

NEW PEUGEOT TRAVELLER

PEUGEOT

AN INVITATION TO *travel in style*

The New PEUGEOT Traveller. Discover a modern vision of travel and new horizons. Accomplished design, great road presence, the strength of PEUGEOT BlueHDi Euro 6 compliant diesel engines, positive ambiance and the sheer comfort of the range... all assets which combine to deliver a supreme travel experience.

The New PEUGEOT Traveller is available in 3 lengths* with a car park friendly roof height of 1.90 m. You can choose between several seat configurations. With up to 8 seats even in the Compact version, the New PEUGEOT Traveller is easy to configure and adapt to your needs.

STRENGTH WITH *assurance*

The New PEUGEOT Traveller is an invitation to hit the road for leisure journeys both short and long.

Its modern and elegant silhouette contains a spacious interior packed with practicality.

Ready and willing, the New PEUGEOT Traveller has a new vertical front grille and signature LED* and Xenon** lights. The New PEUGEOT Traveller exudes positive styling.

*Standard equipment.

** Standard or optional depending on version.

* Standard, optional or unavailable depending on the version.

** Only MirrorLink® or Apple Carplay™ certified apps will work when stationary and when driving, where appropriate. While driving, certain features of the apps concerned will be restricted. Certain types of content, which are freely accessible on your Smartphone, require a paid subscription to a certified MirrorLink™ or Apple CarPlay™ application. The Mirror Screen feature operates using MirrorLink® technology for Android, Blackberry and Windows phones that are MirrorLink® compatible, provided they have a phone subscription including internet access with their mobile network operator. New smartphones will be developed with these systems over time.

JOURNEYS *Calm and connected*

Inside, the PEUGEOT Traveller VIP plays the driving comfort card. The step provides easy access to the elevated seating position which commands the road.

Take your seat: the instruments and controls, with their pure and modern design, have been produced using attractive materials.

Journeys are made easier by the new generation 3D satellite navigation with voice control*.

The 7" colour touch screen is integrated with Mirror Screen, allowing you to enjoy the practicality of your smartphone through the relevant Apple CarPlay™, MirrorLink® or Android Auto applications**.

EASY ACCESS *on board*

With hands-free sliding side doors*, you can easily access the New PEUGEOT Traveller, even when your arms are full. This feature unlocks and opens the sliding side doors when you simply slide your foot under the rear bumper of the vehicle. The door slides open, all you need is to have the electronic key on your person.

Once you're in, there's no need to pull the handle. Press the button located on the dashboard at the front: the doors then open/close automatically. And to make life easier for the driver, the New PEUGEOT Traveller can also be started hands-free with the Peugeot Open & Go system.*

Where parking spaces are too tight to open the boot, the New PEUGEOT Traveller has a clever opening tailgate rear window. Finally, thanks to a roof height of 1.90 m, accessing commercial centres or urban car parks is no longer a problem.

* Standard or optional depending on the version.

MORE
modularity
MORE
flexibility

With configurations allowing for up to 8 seats and available in 3 lengths, the New PEUGEOT Traveller adapts to your needs.

The second and third rows consist of a 2/3 split bench seat - the 2 sections are independent of each other and can slide on their rails to easily adjust rear space. Sliding and removable seats

allow you to adapt the space for all situations. By folding down the front passenger seat, the New PEUGEOT Traveller can also carry loads of up to 3.50 m in length*.

The New PEUGEOT Traveller also offers numerous storage compartments adding up to 49 litres of space distributed throughout the passenger cabin.

With the Compact version, at only 4.60 m long, 8 people can still be accommodated with ease. For a boot volume of 1350 litres, simply fold the third row of seats. By removing it completely, the limit is increased to 1978 litres or even up to 3397 litres if you also remove the second row.

Putting the seats back is straightforward. Just return them to their rails and adjust their position.

*Only available on the Active version.

SEE *life in bold*

The two glass roofs* which can be covered separately, give a uniquely bright passenger compartment and a panoramic view of the sky. The multifunction roof integrates LED mood lighting **, while the individual reading lights increase the comfort of each passenger.

To feel even better on board, the New PEUGEOT Traveller has individual vents and air conditioning with soft diffusion function in the rear***, a unique feature for the segment.

New PEUGEOT Traveller has four 12V sockets in the cockpit, as well a USB port to charge all your mobile devices.

Designed to help you share the road with family or friends: the rear occupants' safety mirror, picnic tables on the rear of the seats in the front row, blinds on second row and Tablet cache * are provided as standard equipment.

* Standard or unavailable depending on the versions
** Only available on the Allure level
*** Unavailable on the Compact version

SENSATION *of freedom*

New PEUGEOT Traveller is equipped with new generation Grip Control® * which improves handling through its traction control system. You can choose between five modes - Snow, Off-road, Sand, ESP standard or switched off.

Depending on the driving mode selected the system will make sure you have the optimal grip and traction for the situation you are in.

*Optional or unavailable depending on version.

PEUGEOT *and the environment*

Peugeot is a leading manufacturer of low emission vehicles and more than half of its global sales are for vehicles emitting less than 140g of CO₂ per km. This performance is based on proven technology: the Diesel Particulate Filter. Launched in 2000 and equipped as standard on more than 2.1 million vehicles, it reduces particle emissions by 99.99%. A self-cleaning system, it processes gases emitted from the combustion of diesel in the engine and reduces diesel particles to approximately 0.004 g/km.

BlueHDi, Euro 6 diesel engines, are offered on the New PEUGEOT Traveller: an exclusive new technology that combines a Selective Catalytic Reduction (SCR) function with the diesel particulate filter system. This BlueHDi technology drastically reduces NO_x (the combination of mono-nitrogen oxides NO and NO₂) by more

than 90%, which optimises CO₂ emissions, improves fuel consumption and almost totally eliminates particle emissions (99.9%). PEUGEOT Traveller has a competitively low cost of ownership, thanks in particular to its optimized fuel consumption and maintenance interval of 40 000 km or 2 years depending on the Engine*.

The 22.4l AdBlue tank has a range of 15,000km. Refilling with AdBlue is easy thanks to the external filler, positioned within the centre pillar.

* 30,000km service interval for the BlueHDi engine 180hp EAT6

A new flexible and efficient platform

Its new base, adapted from the EMP2 modular platform, guarantees a high level of efficiency and allows the vehicle to attain record fuel consumption in the segment, as well as giving a high level of quality with driving enjoyment and optimal comfort for passengers.

The new-type rear axle oblique triangle supports a useful load of 1160kg, as well the shock absorbers variables interlocked to the load guarantee a maximum of comfort with 8 people on board and baggage.

With regards to safety: in addition to its specification, its new platform and reinforced structure, New PEUGEOT Traveller has obtained a 5 star Euro NCAP rating.

Consumption and Emissions*

Engines	Urban in MPG (l/100km)	Extra-urban in MPG (l/100km)	Combined in MPG (l/100km)	CO ₂ emissions (g/km)
BlueHDi 95 manual	47.1 (6.0)	54.3 (5.2)	51.4 (5.5)	144
BlueHDi 95 S&S ETG6	53.3 (5.3) - 51.4 (5.5)	55.4 (5.1) - 53.3 (5.3)	54.3 (5.2) - 52.3 (5.4)	135 - 139
BlueHDi 115 S&S 6-speed manual	51.4 (5.5) - 50.4 (5.6)	57.6 (4.9) - 56.5 (5.0)	55.4 (5.1) - 54.3 (5.2)	133 - 137
BlueHDi 150 S&S 6-speed manual	47.9 (5.9)	57.6 (4.9) - 53.3 (5.3)	53.3 (5.3) - 51.4 (5.5)	139 - 143
BlueHDi 180 S&S EAT6 automatic	46.3 (6.1) - 44.8 (6.3)	52.3 (5.4) - 51.4 (5.5)	49.6 (5.7) - 47.9 (5.9)	151 - 155

*According to Directive 99/100/EC - receiving EU.

TECHNOLOGY *and safety*

For a safer and more comfortable drive, the New PEUGEOT Traveller has a large number of latest generation driving aids.

Park Assist 180° *

The reversing camera is automatically activated when the driver selects reverse gear. It provides a 180° aerial view of the rear zone of the vehicle and its surroundings. The rear view includes guidance lines which turn with the steering wheel. When there are obstacles behind the vehicle, the system automatically zooms in, in addition to providing other views on request.

Speed limit recognition and intelligent speed adaptation

The multifunction camera* recognises speed limit signs and displays the relevant limit on the instrument panel or in the head up display. The detected speed limit is suggested as the value to be used in your cruise control or speed limiter, if they are activated.

* Available as standard or as an option with the 7" touch screen depending on the version.

Active Safety Brake***

The Active Safety Brake*** is a new generation automatic emergency braking system which is activated if a collision is about to take place. The camera and radar detect moving or stationary obstacles. If the brakes are not applied, or if the driver does not brake hard enough, the system brakes for them. It can prevent the impact if the speed is below 18mph, or reduce the result of the collision above this speed, by reducing the speed of impact.

Smart Beam Headlights**

Activated at night, the system automatically controls the switch between main beam and dipped headlamps, and vice versa, when oncoming vehicles are identified by the camera.

Adaptive cruise control**

This system allows you to maintain a safe distance between you and the vehicle in front, by changing the speed of your vehicle by up to 12mph. It is not an active braking system. This system works particularly well in moving and relatively heavy traffic.

Lane Departure Warning System**

An alert detects if solid or broken white road markings are crossed unintentionally, when the indicator is not activated. The audible and visual alert is particularly useful if the driver becomes drowsy or loses concentration.

Blind Spot Monitoring System**

Thanks to the 4 sensors located on the front and rear bumpers of your vehicle, the blind spot monitoring system* lets you know if a vehicle is present in your left or right hand side blind spot, during your journey. A light appears in one of the door mirrors or on the screen as a warning.

Head-Up Display***

The Head-Up Display projects the information essential to driving onto a retractable screen located in the driver's field of vision: speed, cruise control or speed limiter setting, etc. All the information you need is right in front of your eyes, ensuring a safer driving experience.

Airbags

New PEUGEOT Traveller is equipped with 4 airbags:
- 2 front airbags to protect the head and chest of the driver and the passenger in the event of a frontal impact
- 2 curtain airbags** to protect the driver and the front passenger in case of side impact

* Available as standard or as an option with the 7" touch screen depending on the versions.

**Available as an option depending on the versions.

*** Available as standard or as an option depending on the versions.

NETWORK AND SERVICES

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and built to give you years of worry free motoring. As a Peugeot owner, you can also rely on the customer care services of your Dealer. This will ensure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently - someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original parts.

FOR YOUR PEACE OF MIND

MANUFACTURER WARRANTY

Any New PEUGEOT Traveller first registered in the UK and purchased from a UK Peugeot Dealer will benefit from a 2 year unlimited mileage manufacturer warranty and a free optional additional year of warranty (up to 60,000 miles) provided by the Peugeot Dealer Network. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 year Anti-Perforation and 3 years Paint Warranty, in all Europe. For full terms and conditions on all of these, please contact your Peugeot Dealer.

PEUGEOT ASSISTANCE

All new Peugeots come with 12 months of Peugeot Assistance - our breakdown assistance service. This covers all incidents involving vehicle based faults for you and anyone else driving your car with your permission. It is available 24 hours a day, 365 days a year. Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling 0370 752 7050.

PEUGEOT SERVICE CARE

Please refer to the maintenance book for details of the service intervals for New PEUGEOT Traveller and the specifics of vehicles operating in arduous conditions.

FINANCE - LET THE SPECIALISTS HELP

Peugeot Financial Services offer a range of flexible finance plans to make owning a new Peugeot easy. As specialists, we will provide choice, convenience and flexibility. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill, RH1 1QA. Over 18s only, a guarantee may be required.
