## Add Ons that deliver more

**Every model covered**

Get your Caddy, Transporter, Crafter or Caravelle working even harder.

**Add Ons**  
Accessories to help keep your vehicle 100% Volkswagen

## What are Add Ons?

Every Volkswagen comes with a great range of factory-fit options, but you may need something extra. That's where Add Ons come in.

Add Ons is an extensive range of Volkswagen-approved accessories, which can be bought and fitted at your local Van Centre. If you want to add style, get more from your cargo bay, turn a work van into a leisure vehicle, or add audio, phone and sat-nav, we've got a solution for you.

Add Ons are designed with Volkswagen in mind, so they're a perfect match for style and fit. They're also built to be as rugged and long-lasting as your vehicle.

Most Add Ons have a two-year warranty. If you order and have them fitted with your new van, we may be able to match your three-year vehicle warranty.

Visit your local Van Centre today, and ask them how much Add Ons can add to your life.

See something you like?  
Pop into your nearest  
Van Centre, or call  
**0800 717 131.**

# Featured Add Ons...

Need some fresh ideas to help you get the most out of your van? We've got it covered.

## Stand out from the competition

Make sure that your van – and your business – give the right first impression. These satin black side rails are now available as part of a great range of Sport and Styling

See [p22](#) for Transporter >

## Safety is paramount

You can now add cruise control to your Transporter as an Add On. When driving long distances, keeping your van at constant, safe speeds with

See [p34](#) for Transporter >

Add Ons for the iconic Transporter. Not only do they add a little bit of extra class to your vehicle, they also help protect your sills from day-to-day damage.

less effort can be a big stress-buster. Your van will also be more efficient to run, as you won't waste as much fuel accelerating and decelerating.

## Make light work of loading

Shed light on your load by adding these two LED units, which turn on and off automatically as you open and close the doors. Another small touch to help make your working life easier.

See [p33](#) for Transporter >

## Take a new direction in audio

We've got lots of audio options that let you add DAB digital radio, hands-free Bluetooth® phone features, iPod and iPhone connectivity, DVD playback or satellite-navigation to your vehicle.

See [p42](#) for Crafter >

This new Kenwood DAB/Bluetooth satellite-navigation system for the Crafter does it all, and can be controlled via the 6" interactive touch-screen, or the multi-function steering wheel controls.

Some functions will only work when vehicle is stationary. Multi-functional steering wheel – subject to model.

## Protect your load – and your van

Thieves aren't only after the stuff stored in the back of your vehicle. Your catalytic converter is a valuable item that is exposed and easily accessible. You can protect it, though, with this CATLOC® device.

[p46](#) for Crafter >

## Guard against scuffs and scrapes

Keep your van in tip top condition with our range of Add Ons to protect against everyday wear and tear. These door sill guards in black with a polished stainless steel insert look super smart.

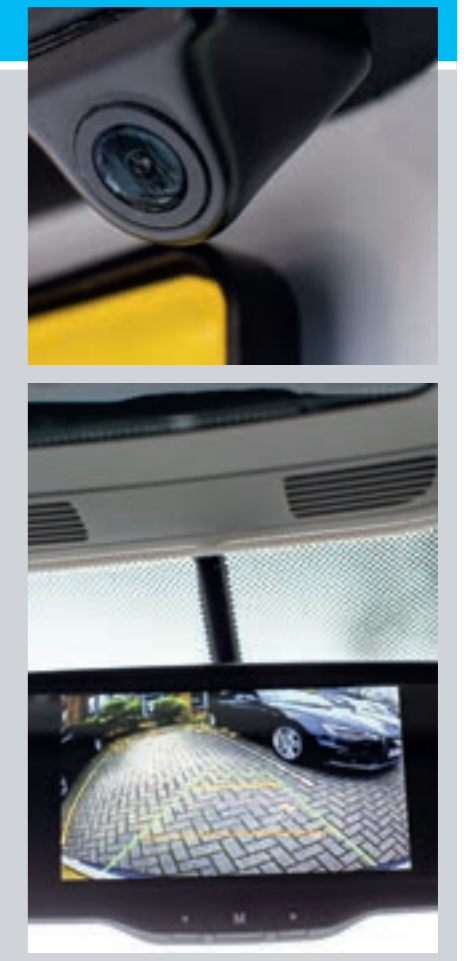

See [p31](#) for Transporter >

## An extra pair of eyes for parking

Make parking easier by opting for the reversing camera. Mounted on your boot and displaying an image on your rear-view mirror, it gives you a clear picture of what is behind you as soon as you put your vehicle into reverse. You can see objects low down on the floor that parking sensors often miss, and it also helps when hitching up trailers.

[p19](#) for Caddy >  
[p33](#) for Transporter >  
[p46](#) for Crafter >

# The Caddy range

The Caddy is Volkswagen's smallest van, but its compact dimensions don't restrict the Add Ons that it can pack in.

### Drive digital p15

Get more radio stations and better reception with this handy digital radio upgrade.

### Rhino roof rack p11

The raised sidebars of this durable roof rack make transporting bulky goods safe and easy.

### Towbar p13

Choose from fixed or detachable towbars to increase your Caddy's load capacity.

### 16" Sima alloy wheel p9

These best-selling alloys will keep your vehicle looking smart on the road.

### Side rails p8

Polished stainless steel rails will make your Caddy look the part and protect your sills from damage.

# Sport & styling

Make your Caddy stand out from the crowd – give it a little individual flair with these stylish and sporty exterior accessories.

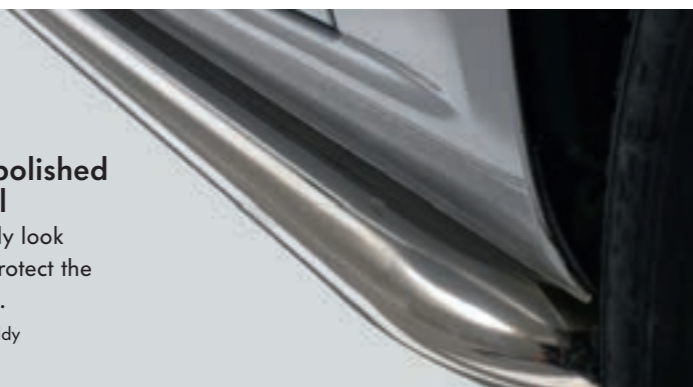

## Tinted lights

An eye-catching alteration to your Caddy's rear-end. Available for both tailgate and asymmetric wing doors.

## Side rails in polished stainless steel

These rails not only look good, they also protect the sills from damage. Available for both Caddy and Caddy Maxi.

## Rear spoiler

Add a touch of class to the rear of your van with a spoiler. Available in Reflex Silver or Tornado Red, or primed ready for painting to perfectly match your vehicle colour. Suitable only for vehicles with twin doors.

Tornado Red

Reflex Silver

## Lowering springs

Enhance the look and the ride of your vehicle with Eibach lowering springs. Not suitable for Caddy Maxi. See price guide for technical details.

## Rear strip in polished stainless steel

Designed to add a stylish finish to models fitted with a tailgate.

BEST SELLER

## 16" Sima alloy wheel

6J x 16 alloy wheel. Requires 205/55 R16 tyre.

## 15" Tangis alloy wheel

6.5J x 15 alloy wheel. Requires 195/65 R15 or 205/60 R15 tyre.

## 17" Sportline alloy wheel

7J x 17 alloy wheel. Requires 225/45Z R17 tyre.

## Top alloy tips

**Clean your alloys regularly**  
Brake dust is full of metal, carbon and adhesive particles. It's deeply corrosive, so clean your alloy wheels every couple of weeks using a wheel brush and wheel cleaner fluid.

**Give them a layer of protection**  
Once you've washed your wheels and let them dry, coat them with an alloy-wheel protector (wax versions work best) to stop road dirt and brake dust building up and corroding them. They'll be easier to clean next time, too.

**Leather seats – Sport**

Your choice of two-tone upholstery with complementary colours in either the side ‘fillet’ panels or the mid-centre back and seat panels. With both designs, the stitching is in the contrasting colour. You can choose between pillow-effect or flat cushioning.

**Leather seats – Sport colours**

Main colour is black only, with a choice of three fillet panel and stitching colours.

Titan Grey

Dark Red

Ocean Blue

**Leather seats**

Add a touch of luxury as well as durability and practicality to your vehicle with single-colour, smooth, high-quality leather with matching stitching. You can also have your choice of pillow-effect or flat cushioning.

**Map pockets**

Map pockets are standard on all leather packs for vehicles with more than three seats.

**Leather seats – colours**

Available in two colours.

Titan Grey

Black

# Transport & touring

By adding a few transport Add Ons, you can make your load space even more versatile. Perfect for work and leisure.

**Front-window wind deflectors**

These deflectors will prevent rain blowing in your face when you lower the window. They will also help to keep the sun out of your eyes.

**Load-bar set**

These load bars are lightweight and stable – and are easy to fix on your roof rails, where the anti-theft locks keep them safe. Maximum load: 100kg. Only for vehicles with factory roof rails. Cannot be used with the surfboard or kayak holder.

**Angle brackets**

Fitted to a roof-bar set, these brackets are the easy solution for ladder transport.

**Rhino roof rack for the Caddy and Caddy Maxi**

The Rhino is tough, with raised sidebars and lots of lashing possibilities for transporting bulky goods easily and safely. Maximum roof-rack load: 67kg. Warranty of one year only.

**BEST SELLER**

**Roof-bar set**

Adding roof bars to your van can boost your load capacity by 100kg. If you use them with our roof-bar Add Ons, you can fine-tune your vehicle to meet your needs.

**Volkswagen roof boxes**

These stylish new roof boxes offer 310, 340 or 460 litres of load space. You'll need the roof-bar set.

BEST SELLER

### Tailgate bicycle holder

Quick and easy to install, this bike holder can carry up to three cycles. It also helps to keep them safe, with anti-theft protection. Cannot be used with rear-wing doors, or with spoilers. Tailgate should not be lifted with bikes on.

### Roof-bar-mounted bicycle holder

One holder shown, but you can fit more, depending on bicycle size and weight. You'll need the roof-bar set.

### Towbar bicycle rack and extension

Carry two bikes, with lockable fastenings. An extension for a third bike is available. Max load: 50kg. Requires towbar to support 50kg.

### Surfboard holder

Designed to transport a surfboard and two masts. Includes four mast holders (two per mast) and two tensioning straps. You'll need the roof-bar set.

### Kayak holder

Holds a kayak securely with minimum fuss – and there's no need for knots. You'll need the roof-bar set.

### Pull-out ski and snowboard holder

Pull out extenders make it much easier to load and unload winter gear. Holds six pairs of skis or four snowboards. You'll need the roof-bar set.

### Headrest coat hanger

Attaches easily to your headrest to keep your jacket safe and crease-free.

BEST SELLER

### Towbar: fixed swan neck

With a fixed towbar you are ready to hook up a trailer that can carry more equipment.

You'll need 13-pin towing electrics.

# Towing

The Caddy is compact, but it's also powerful. Adding a towbar can help increase how much you can carry.

## Towing tips

### 1 Watch your weight

Once loaded, make sure your trailer never exceeds your van's maximum towing limit or gross train weight – you'll find these in your handbook or on your van's weight plate.

### 2 Load well, stay stable

For stability, put the heaviest items low down over the trailer axle. Ensure the trailer has a slightly nose-down attitude, but it must never exceed the van's or trailer's noseweight limit.

### 3 Check your tyres

Your van's tyres may need to be inflated to a greater pressure when towing. Check your handbook to be sure.

### 4 Go detachable

A permanent towbar can make parking harder. A detachable unit, however, is there only when you need it.

### Towbar: detachable swan neck

Lets you increase your load capability by attaching a trailer – but the towbar isn't on your van until you need it.

You'll need 13-pin towing electrics.

# Technology

Stay connected and entertained with Bluetooth® phone and audio connectivity, as well as the latest advanced digital DAB radios.

## Bluetooth® phone connectivity

### Bluetooth® Touch Phone Music kit

Control your phone by voice or the 2.8-inch colour touchscreen – and have texts and emails read to you. The Bluetooth® Touch Phone kit uses your vehicle's audio system, so you can also listen to music stored on your mobile. You'll need a Quadlock or ISO lead.

### NSV Bluetooth kit

This attractive Bluetooth® kit can be seamlessly integrated into your van's cab, so it looks factory fitted.

- Single push-button operation for answering and ending calls
- Last-number redial
- Automatically mutes your van's audio when you're on a call
- Voice-activated dialling
- Automatically pairs with your phone when you turn on the ignition
- Recognises up to five phones
- Directional microphone
- Compatible phones can play music wirelessly through your van's speakers (iPhone not included).

## Plug in your MP3 player

### Media-in unit

Want to connect your iPod or a USB stick full of MP3 music files? The Media-in unit lets you charge your iPod and control your music from your audio system.

You'll need a Quadlock lead. In Caddy and Caddy Maxi vans you'll need to upgrade the radio.

### iPod adaptor

The iPod adaptor quickly connects an iPod or iPhone to your vehicle's radio or sat-nav. Your system controls the iPod or iPhone, plays the audio and charges your device at the same time.

## Digital DAB radios: more choice and a clearer signal

### Kenwood DAB Multimedia System

This stunning unit takes integrated entertainment to a new level.

- Using the eye-catching 7" high-res touchscreen, you can control music from CDs, iPhones or iPods (with the optional lead)
- Includes digital DAB radio for more stations and a clearer signal
- Watch DVDs when at rest
- European satellite-navigation can run in split-screen mode
- Hands-free Bluetooth® phone connectivity lets you view SMS text messages from selected handsets

SMS texting depends on phone model. You'll need an extra lead to connect your iPod or iPhone. Some features only work when the vehicle is stationary.

### Drive digital

Enjoy a wider choice of radio channels and improved sound quality with this professionally installed radio upgrade. You can browse stations and even pause and rewind while listening. It's also possible to connect music and USB devices for added choice.

### Autodab

This professionally installed DAB system lets you enjoy all the benefits of digital radio. Choose from new digital stations and enjoy old favourites with improved audio quality. It also uses your vehicle's display to show song and artist info from certain stations.

## Put on a DVD

### Click9 Lite Duo Twin Portable DVD system

A new slim-design, dual-screen DVD player that keeps passengers entertained. It has two 9" screens and 'Click and Go' technology – a clever mounting system means that you only need connect all the cables once. Then simply click the player into its mount to play the film.

Includes two wireless headphone sets.

### Kenwood CD/Digital Radio

This DAB radio system has a clever chip that eliminates breaks and distortion in reception. You can hook up your iPod to the system, and search by playlist, genre, artist and album.

# Protection

Hard-working vans can take a beating, but a few Add Ons will help keep your pride and joy looking the business.

BEST SELLER

## Waterproof seat covers

Protect your seats from wet and dirt with these removable, machine-washable waterproof seat covers.

Only available for driver and front-passenger seats.

Not suitable for vehicles with side airbags.

## Front and rear mudflaps

Protect your vehicle from whatever the road throws up. Available in pairs, so you can add them to either the front or rear – or have them fitted all round.

## Rear-bumper cover

Help protect your rear bumper from daily wear and tear. Lifting heavy items in and out of your van's load bay inevitably leads to scratches. This invaluable piece of equipment means the rear bumper doesn't have to take all the knocks. It's also available in Silver.

## Headlight protectors

These protectors come with two sets of adhesive decals to convert your headlight beams for driving on the Continent.

For advice on driving abroad, please refer to the AA website: [www.theaa.com/motoring\\_advice/overseas](http://www.theaa.com/motoring_advice/overseas).

## Front and rear carpet mats

Protect the floor of your van with these carpet mats in Anthracite or Art Grey.

Rear mats not illustrated. Art Grey available on Caddy 2004 to May 2007 only.

## Front and rear rubber mats

Protect your van's floor with these durable rubber mats. Fixings included.

Rear mats not shown, but are available for Caddy 2004 onwards and Caddy Maxi 2008 onwards.

BEST SELLER

## Plylining kits

We offer a full range of high-quality plylining kits. Key features include:

- Premium-grade plywood – 9mm for the floor and boxed wheel arches, 6mm for the sides
- Kits are machine cut for an accurate fit specific to your van
- Materials are sourced only from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk)
- The sealing on all joints stops any liquid or dust and dirt seeping through or collecting

Image for illustration purposes only.

## Flexible bootliner

Versatile protection for your load area that you can take out and store easily as required.

Available on the Caddy window van and Caddy Maxi Life only.

## Flexible loadliner

This practical loadliner is washable and has a non-slip, acid-resistant surface. The raised rim (about 50mm) helps to contain any spillages.

Available on the Caddy window van with kombi seats and Caddy Maxi Life.

## Rigid loadliner

A robust loadliner with strong, high sides and cross corrugations for added strength. Available for the full load area and for vans with the kombi seat pack.

## Foldable bag

This adds flexibility to your load area and keeps items secure during transit. It folds away neatly when not in use.

## Door sill trim plates

This black film with silver-coloured strips adds even more style to your Caddy and protects the sill against scratches. Easy to stick to the front and rear door sills. Two films in each kit.

# Safety & security

These Add Ons will help keep you safer, give you peace of mind – and keep your load secure.

**BEST SELLER**

### Solid rear-window guards

Increase your vehicle's security by adding solid rear-window guards. Ideal for keeping your load away from prying eyes.

### Safety kit

A first aid kit, warning triangle and fluorescent safety vest to give you peace of mind in any roadside emergency.

### Rear mesh guard

Make your load space more secure with mesh rear-window guards – without losing the view out of the back.

### Luggage net

Make sure your luggage and loose items stay in place while you drive. This net uses the load-lashing rings on the floor of your van.

Now available in the Caddy Maxi.

### Load-separator grille and load-dividing grille

These accessories prevent forward and sideways movement of luggage. Available as just the separator grille or with the dividing grille as well.

### Ratchet net

Secure heavy objects in accordance with DIN and EN standards. This nylon and steel net fixes to lashing eyes, and the load is tightened down using a cross-belt with ratchet. Net size: 900 x 500mm.

### Reverse parking camera

Rear door-mounted camera that gives a visual warning of obstacles directly behind the vehicle. It complements the audible rear parking sensors (if fitted), and is activated by selecting reverse gear.

The image from the camera is displayed on the interior rear-view mirror for ease of visual display, with guidance lines to reflect vehicle positioning when reversing.

### Reversing-aid kit

Consists of four sensors, which can be painted to match your vehicle's body colour. Can be used with the Caddy and Caddy Maxi detachable and fixed swan-neck towbars.

Not suitable for vehicles with fixed-flange towbars.

### CobraTrak for Volkswagen

Using the latest GPS/GPRS/GSM tech, Volkswagen's partnership with CobraTrak stolen-vehicle tracking means you can be safe in the knowledge that your vehicle's location can be pinpointed across Europe. Visit your local Van Centre to find out the system's full capabilities and how it can work for you.

### Alarm system

This alarm comes in three parts for maximum security: an alarm module, alarm harness and load-area sensor.

### Anti-theft wheel bolts

A set of four bolts with a key and identification codes.

Not illustrated.

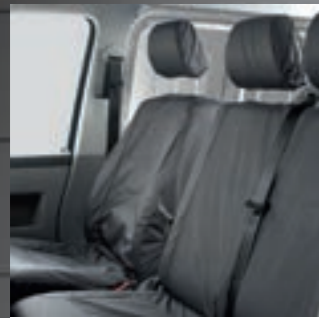

### Snow chains

For those winter days when you absolutely need to brave the extreme conditions, these mighty snow chains will keep you on the move through even the most snow-covered routes.

Available only on Caddy and Caddy Maxi.

# The Transporter & Caravelle range

A selection of Add Ons that give even more day-to-day practicality, style and protection to your vehicle.

### Waterproof seat covers p30

Protect your seats from everyday dirt with these fitted, machine-washable seat covers.

### LED daytime running lights p22

Add an extra touch of road presence to your Transporter or Caravelle, making sure you're the first to be seen.

## Contents

22 Sport & styling	28 Technology
25 Transport & touring	30 Protection
27 Towing	33 Safety & security

### Kenwood DAB Multimedia p29

Take in-car entertainment to a new level with a high-res touchscreen and mobile phone connectivity.

### Door sill guards p31

These black ABS protectors are contoured to the vehicle to protect against scuffs, while the polished stainless inserts add style.

### Side body mouldings p31

These easy-fit strips add a stylish touch to your van's profile and help to protect the side of your vehicle from knocks and scrapes.

## TRANSPORTER 60

Ask about the exclusive Transporter 60 Anniversary Accessory Pack at your local Van Centre.

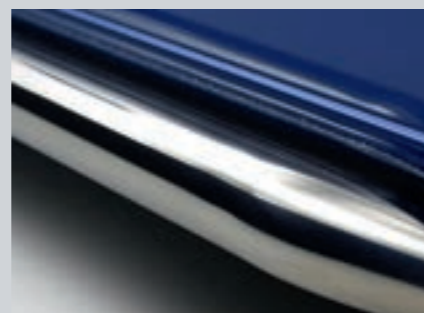

# Sport & styling

Make your vehicle – and your business – stand out from the competition with these eye-catching Add Ons.

## Side rails in satin black or polished stainless steel

These rails not only look great, they also protect the sills from damage.

Available for both short-wheelbase and long-wheelbase vans.

**BEST SELLER**

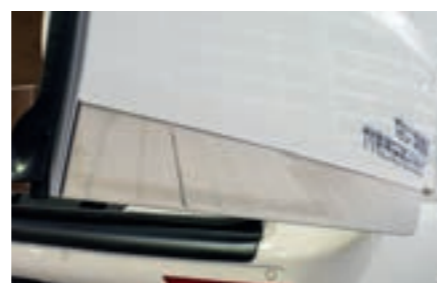

## LED daytime running lights

Add an extra touch of road presence to your Transporter or Caravelle, making sure you're the first to be seen.

## Polished stainless steel tailgate trim

Finish off your van's signature look with this skirt. Also available for twin doors.

## Chrome tailguard cover

Give your rear doors extra protection and an added touch of reflective style.

## Rear twin-door spoiler

Add a touch of class at the back with a spoiler. Available in the colours below. Only for vehicles with twin doors.

## Rear tailgate spoiler

Add a rear tailgate spoiler for a sporty look. Available in the colours below. Only for vehicles with a tailgate.

## Front spoiler

Add a front spoiler. Available in the colours below or primed for painting to match your vehicle colour.

## Spoiler colours

Available in the colours shown, or primed ready for painting to perfectly match your vehicle colour.

Map pockets are standard on all leather packs for vehicles with more than three seats.

**Leather seat colours**

Available in two colours.

Titan Grey

Black

# Transport & touring

If you need to boost your luggage or load capacity – whether it’s for work or play – these versatile Add Ons fit the bill.

**Rhino roof rack**

The Rhino is tough, with raised sidebars and lots of lashing possibilities for transporting bulky goods easily and safely. Maximum roof-rack load: 105kg. For vans with or without factory roof preparation.

**Angle brackets**

Used with the roof-bar set, these angle brackets offer the perfect solution for transporting ladders.

**Single roof bar**

Add an extra roof bar if your van has a long wheelbase and increase your load space.

For use with roof-bar set.

**Front-window wind deflectors**

These deflectors will prevent rain blowing in your face when you lower the window. They will also help keep the sun out of your eyes.

**BEST SELLER**

**Roof-bar set**

Adding roof bars to your van can boost your load capacity by 100kg. If you use them with our roof-bar accessories, you can fine-tune your vehicle to meet your needs.

**Volkswagen roof boxes**

These stylish new roof boxes offer 310, 340 or 460 litres of load space. You'll need the roof-bar set.

BEST SELLER

### Tailgate bicycle holder

Quick and easy to install, this bike holder can carry up to four cycles (with a 60kg load limit).

Cannot be fitted if you have a spoiler on your roof edge or tailgate.

Tailgate should not be lifted with bikes on.

### Roof-bar-mounted bicycle holder

One holder is pictured, but you can fit more than one on your roof bars (depending on bicycle size and weight).

For use with slotted roof bars only.

### Pull-out ski/snowboard holder

Pull out the extenders and make it much easier to load and unload winter gear. Holds six pairs of skis or four snowboards. Requires roof-bar set to be fitted.

### Kayak holder

Holds a kayak securely with minimum fuss – and there's no need for knots.

Requires roof-bar set to be fitted.

### Towbar bicycle rack and extension

Carry two bikes with lockable fastenings. An extension lets you add a third bike.

Maximum load: 50kg. Requires 50kg towbar capacity.

### Surfboard holder

Designed to transport a surfboard and two masts. Includes four mast holders (two per mast) and two tensioning straps.

Requires roof-bar set to be fitted.

### Foldable bag

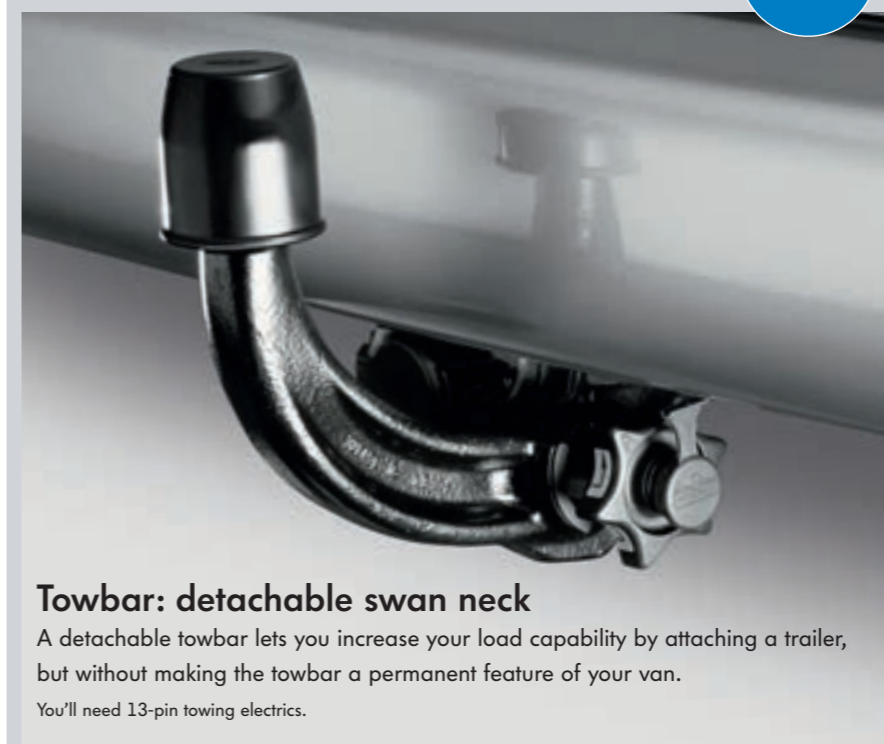

Adds flexibility to your load area and keeps items secure during transit. It folds away neatly when not in use.

### Multiflex board

Divides your Caravelle storage space into two levels, quickly and easily.

BEST SELLER

### Towbar: detachable swan neck

A detachable towbar lets you increase your load capability by attaching a trailer, but without making the towbar a permanent feature of your van.

You'll need 13-pin towing electrics.

### Towbar: fixed swan neck

A fixed towbar lets you attach a trailer to increase how much you can carry.

You'll need 13-pin towing electrics.

### Towbar: two-bolt flange

Two-bolt flange for a towbar system.

Not to be used with reversing sensors.

# Towing

Boost your load capacity with a permanent or removable towbar. They're also great for carrying bikes.

### 13-pin towing electrics

Pre-assembled for fitting to a towing hitch and can be used with fixed and detachable towbars. Transporter and Caravelle towing electrics work with ESP and Trailer Stability Assist to keep you safe on the road.

For full 13-pin functionality, please use the additional wiring kit – see price list.

### Jaw, pin and ball

For use with two-bolt flange towbars.

## Towing tips

### 1 Watch your weight

Once loaded, make sure your trailer never exceeds your van's maximum towing limit or gross train weight – you'll find these in your handbook or on your van's weight plate.

### 2 Load well, stay stable

For stability, put the heaviest items low down over the trailer axle. Ensure the trailer has a slightly nose-down attitude, but it must never exceed the van's or trailer's noseweight limit.

### 3 Check your tyres

Your van's tyres may need to be inflated to a greater pressure when towing. Check your handbook to be sure.

# Technology

Stay connected and entertained with Bluetooth® phone and audio connectivity, as well as the latest advanced digital DAB radios.

## Bluetooth® phone connectivity

### Bluetooth® Touch Phone Music kit

Control your phone by voice or the 2.8-inch colour touchscreen – and have texts and emails read to you. The Bluetooth® Touch Phone kit uses your vehicle's audio system, so you can also listen to music stored on your mobile. You'll need a Quadlock or ISO lead.

### NSV Bluetooth kit

This attractive Bluetooth® kit can be seamlessly integrated into your van's cab, so it looks factory fitted.

- Single push-button operation for answering and ending calls
  - Last-number redial
  - Automatically mutes your van's audio when you're on a call
  - Voice-activated dialling
  - Automatically pairs with your phone when you turn on the ignition
  - Recognises up to five phones
  - Directional microphone
  - Compatible phones can play music wirelessly through your van's speakers
- iPhone not included.

## Plug in your MP3 player

### Media-in unit

Want to connect your iPod or a USB stick full of MP3 music files? The Media-in unit lets you charge your iPod and control your music from your audio system.

You'll need a Quadlock lead. In Transporter vans you'll need to upgrade the radio.

### iPod adaptor

The iPod adaptor quickly connects an iPod or iPhone to your vehicle's radio or sat-nav. Your system controls the iPod or iPhone, plays the audio and charges your device at the same time.

## Put on a DVD

### Click9 Lite Duo Twin Portable DVD system

A new slim-design, dual-screen DVD player that keeps passengers entertained. It has two 9" screens and 'Click and Go' technology – a clever mounting system means that you only need connect all the cables once. Then simply click the player into its mount to play the film.

Includes two wireless headphone sets.

## Digital DAB radios: more choice and a clearer signal

BEST SELLER

### Kenwood DAB Multimedia System

This stunning unit takes integrated entertainment to a new level.

- Using the eye-catching 7" high-res touchscreen, you can control music from CDs, iPhones or iPods (with the optional lead)
- Includes digital DAB radio for more stations and a clearer signal
- Watch DVDs when at rest
- European satellite-navigation can run in split-screen mode
- Hands-free Bluetooth® phone connectivity lets you view SMS text messages from selected handsets

SMS texting depends on phone model. You'll need an extra lead to connect your iPod or iPhone. Some features only work when the vehicle is stationary.

### Drive digital

Enjoy a wider choice of radio channels and improved sound quality with this professionally installed radio upgrade. You can browse stations and even pause and rewind while listening. It's also possible to connect music and USB devices for added choice.

### Autodab

This professionally installed DAB system lets you enjoy all the benefits of digital radio. Choose from new digital stations and enjoy old favourites with improved audio quality. It also uses your vehicle's display to show song and artist info from certain stations.

### Kenwood CD/Digital Radio

This DAB radio system has a clever chip that eliminates breaks and distortion in reception. You can hook up your iPod to the system, too and search by playlist, genre, artist and album.

# Protection

Limit the impact of daily wear and tear so that your vehicle stays looking good and holds its value.

## Waterproof seat covers

Protect your seats from wet and dirt with these removable waterproof and machine-washable seat covers. Not suitable for vehicles with side airbags.

GREAT FOR SPORTLINE

## Sportline waterproof seat covers

The waterproof, machine-washable material keeps rain and dirt off your seats, while the Sportline logo is a perfect fit for our top-of-the-range Transporter panel van and kombi. Not suitable for vehicles with side airbags.

## Sportline carpet mats

Protect your Sportline's interior with these branded carpet mats. The stylish two-piece set comes in black with red stitching and the Sportline logo.

## California lifestyle seat covers

If you're heading away for a sporting or camping weekend, give your vehicle the outdoor look.

Please note: covers not waterproof.

## Front rubber mats

Protect the floor of your van up-front with these durable rubber mats. Fixings are included.

## Monster mats

The deep channels in these heavy-duty mats stop liquids and dirt spilling onto the cab floor.

**ALSO AVAILABLE**

- Front carpet mats
- Rear carpet mats

BEST SELLER

## Rear-bumper cover

Help protect your rear bumper from daily wear and tear. Available in black or silver.

## Side body mouldings

Made from hard-wearing ABS plastic, these easy-fit strips add a stylish touch to your van's profile. They also help to protect the side of your vehicle from knocks and scrapes.

## Front and rear mudflaps

Help protect your vehicle from whatever the road throws up. Available in pairs, so you can add them to either the front or rear – or have them fitted all round.

## Door sill guards

Set of two black ABS protectors that are contoured to the vehicle to protect against scuffs. The polished stainless inserts also add a bit of extra style.

## Wheel arch protection kit

Enhance the protection of your vehicle with these ABS mouldings, which are contoured to protect the areas of the wheel arch most at risk from damage.

## Headlight protectors

A set of protectors also comes with two sets of adhesive decals that convert your headlight beams for driving on the Continent.

BEST SELLER

### Plylining kits

We offer a full range of high-quality plylining kits. Key features include:

- Premium-grade plywood: 9mm for the floor and boxed wheel arches, 6mm for the sides
- Materials are sourced only from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk)
- Kits are machine cut for an accurate fit specific to your van
- The sealing on all joints stops any liquid or dust and dirt seeping through or collecting

Image for illustration purposes only.

### Semi-rigid bootliner

Fits perfectly to the shape of your vehicle and is washable, anti-slip and acid resistant. Its high edge (about 4cm) protects against moisture and dirt, and the integrated triangular pattern stops loads slipping around.

### Flexible bootliner

This liner is light, flexible and fits the contours of your boot perfectly. Its high edge (about 5cm) protects against moisture and dirt, and the integrated diamond pattern stops objects sliding around. Rolls away to save space.

### Motexion window bulkhead

Precision moulded for an exact fit, with a Perspex window so you can see the load area. Carpeting on the cab side keeps in the heat and cuts down on road noise.

Only for Transporter panel vans with a single sliding door.

### Motexion kombi bulkhead

Precision moulded for an exact fit behind the bench seat, with a Perspex window over the load area. Carpeting in the cab keeps heat in and cuts road noise.

Only for Transporter kombi with a single sliding door.

### Motexion windowless bulkhead

Precision moulded for an exact fit.

Only for Transporter panel vans with a single sliding door.

# Safety & security

These Add Ons will help keep both you and your van safer on the road – and keep your load secure.

### Reverse parking camera

Rear door-mounted camera that gives a visual warning of obstacles directly behind the vehicle. It complements the audible rear parking sensors (if fitted), and is activated by selecting reverse gear.

The image from the camera is displayed on the interior rear-view mirror for ease of visual display, with guidance lines to reflect vehicle positioning when reversing.

### Reversing-aid kit

Consists of four sensors, which can be painted to match your vehicle's body colour. Can be used with Caravelle and Transporter detachable and fixed swan-neck towbars.

Not suitable for vehicles with fixed-flange towbars.

### Load-area lighting

Two LED units that significantly improve light dissipation in the load area. They operate when the doors are opened, so there's no risk of them being left on.

**Cruise control**

Helps to keep your van at a constant speed for long stretches – reducing driver stress, helping you stick to safe speed limits, and saving fuel that would normally be wasted when your speed fluctuates. This device can regulate speed up or down (with 50mph and 70mph presets), and includes visual confirmation for ease of use.

**Luggage net**

Make sure your luggage and loose items stay in place while you drive. This net uses the load-lashing rings on the floor of your van.

**CobraTrak for Volkswagen**

Using the latest GPS/GPRS/GSM technology, Volkswagen's partnership with CobraTrak stolen-vehicle tracking means your vehicle's location can be pinpointed to anywhere in Europe. Ask your local Van Centre how it can work for you.

**Full-length load separator grille/dog guard**

This grille stops your load moving forward and keeps animals safely in the back. The dog guard separator also keeps your dog off your cargo. You'll need a full-length separator grille if you install it at the C-pillar (above).

**Load securing net**

The length of the luggage net can be adjusted using the clamp locks, and the load is secured using the ratchet. You can fix to load-lashing rails using four lashing eyes (as shown) or the rings provided as standard.

**Ratchet net**

Secure heavy objects to DIN and EN standards. This nylon and steel net fixes to lashing eyes, and the load is tightened down using a cross-belt with ratchet. Net length can be adjusted using clamps on the belt. Net size: 900 x 500mm.

**Alarm system**

This alarm comes in three parts for maximum security: an alarm module, alarm harness and load-area sensor.

**Safety kit**

Gives you peace of mind in any roadside emergency. Includes a first aid kit, warning triangle on metal stand and a lightweight fluorescent orange safety vest so you're easily seen.

**Security tips**

**Get an alarm**

Alarm noise alone may be enough to scare off a thief and prevent a more costly break-in.

**Lock your doors**

Even if you're only away from your vehicle for a minute, locked doors will deter thieves waiting for a quick, easy target.

**Keep it tidy**

Seemingly trivial items can still be bait. Stow gadgets and accessories out of sight, or take them with you. And thieves know to look in the glove-box.

**Load out of sight**

Try to load your van in a secure location. Thieves can linger in public areas, for an easy swipe and run.

**Park for visibility**

Use well-lit areas. Avoid vehicles or foliage that a thief could use for cover. Columns or walls can limit access to doors.

**ALSO AVAILABLE  
Anti-theft wheel bolts**

A set of four bolts with key and identification codes.

**Anti-theft spare-wheel bolt**

Help keep your spare wheel safe by adding an anti-theft spare-wheel bolt.

# The Crafter range

Think your Crafter works hard already? Beef it up with these Add Ons and find out what it's really capable of.

## Contents

38 Styling

39 Transport

41 Towing

42 Technology

43 Protection

45 Safety & security

### Waterproof seat covers p44

Keep your seats looking as good as new by using a cover while you work.

### Front and rear mudflaps p43

Help protect your vehicle from any muck that the road throws up.

### Kenwood DAB and Bluetooth sat-nav p42

This new multimedia system for the Crafter features DAB radio, a DVD player, Bluetooth connectivity and iPhone/iPod integration.

### Rear step p40

For easy access to your load area, just add a handy step to the back of your vehicle.

### Headlight protectors p43

Protect your headlights – and convert the beams for driving on the Continent.

# Styling

The Crafter may be best suited to hard, heavy work – but you can still add a touch of luxury.

## Leather seats – Sport

Your choice of two-tone upholstery with complementary colours in either the side ‘fillet’ panels or the mid-centre back and seat panels. With both designs, the stitching is in the contrasting colour. You can choose between pillow-effect or flat cushioning.

## Leather seats – Sport colours

Main colour is black only, with a choice of three fillet panel and stitching colours.

Titan Grey

Dark Red

Ocean Blue

## Leather seats

Add a touch of luxury as well as durability and practicality to your vehicle with single-colour, smooth, high-quality leather with matching stitching. You can also have your choice of pillow-effect or flat cushioning.

## 16" Crafter Borbet alloy wheel

6.5J x 16 ET62 alloy wheel. Only suitable for single-axle vehicles. Maximum axle load per wheel 1,350kg. Requires 235/65 R16 115R tyre.

## Leather seats – colours

Available in two colours.

Titan Grey

Black

# Transport

Whatever your Crafter has to carry, there’s an Add On to make life easier – and protect your van and its paintwork from awkward loads.

## Roof-bar set

Adding roof bars to your van can increase your load capacity by 300kg (660lb) for a standard roof, or 150kg (330lb) for a high roof. Each set comes with three roof bars.

Requires factory roof preparation.

## High angle-bracket set

Transport long and awkward objects securely with high angle-brackets. You get a set of four, made from galvanised-steel. They attach easily and give you 180mm of vertical support.

You'll need roof bars or a roof rack.

## The Crafter range

### Front-window wind deflectors

These deflectors will prevent rain blowing in your face when you lower the window. They will also help keep the sun out of your eyes.

### Single roof bar

Add to your roof-bar set (shown p39) to help you transport long and bulky objects. Up to six roof bars can be fitted. Requires factory roof preparation.

### Roof access ladder

This handy ladder folds out and hooks on the roller at the back of your van or the luggage rack at the side. It comes with a fastener and tensioning strap so you can hang it on the side wall. Your sliding door isn't affected, even when the van is fully loaded.

**BEST SELLER**

### Ladder-holder set

The four angle-brackets mount easily on either side of the ladders. The rung clamp fixes the ladders to the rail, then two tensioning belts lock the ladders in place to keep them safe and quiet. You'll need roof bars or a roof rack.

### Roof ladder roller

This light running roller makes it easy to load bulky cargo onto the roof. Place furniture or ladders on the roller then simply push forward. The roller feeds the load onto the roof without scratching the paint or damaging your roof bars. You'll need roof bars or a roof rack.

### Rear step

This step provides convenient access to the rear of your Crafter van, so that anyone who steps in or out of the load area can do so safely.

**BEST SELLER**

### Towbar – fixed

A fixed towbar allows you to tow a trailer and increase how much you can transport. The towball is sold separately. You'll need 13-pin towing electrics and a towball. Only suitable for vehicles up to 3.5 tonnes.

### Draw pin lever tow attachment

This allows you to tow commercial and agricultural apparatus with a bolt or jaw coupling. Maximum drawbar load 150kg, maximum trailer load 2,500kg.

# Towing

Not enough room inside and your load won't go on the roof? Fit a towbar and pull it behind you...

### Towbar – four-bolt flange

Towbar for Crafter Chassis Cab CR46 and CR50. Can't be used with a factory full-width step.

### Towball combined coupling

This removable hitch increases your Crafter's towing versatility. The 50mm towball has an upper security hook, enabling you to safely tow trailers with an eye-type coupling (50mm internal diameter).

### Jaw, pin and ball

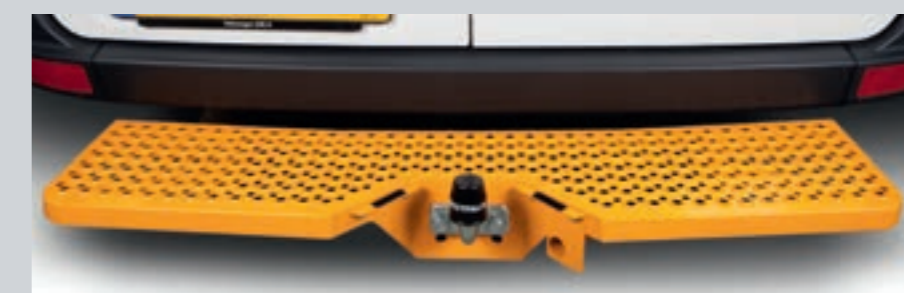

For use with two-bolt flange towbars. Compatible with new tow step (see bottom).

### 13-pin towing electrics

Pre-assembled for fitting to a towing hitch and can be used with both fixed and detachable towbars. Works with ESP and Trailer Stability Assist. NB: for full 13-pin functionality, use the additional wiring kit – see price list.

### Tow step

Towbar in a step framework and finished in yellow for high visibility when near the rear of the vehicle. Comes with cover if specified with ball coupling (ball sold separately). Maximum towball load 150kg.

# Technology

Your Crafter is your office on wheels. With these high-tech gadgets you can make calls safely, navigate and be entertained, too.

## Kenwood DAB/Bluetooth satellite-navigation system

A great new system for the Crafter that takes entertainment and navigation to a whole new level

- Control your music and phone via the 6" touch-screen
- Includes CD/DVD player

- Digital DAB+ tuner gives you more radio stations and a clearer signal
- Hands-free Bluetooth operation
- Connect and control your iPod or iPhone using the optional USB lead
- Garmin European satellite-navigation built-in, with updates via SD card slot

## Kenwood CD/Digital Radio

This DAB radio system has a clever chip provides more choice of stations and improved reception. You can hook up your iPod, too, for even more choice.

## Autodab

This professionally installed DAB system lets you enjoy all the benefits of digital radio. Choose from new digital stations and enjoy old favourites with improved audio quality. It also uses your vehicle's display to show song and artist info from certain stations.

## Drive digital

Enjoy a wider choice of radio channels and improved sound quality with this professionally installed radio upgrade. You can browse stations and even pause and rewind while listening. It's also possible to connect music and USB devices for added choice.

## NSV Bluetooth kit

This attractive Bluetooth kit can be seamlessly integrated into your van's cab, so it looks factory fitted.

- Single push-button operation for answering and ending calls
- Last-number redial
- Automatically mutes your van's audio when you're on a call
- Voice-activated dialling
- Automatically pairs with your phone when you turn on the ignition
- Recognises up to five phones
- Directional microphone
- Compatible phones can play music wirelessly through your van's speakers

iPhone not included.

## Aux-in adaptor

This adaptor will connect your MP3 player to your radio/sat-nav system. Works with the RCD 2001 and RCD 4001 radios, and the RNS 4001 and RNS 5001 navigation system.

iPhone not included.

# Protection

Hard-working vans can take a beating. These Add Ons help keep your Crafter looking good.

BEST SELLER

## Front and rear mudflaps

Help protect your vehicle from whatever the road throws up. Our mudflaps are available in pairs, so you can add them to only the front or rear – or fit them all round.

## Headlight protectors

Each pair comes with two sets of adhesive decals that convert your headlight beams for driving on the Continent.

For guidance on the legislation covering driving abroad, please refer to the AA website: [www.theaa.com/motoring\\_advice/overseas](http://www.theaa.com/motoring_advice/overseas).

BEST SELLER

## Plylining kits

We offer a full range of high-quality plylining kits. Key features include:

- Premium-grade plywood: 9mm for the floor and boxed wheel arches, 6mm for the sides
- Kits are machine cut for an accurate fit specific to your van
- Materials are sourced only from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk)
- The sealing on all joints stops any liquid or dust and dirt seeping through or collecting

Image for illustration purposes only.

BEST SELLER

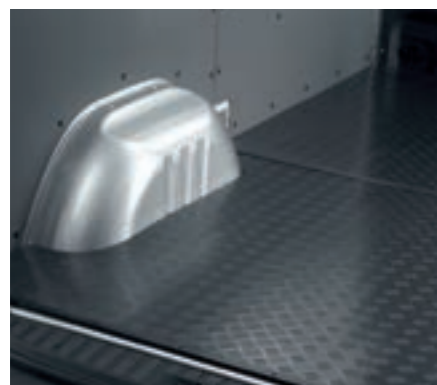

**Front rubber mats**

Protect the floor of your van up-front with these durable rubber mats. Fixings are included.

**Front carpet mats**

High-grade carpet mats styled to fit the Crafter. Available for the left side, centre and right side.

**Full load rigid loadliner**

This anti-slip loadliner makes the floor of your vehicle safer and protects it from damage and dirt.

Not suitable for vehicles with plylining.

**Waterproof seat covers**

Protect your seats from wet and dirt with these removable waterproof seat covers. They're machine-washable, too, so you can keep them looking good.

Headrest covers (included) are not required for model year 2012 onwards.

# Safety & security

You'll add even more load-lugging capability to your Crafter with Volkswagen's preferred partner **Sortimo**.

**Sortimo lashing strap with clamp lock**

These Sortimo tie-down belts come with integrated lashing eyes that lock into the load-lashing rails or the single lashing point. The clamp lock is then used to secure the load.

**Sortimo lashing strap with ratchet**

These Sortimo tie-down belts come with integrated lashing eyes that lock into the load-lashing rails or the single lashing point. The ratchet is then used to secure the load.

**Sortimo square-mount pack**

Designed to fix a pallet or similar load to reduce the risk of cargo moving around the load area. Easily secured to the floor or side load-lashing rails. Included two mounts per pack.

**Sortimo lashing eye**

The lashing eye can be used as shown, slotted and locked into a load-lashing rail, or with a single lashing point.

**Sortimo load-securing net**

The length of the luggage net can be adjusted using the clamp locks, and the load is secured using the ratchet. You can fix to load-lashing rails using four lashing eyes (as shown) or the rings provided as standard.

**Sortimo single-lashing-point pack**

The fitting point attaches to the cargo bars so you can attach lashing straps securely. Two fitting points per pack. You'll need cargo bars.

### Reverse parking camera

Rear door-mounted camera that gives a visual warning of obstacles directly behind the vehicle. It complements the audible rear parking sensors (if fitted), and is activated by selecting reverse gear.

The image from the camera is displayed on the interior rear-view mirror for ease of visual display, with guidance lines to reflect vehicle positioning when reversing.

### Reversing-aid kit

Includes four sensors that can be painted to match your van's paintwork. Not suitable for vehicles with fixed flanged towbars.

### ALSO AVAILABLE Front parking-aid kit

With sensors that can be painted to match your van's paintwork.

### Catalytic converter lock

Thieves aren't only after the stuff stored in the back of your vehicle. Your catalytic converter is a valuable item that is exposed and easily accessible. You can protect it, though, with this CATLOC® device.

### Safety kit

Gives you peace of mind in any roadside emergency. Includes a first aid kit, warning triangle on metal stand, and a lightweight fluorescent orange safety vest so you stay seen.

### Sortimo aluminium cargo bars

Keep your cargo secure with these (horizontal) cargo bars. Available for vans with a standard roof, high roof and crossbars. Two bars per pack. You'll need load-lashing rails in the floor, roof and side of your van.

### Sortimo load-lashing rails for roof pack

These (vertical) rails attach to the crossbeams in the roof of your van. Used with the floor rails, they'll let you place a cargo bar in almost any position. One rail per pack.

### Load-area lighting

Two LED units that significantly improve light dissipation in the load area. They operate when the doors are opened, so there's no risk of them being left on.

## Security tips

### Get an alarm

Alarm noise alone may be enough to scare off a thief and prevent a more costly break-in.

### Lock your doors

Even if you're only away from your vehicle for a minute, locked doors will deter thieves waiting for a quick, easy target.

### Keep it tidy

Seemingly trivial items can still be bait. Stow gadgets and accessories out of sight, or take them with you. And thieves know to look in the glove-box.

### Load out of sight

Try to load your van in a secure location. Thieves can linger in public areas, for an easy swipe and run.

### Park for visibility

Use well-lit areas. Avoid vehicles or foliage that a thief could use for cover. Columns or walls can limit access to doors.

**Add Ons**  
Accessories to help keep your vehicle 100% Volkswagen

# Van care

Keep your hard-working vehicle – and your business – looking smart and professional.

## Autoglym LifeShine

A series of treatments for your vehicle, applied by your Volkswagen Van Centre. Paintwork gets a protective coating to enhance the shine and maximise resistance to the elements. A durable waterproof coating is applied to upholstery and carpets to seal out moisture and resist staining. The outside of the side and rear windows gets an easy-to-clean coating so water runs off easily. You also get a complimentary care kit, too (below).

Comes with a comprehensive lifetime warranty subject to reasonable ongoing care.

## Interior trim cleaner

This interior trim cleaner refreshes colour on the dashboard, gearstick, consoles and interior trims. It's anti-static, and leaves a silk matt finish that looks almost as good as new.

## Wax and polish

Using wax and polish will take care of your van's paintwork and keep it clean to a professional standard, achieving an intense, deep shine.

## Spare bulb and fuse kit – H4 Halogen

Contains 11 of the most common vehicle bulbs and fuses, including dipped and full-beam headlights, reversing lights, sidelights, and 5A to 30A fuses. All in an impact-resistant Volkswagen case.

## Van cleaning kit

A comprehensive pack of cleaning products, that are perfect for every season and match your vehicle in terms of Volkswagen quality and finish. The kit includes a wheel brush, micro-fibre cloth, carpet and upholstery cleaner, cockpit cleaner, wax polish and wheel cleaner. It all comes in a practical fabric bag with zip fastening, which has a hook-and-loop fastener on the back to keep it secure.

## Alloy-wheel cleaner

Typical soiling is quickly loosened and removed with this intensive cleaning concentrate, giving a thorough clean. Suitable for steel and alloy wheels.

## Valet pack

This valet kit contains a chamois, a sponge, an insect sponge and a de-mist pad to give your vehicle a shine – all with proven Volkswagen quality.

## Winter van care kit

Protect your vehicle from harsh conditions. Contains high-quality winter-proof screenwash, de-icer, rubber care stick and ice scraper.

## Top cleaning tips

### Give it a rinse first

Rinse off loose dirt with a quick hose-down, then it won't scratch the paint as you wash it.

### Clean from the top

Wash in 'layers' – from roof to waistline, waistline to bumper strips, and then to the sills. This lets water flow down, removing dirt as it goes, and stops you rubbing dirt back up the vehicle.

### Shampoo and sponge

Use a good shampoo, such as Volkswagen's wash and wax. Apply it with a clean sponge (included in our valet pack).

### Rinse and chamois

When you have finished cleaning, hose the van down and dry with a chamois leather (also included in our valet pack).

### Wax for a fine finish

For a real sparkle, apply a wax polish. This will protect it, make it easier to wash next time and add a terrific shine.

### Clean your alloys regularly

Brake dust is full of metal, carbon and adhesive particles. It's deeply corrosive, so use a wheel brush and alloy-wheel cleaner fluid to remove filth from nooks and crannies. Volkswagen's van cleaning kit contains both.

# Merchandise

There's a whole world of accessories and extras for the hard-working Volkswagen van driver.

## Collectors' items

This 1:43 miniature of the new California camper has chrome details. Our smaller 1:87 models include a modern Transporter, a T2 Pickup and a T3 Joker. See price list for available models and colours.

## Driving essentials

We have a wide range of items to help organise yourself on the road. Keep your keys together with one of our stylish T1 keyrings, and make sure the music never stops with this smart leather CD wallet.

## Look the part

High-quality, durable and functional, the Volkswagen Commercial Vehicles jacket keeps you looking smart on the job. Team it with a matching cap and our umbrella, which has a stylish Volkswagen cityscape on the inside.

## For the little ones...

Take something home to the kids at the end of a long day. The super speedy Herbie UFO sledge provides hours of fun in the snow. Our cuddly T1 Bulli is soft and snuggly for all future Volkswagen van drivers, while our colourful duffle bags are great for both kids, and kids-at-heart too.

### A working lunch (or dinner)

Kit yourself out for food on the go with our folding lunch box and folding kettle. They're part of a range of kit that's equally useful for work and for leisure.

### Coffee to go

If your cuppa keeps going cold while you're busy working, look no further than the Volkswagen Commercial Vehicles Thermo Mug. It's a handy size for everyday use, and will ensure your drink stays as warm as you like it. It's just one of several thermo mugs for the thirsty worker.

### A taste of the outdoors

When it comes to exploring the countryside, the Volkswagen California is hard to beat. But you can still use your work van as the base for the perfect holiday, thanks to this great Volkswagen camper van tent. The Camper Cookbook is packed with delicious recipes to try.

### Finishing touches

We have an array of practical yet stylish fashion accessories. This includes our cufflinks, chronograph watch, credit-card holder and slimline Volkswagen pen – all designed to help you look like the consummate professional, every day.

### Novelty value

From moneyboxes for penny savers to washbags for the intrepid traveller, if you're a T1 Bulli fan we've got something for you. Ask your Van Centre for details of the full range.

# 7 ways your Van Centre can help you

Make full use of your nearest Van Centre – it's full of Volkswagen experts who know your vehicle better than anyone and who can help you to get the best out of it.

## 1. Picking the perfect vehicle for your needs

Choosing a van is a big decision. It has to work as hard as you do, be versatile, cost-effective and reliable. That's where your Van Centre comes in: Volkswagen's experts can advise you on the best van as well as the best options and best finance packages for all your needs.

## 2. Quality servicing you'd expect at a price you wouldn't

Our service schemes put a premium on flexibility, letting you book your van in for a service whenever it needs it – getting it back on the road without delay. We've also got fixed National Service Pricing to keep your costs predictable – and low.

## 3. Fast, hassle-free van rental for one-off jobs

Need another vehicle for just a short-term hire? It's yours – be it a Caddy, Transporter or Crafter, or any passenger-carrier version of the Transporter or Crafter if you need to move people.

## 4. Add Ons designed to help you get more from your van

Your Van Centre is the perfect location for sourcing all the extra accessories you need for your van. You can get expert advice from a team who know the full Add Ons product range, and what's best for solving any problems you have. They can also help with fitting Add Ons, too.

## 5. Taking the worry out of new tyres

Why run around looking for a fitter who has your tyres in stock? We sell a wide range of tyres designed to work perfectly with your van, from economy to premium brands and even winter tyres. You can also get tyres fitted when your van is in for a service for added convenience.

## 6. Express Visual Checks offer peace of mind for free

Your Van Centre or Authorised Repairer can give your van a free, 29-point Express Visual Check for complete peace of mind. Your comprehensive report will be

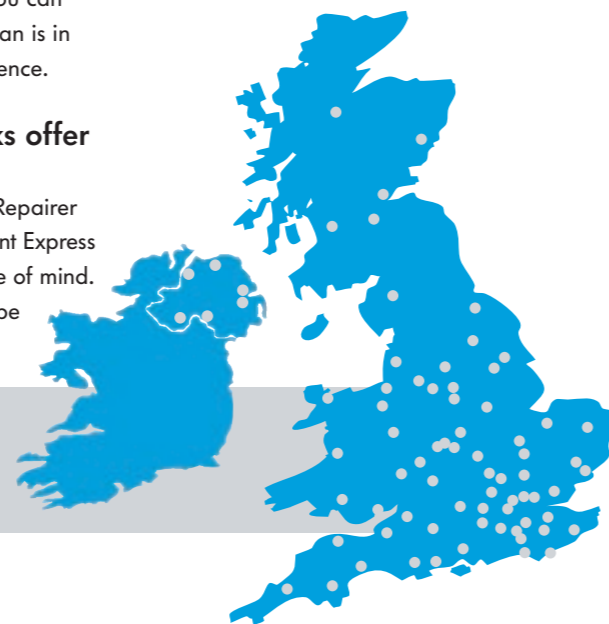

clearly explained and you'll be talked through any suggested work so you can budget for it. If anything is urgent you'll get a precise quote, and all Volkswagen parts will come with a two-year warranty.

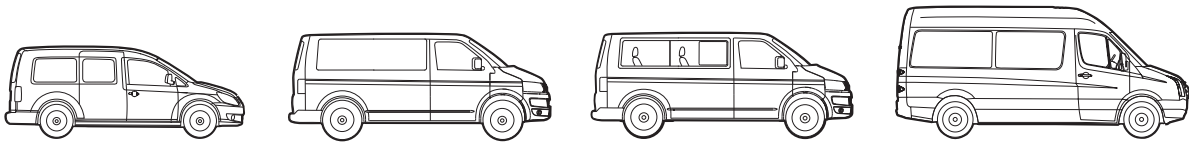

## 7. Fully fitted parts for a fixed price – and not a penny more

All Volkswagen quality parts are clearly priced and, when fitted by a trained technician at a Van Centre or Authorised Repairer, come with a two-year warranty on both the parts and labour. If your van is more than five years old, ask about our Economy Parts range – a great way to keep your vehicle 100% Volkswagen.

To find your nearest Van Centre, visit [www.volkswagen-vans.co.uk](http://www.volkswagen-vans.co.uk) or call **0800 717 131**
