**Age 18 or over? Think you can't afford a new car with all the associated running costs?**

**Think again.....**

We all know that new cars have more technology, are safer, more reliable, and more economical to run. However, the cost of financing and insuring a new car is often expensive, especially for younger drivers. But not anymore....

Peugeot's unique Just Add Fuel® finance package has just got even better. It is now available on all 108 models for customers **from the age of 18**, with the addition of a telematics box.

18-year olds can be either the policy holder, or a named driver on a parent's insurance policy, depending on who is the main driver of the car. A further additional benefit of Just Add Fuel® is the opportunity for customers without No Claims Discount to take advantage of Just Add Fuel®, on all 108 models.

For **one simple monthly amount**, Peugeot will take care of all the complicated stuff like servicing, warranty, car tax, breakdown cover and even **comprehensive motor insurance for a full three years**. We'll give you everything you need to get on and stay on the road. And you might be surprised to find out just how little it costs.

**Here's what's included in a Just Add Fuel® monthly cost:**

- **3 Years comprehensive Motor Insurance\***
- **3 Years Servicing**
- **3 Years Breakdown Cover**
- **3 Years Car Tax<sup>f</sup>**
- **3 Years Warranty**

### 3. TECHNOLOGY PAGE

#### PureTech

The engine choice on the 108 includes Peugeot's **PureTech** 3-cylinder petrol engine technology which delivers energetic drive and performance, excellent fuel economy and low CO2 emissions. It's the result of intelligent, innovative engineering, which combines reduced weight materials with the efficiency of direct fuel injection to give you maximum pleasure behind the wheel, at any speed, for less.

**PURETECH**

#### Reversing Camera

Even in tight city spaces, parking is a doddle with the **reversing camera** in 108. It's triggered automatically when you shift into reverse, and an image of what's behind you is displayed on the screen, helping you to reverse safely in any situation. Available as standard on Allure level and above.

#### Lane Departure Warning System

The **Lane Departure Warning System** uses lane marker recognition to detect the white lines on well-maintained roads. It operates at speeds of more than 30 mph and urges the driver to avoid lane departure via an audible signal and warning light.

#### Active City Brake

**Active City Brake** is a new technology which makes it possible to avoid an accident or reduce its severity if the driver fails to react. It works in urban conditions at speeds of less than 20 mph. A short range sensor is fitted to the top of the windscreen and can detect other vehicles that are driving in the same direction or stationary. This will automatically trigger an emergency brake to stop the vehicle and avoid a collision entirely or limit the consequences of an accident by reducing the speed of impact.

#### Peugeot Open & Go System

No more fumbling for your keys or struggling to unlock the car in the dark. The Peugeot Open & Go system, available on the Allure level and above, provides keyless entry so you're always ready to go. Peugeot Open & Go in 5 easy steps:

- Just open the door of your 108
- Take a seat
- Depress the clutch
- Hit the start button
- And you're off.

#### 7" Touchscreen

The Peugeot 108 brings the city car into a new era with its large **7" colour touch screen** placed prominently in the middle of the dashboard (available as standard on all versions except Access).

This 7 inch screen establishes a new relationship between the driver and the car. It is the interface for the audio system, the trip computer and for vehicle settings. It also doubles as the reversing camera screen for added safety during manoeuvres.

It allows you to stay connected even when you are on the move. Touch screen connectivity is available via USB, Bluetooth and Mirror Screen.
