The figures shown were obtained in accordance with the prescribed measuring process (Sec. 2, Nos. 5, 6, 6a of the German Ordinance on Fuel Consumption Labelling for Cars [Pkw-EnVKV] in the applicable version). The figures are not based on an individual vehicle. **The manufacturer's stated fuel consumption figures are based on the legally prescribed NEDC test cycle, which is performed in a laboratory. These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

Why choose Mercedes-Benz and smart Finance?

We believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance products and offers as we do our cars.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz or smart, to helping you in choosing your next one.

Our finance packages are convenient because:

- **Funds are immediately available**
You will not have to wait for a cheque or loan to clear.
- **Self-security**
Your loan is secured on the vehicle, rather than your other assets.
- **Management expertise**
Our Business Advisors can guide you through each of our plans in detail.
- **We give you time to make your decision**
Quotations are guaranteed for 14 days, approved applications are guaranteed for 90 days.
- **Finance that fits**
We offer a variety of different finance products so you can choose the one that suits you best.

We offer a range of finance products including Agility (PCP), Contract Hire, Operating Lease and Hire Purchase, if you would like to find out more about these speak to your Retailer or visit mercedes-benz.co.uk/finance and uk.smart.com/fandi

Contract Hire.

Contract Hire gives you the ability to enjoy driving a Mercedes-Benz or smart without having to take on full ownership. With this option you lease your vehicle for a fixed period and for a fixed monthly rental. This rental includes the cost of your vehicle's Road Fund Licence for the duration of your agreement.

When your agreement comes to an end, simply return your vehicle with nothing more to pay, subject to it being in line with our Vehicle Return Standards*, as vehicle condition, excess mileage and other charges may be payable.

Features of Contract Hire include:

- Fixed regular monthly rentals (that exclude VAT at 20%) means you can easily budget.
- Rentals are based on your annual mileage agreed at the start of your agreement and only on a portion of the vehicle's value, keeping your monthly payments lower.
- Capital expenditure is eliminated.

Mercedes-Benz and smart Motor Insurance.

Rated 5 Stars – just what you'd expect.

When Defaqto, a leading UK independent financial research company, compared our Motor Insurance to others, we received the maximum 5 Star Rating.

Here are some of the reasons why:

- 24/7 UK accident recovery to your nearest Mercedes-Benz or smart Approved Repairer.
- GenuineParts are used.
- Guaranteed courtesy car while your car is being repaired by a Mercedes-Benz or smart Approved Repairer.
- All repairs and parts are fully guaranteed for up to 3 years.

Compare our policies to others at mercedes-benz.co.uk/insurance and uk.smart.com/fandi or, to find out more about the benefits of our Motor Insurance, call us on 0345 600 2180. All calls are charged at local rates.

Our UK-based call centre is open Monday to Friday 8.30 am–6.00 pm and Saturday 9.00 am–2.00 pm. For mutual security, calls may be recorded and monitored. Mercedes-Benz Insurance is an independent intermediary dealing with selected insurers in respect of annual insurance.

Roadside Assistance.

Our Roadside Assistance cover lets you drive with confidence wherever your business takes you throughout the UK and Europe. If you ever encounter a problem on your journey, a trained technician is only a call away from getting you back on the road.

Your complimentary cover includes:

- **Technical breakdown**
If you cannot start your car or go on with your journey for technical, legal or safety reasons, we will come out to you to get you back on your way.
- **Accident assistance**
In the event of an accident, we will ensure you are back on the road as soon as possible.
- **Minor mishaps**
If you are unable to start your car due to a minor problem, such as lost keys or a puncture, rest assured that we will have you on the move again as soon as possible.
- **Vandalism/attempted theft**
If vandalism or attempted theft leaves you unable to drive your car, we will be there to help.

Mercedes me connect

Mercedes me connect enables you to connect to your car via desktop, tablet or smartphone via an app. It provides access to services that enhance your Mercedes-Benz experience and fit effortlessly into your daily digital routine.

Standard Services.

Available on all models, except G-Class.

- **Emergency Call** – if there's an accident, this feature automatically shares your vehicle location and status for a fast response from the emergency services
- **Accident & Breakdown Management** – contact our Customer Assistance Centre with a single button for fast breakdown recovery
- **Telediagnostics** – automatically detects and shares details of any vehicle wear and tear with you, and shares the data with your Retailer
- **Maintenance Management** – reminds you when your service is due and automatically shares maintenance data with your Retailer
- **Parking Time Assist** – track the time on your parking meter and receive an alert when it's due to expire

Vehicle Setup.

These services come as standard if you have COMAND Online. Available as an optional £69 upgrade for all other customers.

- **Personal Profile** – store your preferences, such as your favourite radio stations and apps, to create your personal driver profile
- **Maintenance (Vehicle Status)** – check safety information, such as coolant level and brake pad condition, so you can be sure your car is safe and ready to drive
- **Remote Door Unlock** – lock and unlock your car remotely, wherever you are in the world
- **Send to Car Function** – search for destinations on your smartphone, tablet or desktop, then send the routes direct to your car for navigation

Remote Online Services.

Standard on all models with COMAND Online, except for new E-Class. Available to purchase for an additional £150.00 (incl. VAT) for all models without COMAND Online.

- **Trip information and vehicle status** – access the vehicle's trip data such as fuel level, mileage, condition of brake pads and tyre pressure
- **Remote door locking and unlocking** – lock and unlock your car remotely, wherever you are in the world
- **Geofencing** – set up a geographical boundary and receive alerts whenever your car enters or leaves this area
- **Parked Vehicle Locator** – locate your parked vehicle within a range of one mile and plot a route back to it
- **Vehicle Tracker** – track the location of your car anywhere in the world

Additional services for Plug-In Hybrid and electric models only, as part of Remote Online services:

- **Pre-entry climate control** – activate the pre-entry climate control system of your parked vehicle and set the temperature to your liking before boarding
- **Route planning** – displays the electric operating range on a map and enables you to plan a route while stopping at public charging stations
- **Charging points** – displays a list of the nearest public charging stations
- **Charging profile** – control the charging settings from a distance so your vehicle can be ready charged when you need it

Vehicle Monitoring.

Standard with COMAND Online for all models, except the new E-Class. Available to purchase for new E-Class and all other customers as an additional £69 upgrade.

- **Geo-fencing** – set up a geographical boundary and receive alerts whenever your car enters or leaves this area
