The distinguishing characteristic of the KILBURN package is its special dot-print design. This gives the black, grey and red colour-scheming an eye-catching, constantly changing effect which reflects the individuality of the car.

The Kilburn kit sets your MINI model apart from all the rest with its special combination of black, grey and red finishes.

The new Kilburn kit contains the following exterior design features: Kilburn scuttle trims, side stripes, mirror covers and bonnet stripes.

## MINI BLACK LINE LIGHTS.

Black Line rear lights

Black Line side indicators

Black line Jet black headlight decorative rings

Why not give your MINI Hatch an unmistakably stylish and sporty character with these Black Line lights. The rear lights feature a darkened inner ring while the indicator lights remain white. To complete the look, the rear fog lights and side indicators come with darkened lenses along with matching headlight trims.

## MINI. A JACK O

OF ALL TRADES.

From valve caps to mirror covers, right through to the roof decal, combine the various Union Jack accessories to really give your MINI the full package.

## MINI DAYTIME RUNNING LIGHTS LED.

Super bright, super stylish – super that they're there at last: the newly developed MINI daytime running lights LED with integrated position light and fog lamp. A real designer item in an innovative O-shape and a perfect match for your MINI. The efficient full LED lights save up to 80 % energy compared to headlights and reduce fuel consumption and CO<sub>2</sub> emission. The bright white light blends particularly well with the colour of the xenon headlights and presents your MINI in a dazzling light during the day, at night and in fog.

## JOHN COOPER WORKS AERODYNAMIC KIT.

The aerodynamic kit is a sophisticated piece of engineering that visually reflects the John Cooper Works sporting heritage.

Featuring a black ventilation grille and fog lights trimmed with black fins, the front apron underlines the car's dynamism. The bold lines of the chunky side skirts end in racing-style air intakes. The side skirts come in body colour, while the wheel arches are available in either black or body colour. An imposing rear apron, featuring black fins above the rear fog lights, completes the aerodynamic kit.

The tuning kit boosts the output of the twin-scroll turbocharger in a MINI Cooper S with manual transmission to an incredible 200 HP (147kW), with maximum torque of 250 Nm between 1,750 and 5,000 rpm. With the overboost function, 270 Nm can be achieved between 1,800 and 5,000 rpm for a short period – enough to take the MINI Cooper S from 0 to 100 km/h in just 6.8 seconds, and on to a maximum speed of 234 km/h. The sports exhaust, is not just a visual highlight, it also gives a throatier engine note. A specially developed air filter system which improves power delivery completes the kit. The engine management software has been reconfigured so as to squeeze every last drop of power out of your MINI, ensuring it delivers invigorating acceleration right across the rev range.

Performance figures relate to the Cooper S model from 03/10 production. For information on earlier Cooper S models, please contact your local MINI Retailer.

When adding extra style to your MINI Hatch why stop with the exterior? Bring the inside of your MINI to life with a whole host of interior styling accessories. With top quality materials, special interior trims and creative storage solutions, your MINI Hatch has never been such a stylish place to be!

A detailed view of the interior of a Mini car, showcasing a custom dashboard with a prominent circular gauge on the left and a central storage compartment. ### NEARLY HALF A MILLION VEHICLE RELATED THEFTS WERE REPORTED OVER 2009/10, AND 2011 SHOWED A 7% INCREASE.<sup>1</sup>

There is a solution – the key to recovery is speed. MINI Trackstar is the only MINI UK approved stolen vehicle recovery product which can pinpoint the location of a stolen vehicle, which means in the unlikely event that your vehicle is stolen, MINI Trackstar can assist you in locating it and getting it back.

- Endorsed by all Police Authorities
- Protects against unauthorised movement
- Insurance approved
- European cover as standard<sup>2</sup>

Vehicle theft is an unfortunate fact of modern life however, with the comprehensive security systems your MINI offers, you are covered against most types of potential car theft. Despite this fact, the ever increasing levels of sophistication in car/key theft mean you don't always know what's round the corner.

Vehicle theft is as inconvenient as it is distressing and there is a strong possibility that your vehicle could never be recovered.

<sup>3</sup>All MINI Trackstar products are subject to a subscription charge. MINI Trackstar is a MINI UK approved product.

## MINI TRACKSTAR PRODUCTS.

### MINI TRACKSTAR PROVIDES:

- Protection against illegal movement of the vehicle, via its unique motion sensor detector.
- Full battery back-up, which ensures that your vehicle is protected in the event of the battery being disconnected. The system automatically arms when the ignition is switched off.

This means if your vehicle is moved illegally, your in-vehicle unit will immediately alert the Control Centre and provide the exact location of the vehicle. You will then be contacted to confirm that your vehicle has been stolen. The Control Centre will then contact the Police and continually track your vehicle which will then be returned to you once your vehicle has been recovered.

### INSURANCE APPROVED.

MINI Trackstar is an insurance approved security product, so you may be entitled to an insurance discount.

### MINI TRACKSTAR<sup>3</sup>.

MINI Trackstar is a small covert electronic device installed in your vehicle which utilises state of the art technology such as GPS (Global Positioning Satellite), GSM (Global Systems for Mobile Communications) and an integrated motion detector in order to accurately locate your vehicle, should it be stolen.

Therefore, either when you report a theft or the Control Centre contact you to advise you of a possible illegal movement, the unit is activated and tracking will commence.

MINI Trackstar attracts full Thatcham Quality Accreditation (CAT 6).

### MINI TRACKSTAR CAT 6 ADVANCE<sup>3</sup>.

The latest product in the range is Trackstar Advance, which uses a clever electronic key tag to provide an advanced level of theft prevention. With MINI Trackstar Advance, a key tag is needed as well as your usual car key. This connects to the in-car system and recognises you as the owner of the car, otherwise your MINI will refuse to start.

MINI Trackstar Advance attracts full Thatcham Cat 6 Accreditation.

### MINI TRACKSTAR 5<sup>3</sup>.

The MINI Trackstar 5 unit operates in the same way as the MINI Trackstar unit but incorporates the added benefit of a Driver Authentication Device.

If the Driver Authentication Device is present the MINI Trackstar 5 unit can detect that the person driving the vehicle is authorised to do so, therefore in the event of a theft where the thief does not have the Driver Authentication Device, the Control Centre is alerted.

MINI Trackstar 5 attracts full Thatcham Category 5 Accreditation.

### MINI TRACKSTAR ON-DEMAND<sup>3</sup>.

MINI Trackstar On-Demand is a web based technology enabling you to track your vehicle, view recent journeys and run business / private mileage reports.

## **THROW OUT THE BUBBLE WRAP. THERE IS AN EASIER WAY TO PROTECT YOUR MINI.**

MINI Seal & Protect is a paint, interior and cloth upholstery protection system from MINI designed to keep your paint perfect, your cloth clean and your MINI looking mint.

With MINI Seal & Protect we'll give your car a showroom shine with MINI Hard Wax. This super-smart wax has more than one trick up its sleeve. Not only does it improve the water-repellence and surface resilience of your paintwork, but it also actively enhances it, meaning your beloved MINI will stay looking as good as new.

It doesn't stop there. The inside of your car gets just as much attention from the MINI Seal & Protect team. The MINI science bods have developed an impregnating agent that is applied to your cloth upholstery and carpets, protecting them against the damaging effects of moisture and keeping the inside of your MINI in top shape.
