

Volkswagen

The new Tiguan

Model shown is new Tiguan R-Line with optional Head-up display and premium signature paint.

Opens up a world of opportunity. On road, off-road and online.

On road, off-road and online, the second generation new Tiguan opens up a world of possibilities. The all-new design provides greater functionality than previous models, enhancing handling and performance on a wide range of terrain, from motorway to unmade road, while the latest technology opens up the virtual world ensuring greater connectivity and more real time services than ever before. Whether you prefer elegant and refined, dynamic and sporty or rugged and robust, there's a new Tiguan model for you, impressively equipped with a range of advanced features to ensure new levels of driving enjoyment wherever you are.

01 Integrated rear lights, equipped with LED technology for optimum performance and visibility, blend harmoniously into the bodylines, creating a dynamic three-dimensional look. Standard on SEL and R-Line models.

Total control at your fingertips.

Functionality and ergonomics go hand in hand in the new Tiguan. The premium quality centre console is angled towards the driver for optimum driving convenience, placing the impressive 8.0 inch colour touch-screen and infotainment system easily within reach and every switch and control intuitively to hand. With controls optimally positioned and information clearly in view, driving the new Tiguan is so much fun.

01 The electrically operated, panoramic glass sunroof with integrated roller blind and LED ambient lighting adds additional light and space, whether open or closed, filling the interior with natural light and providing an inviting view of the sky above. When tilted upwards, it lets in fresh air, and if the sky is a little dull, the integrated LED lighting adds a pleasant, ambient feel. Standard on SEL and R-Line. Optional on all other models. Image shown is new Tiguan SEL with optional 'Vienna' leather upholstery.

On road or off-road, the adventure starts here.

The new Tiguan boasts a smart new look that's longer and lower than previous models, providing more interior space and helping to improve drive and handling. Sharp lines, stylish alloy wheels and details such as LED daytime running lights, along with deeper front air intake grilles on R-Line models, give a look that is dynamic, strong and unmistakably Volkswagen. Off-road models feature shorter front and rear overhangs and restyled bumpers with improved approach and departure angles, while high torque engines and new 4MOTION Active Control with a choice of driving modes provide optimum handling whatever the weather conditions or terrain.

01 Daytime running lights feature LED technology for greater visibility, and fit flush with the newly designed **LED headlights with Dynamic Light Assist**, enhancing the Tiguan's sporty new look. Standard on SEL and R-Line. Optional on SE and SE Navigation models. Model shown features optional premium signature paint.

02 All 4MOTION models feature **4MOTION Active Control** which allows you to adapt your Tiguan to the suit the weather and road conditions ahead. Choose from four driving modes including On road, Off-road, Off-road Individual and Snow, enabling you to find the optimum choice of driving mode wherever your adventures may take you. Standard on all 4MOTION models. Image shown features optional 'Vienna' leather upholstery.

Elegant and beautifully crafted design in perfect harmony with advanced technology.

01

Interior shown is new Tiguan SEL 4MOTION with optional Discover Navigation Pro touch-screen navigation/DVD radio system, 'Vienna' leather upholstery and Pure White paint.

02

01 Ambient lighting illuminates the interior, creating a pleasant interior atmosphere and enhancing the sense of spaciousness. Integrated LED lights in the front footwell, door sill protectors, dashboard and decorative inserts in the front door panels give a luxurious feel with the brightness adjusted via the infotainment screen. Standard on SEL and R-Line models. Optional on SE and SE Navigation models.

02 The Active Info Display provides a system that can be tailored to suit your exact preferences. The fully configurable, interactive 12.3 inch TFT display replaces the standard analogue instrument cluster, displaying vehicle data and information on your dashboard. Five different modes allow you to customise the screen, with large or small dials as you prefer and a number of items displayed behind. When used in navigation mode in conjunction with the Discover Navigation¹ or Discover Navigation Pro systems, you can move the speedometer and rev counter to the edge of the display, creating more space for the navigational map. If you wish, you are able to include driving, navigation and assistance functions within the graphics of the speedometer. As the Active Info Display is linked to all other assistance systems in the vehicle, any data shown in the centre console of the infotainment system, such as phone numbers or your music's compatible cover art, can also be displayed on the dash conveniently placed directly within the driver's optimum field of vision. Standard on SEL and R-Line models. Optional on SE and SE Navigation models.

03 The Head-up Display rises from its position behind the dashboard into the driver's primary field of vision at the press of a button. Driving information, including current speed, navigational details and traffic data, is projected onto the retractable screen and transparently displayed helping to reduce the amount of time that the driver's eyes are averted from the road. Optional on SE models and above.

¹ When the large navigation map is displayed on the full Active Info Display in conjunction with the Discover Navigation system, the navigation map cannot be displayed on the central 8.0 inch colour touch-screen.

03

04

05

04-05 3Zone electronic air conditioning with air intensity control and automatic air recirculation ensures a pleasant interior temperature to suit the individual preference of driver, front passenger and rear seat passengers. Rear passengers are able to make adjustments via an electronic control panel conveniently located to the rear of the front centre armrest. A sensor monitors the outside air quality and, if necessary, automatically activates the air recirculation function. Standard on SE models and above. Optional on S models.

Advanced infotainment. State-of-the-art navigation.

Intuitive 8.0 inch colour touch-screen displays and state-of-the-art technology ensure radio and navigation systems, are not only easy to operate, but provide all the journey information you need and recognise many external multimedia devices you may wish to connect.

01 The **Composition Media system** is equipped with an impressive 8.0 inch colour touch-screen with proximity sensor that recognises in advance your intention to touch the screen and automatically magnifies the display mode. Features also include DAB digital radio receiver, CD player, USB connection for compatible products and SD card reader. The media system also includes Bluetooth telephone and audio connection for compatible devices¹, simultaneous pairing of 2 compatible mobile devices, SMS functionality – allowing you to read, compose and send SMS messages using the touch-screen display to a compatible Android smartphone (while the vehicle is stationary), title and compatible cover art display and facilitates music playback from MP3, WMA and AAC files through eight speakers, front and rear. Finally, car information display and Think Blue. Trainer. – provide journey analysis and driver tips on your journey. Standard on S and SE models.

02 The **Discover Navigation touch-screen navigation/radio system with Car-Net 'Guide and Inform'**² builds upon the impressive Composition Media system, but with additional features enabling you to easily manage not only your music, but also navigation data and a broad range of vehicle information. The system offers preloaded European navigation data, 2D/3D map view which can be easily followed on the 8.0 inch colour touch-screen, three calculated route choices (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest and Speed Limit Display³. 3-year's Car-Net 'Guide and Inform' access makes it possible to integrate 'traffic information online' into route guidance and transfer public and personal points of interest to the navigation system. The service also includes information for fuel location and pricing, parking space availability, weather and news feeds. Standard on SE Navigation, SEL and R-Line models. Optional on S and SE models.

03 The **Discover Navigation Pro touch-screen navigation/DVD radio system with integrated voice activation, Car-Net 'Guide and Inform Plus'**² and **Car-Net 'App-Connect'** can be operated intuitively via the 8.0 inch TFT colour touch-screen, enabling you to manage music and navigation data. Eight powerful speakers deliver great acoustics and the DVD system is compatible with MP3 and WMA files. It also offers a 64 GB SSD hard drive, two SD card readers, photo display from JPEG and PNG files, voice control and USB connection. The Discover Navigation Pro also features 'Guide and Inform Plus' providing online access to a range of useful information such as traffic, fuel pricing, parking space availability, weather, news feeds and Google Earth. In addition, the Car-Net 'App-Connect' combines the functionality of Apple 'CarPlay', Google 'Android Auto' and 'MirrorLink'[™] allowing 'mirroring' of a smartphone display on the infotainment touch-screen via USB connection. Display and operation of certified apps including audio and voice control (if supported by the app). Usage of certified apps only while driving. Only operable in conjunction with compatible smartphones including iPhone 5 and 6. Please see www.volkswagen.co.uk to check smartphone compatibility. Optional on all models.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific device compatibility.
² Car-Net 'Guide and Inform' services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net 'Guide and Inform' services.
³ Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates.

Stay connected. Wherever you go.

Thanks to Car-Net connectivity you can enjoy a whole range of online services while you travel, helping to make your journey easier, more comfortable and more informed. As well as enjoying up-to-the-minute information, you can also access many of your favourite apps from your smartphone, all conveniently displayed on the infotainment system's touch-screen.

01 Depending on which smartphone you have, you can connect **Car-Net 'App-Connect'** via one of three interfaces: Apple 'CarPlay', Google 'Android Auto' or 'MirrorLink™', allowing your smartphone display to be 'mirrored' on the infotainment touch-screen via USB connection¹ and giving access to your favourite smartphone functions, such as music, phone and news. Volkswagen apps such as 'Think Blue. Trainer', 'Shared Audio', 'Drive & Track' or 'My Guide' can help to make your journey more pleasant and interesting by providing useful tips about handling your car, parking opportunities and even where to find the closest café. Volkswagen Apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Usage of certified apps only while driving. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD radio system. Standard on SE models and above. Optional on S models.

¹ Only operable in conjunction with compatible smartphones including iPhone 5 and 6.

01

01 With Car-Net 'Guide and Inform'¹, your new Tiguan becomes a mobile network using your smartphone's WIFI hotspot. You can access up-to-the-minute information directly from the internet, enabling you to benefit from continually updated information while you travel, such as online traffic information, fuel pricing, parking space availability, weather and news feeds. Car-Net 'Guide and Inform' includes 3-year's online navigation software updates enabling you to download the latest map data to keep you up-to-date. Another useful feature is 'Destination Input' that allows you to send locations to your navigation system, where they will be displayed on the colour touch-screen ready for your journey ahead. Car-Net 'Guide and Inform' is standard on SE Navigation models and above, and optional on S models as part of the Discover Navigation touch-screen navigation/radio system. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD radio system. Please contact your authorised Volkswagen retailer for full details.

Opting for the Discover Navigation Pro touch-screen navigation/DVD radio system means that you can benefit from even more features such as Google Earth and more with 'Guide and Inform Plus'¹. Optional on all models.

¹ Car-Net 'Guide and Inform' and 'Guide and Inform Plus' services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of all 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of all 'Guide and Inform' services.

02

02 Volkswagen apps such as 'Think Blue. Trainer', 'Shared Audio', 'Drive & Track' or 'My Guide' can help to make your journey more pleasant and interesting, providing useful tips about handling your car, parking opportunities and even where to find the closest café. Volkswagen Apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Usage of certified apps only while driving. Car-Net 'App-Connect' is standard on all models.

03

03 The Volkswagen Car-Net Destination Import allows you to search for destinations from the comfort of your home or office and send them directly to your Tiguan's navigation system. Simply log into the Volkswagen Car-Net portal, click 'Online destination import' and search for wherever you wish to go. Find your destination, save it, name it, and then send it to your Tiguan's navigation system. Your named destinations will then be displayed under 'My Destinations' on the main navigation display screen, it's that easy. You can also similarly send your 'Personal points of interest' from your computer or tablet and download them to your Tiguan's navigation system and they will appear on the navigation screen as you drive. Standard on SE Navigation models and above, and optional on S models as part of the Discover Navigation touch-screen navigation/radio system. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD radio system.

As versatile as life demands it to be.

Business, pleasure, family or adventure, whatever your reason for travelling and whatever you need to load up, whether it's shopping, kids, leisure equipment or otherwise, your new Tiguan is well prepared. The flexible interior can be adapted to meet your personal requirements, such as extending the boot space with the variable boot floor, which along with the lower load sill, helps make loading and unloading bulky objects easier, while the optional keyless entry/keyless start also allows you to open the electrically-operated tailgate from the driver's door.

Please see page 44 for full details of dimensions.

01-02 From front to rear, everything in the new Tiguan is designed to meet your needs. The **rear seats split 40:20:40** and each side can be moved lengthways, giving you various loading options. When all but the driver's seat are folded down, there's an impressive loading capacity of up to 1,655 litres. The load area is continuously level and can be lowered or removed totally for maximum boot space, thanks to the variable boot floor.

03 Everything about the new Tiguan is geared to providing total comfort and functionality. The **flexible seating** concept allows you to adapt the interior to suit your requirements with all seats, apart from the driver's seat, folding down from SE models upwards. Interior shown is new Tiguan SEL with optional 'Vienna' leather upholstery.

Intelligent driving begins here.

Impressively equipped with intelligent technology and advanced driver assistant systems, the new Tiguan provides a confident, reassuring driving experience for added peace of mind.

01 Front and rear parking sensors assist parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way. The closer you are to an obstacle the faster the sound frequency, while an optical parking display indicates your position in relation to obstacles on the screen of the vehicle's audio system. Standard on SE models and above. Optional on S models. Image shown is new Tiguan SEL 4MOTION with optional 'Outdoor pack' and metallic paint.

02 The Park Assist system not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a lookout, while the Tiguan steers itself into its chosen space. Optional on SE models and above. Park Assist including parking sensors, front and rear is available on S models.

03 The new Tiguan effortlessly tows a trailer or caravan and, depending on your choice of engine, can tow up to a maximum weight of 2.5 tons. **Trailer Assist including Park Assist and rear-view camera** helps you reverse more easily and accurately with a trailer or caravan attached. The optical display visualises actual and possible steering angles in the instrument cluster. Reverse steering is automatic, with direction controlled via the mirror adjustment switch which acts as a joystick, while the driver controls the pedals and keeps a good look out. Only in conjunction with the optional swivelling towbar. Optional on SE models and above.

04 The Head-up Display uses technology originally developed for jet fighter pilots that reduces the need to refocus when alternating vision between the instrument dials and the exterior view ahead. Driving information, including current speed, navigational details and traffic data are transparently displayed onto the retractable screen within the driver's primary field of vision, helping to reduce the amount of time that the driver's eyes are averted from the road. Optional on SE models and above.

05 The rear-view camera, which forms part of the Park Assist and Trailer Assist options, is integrated behind the Volkswagen badge on the rear tailgate, displays the area behind your vehicle on the screen of the vehicle's audio system, helping you to manoeuvre into tight spaces quickly and easily. Auxiliary lines help you navigate safely into parking spaces, and thanks to the high resolution display, even small obstacles such as kerbs are visible. Optional on SE models and above.

The **ergoComfort front sports seat for the driver** (not shown), provides seat cushion tilt adjustment, massage function, thigh support and electric backrest adjustment, enabling you to find the most comfortable position for your spine easily and quickly. Standard on SEL models. Optional on S, SE and SE Navigation models.

Safety at your fingertips.

Impressively equipped with intelligent technology and advanced driver assistant systems, the new Tiguan provides a confident, reassuring driving experience for added peace of mind.

01

02

03

03 Side Scan provides assistance if you want to change lanes from speeds of 37 mph upwards. Sensors in the rear of the vehicle monitor the traffic and should they detect any road users in your blind spot or vehicles approaching quickly from behind, the system will alert you via a warning light within the door mirror housing and an audible warning within the vehicle. The parking assistant monitors the area behind and next to your vehicle, alerting you if it detects a vehicle or object, and automatically instigating an emergency stop if a collision is imminent. Not in conjunction with heated front climate windscreen. Optional on SE models and above.

01 Area view with Park Assist. Four separate cameras, located in the rear tailgate, door mirrors and radiator grille, provide a 360-degree view around the new Tiguan, helping you to manoeuvre with confidence in any direction. The driver can select up to twelve possible views of the vehicle, from the front, rear or side, on either full or split-screen displayed on the infotainment system. Should you specify the optional Discover Navigation Pro system, you will also gain a bird's-eye view around your new Tiguan. Not in conjunction with rear-view camera. Optional on all models.

02 Emergency Assist. The system monitors the driver's inputs, such as accelerator pedal, brake and steering and helps, within the system's limits, to help prevent accidents. The Adaptive Cruise Control (ACC) and Lane Assist work hand in hand with this. If the driver fails to respond, the system prompts the driver, by means of gentle brake jolts, to correct the steering and automatically applies the brakes. Adaptive Cruise Control monitors the distance to the vehicle ahead while Lane Assist ensures the vehicle stays within its lane. Emergency Assist alerts other road users by means of hazard warning lights and safely brakes the vehicle to a complete standstill if necessary. The driver can override the assistance function at any time and regain control of the vehicle. Only in conjunction with DSG Gearbox. Optional on SE models and above. Must be ordered in conjunction with Adaptive Cruise Control (ACC) on SE and SE Navigation models.

04

04 The Front Assist monitoring system combines **Predictive Pedestrian Protection** with **City Emergency Braking**, alerting you if it detects vehicles or pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals, as well as a gentle jolt of the brakes. The system even performs an emergency stop should the distance become critical, helping to protect other road users and avert potential accidents. Standard on all models.

05 High Beam Assist ingeniously senses the lights from oncoming vehicles and automatically switches between dipped and main beam accordingly. It also senses vehicles you are approaching from the rear and ensures your main beam is dipped in order to avoid dazzling the vehicle in front. Standard on SE and SE Navigation models. Optional on S models.

05

06

07

06 Adaptive Cruise Control (ACC), including Front Assist radar sensor controlled distance monitoring system, City emergency braking system, cruise control and speed limiter offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to try to reduce the severity of a collision or possibly even prevent the collision entirely. Standard on SEL and R-Line models. Optional on SE and SE Navigation models.

07 Lane Assist is a camera controlled warning system that warns you if your vehicle drifts out of its lane helping to reduce the chance of an accident and helping to make long motorway journeys safer. Using a camera located in the rear-view mirror unit, it monitors the road markings and prevents unintentional lane deviations. The system only intervenes if the indicators are not used, so if you decide to change lanes and indicate, the intelligent system recognises this and switches off. Standard on all models.

Tiguan Protection.

Part Number: ZGB BOM 097 VW

01 Front rubber floor mats – set of two

The Volkswagen Genuine all-weather rubber floor mats protect your vehicle's interior against dirt and moisture. They are designed to fit perfectly, are easy to clean and have a non-slip underside. The integrated model lettering is a particular visual highlight. The floor mats are also 100% recyclable, very sturdy and durable. The material used allows the Genuine all-weather floor mats to be considerably lighter than standard floor mats.

Part Number: 5NC 061 502 82V

Rear rubber floor mats – set of two (not shown)

Part Number: 5NA 061 512 82V

02 Flexible boot liner

The Volkswagen Genuine flexible boot liner for vehicles with variable luggage compartment floor is light, flexible and perfectly shaped to fit the contours of your vehicle. The edge provides adequate protection against moisture and dirt and goods are effectively prevented from slipping. If the flexible boot liner is not required, it can simply be rolled up so that it takes up less storage space.

Part Number: 5NA 061 160

03 Front mudflaps – set of two

Long lasting and durable, the Volkswagen Genuine mudflaps effectively protect the underbody and bumpers against excessive dirt. They also significantly reduce the impact of dangerous road chippings and water spray.

Part Number: 5NA 075 101

04 Rear mudflaps – set of two

Part Number: 5NA 075 111

Tiguan Pet.

Part Number: ZGB BOM 098 VW

01 Upper partition grille

Safety first, the sturdy Volkswagen Genuine metal partition grille separates the luggage compartment from the passenger compartment. It is quickly and easily fitted, and just as easily removed with only a few quick motions.

Part Number: 5NA 017 221

02 Flexible boot liner

The Volkswagen Genuine flexible boot liner for vehicles with variable luggage compartment floor is light, flexible and perfectly shaped to fit the contours of your vehicle. The edge provides adequate protection against moisture and dirt and goods are effectively prevented from slipping. If the flexible boot liner is not required, it can simply be rolled up so that it takes up less storage space.

Part Number: 5NA 061 160

03 Rear sill cover – transparent

The transparent loading sill protection film is designed to fit your vehicle perfectly, protecting the bumper against scratches when loading and unloading the luggage compartment.

Part Number: 5NA 061 197

Images shown are for illustration purposes only and may not necessarily reflect UK specification. Models shown features optional metallic paint.

Tiguan Transport.

Part Number: ZGB BOM 099 VW

01 Load bars

The Volkswagen Genuine supporting rods are the ideal base system for all attachments. The aerodynamic aluminium profile supporting rods are City Crash Plus tested to Volkswagen's strict standards and can accommodate items such as a surf board holder (000 071 120 HA), bicycle holder (6Q0 071 128 A), ski and snowboard holder (3B0 071 129 F/1T0 071 129) or a practical roof box (000 071 200/000 071 200 AA/000 071 200 FA) The supporting rods are delivered pre-assembled and are easy to attach to the roof rails of your Volkswagen. The supporting rods can be locked to prevent theft. A torque wrench is also included.

Part Number: 5QF 071 151

02 Storage bag for load bars and supporting rods

Robust storage bag with genuine Volkswagen logo for all Genuine Volkswagen load bars and supporting rods. For the protection and dust-free storage of load bars and supporting rods. The length of the bag is adjustable. Additional compartment for storing the installation instructions and installation wrench.

Part Number: 000 071 156 A

03 Bicycle holder

Keep your bike safe and secure using this easy to fit bicycle carrier. It attaches to the existing genuine load bars of your vehicle and can carry one bicycle safely and securely. The bicycle holder is City-Crash tested and lockable for extra peace of mind and what's more you can still access the boot for added convenience.

Part Number: 6Q0 071 128 A

Tiguan Style.

Part Number: ZGB BOM 100 VW

01 Chrome-look protective strip for tailgate

Enhances the appearance of the vehicle with its chrome effect and serves as effective edge protection.

Part Number: 5NA 071 360

02 Door sill trims - aluminium

The high-quality aluminium sill panel trims protects the entry areas of the vehicle and gives them an individual look. Each set consists of two sill panel trims with vehicle lettering.

Part Number: 5NA 071 303

Tiguan Business.

Part Number: ZGB BOM 094 VW

01 Luggage net

Ensures that everything stays in its place and items do not slide around. This tear-proof net with integrated pocket is easy to fit with hooks attached to the standard lashing rings in the boot area.

Part Number: 5N0 065 111

02 Travel and Comfort System - Base module

A base module to use with the following attachments: universal hook, clothes hanger, folding table, Apple iPad bracket for iPad 2-4 and iPad mini, along with iPad Air and bracket for Samsung Galaxy Tab 3/4 10.1. The base carrier keeps everything in the right place.

Part Number: 000 061 122

03 Travel and Comfort System - Clothes hanger

The clothes hanger is attached to the base module using a simple click system. The clothes hanger allows articles of clothing to be transported without becoming wrinkled and can also be used outside the vehicle thanks to the integrated hook.

Part Number: 000 061 127 B

04 Hook for the headrest

Headrest hooks – two-piece set for mounting on the front seat headrest posts. Prevents objects flying around in the car during transport.

Simply attach the goods weighing up to 2 kg.

Part Number: 000 061 126 A 041

Images shown are for illustration purposes only and may not necessarily reflect UK specification. Models shown features optional metallic paint.

Think Blue.

Think Blue.

Start/Stop technology
saves fuel by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system
makes use of energy that's usually lost when you brake.

Turbocharged engines
deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres
reduce the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars
include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance.

Electric vehicles
comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts.

*BlueMotion Technologies are available on all Volkswagens and vary between models.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and Golf R.

Spacious family cars

New Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, new Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet or the Golf Cabriolet.

City run around

up!: The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around practicality with more versatility and even more space can be found on the iconic Golf.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the Jetta, and executive comfort in the Passat and Passat Estate – winner of 'European Car of the Year 2015'.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it, with four wheel drive technology, '4MOTION' as standard.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.

Technology.

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

Transmission

- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six manual or seven speed automatic DSG gearbox
- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual or seven speed automatic DSG gearbox with double joint half axles (wet clutch on seven speed DSG models)
- Four wheel drive, 4MOTION: Six speed manual 2.0 litre TSI 180 PS. Seven speed automatic DSG 2.0 litre TSI 180 PS, 2.0 litre TDI SCR 150 PS, 2.0 litre TDI SCR 190 PS, 2.0 litre BiTDI SCR 240 PS

Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control), EDTC (Engine Drag Torque Control) and Countersteer Support with trailer stabilisation function
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Multilink rear axle
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pad
- HBA (Hydraulic Brake Assist)

Engines

- Front transverse-installed engine
- 1.4 litre/125 PS⁽⁰¹⁾ (92 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual transmission
- 1.4 litre/150 PS⁽⁰¹⁾ (110 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual transmission
- 2.0 litre/180 PS⁽⁰¹⁾ (132 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission
- 2.0 litre/110 PS⁽⁰¹⁾ (81 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual transmission
- 2.0 litre/150 PS⁽⁰¹⁾ (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a seven speed automatic DSG transmission
- 2.0 litre/190 PS⁽⁰¹⁾ (140 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a seven speed automatic DSG transmission
- 2.0 litre/240 PS⁽⁰¹⁾ (176 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a seven speed automatic DSG transmission

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.

AdBlue®

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle's exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue® tank filler location	Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:
New Tiguan	13 litres	Next to fuel filler nozzle	3,000 to 4,000 miles or sooner*

* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

How will I know if the system needs topping-up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

Why should I use a Volkswagen Authorised repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers

AdBlue® warning lights.

Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle's paintwork, for example, wipe them off and if necessary rinse the area with water

Volkswagen service.

Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

The Volkswagen Warranty. Three-year Warranty.

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty.

The internal body sections and panels of the Tiguan are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty.

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty.

If you order the Volkswagen Extended Warranty as an option when buying your new Tiguan then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals.

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴.

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵.

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired in a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

Fuel consumption and CO₂ Emissions.

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

AdBlue[®].

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue[®] which must be kept topped up. Please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.

Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer. Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

⁴ Volkswagen Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ('VWFS UK'). Registered in England and Wales number: 2835230.
