3.1 PEUGEOT 208 TECHNOLOGY PAGE

PureTech Petrol Engines

Designed for drivability and performance, PureTech Petrol engines combine efficiency with cutting-edge technology.

They take the best that the market has to offer and find the perfect balance between torque and power at low revs. This advance in technology generates savings in fuel consumption and reduces CO₂ emissions compared to a vehicle with equivalent power and torque.

Combined with the new automatic EAT6 gearbox, the 1.2 PureTech 110 EAT6 S&S turbo version emits CO₂ emissions of only 104 g/km, making it the benchmark for automatic petrol engines in the segment.

The 208's 1.2L PureTech 110 engine was awarded 'International Engine of the Year 2015, 2016 and 2017 in the 1.0L to 1.4L category by a panel of 65 industry experts.

Colour Reversing Camera / Rear Parking Aid / Park Assist

The colour reversing camera automatically activates when you select reverse gear and lets you view the area behind the car as you manoeuvre. It comes with rear parking aid as standard but can also be ordered with Park Assist for added safety and convenience.

The Park Assist system assesses the space available to ensure that your car will fit. Ultrasonic sensors and steering management take over to manoeuvre in and out of the parking space for you.

Acceleration, braking, gear changes and use of the clutch in a manual transmission are left in your control. As you manoeuvre, the system gives you visual and audio information to ensure your safety.

*Standard, optional or unavailable according to version.

PEUGEOT Connect SOS & Assistance

PEUGEOT Connect SOS* is now in use in most major European countries, including the UK, and is technology that could prove vital in an emergency.

Automatic emergency call: if the airbags inflate or the seat belt pretensioners are triggered, the vehicle automatically makes an emergency call on behalf of the driver. PEUGEOT Connect SOS then locates the vehicle, establishes telephone communication with its occupants and arranges for the appropriate emergency service to be dispatched.

Manual emergency call: whether the victim or the witness of an emergency situation, the driver can call PEUGEOT Connect SOS quickly by pressing the SOS button located on the dashboard (and holding for 3 seconds).

*Standard, optional or unavailable according to version.

BlueHDi Diesel Engines

BlueHDi engines combine high performance, impressive fuel economy and low CO₂ emissions.

Every diesel version of the Peugeot 208 emits under 95 g/km of CO₂ and achieves up to 94.2 mpg on a combined drive cycle.

This market-leading range of 1.6 BlueHDi diesel engines is also available with Stop & Start technology.

Active City Brake

Active City Brake* technology makes it possible to avoid an accident or reduce its severity if the driver fails to react.

It works in urban conditions at speeds of less than 20 mph. A short range sensor is fitted to the top of the windscreen and can detect other vehicles that are driving in the same direction or stationary.

This will automatically trigger an emergency brake to stop the vehicle and avoid a collision entirely or limit the consequences of an accident by reducing the speed of impact.

*Standard, optional or unavailable according to version.

7" Touchscreen with Connected 3D Satellite Navigation*

Linked to the 7.0" capacitive colour touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions). The system also includes a 3 year subscription to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®).

Key features of PEUGEOT Connected 3D Satellite Navigation* include:

- TomTom® Traffic:** Real-time updates on traffic conditions (traffic jams, roadworks) and suggested alternative routes.
- Local Weather:** Displays forecasted weather conditions along the route.
- Fuel Stations:** Displays nearby fuel stations and pricing.
- Local search:** Access address and contact detail information for a point of interest.

*Standard, optional or unavailable according to version.

*Additional terms & conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Mirror Screen® is a technology which mirrors compatible apps from your smartphone and displays them on the touchscreen. It is accessed via MirrorLink® which works with compatible android phones and CarPlay® which is compatible with iPhone5 and above.

Mirror Link® will display compatible apps on the touchscreen but it does not offer voice control functionality. Handsfree calls can be made on android phones using Bluetooth®.

Apple CarPlay™ does mirror compatible apps but it also features voice control through Siri which allows phone calls, text messages, music and maps to be used without the need to take eyes off the road.

PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage

manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

PEUGEOT ASSISTANCE

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

Provided by the AA, PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at PEUGEOT.co.uk

TERMS AND CONDITIONS

Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct, at the time of going to print.

It is our policy to continually improve our vehicles in every way. We reserve the right to modify our vehicles price, specification (including colour),

equipment, accessories and characteristics or to discontinue any model, without notice, at any time.

To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the specification (including colour), equipment accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry, CV3 1ND.

For further information call PEUGEOT on 0800 083 3000 or on our website at PEUGEOT.co.uk
