

Volkswagen

# The new Arteon

Model shown is new Arteon R-Line 2.0 Itr BiTDI SCR 4MOTION with optional 20" 'Rosario Dark Graphite' alloy wheels and metallic paint.

# A new era of Volkswagen design.

The new Arteon is eye-catching from any angle, with its elongated contours and low, aerodynamic silhouette. The wrap-around bonnet and frameless side windows exude quality and elegance, reflecting the style of a classic fastback saloon, beautifully complemented by the striking rear design. The R-Line offers exclusive styling that creates a more sportier feel to the exterior, including uniquely styled bumpers, 19 inch 'Montevideo Black' alloys, unique 'C' signature 'Gloss Black' front air intakes, chrome detailing and the characteristic 'R-Line' logo in the radiator grille and below the bonnet line on the front wings. No wonder the new Arteon is exceeding all expectations.

The distinctive rear design of the new Arteon R-Line is characterised by the sculpted tailgate with **Arteon lettering**, **'Gloss Black' rear tailgate spoiler** and **chrome effect trapezoid trim** around the exhaust outlet, while athletic, wide shoulders pay homage to classic sports car styling. Model shown is new Arteon R-Line 2.0 Itr BiTDI SCR 4MOTION with optional 20" 'Rosario Dark Graphite' alloy wheels and metallic paint.

# The epitome of elegance.

The sleek bodyline of the new Arteon Elegance is flowing, dynamic and inviting. Every detail is expressive and precise, such as the continuous chrome trim on the lower bodywork, radiator grille louvres, headlights and side window surrounds, with matt-chrome effect top and matt black lower door mirrors, 18 inch 'Muscat Black' alloy wheels, stylish dual LED headlights with separate LED daytime running lights and stylish 'Elegance' badging on the side panels. This is Volkswagen design at its very best.

The distinctive rear tail lights features the latest powerful LED technology, while the **dynamic indicator light function** not only looks striking but enhances your manoeuvring or stopping intentions to other road users.

# A new level of elegance and comfort.

Sit back and enjoy the exquisite interior of the new Arteon Elegance. The greater choice of contemporary interior upholsteries and stylish decorative inserts, as well as exceptional levels of comfort and convenience combine to create a premium interior feel. The seats are upholstered in luxurious 'Nappa' leather, shown here in Mistral Grey/Raven Grey, with the driver's ergoComfort seat featuring electric 6-way adjustment including lumbar support. Generous head and legroom in both the front and rear gives a real sense of spaciousness, ensuring total relaxation on every trip.

The stylish and sporty 18 inch 'Muscat Black' alloy wheels add a further touch of refinement to the exterior of the Arteon Elegance.

Interior shown is new Arteon Elegance DSG in Mistral Grey/Raven Grey 'Nappa' leather and Raven Grey lower dashboard with optional Discover Navigation Pro touch-screen navigation/DVD radio system, Head-up Display, 'Silver Birch' decorative inserts and metallic paint.

# A sensory experience.

The interior of the new Arteon R-Line provides a sensory experience thanks to the wealth of advanced design features and exclusive materials. The stylish aluminium horizontal air vents stretch the width of the dashboard framing the analogue clock, and ambient lighting in all doors and across the dash with a choice of three colour options creates a soothing and eloquent feel. The interior ambience continues with sumptuous Black 'Nappa' leather seats with 'Carbon Optic' side bolsters, complemented by contrast stitching and embroidered 'R-Line' logo. The ergoComfort driver's seat has electric 6-way adjustment and can also be specified with 14-way adjustment, comfort entry/exit, memory and massage functions should you choose. The multifunction leather trimmed steering wheel features the distinctive 'R-Line' logo and decorative stitching, and the interior is complemented by the 'Titan Black' rooflining and stylish 'Silver Rise' decorative inserts in the dash and door panels.

Stainless steel door sill protectors feature the 'R-Line' logo, adding a distinctive design touch to the sporty new Arteon R-Line.

Interior shown is new Arteon R-Line DSG with optional Discover Navigation Pro touch-screen navigation/DVD radio system, Head-up Display and metallic paint.

01

# An exceptional view from any perspective.

The new Arteon is equipped throughout with sophisticated design features. The stylish optional panoramic sunroof fills the interior with fresh air and natural light, providing an exceptional field of vision. Along with the ambient interior lighting, it ensures a pleasant, relaxing driving experience. The Active Info display with 12.3" high resolution colour display and customisable menu enables you to keep an eye on all vehicle functions easily and safely, while the 'Air Care Climatronic' 3Zone electronic air conditioning, heated 'Nappa' leather seats with three pre-set temperature settings and Driver Personalisation profile ensure comfort is of a premium. Outside, the tinted rear and side windows enhance privacy, as well as creating a further impressive exterior.

**01** The optional **panoramic tilting/sliding sunroof** operates at the touch of a button, providing fabulous views and flooding the interior with light creating a generous sense of spaciousness. Optional on all models. Interior shown is new Arteon R-Line.

**02** The **leather trimmed three-spoke multifunction steering wheel** allows you to control all relevant information during the journey without taking your hands from the wheel. The **Active Info Display** features a large 12.3 inch high resolution TFT display showing information and graphics about fuel consumption, efficiency, navigation and driver assistance systems, all centrally located at the heart of the dashboard displayed in your direct line of vision. As you wish, you can customise the display to suit your preferred individual needs. Standard on all models.

02

03

04

05

**03** The boot provides an impressive 563 litres of luggage space, extremely generous by fastback standards. Thanks to the **keyless entry with 'easy open' electric tailgate operation**, providing you have the key on you, it simply takes a flick of the foot under the rear of the vehicle to open the electric tailgate. The time-delay electric closing function allows you to close the tailgate at the touch of a button, leaving you free to load and unload at your leisure. Optional on all models. Model shown is new Arteon R-Line 2.0 ltr BiTDI SCR 4MOTION DSG with optional 20" 'Rosario Dark Graphite' alloy wheels and metallic paint.

**04** The optional **Head-up Display<sup>1</sup>** presents driving information directly in your field of vision. Speed, traffic signs and information about the assistance systems, as well as warnings and navigation data are projected on to the high-quality retractable screen transparently displayed in front of the windscreen, enabling you to read everything clearly while keeping your focus on the road. Optional on all models.

**05** The **'Air Care Climatronic' 3Zone electronic air conditioning system** with air intensity control and automatic air recirculation allows the driver and front and passenger to set the temperature they are comfortable with independently of each other. If they require, the driver can also select a different temperature for the rear seat passengers via the Arteon's infotainment system. Standard on all models.

<sup>1</sup> Please note, use of polarised lenses may impair the visibility of the Head-up Display.

# Advanced connectivity at your fingertips.

Not only does the design of the new Arteon break new ground, it also raises the benchmark in terms of communication, connectivity and navigation, while the optional exceptional 'Dynaudio Confidence' sound system delivers near concert level acoustics.

**01** The **Discover Navigation touch-screen navigation/radio system** with 8.0" colour touch-screen display provides navigational functionality, dynamic navigation based on TMC+, branded points of interest, preloaded European navigation data, Speed Limit Display<sup>1</sup> and three routes (Fast, Short and Eco), 2D/3D map view and Volkswagen Media Control<sup>2</sup> which allows remote control of the infotainment system via smartphone or tablet. It comes with 3-years' Car Net 'Guide and Inform'<sup>3</sup>, providing online access to such information as traffic, fuel pricing, parking space availability, weather and news feeds; and includes online navigation software updates enabling you to download the latest map data. The infotainment system also includes a DAB digital radio receiver, single CD player, MDI (Multi Device Interface) via USB connection – compatible products only, music playback from MP3, WMA and AAC files, title and cover art display and SD card reader. Connection for Bluetooth telephone and audio compatible devices<sup>4</sup> are available, along with simultaneous pairing of two compatible mobile devices and SMS functionality – allowing you to read, compose and send SMS messages using the touch-screen display when the vehicle is stationary (compatible Android smartphones only). Standard on all models.

**02** **Car-Net 'App-Connect'**<sup>5</sup> allows your new Arteon to connect with current Apple and Android smartphones through three innovative technologies: 'MirrorLink™', Apple 'CarPlay' and Google 'Android Auto'. This enables you to display your smartphone's most important functions, such as phone contacts, news and music, on the touch-screen of your infotainment system, enabling you to operate them simply and safely during your journey. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD radio system. Standard on all models.

**03** The optional '**Dynaudio Confidence'** soundpack produces phenomenal acoustics, a 16 channel digital amplifier delivering 700 watt output via 11 speakers, including a central speaker and a subwoofer which optimises sound, giving you and your passengers an amazing audio experience. Optional on all models.

**Car-Net 'Security & Service'**<sup>6</sup> (not shown) provides continual interaction between the driver, the vehicle and Volkswagen via integrated SIM card connectivity. Highlights include 'Automatic Accident Notification' and 'Breakdown Call', allowing you to contact the Volkswagen Emergency Call Centre via your infotainment system in the event of an accident or breakdown, which will then arrange prompt assistance or medical attention, and automatically send vehicle data and location to the emergency services. 'Service Scheduling' allows you to make maintenance appointments with your preferred Volkswagen retailer, 'Speed Alert' activates when a certain speed is exceeded and 'Area Alert' notifies you if your car is driven in or leaves certain areas. Other functions include 'Doors & Lights', 'Parking Position' and Vehicle Health', while 'Anti-Theft Alarm' alerts you by email or your smartphone if an attempt is made to break into your car. Standard on all models.

**04** The **Discover Navigation Pro touch-screen navigation/DVD radio system** provides navigation, DVD, CD and radio functions via a glass-covered 9.2 inch colour touch-screen, giving the touch and feel of a premium tablet. Thanks to innovative gesture control, you can control all functions, such as changing radio stations, with a simple swiping movement of the hand. It also comes with 3-years' Car Net 'Guide and Inform Plus'<sup>3</sup>, providing online access to such information as traffic, fuel pricing, parking space availability, weather and news feeds; and includes online navigation software updates, enabling you to download the latest map data. Optional on all models.

<sup>1</sup> Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates.

<sup>2</sup> Only operable in conjunction with compatible tablets and smartphones including iPhone 5, 6 and 7. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check compatibility

<sup>3</sup> Car-Net 'Guide and Inform' services are accessed via a compatible mobile device. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of 'Guide and Inform' services.

<sup>4</sup> Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

<sup>5</sup> Only operable in conjunction with compatible smartphones including iPhone 5, 6 and 7. Display and operation of certified apps including audio and voice control (if supported by the app). Usage of certified apps only while driving. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check smartphone compatibility.

<sup>6</sup> Use of Car-Net 'Security & Service' is governed in a separate Contract concluded online with Volkswagen. The customer has 90 days after vehicle handover to register the vehicle at [www.volkswagen.com/car-net](http://www.volkswagen.com/car-net). This will enable the customer to use Services for the full period of validity. The Emergency Call Service is already activated when the vehicle is delivered, without registration being required. Availability of Car-Net Services may vary depending on the country in question. The services are available during the agreed contractual period and may be subject to amendments during the duration of the contract. To use the free Car-Net app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. You will also need an appropriate mobile phone contract already in place or separately arranged with your mobile phone provider. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using Car-Net abroad. For more information on Car-Net Security & Service, go to [www.volkswagen.com/car-net](http://www.volkswagen.com/car-net) or contact your Volkswagen retailer. For information on your mobile tariff rates, please contact your mobile phone provider.

# An intelligent driving experience.

The latest driver assistance systems provide state-of-the-art intelligence, enhancing your journey and driving experience, and providing notification and assistance for you on every journey.

**01** The **Lane Assist** function helps to prevent accidents by using a camera controlled warning system to monitor the vehicle's position in relation to road markings. Should the system detect your vehicle drift out of its lane, at speeds of 40 mph and above, it vibrates the steering wheel to alert the driver, helping to make driving safer and more comfortable especially on motorways. Standard on all models.

Images shown are for illustration purposes only and may not necessarily reflect UK specification

**02** **Area View and rear-view camera** provides a 360-degree display of your new Arteon in the infotainment display, transmitting information via four cameras to the front, the sides and the rear, enabling you to view areas that are difficult to see from the driver's seat – very useful when there is limited space to manoeuvre. Optional on all models.

**03** Intelligent LED self-levelling headlights with separate LED daytime running lights and Dynamic Light Assist. The **Dynamic Light Assist** ensures greater visibility on the road by automatically controlling the main beam by partially masking the beam so it doesn't dazzle oncoming road users, but allows main beam to remain on. Standard on all models.

**04** **Adaptive Cruise Control (ACC) with predictive cruise control** is a radar sensor controlled distance monitoring system that utilises a front mounted camera to set a distance to the vehicle in front and maintain it up to a predetermined set speed by automatically accelerating and braking as necessary. **Speed assist** uses a combination of the front camera, dynamic road sign recognition and route information from the navigation data to 'see' changing speed limits, as well as junctions, bends and roundabouts, and automatically adjust the vehicle's speed accordingly.

**Front Assist** monitors the traffic in front of your car, warning the driver by providing visual and audible warnings when you get too close and even applying the brakes, if necessary, to help avoid a collision.

**City Emergency Braking** function is active in traffic at speeds up to 19mph. Should the system detect a possible collision, it will boost brake pressure if required to help avoid it.

**Speed limiter** allows you to set a maximum speed limit for your vehicle.

**Traffic jam assist** is beneficial in slow moving and stop start traffic. It detects if traffic is stopping and slows your vehicle to a standstill if necessary. Once the car in front pulls away, the system recognises this and sets the vehicle in motion. Standard on all models.

**05** The second generation of **Emergency Assist including emergency lane change assist** can help even further should a driver medical emergency situation arise. In conjunction with the DSG gearbox, the system recognises an incapacity of the driver and not only slows the car down within the system's limits, but now also steers it into the slow lane – traffic behind permitting. As soon as the system cannot detect any steering, braking or acceleration activity, it alerts the driver. If the driver remains inactive, it automatically activates the hazard warning lights to alert other road users. The ACC system initiates automatic braking and at the same time steers the vehicle into the side of the road if it is safe to do so, whilst monitoring the surrounding traffic. When this option is added it also enables Rear Proactive Occupant Protection which continuously monitors the rear and, if there is the possibility of a collision, the system reacts accordingly. Optional on all models. Only in conjunction with DSG gearbox and must be ordered in conjunction with Park Assist and rear-view camera.

*Please note: The intelligent technology of Adaptive Cruise Control (ACC) with predictive cruise control cannot overcome the laws of physics and functions only within the limits of the system. It is the driver's responsibility to have full concentration and control of the vehicle, as well as ensuring appropriate speeds by observing the maximum speed limits and road positioning of the car at all times.*

**01 The LED headlights with Dynamic light Assist** provides better visibility with dual LED headlights with separate LED daytime running lights. Predictive dynamic cornering lights provide automatic light steering. The front camera and route information from the navigation system determine the vehicle's position to enable the cornering lights to illuminate bends before you start to turn the wheel, allowing you to see and be seen, much better on winding roads. In rain, fog or snow the Light mode for poor weather provides specific illumination for poor weather, as well as having both cornering lights activated. In this mode Dynamic light assist is deactivated. The headlight washer system ensures your headlights remain free from dirt. Standard on all models.

01

02

03

**02 Dynamic Chassis Control (DCC)** provides a choice of Eco, Normal, Comfort or Sport modes. With the touch of a button, it adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. An extension of DCC is an Individual mode that allows up to 43 selectable stages of personalised adjustments for further comfort or an increased sportier drive. Optional on all models.

**03 Proactive occupant protection system.** This system uses the sensors from the Electronic Stability Control (ESC) and the Front Assist traffic monitoring system to detect critical situations with elevated accident potential. If there is the possibility of a collision, it reacts by activating the hazard warning lights and at the same time all windows and sunroof are closed to just a small gap for optimal side airbag deployment. Simultaneously, the seat belt tensioners tighten the front seat belts and electrically adjustable front seats are aligned to enable the seat belts, head restraints and airbags to provide maximum protection. Standard on all models.

04

**04 Pedestrian monitoring** is a camera and radar sensor controlled warning system. This alerts you should it detect any pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals as well as a gentle jolt of the brakes. Standard on all models.

**05 Traffic Jam Assist.** As part of the Adaptive Cruise Control (ACC) with predictive cruise control system, Traffic Jam Assist will automatically stop and start your vehicle in slow moving or queuing traffic. Sensors will detect when the vehicle in front is stopping or pulling away and will initiate either braking or acceleration of the Arteon. Only in conjunction with DSG gearbox. Standard on all models.

**06 The Park Assist system** not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a lookout, while the Arteon steers itself into its chosen space. Optional on all models.

# Accessories.

Make a statement and further enhance your new Arteon by choosing from our wealth of stylish, innovative and sporty Volkswagen accessories. Choose from the high-quality carrier systems to the latest in-car safety technology and select the accessories to perfectly match your lifestyle.

**01 Rear bumper protection film – transparent**  
Protect your rear bumper from scratches and scuffs with this easy to fit transparent film. It's subtle, practical and protects your paintwork when loading and unloading. Fully fitted.  
Part number: 3G8 061 197

**02 Door sill protection film – black/silver**  
These black/silver sill protectors enhance the appearance of the vehicle. They also protect the sills against scratches from shoes and heels. Fully fitted.  
Part number: 3G8 071 310 ZMD

**03 Rubber floor mats – front – black**  
Protecting your vehicle interior against dirt and moisture, rubber mats are designed to fit perfectly, are easy to clean and have a non-slip underside.  
Part Number: 3G8 061 541 82V

**Rubber floor mats – rear – black (not shown)**  
Part Number: 3G8 061 512 82V

**04 Mudflaps – front – black**  
Tailored for the vehicle, these highly durable mudflaps protect the underbody, sills, doors, bumper and the rear of your vehicle from dirt. They also significantly reduce the impact of dangerous road chippings and water spray. Fully fitted.  
Part Number: 3G8 075 111

**05 Mudflaps – rear**  
Part Number: 3G8 075 101

## Protection and car care.

**06 Flexible loadliner**  
This light, flexible and washable custom-made loadliner fits perfectly to the vehicle's boot contours, protecting it from moisture and dirt. The moulded inlay prevents movement of goods in the boot. If not required, it can be simply rolled up to save space.  
Part number: 3G8 061 160

**07 Semi-rigid loadliner**  
Keep your boot clean with this washable non-slip liner. Its high perimeter edge stops dirt and liquids from escaping, and its precision dimensions keep everything covered.  
Part number: 3G8 061 161

Images shown are for illustration purposes only and may not necessarily reflect UK specification. Models shown features optional metallic paint.

## Travel and transport.

03

04

### 01 Roof bars

Well equipped on the move – thanks to the Volkswagen Accessories roof bar systems. The basis for this are the City-Crash tested aerodynamically-shaped aluminium profile roof bars to which, for example, surfboard, bicycle, ski and snowboard holders or the practical roof boxes can be attached to the vehicle roof in no time at all.

Part number: 3G8 071 126

### 02 Volkswagen roof box – 340 litres – black

Take the pressure off the boot when you next head away on holiday and pack all those essentials into one of these stylish Volkswagen roof boxes. In black, they not only fit a lot in, they look the business too. 340 litres, maximum load capacity 50kg.

Part number: 000 071 200

### 03 Luggage net

Keep everything safely in its place with this tear-proof net and integrated pocket. It's easy to fit with hooks attached to the standard lashing rings in the boot and is perfect for preventing things sliding around.

Part number: 3C5 065 110

### 04 Bicycle holder

Safely transport bicycles on the roof of your vehicle. The wheel rails are aerodynamically designed and ensure the bicycle is correctly positioned. They enable you to use both hands to fix the wheels and frame. Thanks to the quick-fastening system, the bicycle holder is easy to fit onto the roof bars, without using any tools. The carrier also includes anti-theft protection. Suitable for maximum down tube widths of 80mm, bike weights of up to 20kg.

Part number: 000 071 128 F

Images shown are for illustration purposes only and may not necessarily reflect UK specification. Models shown features optional metallic paint.

## Styling and technology.

01

02

### 01 Vodafone Protect & Connect 6 - Tracker including 1 year subscription

Key features:

- Thatcham Category 6 Stolen Vehicle Tracking System
- Easy registration process with subscription included
- Special modes (selectable by the customer) allow alert functionality to be sent to the Vodafone Automotive Secure Operating Centre
- Tamper alert (e.g. vehicle battery disconnect during a service)
- Tow-away alert (e.g. if the vehicle is travelling on a ferry)
- GSM Jamming alert
- Real-time vehicle location tracking through App and web
- Set a defined geofence area for vehicles entering or leaving an area and receive an in-App message
- Vehicle can be tracked by the Vodafone Automotive Secure Operating Centres in 49 countries worldwide if stolen
- Built-in led for auto-diagnosis

Fully fitted. Part number: ZGB 000 054 202

### 02 Chrome-look protective strip for tailgate

Enhances the appearance of the vehicle with its chrome-effect and serves as effective edge protection. Fully fitted.

Part number: 3G8 071 360

### 03 Tailgate spoiler – high-gloss – black

The rear spoiler for the new Arteon offers increased sportiness to the rear of the vehicle, accentuates the lines and dynamically extends the rear end.

The precision-designed, aerodynamic shape reduces rear uplift and improves the driving characteristics of the vehicle. The spoiler has already been painted in high-gloss black. Fully fitted. Elegance models only.

Part number: 3G8 071 641 041

# There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there's bound to be at least one that catches your eye.

## Sporty

**Golf:** As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD, Golf GTI and Golf R.

## Spacious family cars

**Sharan:** The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate.

## Style

**Beetle:** The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider the Beetle Cabriolet.

## City run around

**up!:** The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around practicality with more versatility and even more space can be found on the iconic Golf.

## Executive

**Volkswagen Passat:** Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative Saloon – winner of 'European Car of the Year 2015'.

All the luxury you need can also be found in the Jetta, as well as the spacious, stylish and practical Passat Estate.

## 4x4

**Touareg:** The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it, with four wheel drive technology, '4MOTION' as standard.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 34 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

# Technology.

## Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO<sub>2</sub> figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at [www.volkswagen.co.uk](http://www.volkswagen.co.uk) and at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca). The weight of a vehicle will influence the level of CO<sub>2</sub> emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

## Transmission

- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six manual or seven speed automatic DSG gearbox
- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual or seven speed automatic DSG gearbox with double joint half axles
- Four wheel drive, 4MOTION: Seven speed automatic DSG gearbox 2.0 ltr TSI 280 PS and 2.0 ltr BITDI SCR 240 PS

## Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pad
- HBA (Hydraulic Brake Assist)

## AdBlue®

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 34 or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk) technology/adblue for more details.

## Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control), EDTC (Engine Drag Torque Control) and Countersteer Support with trailer stabilisation function
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Multilink rear axle
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar
- XDS electronic differential lock

## Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

## Engines

- Front transverse-installed engine
- 1.5 litre/150 PS <sup>(01)</sup> (110 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission
- 2.0 litre/190 PS <sup>(01)</sup> (140 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a seven speed automatic DSG transmission
- 2.0 litre/280 PS <sup>(01)</sup> (206 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a seven speed automatic DSG transmission
- 2.0 litre/150 PS <sup>(01)</sup> (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission
- 2.0 litre/240 PS <sup>(01)</sup> (177 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with two turbochargers and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). BiTurbo second turbocharger or supercharger. Available with a seven speed automatic DSG transmission

# Dimensions.

Wheelbase, mm	2837
Turning circle, m	11.9

Interior dimensions	
Effective headroom – front max., mm (with sunroof)	1008 (975)
Effective headroom – rear max., mm (with sunroof)	940 (940)
Interior width, front, mm	1500
Interior width, rear, mm	1481

## Maximum luggage capacity, litres VDA measuring method using 200 x 100 x 50mm blocks

With rear seats upright	563
-------------------------	-----

Figures shown are for standard specification models. The addition of certain factory-fitted options and/or accessories may affect some of the dimensions shown.

On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

## New Arteon

# AdBlue®

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

## How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle's exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue® tank filler location	Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:
New Arteon	13 litres	Next to fuel filler nozzle	4,000 to 6,500 miles or sooner*

\* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

## How will I know if the system needs topping-up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

## Why should I use a Volkswagen Authorised repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers

AdBlue® warning lights.

## Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle's paintwork, for example, wipe them off and if necessary rinse the area with water

# CO<sub>2</sub> emissions and VED bands with optional wheels – Arteon.

## Effect of wheel size on CO<sub>2</sub> emissions and VED Bands

Choosing larger alloy wheels than standard as an option, may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently increased Vehicle Excise Duty (VED) band and BIK rates paid by company car drivers may increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. The chart below shows CO<sub>2</sub> emissions and the related VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the increased cost payable due to a change in VED band.

4-DOOR SALOON RANGE.		Output, PS	Standard wheel size	CO <sub>2</sub> emission, g/km*, standard wheels	First year VED £, standard wheels	Optional alloy wheel and size	CO <sub>2</sub> emission, g/km*, optional alloy wheels	First year VED £, optional wheels

\* Fuel consumption and CO<sub>2</sub> figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at [www.volkswagen.co.uk](http://www.volkswagen.co.uk) and at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca).

† Please note: the increase in VED rate that is payable is in addition to the cost of the optional alloy wheels. Please consult your Volkswagen retailer for full details.

‡ These engines will be open for order later in 2017. Please consult your Volkswagen retailer for full details.

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 34 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

# Volkswagen service.

**Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)**

## The Volkswagen Warranty

### Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty<sup>1</sup>. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

## Body Protection Warranty

The internal body sections and panels of the Arteon are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

## Three-year Paintwork Warranty

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

## Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

## Extended Warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Arteon then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

## Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000<sup>3</sup> and a maximum of 20,000<sup>3</sup> miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

## Volkswagen Insurance<sup>4</sup>

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can. Call free on 0330 303 6930 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

## Volkswagen Ensurance<sup>5</sup>

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired by a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit [volkswagen-ensurance.co.uk](http://volkswagen-ensurance.co.uk)

## Volkswagen Finance<sup>6</sup>

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

## Fuel consumption and CO<sub>2</sub> Emissions

Fuel consumption and CO<sub>2</sub> figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at [www.volkswagen.co.uk](http://www.volkswagen.co.uk) and at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca). The weight of a vehicle will influence the level of CO<sub>2</sub> emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

## AdBlue<sup>®</sup>

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue<sup>®</sup> which must be kept topped up. Please see page 34 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

## Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

## Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

## Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

<sup>1</sup> All warranty work must be completed by an authorised Volkswagen retailer or repairer.

<sup>2</sup> The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

<sup>3</sup> The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
