

VOLVO XC60

INNOVATION FOR PEOPLE

Made by Sweden.

At Volvo Cars, we continuously innovate in order to make your life better. Every car, every technology and every design is the result of a clear vision – to put people at the heart of everything we do. It's a vision that has driven us from the start, one informed by Sweden, a country which values people as individuals and where conventions are challenged. It's a culture with a rich design heritage and a unique way of looking at the world.

This vision has inspired us to create the likes of the three-point safety belt and side-impact airbags – inventions that have saved lives and changed automotive history. And with our new generation of models we continue with this tradition. Scandinavian design combines with

modern Swedish luxury to enrich your experience. Intuitive technology makes life less complicated and keeps you connected with the world, while the latest Drive-E powertrains balance responsive power with class-leading efficiency. And our IntelliSafe innovations support you while you are driving, helping to prevent accidents and protecting you if one occurs. They make every journey safer, more comfortable and enjoyable.

We understand what's important to people. It forms the basis of all the innovations which we create. Innovations that improve lives.

At Volvo Cars we design our cars around you.

The XC60 excels whether you're on a city street or a challenging country road. It enhances your life with the enjoyment, comfort and beauty it provides. A car that blends Volvo refinement and innovation with the functionality and presence of an SUV.

On the outside, the XC60 possesses the elegance and confidence that typifies great Scandinavian design, as well as a toughness that suggests it is ready for anything. It delivers on its promise, with a chassis that provides a responsive, in-command feeling. Generous ground clearance and the option of all-wheel drive give you the freedom to go wherever you choose, however challenging the road or conditions.

Power comes from a range of engines that combine responsive performance with low fuel consumption and emissions. With lightweight construction, low-friction technology and advanced transmissions they get the most out of every drop of fuel.

Inside, the XC60 combines a commanding driving position with a calm, serene atmosphere, so that you feel relaxed and

in control. Our seats have been famous for their comfort ever since we took the unprecedented step of consulting ergonomic experts to help us develop them, and the current generation are the latest example of this revolutionary approach. Supportive and comfortable, you will arrive fresh and relaxed after even the longest journey.

Sensus – our way of connecting you with your Volvo and the world around you – puts the latest technology at your command, in a way that's intuitive and natural. For the XC60 it includes high-quality displays and easy-to-use controls that make life easier, as well as the option of high-end audio systems and internet connectivity that keeps you in touch with your digital world on the move.

Dynamic, luxurious and capable, the XC60 is a car that enhances your life and empowers you to do whatever you want to do. It's a car for individuals that value great design and innovation, and that enjoy living life to the full.

*"It's the perfect car for demanding drivers
in search of refinement and freedom
– both in town and beyond the city limits."*

VOLVO XC60

*Meet the SUV that's
GREAT to drive.*

Your lifestyle says you need an SUV; your heart says you want a stylish, driver-focused road car. If this is your dilemma, we've designed our Volvo XC60 as your solution. It's the perfect car for demanding drivers in search of refinement and freedom – both in town and beyond the city limits.

You really have to drive an XC60 to appreciate its superb handling. Thanks to its class-leading chassis and Corner Traction Control, a system that makes cornering even more fun meaning it's every bit as nimble and agile as a ground-hugging road car.

At the same time, its ride height gives you a commanding driving position when negotiating busy city traffic, for which the perfectly proportioned XC60 is ideally suited. And it's reassuring to know that when the temperature drops, your XC60 is built to take adverse conditions in its stride.

We Swedes like to think we're
too nice to judge things on their looks.
We're not.

"I was inspired by a river near my home," explains the XC60's exterior design manager Steve Potter. "The water was flowing incredibly fast over the rocks. We set about creating this visual tension and constant movement, which changes depending on your point of view – it's alive. The result is a very human, organic feel."

Our XC60 has a smart, purposeful look that's as much at home on a city street as

a country lane. The design gives our SUV a more urban twist. The headlamps give the car a focused, determined face with huge road presence, and the intense vertical LED day running lights are positioned far out to the corners of the car to emphasise the XC60's height and stature.

True to our Scandinavian design principles, we've worked on every last element to reduce what our designers call visual "noise". We care

about small details like moving the washer nozzles out of sight and masking anything that might detract from the XC60's elegant, clean surfaces. The strong shoulders are another Volvo design cue – as is the grille with the iconic Volvo diagonal. Together, they tell the world that this car is proud to be a Volvo.

“We’ve designed the cockpit around you, the driver.”

We've designed the cockpit around you, the driver. Sit in the driver's seat and the dashboard, which is gently angled towards you, puts you in complete command. Inspired by high-performance motorbikes, we came up with the idea of a single round instrument flanked by two smaller dials. Then, we carefully sculpted the three-spoke steering wheel with the aim of giving you a clear sense of connection between your car and the road.

Where you sit is equally important. Volvo takes pride in designing seats that not only offer great comfort but also outstanding support, so that at the end of every journey you make you will feel as calm and refreshed as when you started. Our sport seats look great and, true to our commitment to ergonomic design, side support all the way from your thighs to your shoulders ensures that you keep firmly in position, even when you're cornering.

And because it's a Volvo, we designed the seats so your passengers will enjoy the ride too. Everybody travels first class, and with our two-stage integrated booster cushions children over 3–4 years will ride safely in comfort while seated at the right position.

Of course, we're committed to a clean environment inside your car as well. As part of CleanZone, all interior materials in your Volvo are hypo-allergenic and do not emit harmful gases. CleanZone also includes a highly effective dust and pollen filter. And our Interior Air Quality System uses an active carbon filter to reduce harmful gases and particles, enabling that you and your passengers breathe easy – even in polluted cities.

No need to take your hands off your steering wheel as you shift up and down the automatic gearbox in manual mode – just flick through the gears with our optional gearshift paddles. You'll be in total command of your car, with both hands on the wheel. And quicker gear changes for a more responsive drive when you're in the mood.

“Sensus is about making your interaction with your car intuitive, and ensuring you’re on the road, but not offline.”

SENSUS

The intuitive way to interact with your car.

Volvo Sensus is our all-encompassing approach that connects you with your car and the world around you. It means you're on the road, but not offline. With Sensus Connect, you can turn the 7-inch screen in your dashboard into an internet-connected infotainment hub*. Not only can you surf the web, you can also download apps – from Stitcher to TuneIn. Sensus Connect also gives you access to basic internet maps and routing, and to take advantage of navigation guidance, 3-D views and navigation apps, there's our Sensus Navigation option. If you'd like to take your connectivity to the next level, there's Volvo On Call. This option gives you 3G-connectivity with excellent reception through your car's integrated roof

aerial, so you can create a Wi-Fi hotspot for all of your devices. Meanwhile, Connected Service Booking allows you to book your car in for a service from the comfort of the driver's seat.

A high-end audio experience is also part of Sensus. That's why we've designed our state-of-the-art Premium Sound with Harman Kardon®. Using 12 high-fidelity loudspeakers, the amplifier is equipped with Dirac Live®, the next generation sound enhancement software. With an incredibly realistic stage sound as well as enhanced bass performance, this sound system provides an unparalleled aural experience for every passenger and connects easily with external media players.

Our digital driver display is another delight. Not only does it give you all the information you need without overwhelming you – its three background modes, Elegance, Eco, and Performance, also sync with the centre screen. The physical controls, such as our floating centre stack with its iconic 'manikin' climate control buttons, are another example of Swedish design that's both functional and beautiful. And then there's our eye-catching illuminated gearshifter, which is available for selected automatic gearboxes. Glowing gently in the dark, it adds a touch of atmosphere to your night drives.

*A mobile data plan is required to enable online access and connectivity

A special connection. Volvo On Call allows you to connect with your car as never before, while also connecting your car to the outside world.

At its heart is a smartphone app you can use to check on – and interact with – your car no matter where you are. And to go online, the package includes a built-in modem and dedicated SIM-card slot. Volvo On Call also provides help when you need it most. The On Call button in the cabin puts you through to breakdown services. And in emergencies, the cabin's SOS button provides an instant link to a team of Volvo On Call professional operators. To cover any eventuality, if there are indications that you've had an accident (such as a deployed airbag), we will call you. If there's no response, we'll send the emergency services to you straight away.

SENSUS

“Our vision is that by 2020 nobody should be killed or seriously injured in a new Volvo.”

INTELLISAFE

*Intuitive safety by Volvo Cars.
For you, and for those around you.*

At Volvo Cars, safety is an intrinsic part of our DNA. We've invented some of the world's most pioneering life-saving technologies – such as the three-point safety belt that's been acknowledged as one of the most important innovations of mankind.

But we aim higher. Our vision is that by 2020 nobody should be killed or seriously injured in a new Volvo.

IntelliSafe is our approach for a more harmonious relationship between cars and people. To achieve this, we have infused your Volvo with smart, intuitive innovations for a safer drive. And the IntelliSafe technologies help protect not only the people inside your car – we also consider people on the outside, for example with technology that helps you to detect pedestrians and cyclists.

When you drive at speeds up to 31mph, our City Safety collision avoidance technology looks ahead of you and brakes automatically if you're about to run into a vehicle in front.

To give you more support at higher speeds, our Collision Warning with Auto Brake and Pedestrian and Cyclist Detection alerts you if you're too close to a vehicle and a collision is imminent – day or night. The system also reacts if there's a pedestrian in your path or a cyclist ahead travelling in the same direction as your car. And if necessary, if you do not react to the warning, your car brakes automatically to help you avoid or mitigate a collision.

To help you stay in the lane, our Lane Departure Warning technology will alert if you unintentionally should cross a lane marking – there's even Driver Alert technology that reminds you to take a break in case your driving behaviour shows signs of drowsiness.

Our IntelliSafe technologies also support your daily driving. The Road Sign Information technology keeps you updated on actual speed limits and other important road signs. At night, our Active High Beam stays on high beam all the time to optimise your vision

without dazzling other road users. And to make you a bit more relaxed on the road, our Adaptive Cruise Control can maintain your set speed and distance to the vehicle in front. In slow-moving city traffic, our Queue Assist function (only available for automatics) can automatically maintain the selected distance to the car in front – from standstill and up to 18mph. Our BLIS™ system helps you to early detect other vehicles in your blind spot, while the Cross Traffic Alert function facilitates reversing out of tight parking spaces where your vision can be restricted.

And because we know you love to drive, our active IntelliSafe technologies like Electronic Stability Control add to reassuring driving stability in all conditions without sacrificing the joy of driving. It's simply about giving you the most human-centric driving experience, on your terms. And helping to keep people out of harm's way, whether they happen to be inside or outside your car.

Light up the dark. Driving in the dark just became a lot more enjoyable and safer. Our Active High Beam stays on high beam all the time. You don't have to flick between low and high beam, and when you meet or catch up another vehicle the system shades out only as much of your beam as necessary to avoid dazzling – while you still get the benefit of a brightly lit road. And when you enter a city, the high beam shuts off.

FIND OUT MORE AT VOLVOCARS.CO.UK

City Safety is designed to prevent you from colliding with the car in front if it stops, or slows suddenly. This advanced IntelliSafe system will automatically brake to avoid a collision and works at speeds of up to 31mph – an accident can be avoided at a speed difference of up to 9mph to the vehicle in front.

Because we also care about other road users, our pedestrian and cyclist detection with full auto brake watches out for people walking in your path or cycling in the same direction as your car and applies the brakes if you're unable to react in time.

Our BLIS™ system uses radar sensor technology to alert you to vehicles that are close to or in your blind spots in your adjacent lane. This way, you're far less likely to change lanes when it isn't safe.

When you're reversing out of tight parking spaces, our Cross Traffic Alert function watches out for vehicles you can't see.

INTELLISAFE

“With our new generation 2.0-litre, four-cylinder Drive-E powertrains you don't need to sacrifice power and superb driveability for efficiency and low CO₂ emissions.”

DRIVE-E

*Enjoying more.
Using less.*

Drive-E isn't just about our new generation of efficient powertrains, it's about our all-embracing approach to efficient driving. And while we're committed to creating smarter, more innovative technologies to reduce our cars' impact on the environment, we'll never lose sight of the pleasure to be had in driving. In short, we believe you don't need to sacrifice power and superb driveability for efficiency and low CO₂ emissions.

Our Drive-E powertrain range consists of highly efficient, four cylinder petrol and diesel engines, up to 2.0-litre.

We've mated these turbocharged, low-friction, light-weight powertrains with our

all-new eight-speed automatic gearbox, which ensures you get optimum performance at any engine speed.

If you choose an automatic, your Volvo also has an ECO+ function which can reduce fuel consumption by up to five per cent, depending on driving style. ECO+ not only optimises shift points, engine control and throttle response. It also includes a Start/Stop system and an ECO coast function. This disengages the clutch when you release the accelerator at speeds above 40mph: instead of the engine braking the car and using up fuel in the process, your Volvo will coast along using its kinetic energy.

Our Drive-E diesel powertrains have additional technologies designed to reduce fuel consumption and emissions. Twin turbo-chargers and the revolutionary i-ART ensure that these intelligent engines provide responsive, clean and efficient performance – each cylinder has its own microchip and pressure sensor for perfect metering of fuel. Better still, these advanced engines remain in precise tune even after years of use.

The Volvo XC60 is available with a wide range of cutting-edge engines designed to meet your preferences. All of them are designed to offer maximum driving pleasure while using fuel efficiently and keeping CO₂ emissions at a minimum.

Are you looking for maximum power? Our highly efficient T5 petrol engine with an eight-speed automatic gearbox puts out 245hp at 157g CO₂ emissions for an exhilarating driving experience. Alternatively, our high-performance 220hp D5 AWD diesel powertrain will provide high efficiency and refinement while just emitting 137g CO₂/km. Or do you want the ultimate combination of fuel economy and performance? Then choose our highly refined 190hp D4 FWD engine which consumes just 62.8mpg and emits 117g CO₂/km.

Fuel consumption and CO₂-emissions figures apply to cars with manual transmission except for the T5 that only comes with automatic transmission.

DRIVE-E

*“Think of the XC60 like a coat
– just a very stylish and practical one.”*

ALL THE BEST PLACES ARE TOUGH TO GET TO.

See you there, then.

In Sweden, we say there's no such thing as bad weather, just the wrong clothes. We think that applies to cars, too. We've always designed our cars to incorporate the latest driving technology so you can go anywhere regardless of what the weather is throwing

your way. Think of our cars like a coat – just a stylish and practical one. Choose an All-Wheel Drive variant, and your XC60 will be unfazed by any kind of weather, even if roads are poor. Hill Descent Control boosts that capability even further, making the XC60 a

true all-round vehicle. On the motorway and twisty country lanes, the overall impression is one of powerful agility and assurance. Apart from the standard Comfort Chassis, for an all-out sporty ride, there is a stiffened Sport chassis.

FREEDOM OF CHOICE, YOUR CHOICE

In a Volvo, you can enjoy the finer aspects of freedom. Such as the freedom to explore new roads, the freedom to enjoy the experience and – not least – the freedom to create a car that matches your style and personality. Choosing a Volvo is more than a statement of your personality. It's about knowing what's most important in life and going in that direction. To show a greater care for people and the world we share, and never compromise

with design and quality. To choose a car that's more human-centric, more intuitive and more efficient – simply much of what empowers you to live a rich, authentic life.

To ensure you get your new Volvo XC60 exactly as you want it, we have created a wide range of options, trim levels and personal expressions. Even if your XC60 is generously equipped already in the SE trim level, you may want to enhance the experience even

further and opt for a more sporty style inside and out with R-Design. Or maybe you want to indulge your senses in the finest Scandinavian luxury. Then you'll feel at home with SE Lux. Whatever you prefer, you can rest assured there's a Volvo XC60 for you. Read on, and see what your new XC60 will look like.

Volvo XC60 SE Nav

Volvo XC60 SE Lux Nav

Volvo XC60 R-Design Nav

THE RIGHT EQUIPMENT FOR YOUR DRIVE

Choosing a Volvo XC60 is the easy part. And now all you need to do is select the equipment level that's right for you. Already the equipment level SE will provide you with a high level of technology that will meet high demands on style, comfort and safety. For example, you get our world-leading IntelliSafe technologies including the award-winning City Safety collision

avoidance technology and advanced Electronic Stability Control as standard.

Bright deco exterior design elements will add to the exclusiveness of your XC60, while the elegant leather upholstery and Milled Aluminium decor inlays complement the interior ambience. With SE, you can also enjoy the clear sound reproduction of our High Performance audio system including

Bluetooth® music streaming and convenience enhancing features such as rear park assist. Adding our Active High Beam functionality, you can stay on high beam all the time without dazzling other road users.

XC60 SE NAV

Includes:

17" Valder alloy wheels | 3-point safety belts on all 5 seats with belt reminder | 40/20/40 split rear seat | Airbag, driver & passenger side | Audio controls in steering wheel | Automatically dimmed frameless inner mirror | AUX input | Black roof rails | Bluetooth® | Bright work side windows, lower | City Safety | Corner Traction Control (CTC) | Cruise control | Dual cup holders, front | Electronic Stability Control (ESC) | Electrically operated parking brake | Electronic Climate Control (ECC) with ventilation outlets in B-pillars | Front seat 12V outlet | Hill Descent Control (AWD) | Headlamp level adjuster | High Performance audio system | Illuminated vanity mirrors | Inflatable Curtains (IC) | ISOFIX, rear | Leather-clad gear knob | Leather-clad steering wheel with Silk Metal inlay | Metal luggage threshold | LED DRL (Daytime Running Light) | Load cover | Leather upholstery | Outer temperature gauge | Park assist rear | Rain sensor | Retractable rear-view mirrors with ground lights | Roll-over protection system | Roll Stability Control (RSC) | Remote control central locking | Sensus infotainment with 5" colour screen in the centre stack and High Performance audiosystem with CD player | Side impact airbags integrated in the front seats | Textile floor mats | Trip computer | Tyre Pressure Monitoring System (TPMS) | Tyre sealant kit | Uni decor climate control manikin | WHIPS™ (whiplash protection integrated in the front seats)

1. XC60 SE Nav with 17-inch wheels and bright deco exterior details for an elegant appearance. **2.** Park Assist gives helpful support when reversing your XC60 SE Nav. **3.** Inside the XC60 SE Nav, you'll find a leather-clad steering wheel with Silk Metal inlay, an analogue driver display and our excellent High Performance audio system with convenient steering wheel controls and Bluetooth® audio streaming.

A HIGHER GRADE OF LUXURY

We created the XC60 SE Lux Nav to meet your highest expectations on Scandinavian luxury. It's a personal expression that evokes a strong sense of elegant refinement. Each detail is there to give you and your passengers a sophisticated and invigorating experience.

Distinguished exterior design cues enhance the luxurious look and feel of the XC60, while the meticulously crafted interior gives you ample room for a relaxed driving experience. The XC60 SE Lux Nav epitomises our proud heritage of human-centric design. And when

it comes to intelligent luxury imbued with distinctive style and fresh thinking, the XC60 SE Lux Nav is in a class of its own – just like you.

XC60 SE LUX NAV

Includes SE equipment level plus the following:

18" Tucan alloy wheels | Digital driver display | Chromed lower door mouldings | Power driver seat with memory function for seat and side mirrors | Rear armrest with cup holders and storage | Roof rails, bright | Keyless drive (includes keyless entry and keyless start) | Active TFT driver display | Active bending Xenon headlights | Headlight cleaning system

The Volvo XC60 SE Lux Nav means refined luxury. Well-judged exterior design cues such as front chrome inlays and bright roof rails combine with the stylish 18-inch alloy wheels to enhance the car's timeless Scandinavian design. The wheels also contribute to the car's confident stance.

Inside, the luxurious theme continues with authentic, finely crafted materials that create a lounge-like atmosphere of

sumptuous wellbeing. As a driver, you can lean back in a sculpted power-operated Comfort seat with smooth leather upholstery and enjoy the intuitive view of the digital driver display. Depending on your mode, this display gives you three graphic modes to choose from: the default mode Elegance with its stylish black colour theme, the green Eco mode and Performance mode in striking red. The memory function of the power seat

allows you to store your settings both for the seat and the door mirrors. Every time you use your remote control to unlock the car, the driver's seat and the door mirrors will automatically adjust to your last settings. And for your passengers in the leather rear seat, an armrest with cup holders and storage adds to relaxed comfort and convenience.

The XC60 SE Lux Nav exterior with its subtle design touches is a timeless expression of classical Scandinavian design. The exterior colour palette allows you to create the XC60 SE Lux Nav that best reflects your style and preferences. Available in a wide range of design expressions, the alloy wheels connect visually with the exterior design cues to create a harmonic impression of contemporary elegance.

INSPIRED BY THE ART OF DRIVING

If you love to drive, the XC60 R-Design is for you. With a unique personality, R-Design captures the thrill of a spirited driving experience characterised by style, response and control. A wealth of distinguished design details raise the dynamic soul of your Volvo SUV and give it a more sporty, distinct road presence. It's an expression that catches the

eye from every angle and hints the promise of an amazing drive, every time.

And you can rest assured the XC60 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it already the moment you take your position in the sculpted R-Design sport seat. Everything – from the

R-Design steering wheel and digital driver display, to the Charcoal headliner – is there to inspire and support your drive. And for even better cornering, the XC60 R-Design benefits from a fine-tuned sport chassis.

XC60 R-DESIGN

18" Ixion III alloy wheels | 3-spoke perforated leather-clad steering wheel with metal R-Design badge | Digital driver display with R-Design theme | Dual exhaust with visible tailpipes | Inscription Charcoal headliner | R-Design LED dayrunning lights | Leather-clad Sport gear knob | Nubuck Textile/leather upholstery | R-Design interior decor trim inlays | Rear-view mirror caps in silver metallic | Sport chassis | Sport floor mats | Sport pedals | Sport seats | Stainless steel treadplates with R-Design logo | Unique R-Design front design | Unique R-Design rear diffuser

R-Design is Volvo in smart designer sports gear – it's all about a performance-inspired look and feel, both inside and out. It's a truly eye-catching expression with sporty exterior design cues, such as its own distinctive grille in Matt Tech Black with high-gloss stripes, front spoiler, Bright Silver matt finish door mirror caps and striking 18-inch or 20-inch alloy wheels. At the back, prominent chrome dual tailpipes and a motorsport style rear diffuser with aero fins add the perfect finishing touch.

On the inside, the sporty theme continues with unique R-Design decor inlays, Charcoal

headlining and R-Design sport seats in Nubuck Textile leather or full leather. Together, these features give the cabin a technical, cockpit-like feel. Contrasting stitching in the seats, the gear shifter gaiter and the steering wheel in leather all reinforce the sporty yet elegant ambience. The deeply sculpted R-Design sport seats will embrace you from the thighs to the shoulders for the comfortable support and in-command feel you expect of a true driver's car. Further adding to your sense of being in control, the R-Design also provides you with a digital driver display with a unique R-Design display mode.

Behind the wheel, you can enjoy the sharp response and feedback from quicker steering and a finely tuned R-Design sport chassis. Lower and firmer, this chassis features adjusted anti-roll bars and stiffer springs resulting in a sporty road-hugging drive without you having to compromise ride comfort.

The XC60 R-Design is available with all powertrains.

The exterior leaves no doubts of the intention with your XC60 R-Design. The exterior colours are carefully selected to match the car's dynamic character – each with its unique expression. For example, the new R-Design exclusive Bursting Blue metallic adds a techy, sporty look that perfectly highlights the body inserts in high-gloss black and silk metal finish. The new stylish Ixion five-spoke R-Design 18-inch or 20-inch wheels give your XC60 R-Design a superior road presence that puts your SUV in a class of its own.

Make your XC60 truly yours.

Equally at home on the city streets as on the roads to your adventure, we designed this elegant and highly capable SUV to enhance your freedom. With the right accessories, you can further express your own style and expand the capabilities of your XC60. For example, we have created an Exterior Styling Kit that will boost the refined and powerful looks of your XC60.

Regardless of the angle from which you approach your XC60 – its dynamic yet

rugged character make up for strong road presence with an unmistakably Scandinavian touch. To reinforce its dynamic stance even further, you can customize it with our Exterior Styling Kit. It's available in Matt Silver and Iron Stone to help you make your SUV more personal, according to your own preferences. Our eye-catching front bumper bar gives your XC60 an even more purposeful look, with a metallic colour that's beautifully accentuated as it catches the light. And at the rear, the beautifully sculpted double integrated stainless steel tailpipes in chrome finish and

the rear skid plate boldly underline the car's dynamic character. The wheels are the jewels of your XC60. Our gorgeous 20-inch, Diamond Cut Candor alloy wheels feature a six-spoke design in Matt Black or Matt Iron Stone finish, making sure your entrance doesn't get unnoticed. Finally, the integrated running boards visually enhance the sleek lines and confident look of your XC60. Making it easier to reach your gear on the roof, these boards also facilitate loading and unloading.

1. The Complete Performance Package includes essential hardware to add performance while subtle exterior details – such as the black door mirrors, black lower door decor stripes and a black tailgate handle – underline the dynamic appearance of your XC60.

Polestar Performance Parts.
Made to Perform.

2. The Polestar tailgate spoiler will efficiently aid high-speed stability as well as sharpen the car's appearance. **3.** Designed to reduce back-pressure, the stainless steel exhaust system with larger tailpipes gives the engine note a harder edge while also allowing it to breathe more freely for improved performance. A rear diffuser enhances downforce to increase stability at high speeds. **4.** Sport pedals in aluminium with rubber inserts. **5.** The engraved Polestar instep plate in stainless steel reminds you what you're about to drive every time you open the door. **6.** The lightweight Polestar 21-inch alloy wheels with high-performance tyres will help with added steering precision and road grip.

It is our passion for driving that led us to design this range of Polestar Performance Parts for your Volvo XC60. Developed by the same team responsible for our motorsport success and our dynamic road car Volvo V60 Polestar, the new Polestar Performance Parts programme fulfils Volvo Polestar's engineering philosophy by delivering a balanced, energetic driving experience.

The Polestar Performance Parts are designed for the most critical performance areas of your Volvo and is available as a Complete Performance Package. This

includes everything from improvements to the chassis, wheels and tyres, intake and exhaust as well as aerodynamics and interior details. Any of these components will create a more compelling drive, and are also available in separate packages. With the Chassis Package you'll get Polestar-developed shock absorbers and coil springs for a more direct and responsive driving experience. The Wheel Package includes the lightweight 21-inch Polestar wheel and high-performance tyres for maximum grip. Then there's the Intake & Exhaust Package, designed for our new generation Drive-E powertrains. It combines a sports air filter with a Polestar

cover and a stainless steel exhaust system. This package will deliver the most dynamic engine characteristics when combined with the Polestar Performance Optimisation.

All Polestar Performance Parts meet all Volvo safety requirements. They are developed and tested by Volvo Cars and Polestar, ensuring a perfect fit and finish, as well as impeccable road manners, and with no impact on the car's limited factory warranty.

1. See more lifestyle accessories at collection.volvocars.com 2. Specially designed by Volvo Cars' design team, this exclusive roof box with built-in lighting and storage net solves your roof top transports in perfect visual harmony with your XC60. 3. With our park assist camera, front blind view, you negotiate tight exits with ease, even when the visibility is restricted. 4. Our new generation rear-facing child safety seats help provide effective protection with superior comfort and enhanced possibilities for rest and sleep.

No two lives are the same.
Make sure your Volvo matches yours.

5. A foldable steel grille and load compartment divider will come handy when you want to keep cargo separated. And adding a dog gate, you'll give your pet a place of its own.

A pleasurable part of buying a new Volvo is putting your personal stamp on it. You can do that by choosing accessories that reflect your own taste and that cater to your particular lifestyle.

If you carry large sport equipment, our aerodynamic roof load carriers are essential. Fitted directly onto the car's rails, they provide an easy-to-use rooftop carrying system where you put dedicated load accessories such as our ski holders, bike holders, kayak holders or a roof box.

To take the stress out of driving we have developed technology such as our park assist camera that dramatically increases your field of vision behind the car. The image is projected onto your centre display, so you can spot any

low obstructions when reversing. There's also a zoom-in view you can use to hitch up a trailer to your towbar.

Since there can only be one driver at a time, the XC60 also offers some premium amusements for your rear seat passengers. Our Rear Seat Entertainment system with 8-inch touchscreens and integrated DVD players can operate independently. Wireless headphones are standard (you can also plug in your own wired headphones), so one's game doesn't fight with another one's movie.

For your children, our new generation Volvo child seats helps provide world-class protection and premium comfort. Infants of up to one year (or 13kg) travel safely backwards in our new comfortable rear-facing

infant seat. And because we recommend that children should travel facing to the rear as long as it's possible, our new rear-facing child seat for children up to 6 years (or 9–25kg) allows the child to be seated backwards for many years with generous legroom. When the child has outgrown the rear-facing child seat, our new booster seat with backrest is designed to position the child at the correct height for the safety belt. The child seats' elegant soft wool upholstery matches the interior of your Volvo and provides excellent breathable and moist-absorbing characteristics for maximum comfort.

The simplest way to own a car.

We love it when you're happy. When things are easier than you expect, or go faster and become better. Because when you buy a Volvo, you buy the simplest way to have a car. Financing, insurance, servicing, changing tyres, cleaning – those aspects of car ownership that you might not find very interesting, are the ones that we love

to make easier and better for you. That's why your Volvo dealer will always offer you a whole range of simplifying services and offers all designed around you, giving you the most carefree ownership experience possible.

Still, this is just the beginning. Through our uniquely Swedish approach to innovation, we continuously find new ways to make your

life simpler. For instance, the Connected Service Booking function, which lets you book an appointment just by pushing a button in your car or our Volvo Service Promise, eight commitments to you guaranteeing an unbeatable combination of quality, reassurance and expertise.

MY VOLVO

My Volvo is a personalised website that contains everything you need to really get to know – and get the most out of – your car. It gives you:

- A complete overview of your Volvo ownership
- Track your new car order
- Easy access to all facts relating to your car
- Personalised offers and exclusive discounts
- Helpful tips regarding your specific Volvo model
- Instructional films and owner's manuals
- Online Service Booking
- Reminders regarding important stages of your car ownership
- Exclusive articles, films and photographs

CONNECTED SERVICE BOOKING

If your Volvo has Sensus Connect, it will remind you when it needs servicing and offer to contact your Volvo dealer for you. Booking proposals sent from your preferred dealer can easily be managed directly in the car or on your personal My Volvo website. When the time comes to drive to your workshop, your Volvo will remind you and even guide you there. And since your Volvo tells us what it needs, we can make sure it always receives the service it requires when it gets there.

N.B Some information may have been updated since this brochure was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice to prices, colour, materials, specifications and models.

V O L V O

Official fuel consumption for the Volvo XC60 range in MPG (l/100km):

Urban 42.2 (6.7)–57.6 (4.9), Extra Urban 55.4 (5.1)–67.3 (4.2),
Combined 49.6 (5.7)–62.8 (4.5). CO₂ Emissions 149–117g/km.

MPG figures are obtained from laboratory testing intended for
comparisons between vehicles and may not reflect real driving results.
