Price & Specification Guide

August 2016 Version 4

Model Year 2016

1-litre to 1.4-litre
PSA Peugeot Citroën
1.2-litre three-cylinder turbo

SPECIFICATION OVERVIEW

ALLURE (STOCK ONLY)

ACTIVE +

Seating

- Mistral Black Cloth and Leather Effect Premium Trim
- Driver Lumbar Adjustment

Safety and Security

- Ultrasonic Alarm (Thatcham 1 Category approved)

Comfort and Convenience

- Colour Reversing Camera
- Front and Rear Parking Aid
- Parking Space Measurement System
- Colour Head Up Display

Comfort and Convenience

- Automatic Dual Zone Climate Control
- Row 2 Door Blinds

In-Car Entertainment

- Satellite Navigation (Includes 5 Years of Mapping Updates and Full Postcode Lookup)

Exterior Features

- 18" 'Icauna' Alloy Wheels
- Dark Tinted Rear Side and Tailgate Windows
- Panoramic Cielo Glass Roof with Electric Shutter Blind

ACTIVE (STOCK ONLY)

Seating

- Mistral Black Grikol Cloth Trim

Safety and security

- ESP and ASR (Electronic Stability Programme and Traction Control)
- 5* Euro NCAP Safety Rating
- 6 Airbags (Including Curtain Airbags)
- Tyre Pressure Sensors

Comfort and Convenience

- Automatic Electric Parking Brake
- Hill Assist
- Electric Front and Rear Windows
- Air Conditioning
- Rear Parking Aid
- Cruise Control with Speed Limiter
- Leather Steering Wheel
- Family Pack (Additional Storage)
- 3 Position Boot Floor

In-Car Entertainment

- Peugeot Connect RD45 Stereo Radio / CD Player with MP3 Playback
- Peugeot Connect USB
- Bluetooth Telephone Facility

Exterior Features

- 17" 'Aregia' Alloy Wheels
- Chrome Exterior Pack
- Adventure Pack

Exterior Lighting and Visibility

- Front Fog Lights
- LED Daytime Running Lights
- LED 'Claw Effect' Rear Lights
- Visibility Pack: Automatic Headlamps and Automatic Rain Sensing Front Wipers
- Retrovision Pack: Electrochrome Interior Mirror, Exterior Courtesy Lighting and Power Folding Door Mirrors

Model shown is Peugeot 3008 Allure with optional Nera Black Metallic Paint.

PureTech Petrol Engine Technology

Peugeot PureTech: Compact engine – huge spirit

Peugeot PureTech is advanced 3-cylinder petrol engine technology that offers a drive and performance normally associated with much bigger engines but with significantly improved fuel consumption and CO₂ emissions¹. It's a product of Peugeot's 100 years of intelligent, innovative engineering and combines reduced weight materials with the efficiency of applying direct fuel injection to three cylinders. On some versions we've even added Turbo power, optimising torque at all revs and delivering an engine with a unique personality and one which is ultimately designed to give you maximum driving pleasure and responsiveness, at any speed, for less.

¹(comparison based on 3008 1.2L PureTech130 S&S vs 3008 1.6 VTI 120)

Peugeot PureTech: The Multi Award Winner.....

For the second year running, PureTech technology has been awarded the hugely impressive accolade of 'International Engine of the Year' for the 1.0l -1.4l category with a panel of 65 industry experts from 31 countries coming to the unanimous decision.

- "The new PureTech engine from PSA is a **revelation** in terms of refinement, performance and efficiency," stated German journalist Thomas Imhof.
- "Without turbo lag, this three-cylinder gives a lot of power and perfect torque at very low revs, with a harmonious noise throughout the whole range. And the consumption is very low," agreed L'Automobile Magazine's Christophe Congrega.

BlueHDi Diesel Engine Technology

Peugeot BlueHDi : Pioneering on MPG and CO₂

BlueHDi is the name given to Peugeot's latest generation of diesel engines. The result of a world-famous diesel heritage plus innovation and engineering excellence developed on the race track of Le Mans, BlueHDi complies with Euro 6 emission standards, to deliver exceptional fuel economy and CO₂ emissions alongside a driving experience rich in power and performance.

A three stage cleansing process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9%ⁱⁱ of particulates. BlueHDi delivers the cleanest diesel engine possible and exceptional fuel economy of up to 68.9mpg with CO₂ as low as 108g/kmⁱⁱⁱ.

ⁱⁱ(by number ⁱⁱⁱmodel and version dependent)

Efficient Automatic Transmisson (EAT6)

**EAT6 (Efficient Automatic Transmission):
New generation of AISIN 6-speed automatic gearboxes**

Peugeot's new generation of full automatic gearboxes have been developed in collaboration with Aisin AW . EAT6 uses Quickshift technology, for faster gear changes and smooth operation, delivering superb driving pleasure and exceptional fuel and CO₂ efficiency.

Model shown is Peugeot 3008 Allure with optional Nera Black metallic paint

INTELLIGENT STORAGE SOLUTIONS - PEUGEOT 3008

Three Position Boot Floor

Three Position Boot Floor: This clever storage solution, standard across the Peugeot 3008 range, allows you to adapt the loadspace to your needs through three pre set configurations.

1. In its lowest position this provides access to the largest area of bootspace available, up to 512 litres from bootfloor to the parcel shelf.

2. In its first raised position this brings the bootfloor flush with the split tailgate and seatbacks, when lowered. This position aids with loading larger items and can support a weight of up to 100kg. Smaller items can also be stored out of harms way under the bootfloor.

3. In its second raised position this brings the bootfloor to just below the lower half of the tailgate. This position allows for the segregation of items, larger items can be stored under the bootfloor for greater security, up to 50kg in weight can be stored on the raised floor.

Split Opening Tailgate

Split Opening Tailgate: This ingenious solution allows for easy access to the rear of Peugeot 3008. Rather than lifting a large tailgate the boot area can be accessed by simply opening the lightweight rear window section of the tailgate, for further access the bottom half of the tailgate can be lowered.

The lower section of the tailgate can support a distributed 200kg weight and serves as a useful bench area for a family picnic. (Standard across the Peugeot 3008 range).

Split Folding Rear Seats & Flat Folding Front Passenger Seat

Split Folding Rear Seats: At the single pull of a handle (located in the boot) the rear seats fold to give a flat load area for easy loading. (Boot floor must be in position 2). With the rear seats folded the storage volume grows to 1604 litres. (Standard across the Peugeot 3008 range).

Flat Folding Front Passenger Seat: At the single pull of a handle (located at the seat base) the front passenger seat folds completely flat, this increases the loading length to 2.62m, perfect for transporting lengthy items like a Christmas tree. When folded flat the front passenger seat back also serves as a useful picnic table. (Standard on Allure models).

Intelligent Storage Solutions

Front Centre Storage Console: This large storage area measuring 13.5 litres in total is deep enough to accommodate a 1.5 litre bottle in an upright position. The area also features ventilation to keep items cool as well as a USB to allow for MP3 connection. (Standard across the Peugeot 3008 range).

Underfloor Storage: Part of the family pack, underfloor storage hidden under the rear mats provides a safe place to store valuable items. Each of the two underfloor storage compartments located in the outer rear footwells can accommodate two 500ml bottles. (Standard across the Peugeot 3008 range).

KEY FEATURES - PEUGEOT 3008

Peugeot Connect Navigation

Peugeot Connect Navigation: Linked to the 7.0" colour screen, the system includes European mapping and comes with 5 years of free software updates. The system also includes vocal guidance, full postcode lookup and various route planning options. (Standard on Allure models)

Peugeot Connect SOS & Assistance

Peugeot Connect SOS & Assistance: A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the dashboard) or automatically (if pyrotechnic devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response. Peugeot are the pioneers of this technology, since launching in 2003 Peugeot Connect SOS & Assistance has come to the aid of over 7,000 individuals. (Optional on Allure models).

Panoramic Cielo Glass Roof

Panoramic Cielo Glass Roof: Every journey is a unique experience when you have a panoramic view of the colours and landscapes outside. Designed to increase serenity and wellbeing of those onboard, this large fixed panel glass roof bathes the cabin in natural light. An electric roller blind is also included, this blind is able to filter out all exterior light. (Optional on Active, standard on Allure models)

Colour Reversing Camera

Colour Reversing Camera: A camera located on the rear of the vehicle is linked to the 7.0" colour screen. The system increases visibility and driver confidence when reversing, the camera also features guidance lines to aid with parking. (Standard on Allure models)

Colour Head Up Display

Colour Head Up Display: A driver information interface that displays key driving information via a clear retractable screen in the drivers line of sight. The screen can be adjusted for both angle and brightness, as well as folded away completely at any point during a journey. The system displays information relating to speed, cruise control speed settings and navigation directions (where applicable). (Standard on Allure models)

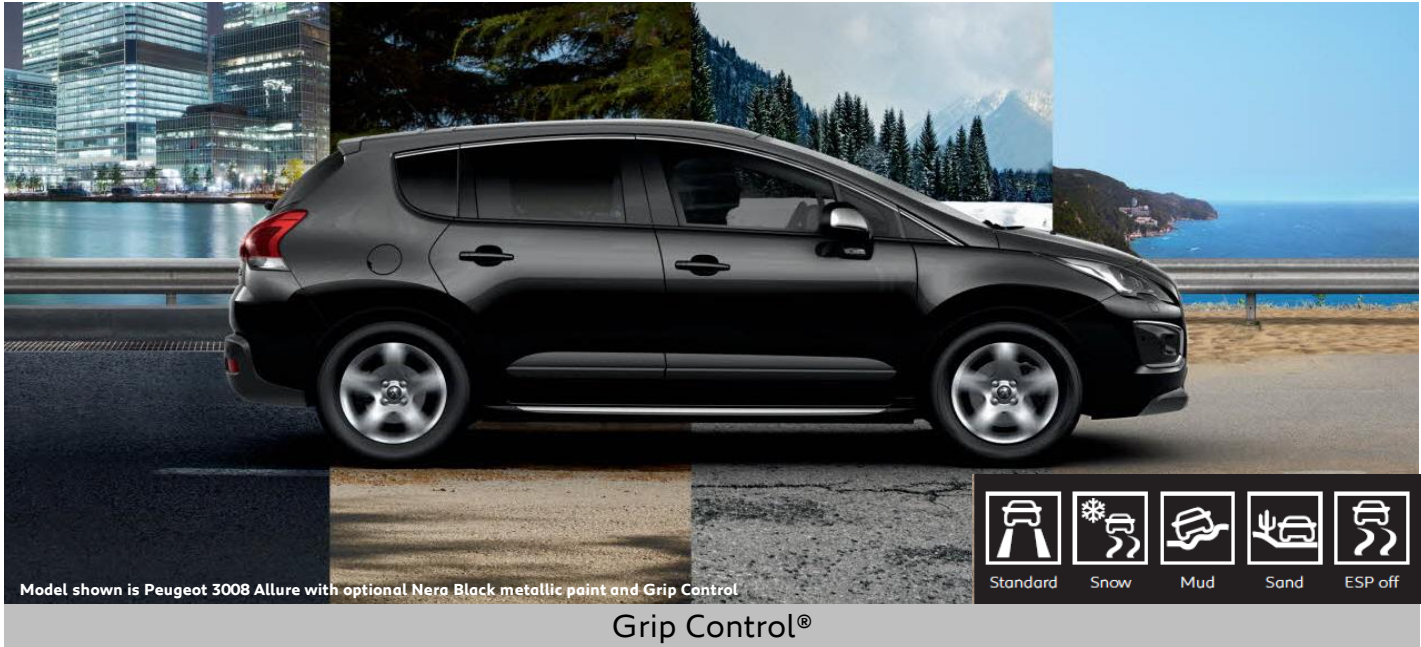

Parking Space Measurement System

Parking Space Measurement System: Working in conjunction with the front and rear parking aid, this system measures whether a space will suitably accommodate Peugeot 3008 in a parallel parking scenario. While driving past a space (at speeds of up to 12mph) the car will accurately measure and inform the driver if parking is 'possible', 'difficult' or 'not advised'. (Standard on Allure models)

SAFETY - PEUGEOT 3008

Grip Control®: A system designed to optimise traction in low-grip conditions. It adapts to the terrain by acting on the front wheels, using the electronic components already present on the vehicle. The driver remains in control and can decide at any time to move from Standard mode using the dial located on the centre console, choosing instead Snow, Off-Road, Sand or ESP Off. (Optional across the Peugeot 3008 range)

Normal mode:

System calibrated with a low and fixed level of spin based on a compromise between the different levels of grip normally encountered.

ESP OFF:

Allows the possibility of disconnecting the dynamic stability control (ESP) and the traction assistance (ASR/Grip Control) up to 30 mph to give back complete control to the driver. Beyond this speed, the systems reconnect automatically for your safety.

Snow mode:

On moving off, the system adapts its strategy to the conditions of grip encountered wheel by wheel. When making progress, the system optimises spin to provide the best acceleration possible according to the grip available. Recommended in deep snow or on a steep slope.

Mud mode:

Mode which on moving off allows a lot of spin at the wheel with the least grip to allow the mud to be cleared and grip restored. At the same time, the wheel with the most grip is managed to transmit as much torque as possible. When making progress, the system optimises spin to best meet the driver's requirements.

Sand mode:

Mode which allows some simultaneous spin of the driving wheels to allow the vehicle to move and reduce the risk of being trapped in the sand.

Airbags

Airbags: Peugeot 3008 offers optimum protection for you and your family. All models features 6 airbags as standard. Airbag protection comprises:

Driver & front passenger airbags: providing frontal protection for front seat occupants. Front passenger airbag can be deactivated to allow for the fitment of a child seat.

Front side airbags: located in the seat frame on the outside edge of the front seats; they inflate between front seat occupants and the front doors, providing thorax protection in a side impact.

Curtain airbags: located on either side of 3008, these deploy in a side impact and provide head protection for both front and rear occupants in a side impact.

Isofix and Euro NCAP

Isofix: Peugeot 3008 features two Isofix mounting points located on the outer rear seats allowing for the fitment of two child seats. Top tethering points are located on the rear seat backs. (Standard across the Peugeot 3008 range)

EURO NCAP: Peugeot 3008 was awarded the maximum five star rating by EURO NCAP. Added peace of mind for you and your family.

DAB Radio

DAB Radio: With less interference than AM and FM channels, DAB (Digital Audio Broadcasting) radio is the best way of listening to UK national and regional radio. The DAB radio option brings superior radio sound quality to Peugeot 3008.

Distance Alert

Distance Alert: a driver alert system to inform on the distance between 3008 and traffic in front. Linked to the standard head up display on Allure models, the driver can set a desired following distance of between one and two seconds. Distance Alert is operated via a radar mounted in the front bumper of 3008. In the event of getting too close to the car in front you are alerted visually via the head up display, allowing action to be taken.

Tramontane Black Claudia Leather Trim

Leather Trim: For that added feeling of luxury, Peugeot 3008 Allure models can be specified with Claudia full grain black leather, in addition, the front seats include a heating function for additional comfort on cold days.

PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK Peugeot Dealer benefit from a Peugeot 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the Peugeot Dealer Network in the UK.

PEUGEOT ASSISTANCE

All new Peugeots come with Peugeot Assistance, our breakdown assistance service.

Provided by the AA, Peugeot Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your Peugeot with your permission.

Full details are available at www.peugeot.co.uk

TERMS AND CONDITIONS

Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct, at the time of going to print.

It is our policy to continually improve our vehicles in every way. We reserve the right to modify our vehicles price, specification (including colour), equipment, accessories and characteristics or to discontinue any model, without notice, at any time.

To avoid any misunderstandings you are advised to check with your Peugeot Dealer the specification (including colour), equipment accessories and equipment relating to any Peugeot vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, Peugeot Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.

For further information call Peugeot on 0845 200 1234 or visit our website at www.peugeot.co.uk
