PRIUS

A HYBRID ICON AGAIN

The Toyota Prius took driving to a new level in 1997 as the world's first mainstream hybrid car. The latest model marks another leap forward in intelligent design and technology: the more responsive, more efficient and quieter-than-ever Prius continues to redefine that outstanding Toyota hybrid experience.

NEW PRIUS

INGENIOUS

SHAPED BY INTELLIGENT THINKING

The Prius merges progressive design with efficiency. The iconic triangular silhouette retains a distinctively low stance, hinting at the improved driving performance and aerodynamic qualities. Every detail – from the sleek front LED lights, low bonnet and roofline to the vertical rear combination lamps – is designed to optimise airflow, meaning the Prius cuts through the air with grace and efficiency. Follow-me-home headlights illuminate your path for added safety as well as practicality at night.

INFO NUGGET

The Prius spearheads Toyota's New Global Architecture (TNGA). This focuses on standardising parts and components, improving the way Toyota cars are built as well as how they look and feel on the road.

LEADING

THE HYBRID DRIVING EXPERIENCE THAT BREAKS NEW BOUNDARIES

The Prius paves the way for a next-level driving experience with a brand new hybrid system. The battery recovers more energy, meaning more time can be spent in smooth, quiet EV mode; while the seamless transition between EV and petrol engine mode gives you intuitive, dynamic acceleration whenever you need it. New transmission technology and improved sound insulation keep noise levels to a minimum, letting you enjoy a whisper-quiet drive. The Prius offers a more dynamic performance with excellent handling thanks to the lower centre of gravity, enhanced suspension and a hybrid system that delivers more linear power.

INFO NUGGET

Fuel consumption in the city and on the motorway has been significantly reduced. You'll also notice the quiet and refined cabin when driving in town or on the open road.

HIGH-TECH

TECHNOLOGY FOR EVERYDAY DRIVING

Innovations that make a difference – the Prius's interior places state-of-the-art technology at your fingertips. For easily accessible information and safer driving, the Prius boasts a full-colour Head Up Display* (HUD) projected onto the windscreen, directly in your line of sight. It also comes with dual 4.2" TFT colour displays in the instrument panel, which provide easy access to driving information, audio, navigation, climate control and warning messages as well as the driver support system. The wireless phone charger* makes staying connected easy, with no need for cables.

INFO NUGGET

The new Simple Intelligent Parking Assist[§] (Simple IPA) aids manoeuvring into even narrower spaces. The system automatically performs steering operations and also features a convenient departure function for leaving parallel parking spaces.

HEAD UP DISPLAY (HUD)*
The full-colour display shows vehicle speed and speed limit information as well as incorporating a hybrid system indicator.

MULTI-INFORMATION DISPLAY
This provides an energy monitor, hybrid system indicator and eco score, fuel economy record, driver monitor, eco wallet and eco diary as part of the driver support system.

WIRELESS PHONE CHARGER*
For your convenience, mobile devices can be charged simply by placing compatible devices on the charging pad, avoiding the need for separate chargers or cables.

* Excluding Active grade.

§ Excluding Active and Business Edition grades.

SLEEK

ATTENTION TO DETAIL THAT MAKES ALL THE DIFFERENCE

The Prius's interior is where high quality, functionality and playfulness meet. The inviting Black or Cool Grey interior creates a contemporary look, enhanced by soft-touch materials, cool metallic finishes and signature touches such as the Prius logo on the air vents. The lowered driver position, highly ergonomically designed seats and a steering wheel that can be perfectly adjusted to your needs also ensure you experience hybrid driving in the most comfortable surroundings.

INFO NUGGET

For increased fuel economy and comfort, the smart air conditioning directs airflow only to occupied seats using sensors throughout the car.

Model shown: Excel grade

AIR CONDITIONING
The compact, lightweight air-conditioning system is our most advanced to date. It's quiet, and boasts efficient cooling performance.

STEERING WHEEL CONTROLS
The intuitively positioned steering wheel controls mean you can adjust the air conditioning, audio, and phone functions as well as view the energy monitor and hybrid system indicator – all through the multi-information display.

GEAR SHIFT
Shift-by-wire technology uses electric signals to transmit gear shift operations, allowing you to change gear simply with your fingertips. A shift indicator in the instrument panel shows the current selection.

SMART

THE MULTIMEDIA HUB TO KEEP YOU CONNECTED

Toyota Touch® 2 with Go* is an intuitive and easy-to-use multimedia system that provides information and entertainment whilst connecting you to the outside world. The sleek tablet-style 7" touchscreen with drag & flick controls houses an advanced audio system compatible with USB devices and smartphones. The navigation system comes with European map coverage, detour and eco-route functions, real-time traffic updates and local online search facilities. Bluetooth® connectivity and a reversing camera for effortless parking are also included.

* Standard on Business Edition Plus and Excel grades.

§ Excel grade only.

INFO NUGGET

Access Toyota Online services with Wi-Fi hotspot[§] connection. Offering an alternative to Bluetooth®, you can take advantage of both public and private hotspots, or create a mobile hotspot using your smartphone.

VOICE RECOGNITION[§]

This allows you to search for destinations, request and play music and even find and call contacts with just your voice, minimising driver disruption and improving safety.

MP3

Stream your audio content via Bluetooth® or via the USB/AUX connector.

REVERSING CAMERA

To aid reversing, the Prius reversing camera displays an even wider image, complete with reference lines.

Safety Sense.

READY

YOUR SIXTH SENSE ON THE ROAD

Always one step ahead – the Prius comes with the newly developed Toyota Safety Sense as well as other safety features with the aim to create a more secure driving environment for everyone.

The features that help keep you safer:

1. Pre-Collision System with Pedestrian Detection
2. Lane Departure Alert with Steering Control
3. Automatic High Beam
4. Road Sign Assist
5. Adaptive Cruise Control
6. Simple Intelligent Parking Assist (Simple IPA)*
7. Rear Cross Traffic Alert (excluding Active)
8. Blind Spot Monitor (excluding Active)
9. Automatic rain-sensing wipers (Excel only)

INFO NUGGET

Thanks to a highly sophisticated network of 22 sensors placed around the car, the Prius acts like your sixth sense and alerts you sooner to any potential danger.

* Excluding Active and Business Edition.

SCAN THIS PAGE.
Explore Prius's safety technologies. Refer to page 4 for more information.

TOYOTA SAFETY SENSE

Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive. Five active safety technologies: Pre-Collision System with Pedestrian Detection, Lane Departure Alert with Steering Control, Automatic High Beam, Road Sign Assist and Adaptive Cruise Control are at the heart of Toyota Safety Sense.

REAR CROSS TRAFFIC ALERT (RCTA)[§]

RCTA allows you to reverse out of a parking space safely by detecting other vehicles approaching your blind spot area. Using quasi-millimetre wave radar, RCTA alerts you with audio and visual indicators on the outer mirrors.

BLIND SPOT MONITOR (BSM)[§]

The Blind Spot Monitor system allows the driver to manoeuvre more safely during lane changes. If rear-mounted radar sensors detect a vehicle in your side or rear blind spot, a warning indicator will illuminate on the appropriate side mirror. Should you indicate to change lanes and a vehicle is in your blind spot, the warning indicators will flash to alert you that a lane change should be avoided.

[§] Excluding Active grade.

BETTER

THE ANSWER TO TOMORROW'S QUESTIONS TODAY

Prius continues to redefine hybrid driving – with yet more inspiring technology, intelligent design, commitment to quality and respect for the planet. Toyota believe there is always a better way, and with this in mind, continue to challenge the status quo.

INFO NUGGET

The name *Prius*, which in Latin means 'prior to', was selected to emphasise that the vehicle was ahead of its time, incorporating innovative hybrid technology to deliver a futuristic driving experience today.

PRIUS ACTIVE

The Prius Active grade offers a wealth of advanced technology ranging from LED lights at the front and back as well as intelligent Toyota Safety Sense as standard. The fabric upholstery in Black or Cool Grey adds contemporary flair.

Main features

- 15" alloy wheels (5-double-spoke) with aerodynamic wheel covers
- LED headlights
- LED rear brake lights
- LED front and rear light guide
- Dusk-sensing headlights
- Front fog lights
- Body-coloured door mirrors
- Heated and automatically retractable door mirrors
- Shark-fin antenna
- Reversing camera
- Miyama black fabric trim
- Electric lumbar support
- Dual-zone automatic air conditioning
- Driver-side smart entry and push-button start
- Toyota Touch® 2 multimedia system
- Dual 4.2" TFT screens for multi-information display
- Toyota Safety Sense (Pre-Collision System with Pedestrian Detection, Lane Departure Alert with Steering Control, Automatic High Beam, Road Sign Assist, Adaptive Cruise Control)
- Temporary spare wheel

Optional features

- Tyre repair kit
- Cool Grey fabric trim
- Styling Pack (Chrome or Piano Black)
- Parking Pack
- Protection Pack
- Towing Pack
- Rear Entertainment Pack
- Toyota Touch® 2 with Go navigation system

Business Edition

PRIUS BUSINESS EDITION & BUSINESS EDITION PLUS

Every journey becomes a reward in itself with the Prius Business Edition. It combines all the Prius Active features along with extras such as full smart entry, wireless phone charging and a Head Up Display. Business Edition Plus also adds 17" alloys, navigation and Intelligent Parking Assist.

* 15" alloy wheel option delivers CO₂ emissions of 70 g/km (combined cycle).
See page 42 for full mpg and CO₂ emissions data.

Main features: Business Edition (additional to Active)

- Smart entry and push-button start (driver's, passenger doors and boot)
- Automatic dimming rear-view mirror
- Wireless mobile phone charger
- Heated driver's & front passenger seats
- Colour Head Up Display (HUD)
- Blind Spot Monitor (BSM)
- Rear Cross Traffic Alert (RCTA)
- 3-spoke leather steering wheel
- Soft-touch texture on upper dashboard
- Soft-touch door trim and front door armrests

Optional features

- Tyre repair kit
- Cool Grey fabric trim
- Styling Pack (Chrome or Piano Black)
- Parking Pack
- Protection Pack
- Towing Pack
- Rear Entertainment Pack
- Toyota Touch® 2 with Go navigation system

Main features: Business Edition Plus (additional to Business Edition)

- 17" alloy wheels (5-spoke)
- Simple Intelligent Parking Assist (Simple IPA) with front and rear parking sensors

Model shown:
Business Edition Plus

- Toyota Touch® 2 with Go navigation system
- Tyre repair kit

Optional features

- Cool Grey fabric trim
- 15" alloy wheels* with spare wheel
- 15" alloy wheels* with tyre repair kit
- Styling Pack (Chrome or Piano Black)
- Protection Pack
- Towing Pack
- Rear Entertainment Pack

PRIUS EXCEL

Settle into the Prius Excel's leather seats and you'll know straight away that this is a very special car. Along with the leather interior and everything from Prius Business Edition Plus, it also has advanced navigation and the extraordinary JBL audio system.

* 15" alloy wheel option delivers CO₂ emissions of 70 g/km (combined cycle).
See page 42 for full mpg and CO₂ emissions data.

Main features (additional to Business Edition Plus)

- Nakano Black leather
- Rain-sensing wipers
- JBL Premium Sound System
- 10 speakers

Optional features

- Cool Grey leather
- 15" alloy wheels* with spare wheel
- 15" alloy wheels* with tyre repair kit
- Styling Pack (Chrome or Piano Black)
- Protection Pack
- Towing Pack
- Rear Entertainment Pack

OPTIONS

FOR YOUR PRIUS

Choose from our specially created range of Option Packs* to add a touch of individuality. Each pack has been designed to offer great value and the flexibility to tailor your car to the way you like things to be.

* Options should be ordered in conjunction with vehicle.

CHROME STYLING PACK

These subtle styling details are designed to complement your new Prius perfectly. The combination of a decorative strip on the lower edge of the rear bumper, side sills along the base of the doors and fog lamp surrounds adds a touch of class from any angle.

1. Chrome rear diffuser

Adds an extra chrome highlight to your car's rear design.

2. Chrome side sills

Contoured to create a powerful low profile appearance.

3. Chrome fog lamp surrounds

The carefully shaped bezel makes a feature of your fog lamps.

PIANO BLACK STYLING PACK

A range of distinctive high gloss Piano Black accessories combined in a Styling Pack to give your Prius that customised look of urban sophistication.

1. Piano Black rear diffuser

Adds an extra gloss black highlight to your car's rear design.

2. Piano Black side sills

Contoured to create a powerful low profile appearance.

3. Piano Black fog lamp surrounds

The carefully shaped bezel makes a feature of your fog lamps.

PARKING PACK

1. Front and Rear Parking Sensors*

The Prius is easy to park but, even so, the Toyota parking aid system is a big help in avoiding accidental scrapes where space is tight. Sensors added to the front and rear are linked to in-car alarms that give progressively louder warnings the closer you get to an obstacle. Conveniently, the front and rear alarms have different sounds and can be switched off when not required.

1.

* Please note this is not the same as Simple Intelligent Parking Assist fitted to Business Edition Plus and Excel grades.

PROTECTION PACK

The Protection Pack contains front and rear mud flaps, scuff plates, a rear bumper protection plate plus a boot liner, designed specifically to help keep your new Prius in showroom condition.

1. Front and rear mud flaps

The design minimises water, mud and stone chips spraying onto your car.

2. Rear bumper protection plate

With a tough, good-looking stainless steel finish to help protect bumper paintwork when loading and unloading.

3. Aluminium scuff plates

The polished aluminium finish introduces a compelling detail to your car's interior.

4. Boot liner

Made of plastic with raised edges to be water- and mud-resistant.

TOWING PACKS

For the first time, towing is available on Prius, with either a fixed or a detachable tow bar available with a choice of 7-pin or 13-pin wiring kits.

Tow bar – detachable and fixed

Toyota tow bars are available with a fixed or detachable hook. Both provide a strong towing capability and will support the Toyota rear-mounted bicycle holder.

Features

- 725 kg towing capacity (the tow bar is designed for your car's maximum towing capacity).
- Supplied with a protective tow ball cap bearing the Toyota logo.
- All Toyota tow bars can be used to support the 2-bicycle version of the Toyota rear bicycle holder.
- With the detachable tow bar, a smart plastic cover is supplied to place over the base when the hook is removed.
- On the detachable tow bar, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

Tow bar wiring harness

Safety for you and your car is at the heart of the Toyota tow bar wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

Features

- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
- The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
- Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
- There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the boot.
- Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
- Available with a 7- or 13-pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's tow bar wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:

- 7-pin (car) to 13-pin (trailer).
- 13-pin (car) to 7-pin (trailer).
- 13-pin (car) to 12N-12S double socket (trailer).

REAR ENTERTAINMENT PACKS

A new rear-seat Toyota entertainment system that you can configure for complete flexibility – featuring a multi-purpose docking station that is compatible with a 7" DVD player and iPad® holder. The DVD player can be configured in a master/slave arrangement, where one DVD plays on both screens, or as master/master, where each screen can play a different DVD. The iPad® holder can be mounted either landscape or portrait, to exactly match your requirements. The dock itself provides all the power to the attachments, with no visible wires and does not affect anti-whiplash head restraints for those sitting in the front seats.

DVD player (shown left)

- Features a 7" screen with stereo sound and a remote control, so children can watch without adjusting their seat belts.
- Can be combined as either master/master or master/slave configurations.
- Compatible with wireless headphones for superb stereo sound.
- Can be removed from car and used at home.

iPad® holder

- Clips into docking station for a secure holder for your iPad®.
- Charges your iPad® while docked.
- Can be combined with Wi-Fi hotspot (sold separately) to allow your iPad® to connect to the internet.

Optional wireless headphones (shown above)

- Superb stereo sound.
- Independent volume control.
- Automatically shut down to preserve battery life.

Security

- DVD and iPad® holder easily removed for security when not in use.

Safety

- Meets European crash and impact testing standards.
- Does not affect anti-whiplash seat head restraints.
- Integrated installation with no trailing wires or cords.

INDIVIDUAL ACCESSORIES

A range of individual accessories are also available for your new Prius, allowing you to personalise your vehicle even further to your own bespoke requirements. These can offer greater protection, add further stylish touches, or provide additional carrying capacity for your new car. All of these additional items are available from your local Toyota Centre.

1. Toyota Hotspot*

As the name suggests, Toyota Hotspot gives you internet access and effectively turns your car into a mobile hotspot. Simply load the Toyota Hotspot box with a SIM card of your choice and, as long as you're in a 3G area, you'll have instant access to the internet and all the web has to offer.

The Toyota Hotspot connects up to five Wi-Fi-capable devices including laptops, tablets, smartphones, iPads, iPhones and game systems and also enables in-car interaction between them. Importantly, the Toyota Hotspot is wired into your car's electrical system to ensure a constant power supply.

- Designed specifically for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna that enhances mobile reception and minimises 3G connection problems.
- Open to any GSM operator and so allows you to use a SIM card of your choice. It will accept a dedicated data transfer card, and when travelling abroad you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User-friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smartphone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

* Not available on Excel grade.

2. Illuminated scuff plates

In brushed aluminium finish with illuminated Prius logo to provide stylish protection to front door sills.

3. Black plastic bumper protection plate

Made of a rugged black composite material, this protection plate has a wrap-over edge to shield the rear bumper when loading and unloading.

4. Textile floor mats

Soft, tailored-fit textile mats on a hard-wearing base for maximum comfort and protection.

5. Rubber floor mats

Tailored-fit rubber floor mats provide ultra strong protection.

TOURING

Toyota touring accessories are custom-designed to make even more of the Prius's sense of adventure. Choices including roof-top storage and bicycle holders add extra capacity. This means you can quickly and safely load up and go wherever your passion takes you.

1. Roof rack

The roof rack provides a base for the range of specialised Toyota carrying attachments such as ski and bicycle holders and luggage boxes.

1.

SKI BOXES

Thule Motion 800 – gloss black (also in gloss silver)

Thule Pacific 700 – silver grey

For those big snow holidays

Thule ski boxes have been custom-designed to exactly the right length, shape and capacity for securely carrying all your winter sports accessories.

Thule Motion 800

Dimensions: 205 cm L x 84 cm W x 45 cm H
Internal volume: 460 litres
Maximum content weight: 50 kg*
Holds: 5–7 pairs of skis, 4–5 snowboards
Weight: 21 kg

Thule Pacific 700

Dimensions: 232 cm L x 70 cm W x 40 cm H
Internal volume: 420 litres
Maximum content weight: 50 kg*
Holds: 6 pairs of skis, 4 snowboards
Weight: 15 kg

Features

- Opens from both sides for easy loading and unloading.
- High security multi-point central locking system.
- Grip-friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota crossbars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV-resistant ABS plastic.

SKI & SNOWBOARD HOLDERS

Large ski and snowboard holder

Simply load and go

The holders install easily and lock securely so you can quickly load skis and snowboards whenever the inspiration takes you. They fit onto the Toyota roof rack and Toyota crossbars on roof rails.

Medium size holder

Large size holder

Features

- Weight: 3.2 kg medium, 4.2 kg large.
- Skis secured between soft rubber for grip and to prevent damage.
- Central locking system for maximum security.
- Push release for easy opening with gloved hands.
- Large holder slides to the car side for easy loading and unloading.

LUGGAGE BOX

Thule Pacific 200 – silver grey

Just right for holidays

For jackets and dresses, shorts, shoes and playthings: a Thule luggage box is perfect to carry all you need for those big holidays and weekends away.

Thule Pacific 200

Dimensions: 175 cm L x 82 cm W x 45 cm H
Internal volume: 410 litres
Maximum content weight: 50 kg*
Weight: 14 kg

Features

- Opens from both sides for convenient loading and unloading.
- High security multi-point central locking system.
- Grip-friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota crossbars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV-resistant ABS plastic.

* Maximum content weight is based on the Prius's maximum roof load capacity.

BICYCLE HOLDERS

Rear-mounted multi-capacity

For secure transportation and easy loading and unloading. The clamp-mounted holder is a universal solution that attaches to all genuine Toyota tow bars.

Quick and easy roof mounting

The lockable lightweight aluminium design attaches to Toyota crossbars and has secure wheel and frame grips. Conveniently, the frame grip can be adjusted at roof height.

GLOSSARY

Discover more about the Prius technology.

Dusk-sensing headlights

The dusk sensor monitors light levels and automatically switches on the headlights when the light is low.

Rain-sensing wipers

The automatic rain sensor instantly sets the appropriate wiper speed and intervals.

Smart Entry & Start System

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Lane Departure Alert with Steering Control

Using a camera to detect the lane markings in the road ahead, Toyota Safety Sense's Lane Departure Alert will alert the driver with audible and visual warnings if the vehicle starts to deviate from its lane without the turn indicator being applied. Steering Control applies corrective force in the case of unintentional lane departure.

Pre-Collision System with Pedestrian Detection

Toyota Safety Sense's Pre-Collision System with Pedestrian Detection combines a millimetre-wave radar with a camera to detect other vehicles in the road ahead. When the possibility of a collision is detected the driver is alerted with audio and visual warnings and brake assistance is activated. If the driver fails to brake in time the brakes automatically engage to prevent or mitigate a collision. In addition to vehicle detection, early detection of pedestrians is also made possible.

Automatic High Beam

Toyota Safety Sense's Automatic High Beam is designed to optimise visibility during night driving for all road users. A camera detects the lights of oncoming vehicles and leading traffic whilst also monitoring the brightness of streetlights. It switches automatically between high and low beam for safer night-time driving.

Adaptive Cruise Control

Toyota Safety Sense's Adaptive Cruise Control keeps you at a minimum preset distance from the vehicle in front. If this distance falls, the system reduces your speed and eventually the brakes will be applied and brake lights activated. If the distance increases again, it will gradually accelerate until you return to your chosen cruising speed.

Supplemental Restraint System (SRS) airbags – 7 airbags

This model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

Road Sign Assist

Toyota Safety Sense's Road Sign Assist monitors the road signs ahead, displaying useful information such as the current speed limit or overtaking restrictions in clear view on the new colour TFT cockpit display. The system also provides a visual and acoustic warning if you are not following the road sign indication.

1.8 l Petrol Hybrid

The 1.8 litre Hybrid Synergy Drive® (HSD) is the world's most advanced full hybrid system. It combines a 1.8 litre VVT-i petrol engine with two electric motors to provide low fuel consumption, low CO₂ emissions and a powerful, peaceful driving experience.

Simple Intelligent Parking Assist (Simple IPA)

Simple IPA automatically manoeuvres you into your chosen parking spot whether between two vehicles or behind one. Using ultrasonic sensors on the front side-bumper to identify a suitable parking space, once engaged, the system automatically performs the steering operations. You simply have to control the reversing speed and let the Simple IPA park your vehicle.

e-CVT

The innovative, electronically controlled Continuously Variable Transmission (e-CVT) manages the flow of power from the petrol engine and electric motors for smooth, effortless acceleration. It delivers the optimum blend for every driving condition, ensuring maximum fuel efficiency.

OWNING YOUR NEW PRIUS

Servicing your Toyota

Toyota Fixed Price Servicing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/service

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

For more information visit toyota.co.uk/service

Toyota Fixed Price Repairs using Genuine Parts

We offer fixed prices on a number of repair items for your Toyota giving you peace of mind when it comes to managing costs. Also don't forget we only use genuine Toyota parts, all of which come with at least 12 months' warranty (some even offer unlimited mileage warranties); and your car will always be dealt with by a trained Toyota technician.

For more information visit toyota.co.uk/repairs

My Toyota

Whether you're a long-term owner or have recently taken delivery of a new Toyota, there are lots of reasons to join **My Toyota**. Packed with time-saving and convenient features, **My Toyota** ensures everything you need to manage your vehicle ownership is in one place. You'll also gain access to My Rewards where you can enjoy great offers and discounts from big brands on everything from family days out to pampering as well as everyday deals.

For more information visit toyota.co.uk

Toyota Accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle.

For more information visit toyota.co.uk/accessories

Toyota Roadside Assistance

When you buy a Toyota you will automatically receive 12 months' AA Roadside Assistance in the UK and Europe, free of charge. After the first year the cost of Toyota Roadside Assistance is £7 per month if paid by monthly Direct Debit, £72 per annum if paid by annual Direct Debit, and £76 per annum when paid by all other payment methods.*

For full terms and conditions please visit toyota.co.uk/roadsideterms

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile (whichever comes first) manufacturer's warranty, covering you against the unlikely event of a manufacturing defect causing a mechanical fault.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/5yearwarranty

Corrosion Cover

The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover

The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

Toyota Business Plus

Designed to support business operators and company vehicle drivers, Toyota Business Plus is our promise to help you procure, manage and upgrade your fleet quickly, efficiently and cost-effectively. Business Plus unites our passenger car and commercial vehicle ranges, with tailored services, ensuring fleet managers can keep their company car drivers happy and business costs down.

Our specialist Business Centres promise you same-day access to a business manager or dedicated sales executive. With business offers and interactive wholelife cost modelling tools which consider emissions, fuel economy, servicing, insurance and residual value data, our advisers can accurately compare tax costs against any competitor. Whenever servicing is due, we can offer fixed-price servicing, free local vehicle collection and delivery (with wash and vac), plus a guaranteed booking within 3 days.

Special offers, fixed-price fleet servicing, specialist fleet insurance, business daily hire, Toyota Fleet Financial Services, extended test drives and a dedicated Business Centre Network are just some of the services business customers can expect from Toyota Business Plus.

For more information visit toyota.co.uk/business-customers

Toyota Extended Warranty

You have the choice of either the low-user option that restricts you to 15,000 miles per year or 12 months whichever comes first or the 12-month unlimited mileage cover. You also have a choice between 12 and 24 months' cover (subject to vehicle eligibility). The 24-month option will show a saving over two 12-month Toyota Extended Warranty policies and is available with the low-user option at 30,000 miles or 24 months whichever comes first.

The Toyota Extended Warranty can be renewed until the vehicle is 12 years old with less than 100,000 miles at point of sale, and if a part covered by the Toyota Extended Warranty suffers electrical or mechanical failure at any time during the term, Toyota is committed to fixing it. You don't pay for replacement parts or labour.

For more information visit toyota.co.uk/extended-warranty

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Flexible Finance from Toyota Financial Services

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these benefits together in one flexible package.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

ICONIC

**LEADING THE WAY
SINCE 1997**

The Prius success story began with the arrival of the world's first hybrid car in 1997. As the most-sold hybrid around the globe, the Prius quickly gained iconic status. With each new generation we've continued to build its legacy of outstanding efficiency and innovation. The Prius marks another major leap forward in the hybrid driving experience. **A hybrid icon. Again.**

ALWAYS A
BETTER WAY

PRIUS. A HYBRID ICON. AGAIN.

This brochure cannot be regarded as infallible (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability, we ask that you contact your local Toyota Centre. Vehicle body colours may differ slightly from the printed images in this brochure. The readability of QR codes present in this brochure may differ according to the scanner used. Toyota cannot be held responsible should your device not be able to read any QR codes or interactive content markers.

Quoted mpg & CO2 figures: All mpg and CO₂ emissions figures quoted in this brochure are sourced from official EU-regulated test results. These are provided for comparability purposes only and may not reflect your actual driving experience. Fuel consumption varies significantly depending on a number of factors, including driving style, conditions, speed and vehicle weight. In order to allow consumers to compare and make an informed choice between one vehicle and another, there is a European Commission standard (93/116/EC and 692/2008) to measure fuel consumption. This common standard must be adhered to by all manufacturers selling motor vehicles in the EU and is the basis for fuel consumption figures published by each manufacturer. For further information please visit www.dft.gov.uk/vca/fcb/faqs-fuel-consumptio.asp or speak to your local Toyota Centre.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. Toyota (GB) PLC is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
