶ Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.
