Add Ons that deliver more.

# Add Ons

Accessories to help keep your vehicle **100%** Volkswagen.

## What are Add Ons?

Every Volkswagen van is available with a great selection of factory-fitted options, but you may feel you need something extra. That's where Add Ons come in.

Add Ons is our extensive range of Volkswagen approved accessories, which can be bought and fitted at your local Van Centre. Whether you want to add style, get more from your load area, turn a working van into a leisure vehicle, or add audio, Bluetooth® or satellite navigation, we've got a solution for you.

Add Ons are designed with your Volkswagen in-mind, so they're a perfect match for style and fit. They're also built to be as rugged and long-lasting as your vehicle.

Most Add Ons have a two-year warranty, however, if you order and have them fitted to your new vehicle, we may be able to extend this to match your three-year vehicle warranty.

Visit your local Van Centre today and ask them how much Add Ons can add to your vehicle.

# Sport and styling.

Make your Caddy stand out from the crowd.

## 01 Side rails – polished stainless steel.

These rails not only look good, they also protect the sills from damage.

Available for both Caddy and Caddy Maxi.

## 02 Protective strip for tailgate.

Designed to add a stylish chrome-effect finish to models fitted with a tailgate.

## 03 Lowering springs.

Enhance the look and the ride of your vehicle with Eibach lowering springs.

Not suitable for Caddy Maxi. See price list for technical details.

## 04 Rear spoiler for twin rear doors.

Add a touch of class to the rear of your van with a spoiler. Available in Reflex Silver, or primed ready for painting to perfectly match your vehicle colour.

NEW

## Top alloy tips.

### Clean your alloys regularly.

Brake dust is full of metal, carbon and adhesive particles. It's deeply corrosive, so clean your alloy wheels every couple of weeks using a wheel brush and wheel cleaner fluid.

### Protect them regularly.

Once you've washed your wheels and let them dry, coat them with an alloy wheel protector (wax versions work best) to help prevent road dirt and brake dust building up. They'll be easier to clean next time too.

05

## 05 15" Aspen alloy wheel.

6.5J x 15. Requires 205/65 R15 tyres.

## 16" Aspen alloy wheel.

6.5J x 16. Requires 205/55 R16 tyres.

## 06 Leather sport seats.

Your choice of two-tone upholstery with complementary colours in either the side 'fillet' panels or the mid-centre back and seat panels. With both designs, the stitching is in the contrasting colour. Choice of pillow-effect or flat cushioning. Main colour is Black, with a further choice of three complementary colours.

-  Titan Grey.
-  Dark Red.
-  Ocean Blue.

New Caddy 4 version coming soon.

## 07 Map pockets.

Map pockets are standard on all leather packs for vehicles with more than three seats.

## 08 Leather seats.

Add a touch of luxury as well as durability and practicality to your vehicle with these high-quality, single colour, smooth leather seats with matching stitching. Comes with a choice of pillow-effect (as illustrated) or flat cushioning. Available in two colours.

-  Titan Grey.
-  Black.

New Caddy 4 version coming soon.

# Transport and touring.

Add Ons perfect for work and leisure.

**BEST SELLER**

**01 Wind deflectors.**  
These deflectors help prevent wind and rain blowing in your face when you lower the window. They also help to keep the sun out of your eyes.

**02 Volkswagen roof boxes.**  
These stylish new roof boxes offer 340 or 460 litres of load space. Only in conjunction with roof bars.

**03 Roof bars for roof rails.**  
These roof bars are lightweight, stable and are easy to fix on your roof rails, where the anti-theft locks keep them safe. Maximum load: 100kg. Only in conjunction with factory roof rails. Cannot be used with the surfboard or kayak holder.

**04 Rhino roof rack.**  
This lightweight aluminium roof rack, with raised sidebars and lots of lashing possibilities is ideal for transporting bulky goods. Maximum roof rack load: 67kg.

**05 Angle brackets.**  
Used with the roof bar set, these angle brackets offer the perfect solution for transporting ladders.

**06 Roof bars.**  
Adding roof bars to your van can boost your load capacity by 100kg. If you use them with our roof bar Add Ons, you can fine tune your vehicle to meet your needs.

**Bicycle holder for roof bars.**  
Keep your bike safe and secure with this easy to fit bicycle holder which attaches to your roof bars. Further holders can be added if required. Only in conjunction with slotted roof bars.

**07 Pull-out ski and snowboard holder.**  
Pull-out extenders make it much easier to load and unload winter gear. Holds six pairs of skis or four snowboards. Only in conjunction with roof bars.

**08 Surfboard holder.**  
Designed to transport a surfboard and two masts. Includes four mast holders (two per mast) and two tensioning straps. Only in conjunction with roof bars.

Added pulling power for your vehicle.

**BEST SELLER**

**01 Towbar – fixed.**  
Stable and strong, this fixed swan neck towbar enables you to attach a towbar and increase how much you can carry. 13-pin towing electrics also required.

**02 Towbar – detachable.**  
A detachable swan neck towbar enables you to increase your load capability without making the towbar a permanent feature of your van. 13-pin towing electrics also required.

**09 Kayak holder.**  
Specially developed for transporting one-man kayaks weighing up to 25kg. Only in conjunction with roof bars.

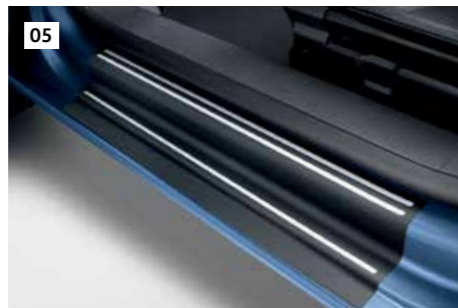

**10 Clothes hanger.**  
Attaches easily to your headrest to keep your jacket tidy and crease-free.

**11 Bicycle holder for towbar.**  
Carry two bikes securely with lockable fastenings. Max load: 50kg. An extension for third bicycle is also available. Requires towbar to support 50kg.

# Towing.

# Protection.

Keep your van looking the business.

**01 Front and rear mudflaps.**

Protect your vehicle from road debris. Available in pairs so you can add them to either the front, rear, or have them fitted all-round.

**02 Waterproof seat covers.**

Protect your seats from moisture and dirt with these removable, machine-washable waterproof seat covers.

Only available for driver and front passenger seats. Not suitable for vehicles with side airbags. New version suitable for vehicles with side airbags coming soon.

**03 Heavy-duty rubber floor mats.**

The deep channels in these hard-wearing heavy-duty rubber mats stop liquids and dirt spilling onto the cab floor, whilst helping to protect the original carpets. Available for front and rear. Fixings included.

Rear mats not shown, but are available for Caddy 2004 onwards and Caddy Maxi 2008 onwards.

**04 Textile carpet mats.**

The textile floor mats are shaped to fit your floor perfectly and are made from hard-wearing, thick woven velour. Available for front or rear in Anthracite or Art Grey.

Rear mats not illustrated. Art Grey available on Caddy 2004 to May 2007 only.

**05 Door sill trim plates – film.**

This Black film with Silver coloured strips adds an extra layer of protection to the door entrance sill guarding against scratches to paintwork. Easy to apply to the front and rear door sills.

Two films in each kit.

**06 Rear bumper protector – Black.**

Help protect your rear bumper from daily wear and tear. Also available in Silver.

**07 Loading lip protection – stainless steel effect.**

The stainless steel effect loading lip protector not only protects the paintwork during loading and unloading, but also gives your vehicle a distinctive look.

**08 Loading lip protection – transparent film.**

This practical loading lip protection is made from transparent film and prevents damage when loading and unloading.

**09 Reversible load mat.**

Durable velour on one side and a non-slip textured surface on the other. This reversible luggage compartment mat is both versatile and practical.

**10 Reversible load mat with loading lip protection.**

Protect your vehicle alongside the reversible load mat with the addition of this robust cloth which covers the load lip. It folds out from the load mat to help to prevent scratches during loading and unloading.

**11 Flexible load liner.**

Versatile protection for your load area with raised edges to help contain spillages. It can be taken out and stored easily as required.

Available for Caddy Maxi window van and Caddy Maxi Life only.

**12 Flexible load tray.**

This practical load tray is washable and has a non-slip, acid-resistant surface. The raised edge helps to contain any spillages.

Available for Caddy Maxi window van and Caddy Maxi Life only.

**13 Rigid load box.**

A robust load box with strong, high sides and cross corrugations for added rigidity.

Available in several sizes. See price list for details.

**14 Plylining kits.**

We offer a full range of high-quality plylining kits. Key features include:

- Premium-grade plywood – 9mm for the floor and boxed wheel arches, 6mm for the sides.
- Materials sourced from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk).
- Machine cut edges for an accurate fit within your specific van.
- Sealing to all joints to help stop any liquid, dust or dirt seeping through.

Image for illustration purposes only.

# Technology.

Stay connected and entertained.

# Towing.

Simply hitch-up and go.

## Top towing tips.

**Watch your weight.**

Once loaded, make sure your trailer **never** exceeds your van's maximum towing limit or gross train weight – you'll find these in your handbook or on your van's weight plate.

**Load well, stay stable.**

For stability, put the heaviest items low down over the trailer axle. Ensure the trailer has a slightly nose down attitude, but it must **never** exceed the van's or trailer's nose weight limit.

**Check your tyres.**

Your van's tyres may need to be inflated to a greater pressure when towing. Check your handbook to be sure.

**01 Towbar – detachable.**

A detachable swan neck towbar enables you to increase your load capability without making the towbar a permanent feature of your van. 13-pin towing electrics also required.

**02 Towbar – fixed.**

Stable and strong, this fixed swan neck towbar enables you to attach a towbar and increase how much you can carry. 13-pin towing electrics also required.

**03 Towbar – two bolt flange.**

Two bolt flange for a towbar system. Not to be used with reversing sensors.

**Jaw, pin and ball.**

For use with two bolt flange towbars.

**Also available.**

**13-pin towing electrics.**

Pre-assembled for fitting to a towing hitch and can be used with fixed and detachable towbars. These towing electrics work with ESP and Trailer Stability Assist to help keep you safe on the road.

For full 13-pin functionality, please use the additional wiring kit – see price list.

# Protection.

Limit the impact of daily wear and tear.

## 01 Sportline waterproof seat covers.

The waterproof, machine-washable material keeps rain and dirt off your seats. The Sportline logo is a perfect fit for our range topping Transporter panel van and kombi.

Not suitable for vehicles with side airbags. New T6 version coming soon.

## 02 Waterproof seat covers.

Protect your seats from moisture and dirt with these removable, machine-washable waterproof seat covers.

Not suitable for vehicles with side airbags.

## 03 Textile carpet mats.

The textile floor mats are shaped to fit your floor perfectly and are made from hard-wearing, thick woven velour. Also available are mats for the second row of seats, please ask at your local Van Centre.

## 04 Heavy-duty rubber floor mats.

The deep channels in these hard-wearing heavy-duty rubber mats stop liquids and dirt spilling onto the cab floor, whilst helping to protect the original carpets. Fixings included.

## Also available.

# Safety and security.

Common-sense solutions for you and your load.

## 01 Rear-view camera.

The camera is mounted to the rear door and feeds an image to the interior rear-view mirror giving a visual warning for obstacles and guidance lines for positioning. It complements the audible rear parking sensors (if fitted) and is activated by selecting reverse gear.

## 02 Load separator and load dividing grilles/dog guard.

These full-width and height grilles help prevent forward and sideways movement of your load. Available individually. You'll need a full length separator grille if you install it at the 'C' pillar (above).

## 03 Load area lighting.

Two LED units that help to significantly improve visibility in the load area. Operates when the doors are opened so there's no risk of them being left on.

## 04 Reversing sensors.

Consists of four sensors. Can be painted to match body colour at extra cost. Suitable for fixed and detachable swan neck towbars. Not suitable for vehicles with fixed-flange towbars.

## 05 CobraTrak for Volkswagen.

Using the latest GPS/GPRS/GSM technology, Volkswagen's partnership with CobraTrak means your stolen vehicle can be tracked and pinpointed to anywhere in Europe. Ask your local Van Centre how it can work for you.

## 06 Alarm system.

This alarm comes in three parts for maximum security – an alarm module, alarm harness and load area sensor.

## 07 Safety kit.

A first aid kit, warning triangle and fluorescent safety vest for added peace-of-mind.

## 08 Anti-theft wheel bolts.

A set of four bolts with key and identification codes.

## Also available.

### Anti-theft spare wheel bolt.

Help keep your spare wheel safe by adding an anti-theft spare wheel bolt.

## Security tips.

### Get an alarm.

Alarm noise alone may be enough to deter a thief and prevent a more costly break-in.

### Lock your doors.

Even if you're only away from your vehicle for a minute, locked doors will deter thieves waiting for a quick, easy target.

### Keep it tidy.

Seemingly trivial items can still attract unwanted attention. Stow gadgets and accessories out of sight, or take them with you. And remember, thieves know to look in the glovebox.

### Load out of sight.

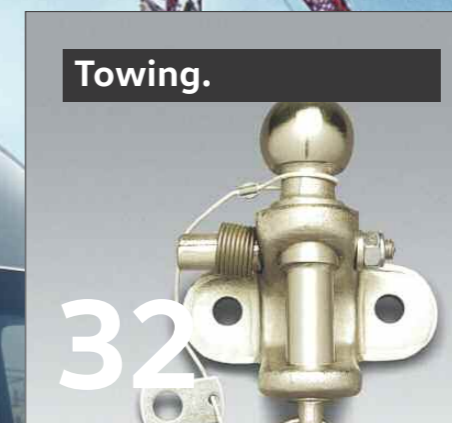

Try to load your van in a secure location. Opportunist thieves can linger in public areas, for an easy swipe and run.

### Park for visibility.

Use well-lit areas. Avoid other vehicles or foliage that a thief could use for cover. Columns or walls can limit access to doors.

# The Crafter range.

The Crafter is designed for work hard.  
Discover how **Add Ons** offer further flexibility.

# Sport and styling.

**Add Ons** for a touch of style and luxury.

**01 16" Borbet alloy wheel.**

6.5J x 16 ET62. Requires 235/65 R16 115R tyres. Only suitable for single axle vehicles. Maximum axle load per wheel 1,350kg.

**02 Leather sport seats.**

Your choice of two-tone upholstery with complementary colours in either the side 'fillet' panels or the mid-centre back and seat panels. With both designs, the stitching is in the contrasting colour. Choice of pillow-effect or flat cushioning. Main colour is Black, with a further choice of three complementary colours.

-  Titan Grey.
-  Dark Red.
-  Ocean Blue.

**03 Leather seats.**

Add a touch of luxury as well as durability and practicality to your vehicle with these high-quality, single colour, smooth leather seats with matching stitching. Comes with a choice of pillow-effect (as illustrated) or flat cushioning. Available in two colours.

-  Titan Grey.
-  Black.

# Transport and touring.

Helping you to carry awkward loads.

**01 Roof bars.**

Adding roof bars to your van can boost your load capacity by 300kg (660lb) for a standard roof, or 150kg (330lb) for a high roof. If you use them with our roof bar Add Ons, you can fine tune your vehicle to meet your needs. Each set comes with three roof bars. Only in conjunction with factory roof preparation.

**02 Single roof bar.**

Add to your roof bar set to help you transport long and bulky objects. Up to six roof bars can be fitted on a long wheelbase variant. Only in conjunction with factory roof preparation.

**03 Wind deflectors.**

These deflectors help prevent wind and rain blowing in your face when you lower the window. They also help to keep the sun out of your eyes.

**04 Rear step.**

This step provides convenient access to the rear of your Crafter, so that anyone who steps in or out of the load area can do so safely.

# Towing.

Robust and flexible solutions that work.

## 01 Towbar bracket.

A fixed towing bracket that comes with a fixed 50mm towball. This versatile bracket forms the base for Crafter towing solutions, enabling you to attach a range of trailers.

13-pin towing electrics also required.  
Only suitable for vehicles up to 3.5 tonnes.

## 02 Towball combined coupling.

This removable hitch increases your Crafter's towing versatility. The 50mm towball has an upper security hook enabling you to safely tow trailers with an eye-type coupling.

Only in conjunction with towbar bracket.  
13-pin towing electrics also required.

## 03 Draw pin lever tow attachment.

This allows you to tow commercial and agricultural apparatus with a bolt or jaw coupling. Maximum drawbar load 150kg. Maximum trailer load 2,500kg.

Only in conjunction with towbar bracket.  
13-pin towing electrics also required.

## Also available.

### 13-pin towing electrics.

Pre-assembled for fitting to a towing hitch and can be used with fixed and detachable towbars. These towing electrics work with ESP and Trailer Stability Assist to help keep you safe on the road.

For full 13-pin functionality, please use the additional wiring kit - see price list.

# Protection.

Help retain your Crafter's good looks.

## 01 Heavy-duty rubber floor mats.

The deep channels in these hard-wearing heavy-duty rubber mats stop liquids and dirt spilling onto the cab floor, whilst helping to protect your floor. Fixings included.

## 02 Front and rear mudflaps.

Protect your vehicle from road debris. Available in pairs so you can add them to either the front, rear, or have them fitted all-round.

## 03 Waterproof seat covers.

Protect your seats from moisture and dirt with these removable, machine-washable waterproof seat covers.

Headrest covers (included) are not required for model year 2012 onwards.

## 04 Plylining kits.

We offer a full range of high-quality plylining kits. Key features include:

- Premium-grade plywood - 9mm for the floor and boxed wheel arches, 6mm for the sides.
- Materials sourced from suppliers accredited by the Timber Trade Federation. For more information go to [www.ttf.co.uk](http://www.ttf.co.uk).
- Machine cut edges for an accurate fit within your specific van.
- Sealing to all joints to help stop any liquid, dust or dirt seeping through.

Image for illustration purposes only.

## 05 Headlight protectors.

This set of protectors also comes with two sets of decals that convert your headlight beams when driving on the continent.

## 01 Pure Drive Digital.

Enjoy a wider choice of radio channels and improved sound quality with this radio upgrade. You can browse stations and even pause and rewind while listening. It's also possible to connect music and USB devices for added choice.

## 02 Kenwood DAB/Bluetooth® satellite navigation system.

A great system for the Crafter that takes entertainment and navigation to a whole new level.

- Control your music and phone via the 6" touch-screen.
- Includes CD/DVD player.
- Digital DAB+ tuner gives you more radio stations and a clearer signal.
- Hands-free Bluetooth® operation.
- Connect and control your iPhone or iPod using the optional USB lead.
- Garmin European satellite navigation built-in, with updates via SD card slot.

## 03 NSV Bluetooth® kit.

This attractive Bluetooth® kit can be seamlessly integrated into your van's cab.

- Single push-button operation for answering and ending calls.
- Last-number redial.
- Automatically mutes your van's audio when you're on a call.
- Voice-activated dialling.
- Automatically pairs with your phone when you turn on the ignition.
- Recognises up to five phones.
- Directional microphone.
- Compatible phones can play music wirelessly through your van's speakers.

iPhone not included.

## 04 Kenwood CD/DAB digital radio.

This DAB radio system provides more choice of stations and improved reception. You can even connect your iPod for more choice.

## 05 AutoDAB.

This DAB system lets you enjoy all the benefits of digital radio. Choose from new digital stations and enjoy old favourites with improved audio quality. It also uses your vehicle's display to show song and artist information from certain stations.

## 06 AUX-IN adaptor.

This adaptor will connect your MP3 player to your radio/satellite navigation system. Works with the RCD 2001 and RCD 4001 radios, and the RNS 4001 and RNS 5001 navigation system.

iPhone not included.

## 01 Safety kit.

A first aid kit, warning triangle and fluorescent safety vest for added peace-of-mind.

## 02 Rear-view camera.

The camera is mounted to the rear door and feeds an image to the interior rear-view mirror giving a visual warning for obstacles and guidance lines for positioning. It complements the audible rear parking sensors (if fitted) and is activated by selecting reverse gear.

## 03 Load area lighting.

Two LED units that help to significantly improve visibility in the load area. Operates when the doors are opened so there's no risk of them being left on.

## 04 Sortimo aluminium cargo bars.

Help to keep your cargo secure with these cargo bars. Available for vans with a standard or high roof. Two bars per pack. You'll need load-lashing rails in the floor, roof and side of your van.

## 05 Reversing sensors.

Consists of four sensors.

Can be painted to match body colour at extra cost. Suitable for fixed and detachable swan neck towbars. Not suitable for vehicles with fixed-flange towbars.

# Rhino.

Innovative roof systems designed for van users.

## 01 Pipe tube – 3 metre, lockable.

The perfect solution for transporting lengthy materials, the Pipe Tube is manufactured from powder coated aluminium with a robust nose cone that provides aerodynamic security. Lockable at both ends and allows transportation of up to 50 x 15mm copper tubes or similar materials.

## 02 SafeStow<sup>3</sup>

Make the loading and unloading of your ladders a straight-forward and safe process with the SafeStow<sup>3</sup> ladder transport system. Two versions are available, carrying either single or double ladders. Constructed from lightweight and robust aluminium alloy and stainless steel components, while lifting is made easy with fully-adjustable gas struts.

## 03 KammBar<sup>®</sup> roof bars.

When you need the versatility to transport loads without the bulk of a rack, KammBar<sup>®</sup> roof bars offer a lightweight, yet strong solution. Manufactured from high strength aluminium alloy, they use an aerodynamic profile to minimise wind resistance and noise, whilst helping to reduce fuel consumption. All KammBar<sup>®</sup> systems are compatible with rear wing doors and tailgates.

## 04 Ladderstow<sup>®</sup>

Provides a safe, quick and easy way to manually load and unload ladders on low roof vehicles. Using low-friction sliders to aid efficient loading of ladders from the rear of the vehicle, Ladderstow<sup>®</sup> avoids any need to climb onto the vehicle. Adjustable for both height and width for varying ladder types, a simple multi-adjustable strap helps affix the ladder at the rear.

## 05 SafeClamp<sup>®</sup>

Secure ladders to your Caddy, Caddy Maxi or Transporter with this innovative clamp. Designed to lock down in one swift movement and can accommodate up to three nested ladders. Corrosion resistant and lockable for added security.

## Also available.

### KammBar<sup>®</sup> rear roller.

Helps to make loading and unloading long loads so much easier.

# Sortimo.

Added flexibility for your Caddy or Transporter.

01

02

03

## Sortimo storage solutions.

Our Sortimo storage solutions offer added flexibility to your vehicle's load area. Fitting neatly and securely onto the Sortimo Sobogrip<sup>®</sup> protective floor, systems are available for Caddy and Transporter vans in a variety of sizes and configurations that can be tailored to your needs. For the perfect finishing touch, a wide range of additions are available such as non-slip mats, clamps, shelves, boxes, trays, drawers, cases and dividers.

# Van care.

Maintain a smart and professional image.

## 01 Alloy wheel cleaner.

Dirt and grime is quickly loosened and removed with this intensive cleaning concentrate, giving a thorough clean. Suitable for steel and alloy wheels.

01

## 02 Wax and polish.

Using wax and polish will help to preserve your vehicles paintwork and give it an intense deep shine.

02

## 03 Leather care.

This leather care fluid refreshes the finish of your leather trim and helps to retain its good looks.

03

## 04 Autoglym LifeShine.

Why not have your vehicle treated at your Volkswagen Van Centre? Paintwork gets a protective coating to enhance the shine and maximise resistance to the elements. A durable waterproof coating is applied to upholstery and carpets to repel moisture and resist staining. The outside of the side and rear windows get an easy-to-clean coating, so water runs off easily. You also get a complementary care kit, too.

Comes with a comprehensive lifetime warranty subject to reasonable ongoing care.

04

05

06

## 05 Valet pack.

This valet kit contains a chamois, sponge, insect sponge and a de-mist pad – all designed to give your vehicle a shine.

## 06 Spare bulb and fuse kit.

Contains 11 of the most common vehicle bulbs and fuses, including dipped and full-beam headlights, reversing lights, sidelights and 5A to 30A fuses. All in an impact resistant Volkswagen case.

## 07 Winter van care kit.

Protect your vehicle from harsh conditions. Contains high-quality winter-proof screenwash, de-icer, rubber care stick and an ice scraper.

07

## Top cleaning tips.

### Give it a rinse first.

Rinse off loose dirt with a quick hose-down, then it won't scratch the paint as you wash.

### Clean from the top.

Wash in 'layers' – from roof to waistline, waistline to bumper strips and then to the sills. This lets water flow down, removing dirt as it goes, while helping to prevent dirt being rubbed back up the vehicle.

### Shampoo and sponge.

Use a good shampoo, such as Volkswagen's wash and wax. Apply it with a clean sponge. (included in our valet pack)

### Rinse and chamois.

When you have finished cleaning, hose the van down and dry with a chamois leather. (also included in our valet pack)

### Wax for a fine finish.

For a real sparkle, apply a wax polish. This will protect the paintwork and make it easier to wash next time.

### Clean your alloys regularly.

Brake dust is full of metal, carbon and adhesive particles. It's deeply corrosive, so use a wheel brush and alloy wheel cleaner to remove filth from nooks and crannies.

# Merchandise.
