

2016

Fleet & Business Range Guide.

Effective April 2016

Mercedes-Benz

Welcome.

Take a look at the Mercedes-Benz range, and you'll find an incredible number of automotive stars. We have always made it our mission to create vehicles that truly inspire with pioneering design, technology and cost-efficiency. By the same token, we strive to cater for a wide range of individual needs and requirements.

Model Chooser

Let yourself be guided to your dream car: visit our brand-new model chooser on our website at mercedes-benz.co.uk/fleetmodelchooser

Comparison Tool

Compare the Mercedes-Benz range against other brands or any car of your choice. Visit fleetcomparisontool.mercedes-benz.co.uk

Book a test drive in a demonstrator

The best way to get to know your dream Mercedes-Benz is always to get behind the wheel. Four simple steps are all it takes to arrange a test drive in a demonstrator online. Please go to forms.mercedes-benz.co.uk/fleet

²New European Driving Cycle. The figures shown were obtained in accordance with the prescribed measuring process (Sec. 2, Nos. 5, 6, 6a of the German Ordinance on Fuel Consumption Labelling for Cars [Pkw-EnVKV] in the applicable version). The figures are not based on an individual vehicle.

³The manufacturer's stated fuel consumption figures are based on the legally prescribed NEDC test cycle, which is performed in a laboratory. These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

C-Class Saloon.

Guarantees may be required. Credit subject to status. The manufacturer's stated fuel consumption figures are based on the legally prescribed NEDC test cycle, which is performed in a laboratory. These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

Total value of Mercedes-Benz

Monthly rentals calculated based on only a proportion of the Mercedes-Benz's value

Return of Mercedes-Benz

Business user leasing.

Choose from competitive and flexible funding plans, tailored to suit you and your business. All of our plans are designed to deliver a low-cost way to finance high-quality vehicles whilst keeping residual values high.

With our business user plans, you receive:

- **Immediate available funds**
You will not have to wait for a cheque or loan to clear.
- **Self-security**
Your loan is secured on the vehicle, rather than your other business assets.
- **Management expertise**
Our Business Advisors can guide you through each of our plans in detail.

Contract Hire.

Instead of owning a car, you can lease it for a fixed period at a fixed monthly rental. Monthly payments are based on the difference between the initial value of the vehicle and its projected residual value at the end of the agreement. Only a proportion of the vehicle's value is repaid, which improves your business cash flow and avoids a large initial outlay. At the end of the agreement, your car is returned and there are no additional costs, subject to return conditions being met and the agreed mileage not being exceeded.

With Contract Hire, you will benefit from:

- **A guaranteed future value**
Allowing for reduced monthly payments.
- **No large initial expense**
This option allows you and your business to avoid a substantial opening payment.

Mercedes-Benz Motor Insurance.

Rated 5 Stars – just what you'd expect.

When Defaqto, a leading UK independent financial research company, compared our Motor Insurance to others, we received the maximum 5 Star Rating.

Here are some of the reasons why:

- 24/7 UK accident recovery to your nearest Mercedes-Benz Approved Repairer.
- Mercedes-Benz GenuineParts are used.
- Guaranteed courtesy car while your car is being repaired by a Mercedes-Benz Approved Repairer.
- All repairs and parts are fully guaranteed for up to 3 years.

Compare our policies to others at www.mercedes-benz.co.uk/insurance or, to find out more about the benefits of our Motor Insurance, call us on **0345 600 2180**. All calls are charged at local rates. Take out a policy online and you'll receive up to a 10% discount.

Our UK-based call centre is open Mon. to Fri. 8.30 am–6 pm and Sat. 9 am–2 pm. For mutual security, calls may be recorded and monitored. Mercedes-Benz Motor Insurance is underwritten by Aviva Insurance Limited.

Roadside Assistance.

Our Roadside Assistance cover lets you drive with confidence wherever your business takes you throughout the UK and Europe. If you ever encounter a problem on your journey, a trained technician is only a call away from getting you back on the road.

Your complimentary cover includes:

- **Technical breakdown**

If you cannot start your car or go on with your journey for technical, legal or safety reasons, we will come out to you to get you back on your way.

- **Accident assistance**

In the event of an accident, we will ensure you are back on the road as soon as possible.

- **Minor mishaps**

If you are unable to start your car due to a minor problem, such as lost keys or a puncture, rest assured we will have you on the move again as soon as possible.

- **Vandalism/attempted theft**

If vandalism or attempted theft leaves you unable to drive your car, we will be there to help.

Orders/credit approvals on selected models only, between 1 April and 30 June 2016, registered by 30 September 2016. Some combinations of features/options may not be available. Guarantees may be required. Credit provided subject to status by Mercedes-Benz Finance, MK15 8BA.

The Mercedes that thinks and acts for you.

Imagine if...

...you could connect with your Mercedes-Benz?

With Mercedes me connect, you can; with Remote Online services¹ that include trip planning, maintenance management and vehicle tracking, plus more. Getting connected is easy. Just set up your Mercedes me account and get in touch with your Mercedes-Benz Retailer to connect your vehicle to your profile to access your Mercedes me connect services.

...you knew beforehand that you need to stop for fuel?

Simply check the fuel level and mileage range from your phone wherever you are. You can also check tyre pressure and washer fluid level. (For electric cars, you can check battery charge state.)

...your Mercedes could tell you where it's parked?

You no longer need to ask yourself where you left your car; with Mercedes me connect you can locate your car from your smartphone or tablet within a mile radius.

1. PARKED VEHICLE LOCATOR

2. VEHICLE TRACKER

3. REMOTE RETRIEVAL OF VEHICLE STATUS

4. PRE-ENTRY CLIMATE CONTROL FOR ELECTRIC DRIVE AND PLUG-IN HYBRID

¹This is available as an option in conjunction with Audio 20 CD, and standard with COMAND Online. Remote Online is standard with electric drive and plug-in hybrid. Use of the Remote Online equipment option is limited to three years from first registration of the vehicle and can then be extended at extra cost.

²A call is placed via the car's sim card, rather than the customer relying on their mobile phone.

³This feature is still available to customers without Mercedes me connect services. The customer is not required to accept the terms and conditions on the portal to activate this feature. For all other features the customer will have to accept terms and conditions on the portal to activate them.

⁴Connection is subject to agreement by the owner of the vehicle and therefore connection cannot be guaranteed.

...you could lock your Mercedes, even if you're miles away?

The uncertainty of whether you've forgotten to lock the car is only human. To make sure your Mercedes-Benz is safe and secure, you can simply lock the car remotely via your PC/Mac, tablet or smartphone.

...your Mercedes told you when your service is due?

The integrated maintenance management function takes care of the entire service schedule. Selected data is automatically sent to us.

...your Retailer already knows which parts need replacing?

Your Mercedes-Benz can recognise when important parts with diagnostic capability have become worn and need replacing. This information is provided automatically to us.

...you could just push a button to deal with a breakdown?

Should your car break down, with a simple press of the button everything is taken care of – from breakdown assistance to vehicle recovery.

...your Mercedes called for help?

Your Mercedes comes with an SOS button. Press it if you need urgent help and you will be contacted by the emergency response centre.² In the event of an accident where airbags or seatbelt tensioners have been activated, a call is placed automatically. Your GPS position is sent to the response teams to initiate rescue efforts.³

The Mercedes that thinks and acts for you.

The linking of a vehicle with the Mercedes me connect services can only be undertaken by a participating authorised Mercedes-Benz Retailer.

Outright purchase.

Getting connected is easy. Just set up your Mercedes me connect account and get in touch with us to connect your vehicle to your profile to access your Mercedes me connect services. To find out more and set up your account visit www.mercedes.me

Leased vehicles.

If your vehicle is leased by your business please inform us and we will approach the leasing company to request authorisation for connection⁴. Once we have secured authorisation please book an appointment with us and present your photo identification. To find out more and set up your account visit www.mercedes.me
