## Lane Tracking package and Driving Assistance package

Both of these packages contain highly intelligent features to help you stay safe on the road – by making the drive more effortless, and to alert you to any emergency. The Lane Tracking package includes Blind Spot Assist and Lane Keeping Assist. Distance Pilot DISTRONIC and PRE-SAFE® system are part of the Driving Assistance package only.

Item	Notes	Lane Tracking package £595.00 <sup>1</sup> (code 22P)	Driving Assistance package £1,695.00 <sup>1</sup> (code DP3)
Blind Spot Assist	Blind Spot Assist is able to detect vehicles in the blind spot and give the driver visible and audible warnings	■	■
Lane Keeping Assist	Lane Keeping Assist is able to detect when the vehicle is unintentionally drifting out of lane, duly warning the driver by means of pulsed vibrations through the steering wheel	■	■
Distance Pilot DISTRONIC	Including Active Brake Assist. The innovative drive assistance system automatically helps the driver to maintain a safe distance from the vehicle ahead and relieves driver strain on long journeys and when following vehicles in a tailback. The system provides a visual warning when the following distance becomes unsafe and also an audible warning if there is the risk of a collision	–	■
PRE-SAFE® system	If the system detects a critical driving situation, preventive occupant protection measures are initiated, including reversible seat belt tensioning, adjustment of passenger seat positions and closure of windows	–	■

Distance Pilot DISTRONIC

<sup>1</sup>Only in conjunction with Premium equipment line (DP0)

# Mercedes-Benz Finance

## Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

## Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit [www.mercedes-benz.co.uk/fandi](http://www.mercedes-benz.co.uk/fandi).

## Mercedes-Benz Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

## Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

## At the end of your agreement you have three options to choose from.

### Option 1: Purchase your Mercedes-Benz.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

### Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,\* as vehicle condition, excess mileage and other charges may be payable.

### Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

<sup>1</sup>Please note the 'Purchase Activation Fee' of £10 will be debited from your account \*To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>
