NEW PEUGEOT TRAVELLER BUSINESS

PEUGEOT

UPGRADE TO FIRST CLASS

Your first look at the New PEUGEOT Traveller will make a lasting impression: its elegant and assertive design is enhanced by a fresh, modern appearance.

Designed to offer both driver and passengers space and comfort, the New PEUGEOT Traveller is an invitation to travel in luxury. On board,

your passengers will be able to relax in style on every journey.

Available in 3 lengths, the PEUGEOT Traveller is available in 2 trim levels: Business, available with 5 to 9 seats and Business VIP, available with 6 or 7 seats.

ELEGANCE AND MODERNITY

Upgrade to first class with the PEUGEOT Traveller Business VIP.

Behind its modern silhouette you will find a spacious, luxury lounge.

With its new vertical grille, its LED light signature and Xenon headlamps set in the bodywork, the PEUGEOT Traveller Business VIP exudes elegance.

Its 17" alloy wheels and extra-tinted rear windows add to its road presence.

PEUGEOT Traveller is available in Standard (4.95m) and Long (5.30m) versions** for the Business VIP and also Compact (4.60m) for the Business version. Its height of 1.90m* gives access to town centre, shopping centre and airport multi-storey car parks.

* with standard GVW

** Long versions available from early 2017

PASSENGER COMFORT

With PEUGEOT Traveller Business VIP, climb aboard effortlessly thanks to the hands-free electric sliding side doors.

Inside, PEUGEOT Traveller Business VIP everything has been thought of to guarantee passenger comfort. In the blink of an eye, you can transform the passenger compartment into a VIP lounge. The retractable sliding table*, surrounded by 4 or 5 face-to-face seats, offers your customers a practical working or social environment.

For everyone's comfort great care has also been taken over the lighting ambiance of PEUGEOT Traveller Business VIP: two glass roofs* which

can be covered separately, giving a uniquely bright passenger compartment and a panoramic view of the sky. The extra-tinted windows allow passengers to maintain their privacy while enjoying the view. In the passenger compartment, the LED ambient lighting is supplemented with individual reading lights.

For enhanced in-vehicle comfort, the PEUGEOT Traveller Business VIP has independent rear air conditioning equipped with individual vents and soft air diffuser, unique to a vehicle in this segment. Finally, four 12v sockets are arranged throughout the passenger compartment, in addition to a 220v socket and a USB port to charge your mobile devices.

*Available as an option.

*En MTAC standard.

COMFORT AND CONNECTIVITY

Inside, the PEUGEOT Traveller VIP plays the driving comfort card. The step provides easy access to the elevated seating position which commands the road.

Take your seat: the instruments and controls, with their pure and modern design, have been produced using attractive materials. The new automatic EAT6 gearbox, combined with the BlueHDi S&S 180* diesel engine, has Quickshift technology to allow faster gear changes while guaranteeing excellent fluidity and a high level of driveability.

Ergonomic specification like the Head Up Display and the 7" colour touch screen are always within easy reach and sight.

Journeys are made easier by the new generation 3D connected satellite navigation** with voice control. It provides real-time traffic information from TomTom Traffic (1) and a number of connected services:

Fleet Manager (2)

Thanks to the control unit installed in the vehicle, you have access to real time information, such as mileage, fuel consumption, emissions and also service due dates, allowing you to manage your vehicle fleet.

Mirror Screen

The 7" touch screen includes Mirror Screen, which allows you to use apps from your MirrorLink®-compatible smartphone (3).

* Standard, optional or unavailable, according to version

** Available as an option on certain versions

(1) Depending on the destination

(2) Optional, list of compatible vehicles and applicable terms and conditions are available from the Peugeot Dealer network

(3) Only MirrorLink® or Apple CarPlay™ certified apps will work when stationary and when driving, where appropriate. While driving, certain features of the apps concerned will be restricted. Certain types of content, which are freely accessible on your Smartphone, require a paid subscription to a certified MirrorLink™ or Apple CarPlay™ application. The Mirror Screen feature operates using MirrorLink® technology for Android, Blackberry and Windows phones that are MirrorLink® compatible, provided they have a phone subscription including internet access with their mobile network operator. New smartphones will be developed with these systems over time.

TECHNOLOGY AND SAFETY

An intuitive driving experience

For a safer and more comfortable drive, the PEUGEOT Traveller has a large number of latest generation driving aids.

Speed limit recognition and intelligent speed adaptation

The multifunction camera* recognises speed limit signs and displays the relevant limit on the instrument panel or in the head up display. The detected speed limit is suggested as the value to be used in your cruise control or speed limiter, if they are activated.

Park Assist 180°

The reversing camera is automatically activated when the driver selects reverse gear. It provides a 180° aerial view of the rear zone of the vehicle and its surroundings. The rear view includes guidance lines which turn with the steering wheel. When there are obstacles behind the vehicle, the system automatically zooms in, in addition to providing other views on request.

Active Safety Brake

The Active Safety Brake* is a new generation automatic emergency braking system which is activated if a collision is about to take place. The camera and radar detect moving or stationary obstacles. If the brakes are not applied, or if the driver does not brake hard enough, the system brakes for them. It can prevent the impact if the speed is below 18mph, or reduce the result of the collision above this speed, by reducing the speed of impact.

Automatic headlamp dipping

Activated at night the system* automatically controls the switch between main beam and dipped headlamps, and vice versa, when oncoming vehicles are identified by the camera.

Active cruise control

This system* allows you to maintain a safe distance between you and the vehicle in front, by changing the speed of your vehicle by up to 12mph. It is not an active braking system. This system works particularly well in moving and relatively heavy traffic.

Lane departure warning system

An alert* detects if solid or broken white road markings are crossed unintentionally, when the indicator is not activated. The audible and visual alert is particularly useful if the driver becomes drowsy or loses concentration.

Blind spot monitoring

Thanks to the 4 sensors located on the front and rear bumpers of your vehicle, the blind spot monitoring system* lets you know if a vehicle is present in your left or right hand side blind spot, during your journey. A light appears in one of the door mirrors or on the screen as a warning.

Head up display

The head up display* projects the information essential to driving onto a retractable strip located in the driver's field of vision: speed, cruise control or speed limiter setting, etc. All the information you need is right in front of your eyes, ensuring a safer driving experience.

Airbags

PEUGEOT Traveller may be specified with 6 airbags, including 2 front airbags, 2 side and 2 curtain airbags* in the second and third rows to protect the heads of rear passengers.

With regard to safety, in addition to its specification, its new platform and reinforced structure, PEUGEOT Traveller obtained a 5 star Euro NCAP rating.

*Available as an option

**Standard or optional, according to version

TRAVELLER BUSINESS

With the PEUGEOT Traveller Business, passengers are offered an enjoyable experience: short distance airport shuttle, urban taxis, winter sports taxis with lots of luggage, long distance transport, etc. The PEUGEOT Traveller Business meets your needs.

Configure the seats and top-of-the-range specification according to how you use the vehicle, to create exceptional journeys.

Inside, choose between 5 to 9 seat configurations: the removable seats create a flexible space, which can be easily adapted. The ease of access to the third row is exceptional. A single control slides the seat and clears a large space through to the rear bench seat.

Boot volume*:

Compact :
- 1,633l up to the roof, behind the second row

Standard :
- 507l up to the top of the seat backs, behind the third row
- 2,228l up to the roof, behind the second row

Long :
- 912l up to the top of the seat backs, behind the third row

Environment
- 2,787l up to the roof, behind the second row

*calculations based on the VDA standard: blocks of 200x100x50mm

PEUGEOT AND THE ENVIRONMENT

Peugeot is a leading manufacturer of low emission vehicles and more than half of its global sales are for vehicles emitting less than 140g of CO₂ per km. This performance is based on proven technology: the Diesel Particulate Filter. Launched in 2000 and equipped as standard on more than 2.1 million vehicles, it reduces particle emissions by 99.99%. A self-cleaning system, it processes gases emitted from the combustion of diesel in the engine and reduces diesel particles to approximately 0.004 g/km.

Motorisations **BLUE HDi**

BlueHDi, Euro 6 diesel engines, are offered on the New PEUGEOT Traveller: an exclusive new technology that combines a Selective Catalytic Reduction (SCR) function with the diesel particulate filter system. This BlueHDi technology drastically reduces NO_x (the combination of mono-nitrogen oxides NO and NO₂) by more than 90%, which optimises CO₂ emissions, improves fuel consumption and almost totally eliminates particle emissions (99.9%).

PEUGEOT Traveller has a competitively low cost of ownership, thanks in particular to its optimized fuel consumption and maintenance interval of 40 000 km or 2 years depending on the Engine*.

The 22.4l AdBlue tank has a range of 15,000km. Refilling with AdBlue is easy thanks to the external filler, positioned within the centre pillar.

* 30,000km service interval for the BlueHDi engine 180hp EAT6

A new flexible and efficient platform

Its new base, adapted from the EMP2 modular platform, guarantees a high level of efficiency and allows the vehicle to attain record fuel consumption in the segment, as well as giving a high level of quality with driving enjoyment and optimal comfort for passengers.

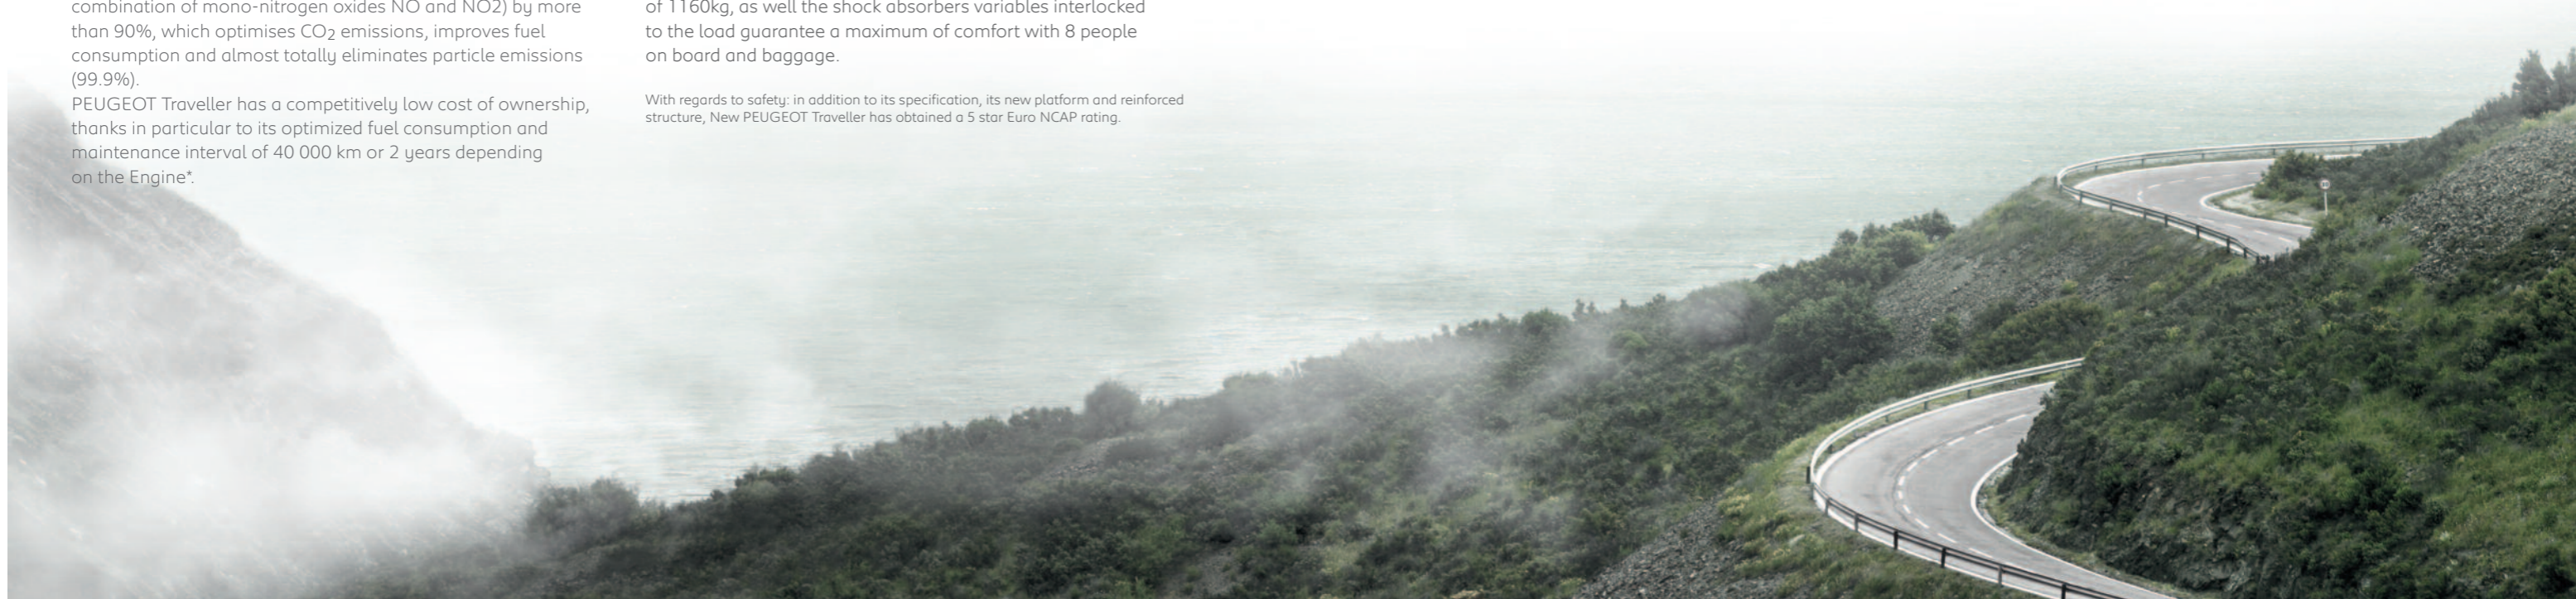

The new-type rear axle oblique triangle supports a useful load of 1160kg, as well the shock absorbers variables interlocked to the load guarantee a maximum of comfort with 8 people on board and baggage.

With regards to safety: in addition to its specification, its new platform and reinforced structure, New PEUGEOT Traveller has obtained a 5 star Euro NCAP rating.

Consumption and Emissions*

Engines	Urban in MPG (l/100km)	Extra-urban in MPG (l/100km)	Combined in MPG(l/100km)	CO ₂ emissions (g/km)
BlueHDi 95 manual	47.1 (6,0)	54.3 (5,2)	51.4 (5,5)	144
BlueHDi 95 S&S ETG6	51.4 (5,5)	53.3 (5,3)	52.3 (5,4)	139
BlueHDi 115 S&S 6-speed manual	50.4 (5,6)	56.5 (5,0)	54.3 (5,2)	137
BlueHDi 150 S&S 6-speed manual	47.9 – 44.1	57.6 – 49.6	53.3 – 47.1	139 – 159
BlueHDi 180 S&S EAT6 automatic	47.9 – 42.8	53.3 – 48.7	50.4 – 45.6	147 – 163

*According to Directive 99/100/EC - receiving EU.

NETWORK AND SERVICES

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and built to give you years of worry free motoring. As a Peugeot owner, you can also rely on the customer care services of your Dealer. This will ensure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently - someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original parts.

FOR YOUR PEACE OF MIND

MANUFACTURER WARRANTY
Any New PEUGEOT Traveller first registered in the UK and purchased from a UK Peugeot Dealer will benefit from a 2 year unlimited mileage manufacturer warranty and a free optional additional year of warranty (up to 60,000 miles) provided by the Peugeot Dealer Network. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 year Anti-Perforation and 3 years Paint Warranty, in all Europe. For full terms and conditions on all of these, please contact your Peugeot Dealer.

PEUGEOT ASSISTANCE
All new Peugeots come with 12 months of Peugeot Assistance - our breakdown assistance service. This covers all incidents involving vehicle based faults for you and anyone else driving your car with your permission. It is available 24 hours a day, 365 days a year. Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling 0370 752 7050.

PEUGEOT SERVICE CARE
Please refer to the maintenance book for details of the service intervals for New PEUGEOT Traveller and the specifics of vehicles operating in arduous conditions.

FINANCE - LET THE SPECIALISTS HELP
Peugeot Financial Services offer a range of flexible finance plans to make owning a new Peugeot easy. As specialists, we will provide choice, convenience and flexibility. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill, RH1 1QA. Over 18s only, a guarantee may be required.
