

Genuine Accessories for SLC and SLK

With 2016 prices

Mercedes-Benz

Exterior

Interior

Safety and Quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users.

The star logo has always signified allure, perfection and responsibility – attributes which are also reflected in the quality of our accessories, all of which further enhance our vehicles' style or sportiness – not to mention their already outstanding comfort. That special sense of design and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense just by looking, listening, touching – and of course driving.

Going with its own special flow.

A storm is fast approaching: the new Mercedes-Benz SLC. Design and power to blow you away. And with the genuine exterior accessories you'll have a true hurricane on your hands. Roaring on the outside, absolute calm on the inside – thanks to the clearly laid-out and comfortable accessories that place you in the eye of the storm. From a gentle breeze to full-blown squalls, your luggage is always safe and secure with the Cargo & Care accessories. The SLC: your very own interpretation of “gone with the wind”.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz Retailer has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Choose your favourite wheels online. Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at <http://configurator.mercedes-benz-accessories.com>.

Light-alloy wheels are supplied without tyres, wheel bolts, valve caps or hub caps.

Broadening horizons. Mercedes-Benz telematics.

	Item number	GBP
01 Garmin® MAP PILOT. Transforms your Audio 20 radio into a high-performance navigation system with 3D map views. Garmin® MAP PILOT uses the standard-fit 17.8 cm colour TFT display and can be conveniently operated via the vehicle's Controller and the Audio 20 keypad.	A218 906 4501	495.00
Europe navigation update for Garmin® MAP PILOT not pictured.	on request	on request
02 Universal smartphone holder. The universal smartphone holder allows you to use a variety of different phones in conjunction with the vehicle's external aerial. The size of the holder can be altered at the upper and lower edge to offer the optimum fit for each smartphone. The holder is fitted to the pre-installation in the centre console as normal and the smartphone is connected to the audio system via Bluetooth®. The inductive aerial in the holder, together with the connection to the external aerial, ensures optimum reception during phone calls or when using the internet. Separately available charging cables with micro USB or Lightning connectors allow you to charge your smartphone. A list of currently supported phones can be found at www.mercedes-benz.com/connect .	A222 820 6401	89.40
Charging cable with micro USB connector not pictured.	A222 820 6601	9.06
Charging cable with Lightning connector not pictured.	A222 820 6701	22.56
03 Mobile-phone cradles¹. When it comes to selecting a mobile phone for your Mercedes-Benz, you've never had so much choice. A simple click! is all it takes to replace the mobile-phone holder. It's done in matter of seconds and is as straightforward as inserting the mobile into the holder itself. Holders are available for a range of popular mobiles.		
e.g. for iPhone® 5/5s.	A212 820 0200	129.60
04 Mercedes-Benz Bluetooth® (SAP)^{1,2} telephone module. The telephone module ensures that COMAND Online has a fast, stable and secure internet connection via the integral UMTS module and the direct link to the vehicle's external aerial. You can simultaneously talk on the phone, use Mercedes-Benz Apps and have your text messages read aloud. The telephone module can be used as a permanently installed telephone or as a data modem with all of the functions of Convenience Telephony (Code 386): it is operated via your multimedia system and uses the personal contact details on your mobile's SIM card. With USB interface for power supply. The telephone module can be operated via the SIM card in your mobile phone or by inserting a SIM card directly into the module.	A212 906 6303	525.60
Media Interface consumer cable kit not pictured. Control your iPod®, your iPhone® or other devices with a micro USB connection via the multifunction steering wheel or your audio system.		

¹ Only in conjunction with Convenience Telephony (Code 386). ² SAP (SIM Access Profile) allows read-out of your mobile phone's SIM card.

Find out more about our interior products at <http://configurator.mercedes-benz-accessories.com>.

All fronts covered. Child safety.

When your vehicle is equipped with automatic front passenger airbag deactivation (optional extra Code U10), weight-dependent classification takes place. With rearward-facing child seats the front passenger airbag is deactivated, with forward-facing child seats the front passenger airbag is activated or deactivated, depending on the result of the classification process. The system works both when using the

i-Size/ISOFIX connection and when using the safety belt on its own to secure the child seat. Mercedes-Benz child seats are available in the “Limited Black” design. The covers are washable and very hardwearing. Replacement headrest covers are available for the “BABY-SAFE plus II”, “DUO plus” and “KIDFIX” child seats in chilli red and flannel grey.

	Item number	GBP
01 »KIDFIX« child seat. Booster seat with height-adjustable backrest and side bolsters for side-impact protection. In addition to the three-point seat belt, the »KIDFIX« can be secured with ISOFIT attachment points. For children aged between approx. 3.5 and 12 years (15 to 36 kg).	A000 970 3800 9H95	295.05
02 »DUO plus« child seat. Offers safety for children between the ages of around 9 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable harness, ventilation channels and ISOFIX attachment points. Adjustable tilt.	A000 970 3700 9H95	428.40
03 »BABY-SAFE plus II« child seat. Offers safety by means of deep moulded seat design for a high level of side-impact protection. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg).	A000 970 3600 9H95	363.30
