Volkswagen Commercial Vehicles' Van Centres. Working with you.

It's more than a van to you. You're more than a customer to us. We know that when you choose Volkswagen Commercial Vehicles, you're looking for more than just four walls on four wheels. You want a van that looks after itself while you take care of business. A vehicle that makes a statement, as well as a delivery. An investment for the future that makes a difference today.

To us, you're a partner. By being there to get to know how you work and what you need, we can offer you more – supporting your plans year after year. It means a partnership that lasts as long as your ownership, with a vehicle and a team that's with you for the journey.

Our dedicated network of Van Centres. Over **70 Van Centres** and **24 Authorised Repairers** means you're only around 45 minutes on average from our door.

Everything for the job... ..and the journey.

The right van. We're commercial vehicle experts and finding the right van for your business is what makes us tick. We'll guide you through the range, take you on a test drive and cover all the options.

The right accessories. From mudflaps to sat navs, plying to roof racks, we'll work with you to create the perfect van – keeping everything 100% Volkswagen to aid high residuals.

The right finance. Every business is different, so we stay flexible, with a range of finance packages to choose from. Depending on your preference, we'll go through the options to find the one that suits you best.

The right support. Nothing matters more than keeping you mobile, so our servicing options are built around you. You'll also enjoy three-years' free Roadside Assistance with your new van.

The right service. We understand it's the little things that make the difference, so we set high standards. We'll call you when we say, keep you informed on delivery dates and support you long after purchase.

And there's more... We offer a lot more than you might think. From **cost-effective van rental** or an **air conditioning recharge**, to a wide selection of premium and budget **replacement tyres**, if we're not able to help, we'll try and point you in the right direction!

For more information on accessories, finance, service, support and warranties, please refer to the Service and warranties section.

Model shown is Transporter Kombi.

Professional from every angle. Design.

The Transporter succeeds in catching the eye. With its assured styling and defined contours giving the design a striking look, the Transporter makes a real statement. While the front delivers a bold stance with purposeful headlights and bumper, the rear features elegantly sculptured rear light clusters. Additional highlights include a chrome strip on the radiator grille, stylish side indicators and a range of attractive alloy wheels.

17" Devonport alloy wheels – from our range of stylish alloy wheels.

Optional low energy LED rear light clusters.

Optional low energy LED headlights.

Style, comfort and quality.

Interior.

Designed to impress, the Transporter is packed with features that benefit comfort, convenience and offer assistance while you work. Step inside and you'll find a stylish dashboard with plenty of storage solutions and a quality finish. Everything within the cab has been carefully thought through – from ergonomic seating, to controls and functions that are arranged to be within easy reach.

Combining the use of robust materials and meticulous production methods, the Transporter's interior is designed to stand the test of time. Add to this a broad selection of radio and infotainment systems featuring up-to-the-minute technology – including standard DAB+ radio and Bluetooth®, not to mention the latest advances in safety, and you'll discover the Transporter is a comfortable and enjoyable place to spend your working day.

Radio and infotainment.

Optional Composition Media DAB+ radio system.

Radio and navigation.

The latest-generation devices are available, including the standard Composition Colour touch-screen DAB+ radio system, optional Composition Media DAB+ radio system, as well as the optional Discover Media navigation system.

Voice control.¹

Available as an option, the voice control system allows you to operate the telephone, navigation and audio functions without taking your hands off the steering wheel.

App-Connect.²

Available as an option with the Composition Media DAB+ radio system or Discover Media navigation system. App-Connect allows you to operate certain apps by 'mirroring' the screen of your smartphone on the radio system's colour touch-screen display. Standard on the new Transporter Edition model.

Connectivity.

Available as an option with the Composition Media DAB+ radio system or Discover Media navigation system. External media devices, such as MP3 players, can be connected via an additional USB port. Furthermore, the standard mobile phone interface offers a Bluetooth® hands-free speaking system.

1 The 'Voice' control button on the optional Composition Media DAB+ radio system or Discover Media navigation system is only enabled when ordered in conjunction with the optional Voice control system.

2 The 'App' control button on the optional Discover Media navigation system is only enabled when ordered in conjunction with the optional App-Connect system.

Your safety is our priority. Safety systems.

Your safety is vital, so we ensure that a long list of safety and security features are built into every vehicle we produce. Since we first introduced structural safety features on commercial vehicles over 35 years ago, Volkswagen has maintained a policy of continuous safety development. Every Volkswagen model incorporates a range of both active and passive safety features, to help ensure the safety and security of both you and your load.

With the vehicle's design contributing to safety, occupants are securely enclosed within a rigid safety cell with crumple zones to absorb crash energy, while the chassis and suspension are designed for excellent directional stability and handling. Features such as Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD), Electronic Stabilisation Programme (ESP), driver and passenger front airbags, electric seatbelt tensioners, Automatic Post-Collision Braking System and Front Assist with City Emergency Braking are fitted as standard.

For additional security and protection, an electronic immobiliser and remote central locking with dead locking and internal locking button are standard, while optional features such as anti-theft devices, front and rear parking sensors, LED headlights, 4MOTION all-wheel drive, automatic rain-sensing wipers and front fog lights with integrated cornering lights all offer additional peace-of-mind.

Electronic Stabilisation Programme (ESP).

Designed to prevent the vehicle from swerving in critical driving conditions by controlled and targeted intervention in the brake and engine management. This helps to maximise directional stability.

Anti-lock Braking System (ABS).

Designed to prevent wheels from locking up and assist manoeuvrability of the vehicle under heavy braking.

Traction Control System (TCS).

Aids smooth starts and acceleration by reducing wheel-spin. The system also incorporates the Electronic Differential Lock (EDL) and makes up part of the Electronic Stabilisation Programme (ESP).

Electronic Differential Lock (EDL).

Allows smooth starts on slippery or loose road surfaces. If one wheel starts to spin, EDL is designed to brake the wheel as necessary, directing power to the wheel with greater traction.

Airbags.

Driver and passenger front airbags are standard. They offer occupants improved protection in the event of head-on impacts.

Seatbelt warning.

The seatbelt warning reminds the driver that their seatbelt is not fastened. Audio and visual signals are used to request that the seatbelt is fastened before driving.

Watch video >

Automatic Post-Collision Braking System.

Standard on all Transporter models, it triggers braking after a collision, with the aim of preventing secondary collisions.

Prepared for any scenario.

Driver assistance systems.

To help ensure every journey ends as stress-free as it begins, the Transporter is equipped with a number of systems – all of which are activated in critical situations as a preventative measure. Add to this a variety of innovative driver assistance systems and you'll discover the Transporter offers high levels of safety and peace-of-mind.

Optional parking sensor display.

Optional rear-view camera display.

Cruise control.

Available as an option, cruise control maintains the selected speed.

Brake Assist.

Fitted as standard, the system registers the speed at which the brake pedal is pressed. During emergency braking, it helps ensure full brake pressure is applied more quickly.

Hill Hold Assist.

Fitted as standard, the convenient Hill Hold Assist helps to prevent your vehicle from rolling back when pulling away on an incline. The hold operates for approximately two seconds.

Driver Alert System.

Fitted as standard, the Driver Alert System registers deviation from normal steering patterns and uses visual and acoustic warnings to recommend that the driver takes a break.

Daytime running lights.

Fitted as standard, daytime running lights offer increased visibility. For extra driver convenience, the dipped beam headlights are automatically switched on when you start your vehicle.

Tyre pressure monitoring.

The optional tyre pressure monitoring display (standard on kombi) activates a warning signal to highlight significant changes in tyre pressure. This lets the driver know that the tyre pressure should be checked as soon as possible.

An intelligent driving experience. Assistance when you need it.

Front Assist with City Emergency Braking System.

The standard Front Assist area monitoring system with City Emergency Braking System detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

Adaptive Cruise Control (ACC).

Available as an option, Adaptive Cruise Control (ACC) uses a front radar to measure the distance (up to 120m) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance.

Lane Change Assist - Side Scan.

Available as an option on short wheelbase models only, Side Scan displays a warning signal on the exterior mirror as soon as one of its sensors detects a vehicle in a blind spot during a lane change.

High Beam Assist.

Available as an option, High Beam Assist automatically dips the headlights and prevents dazzle for oncoming vehicles, or vehicles travelling ahead. At night time at speeds of above 37mph, the system automatically switches the headlights to high-beam.

Fog lights with integrated cornering lights.

Available as an option, these help to illuminate curves and bends in the road ahead. This aids the driver in spotting any obstacles where the vehicle is turning.

Get to grips with hard work. 4MOTION all-wheel drive.

The Transporter offers a number of innovative features to help retain traction, optimum handling and outstanding steering response when encountering poor surface conditions.

4MOTION all-wheel drive.

The advantage of the Haldex clutch for the 4MOTION all-wheel drive is an improvement to vehicle handling and dynamics.

4MOTION all-wheel drive with DSG.

The Transporter is the only vehicle in its class that's available with 4MOTION all-wheel drive and a 7-speed, dual clutch direct shift gearbox (DSG). Available as an option, this combination enables smooth driving on rugged terrain, thanks to its fully automatic gear changes.

Mechanical differential lock.

The optional mechanical differential lock is available for the rear axle together with optional 4MOTION all-wheel drive. This helps to maintain traction when you encounter adverse conditions, such as rain, snow, mud or gravel.

Helping to make work easier.

Rear door solutions.

With two wheelbases and three roof heights, there's plenty of choice when it comes to space and access. What's more, with its legendary build-quality, together with robust hinges, handles and locks, all Transporters are designed to take the rigours of the working day in their stride. We also know that flexibility is important for any business, so every Transporter is available with a choice of either a large tailgate or versatile rear wing doors – with the option to specify 250° opening angle hinges on long wheelbase models. Both are available glazed or in solid metal for added security. With a low load bed, combined with a generous rear opening width of 1,473mm and maximum load height of 1,940mm for high roof models, you'll discover that whichever solution you choose, the Transporter is designed to make load access easy and convenient.

Rear wing doors with heated windows. Optional on kombi.

Tailgate with window. Standard on kombi, no cost option on panel van.

Tailgate without window. No cost option for panel van and kombi.

High roof featuring high rear wing doors with windows. Optional on kombi.

Optional high roof featuring high rear wing doors without windows.

Rear wing doors with optional 250° opening angle for long wheelbase models.

Image shown features rear wing doors without windows which are standard on panel van. Image also shows 250° opening angle hinges which are optional on long wheelbase models.

The space to tackle large and difficult jobs. Load space solutions.

All Transporter models provide a spacious load compartment with volumes ranging from 5.8m³ for the short wheelbase low roof, to 9.3m³ for the long wheelbase high roof. If you require the flexibility to carry both cargo and crew, then the versatile kombi is the answer. With its rear seats removed, the kombi offers near identical levels of usable space. While the standard specification includes multiple load-lashing rings, sturdy painted load floors on panel vans and rubber floor coverings on the kombi. It's the Transporter's range of optional bulkheads, robust load floor coverings, storage solutions, ventilation and electrical upgrades – not to mention its range of Volkswagen accessory 'Add Ons', that help it to tackle virtually any job.

Space for up to 3 Euro-pallets

- Up to 9.3m³ load compartment volume
- Up to 1,301kg payload
- Up to 1,940mm loading height
- Up to 2,500kg trailer weight
- Up to 2,975mm load compartment length

- 01 Rubber load floor covering (standard on kombi) with load-lashing rings.
- 02 Optional full-height bulkhead with window.
- 03 Optional load compartment heating system.

So which model do you need?

Choose your van.

Your van.

You probably already have an idea about what you need from your ideal van and what you'll need to carry. Likewise, you're sure to have an idea about what's the heaviest, tallest, widest or longest load you'll need to get into your vehicle. If you're a Fleet Manager, then you'll probably need a variety of options and more than one vehicle. Bearing these factors in mind, the information featured on these pages is designed to help as a quick guide to which vehicle may be the closest match to your own specific requirements.

Your trimline.

For added choice, there's a variety of trimlines available, each delivering its own distinct feel. From the robust Startline to the luxurious Highline, you're sure to find a vehicle and trimline combination that not only works hard, but also creates the right impression.

Your choice.

And remember, that's not all. Every Transporter is available with a wide range of options and accessories – all designed to further help tailor your vehicle to your own particular needs. So which model do you need?

How to select your van:

1. Think about the **maximum length and height** of your load. This will help you choose a wheelbase and roof height. If you need to carry more than two passengers, you'll need to consider choosing a Transporter kombi.
2. On the following page you'll see **payload¹** ranges. Think about the heaviest load you need to carry. This will help you choose what's suitable (for instance a T30).
3. From the choice available, decide which **trimline** is right for you.
4. Take a look at the separate Transporter price list to discover which **engines and options** are available for your chosen van.

¹ For further information about weights, please refer to the Technical information section.

Please note: The kombi's load dimensions vary slightly from the above panel van figures. For further information about dimensions, please refer to the Technical information section.

Delivering expectations. The Transporter panel van.

Starting from
£22,095†

Please click here for more details.

Designed to work, the Transporter panel van is available with a choice of three roof heights, two wheelbases and six engines. This level of choice and adaptability means you can tailor your van more precisely to the needs of your business. Standard cab seating consists of a single driver's seat with height, lumbar, reach and rake adjustment and a dual passenger seat. There's also the option of a single passenger seat. Access to the cargo area is through a single near-side sliding door and twin rear wing doors without windows, while a second, off-side, sliding door can also be specified. To restrain your cargo, the floor area features either six or eight load-lashing rings (depending on you choice of wheelbase), ensuring your load is secured as safely as possible.

Long wheelbase with optional single passenger seat.

Volkswagen Commercial Vehicles may change RRPs at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.

Perfect for cargo and crew alike.

The Transporter kombi.

Versatility is at the core of every Transporter kombi. With an identical choice of roof heights, wheelbases and engines to the panel van, the kombi features a single front passenger seat and adds to the panel van by offering removable rear seating for a further three passengers – all fitted with 3-point seatbelts and height-adjustable head restraints. Access to the rear passenger area is through a single near-side glazed sliding door, while at the rear there's a glazed tailgate with heated window and wash-wipe. Featuring a robust rubber floor covering throughout the cab and cargo area, as well as four load-lashing rings in the cargo area, the kombi's flexible interior can be transformed in seconds from a comfortable five or six-seater, into a spacious delivery van. It's the ideal choice when you need to combine load carrying with the ability to safely transport a crew of up to six (including the driver).

Starting from
£23,880†

† Basic RRP excluding VAT.

Style as well as practicality. The Transporter Edition.

Starting from
£30,620†

Please click here for more details.

Take the practicality of a T30 panel van or the versatility of a T30 kombi and add to that striking exterior styling highlights and an impressive array of standard equipment, and you'll have a van ready for any eventuality. The stunning new **Edition** builds on the Highline's impressive specification and combines it with a striking high-gloss black roof and wing mirrors and unique 'EDITION' decals that accentuate the bodylines. The exterior styling is finished off with 17 or 18 inch alloys depending on which engine you opt for, LED headlights with LED daytime running lights and privacy glass. Assistance is provided by power latching for the passenger side sliding door and Discover Media satellite navigation system, while front and rear parking sensors with rear-view camera make light work of parking or reversing.

Decorative decals may show signs of wear and tear or ageing, in particular when subjected to direct sunlight, after a period of 1 to 3 years or even within 1 year in very hot climates. If the decorative decals remain on the vehicle for an extended period of time, visual differences may appear between the area protected by the decal and the paint finish that is not covered by decal.

Volkswagen Commercial Vehicles may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.

04 17" Cascavel alloy wheels with black diamond-turned surface (150PS engine).

05 18" Springfield alloy wheels with black surface (204PS engine).

Unladen weight, payload, fuel consumption and CO₂ emissions may be influenced by trimline, factory options and Van Centre fitted accessories.

A sporting icon. The Transporter Sportline*.

The sixth generation Transporter Sportline has improved with age and is fast becoming an icon in the world of commercial vehicles. Available as a short or long wheelbase panel van or versatile kombi, the powerful 204PS BiTDI Sportline guarantees swift progress with the 7-speed dual clutch direct shift gearbox (DSG). And when it comes to hard work, the Sportline delivers with a generous 3.2 tonne gross vehicle weight and a sporty and luxurious interior that's designed to ease you through your working day and make every journey a pleasure. In fact, with the kind of performance and specification levels to grace any top-of-the-range vehicle, the iconic Transporter Sportline offers a commercial vehicle experience that's second-to-none.

Starting from **£39,685†** [Please click here for more details.](#)

Volkswagen Commercial Vehicles may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.

* This vehicle is currently unavailable to factory order. Please contact your local authorised Van Centre for stock availability. † Basic RRP excluding VAT.

1 Reflex Silver and Candy White with a black painted roof and Deep Black are available on Sportline at extra cost.

2 Pure Grey, Grape Yellow, Bright Orange and Deep Ocean are only available on Startline.

3 Grape Yellow is available on Edition.

4 Available at extra cost.

5 Oryx White is not available on Sportline.

Please note: Not all paint and upholstery combinations can be ordered together and in some instances certain combinations may incur extra cost. Not all paint finishes may be available for every trimline. Please check details and availability with your Volkswagen Van Centre at the time of ordering. Screen representations do not allow exact reproduction of paint, upholstery and trim colours.

Trim & upholstery.

Formulated to help withstand all that work can throw at it, the Transporter's paint, trim and upholstery are designed to stand the test of time. As you'd expect from any Volkswagen, exterior paints offer a smooth and tough finish, while the interior upholstery is made from high-quality materials that are both robust and easy to clean.

Wheels.

01 16" Steel wheel. 16 x 6.5J with 215/65 R16 or 205/65 R16 tyres. Standard on Startline.

02 16" Full wheel trim. 16 x 6.5J with 215/65 R16 or 205/65 R16 tyres. Standard on Trendline.

03 16" Clayton. 16 x 6.5J alloy wheels with 215/65 R16 or 205/65 R16 tyres. Standard on Highline T28, T30 102PS or 150PS. Optional on Startline and Trendline.

04 17" Cascavel. 17 x 7J alloy wheels, black diamond-turned surface with 235/55 R17 103H low rolling resistance tyres. Standard on Edition T30 150PS.

05 17" Devonport. 17 x 7J alloy wheels with 235/55 R17 or 215/65 R17 tyres. Standard on Highline T32 and/or 204PS.

06 18" Springfield. 18 x 8J alloy wheels, black surface with 255/45 R18 103H low rolling resistance tyres. Standard on Edition T30 204PS.

Audio & communications.

01 Composition Colour DAB+ radio system.
Fitted as standard, the Composition Colour DAB+ radio system features a 5" TFT touch-screen colour display, USB port, Bluetooth®, SD card slot, AUX-IN interface, MP3 and WMA compatible CD drive, 4 x 20 watt output with four speakers and a dual tuner with PhaseDiversity for optimum radio reception.

02 Composition Media DAB+ radio system.
The optional Composition Media DAB+ radio system features an increased touch-screen size of 6.33" with proximity sensor, USB port, Bluetooth®, SD card slot, AUX-IN interface, MP3 and WMA compatible CD drive, 4 x 20 watt output with four speakers and a dual tuner with PhaseDiversity for optimum radio reception. App-Connect is available as an option for this system.

03 Discover Media satellite navigation system.
The optional Discover Media satellite navigation system builds on the strengths of the Composition Media DAB+ radio system by adding satellite navigation and a second integrated SD card slot compatible for map data. The system includes free updates for the pre-installed European maps through Volkswagen MapCare. App-Connect is available as an option for this system.

04 App-Connect.¹ Available as an option with the Composition Media DAB+ radio system or Discover Media navigation system. App-Connect allows you to operate special apps. The screen of your smartphone can be shown on the radio system's display.

¹ The 'App' control button on the optional Discover Media navigation system is only enabled when ordered in conjunction with the optional App-Connect system.

Mobile online services.

Optional App-Connect – Volkswagen apps.¹

Download special Volkswagen apps to your mobile or tablet, such as 'Shared Audio', 'Drive & Track', 'Call & Remind', 'My Guide' and 'Sound Journey' to make every journey more pleasant and interesting. The apps provide you with information about your driving behaviour, guide you to parking spaces in the vicinity, make detailed suggestions about exciting destinations – all taking into account the weather and traffic data.

Optional Car-Net Guide & Inform.²

Use Car-Net Guide & Inform to enhance your vehicle's optional Discover Media navigation system with online-based, up-to-date information services for greater convenience when travelling. For example, utilise real-time traffic information to avoid a sudden traffic jam, or refuel at the cheapest fuel station, or find a free parking space without the need for an infuriating search. Car-Net Guide & Inform helps you to reach your destination quickly and with the least amount of stress.

Online traffic information.

Save time and avoid stress with real-time traffic information, enabling you to avoid traffic jams by dynamically adapting your route.

Fuel stations.³

View the fuel stations with the cheapest fuel prices in your immediate vicinity. Your vehicle's fuel type is automatically identified.

Parking spaces.³

Save time and view available parking options, along with prices and opening hours.

Weather.

Stay up-to-date with the latest weather information while on the move.

Online special destination search.

Customised information about local services is sent directly to your touch-screen display.

News.

Subscribe to personalised news categories and use the news feeds to stay up-to-date.

Online destination import.

Conveniently plan your driving destinations from home using the customer portal and retrieve them using the navigation system.

My special destinations.

Use the customer portal to save your preferred destinations while at home and import these into your vehicle's navigation system.

Vehicle status report.

Retrieve the latest service information and error messages from your vehicle.

Car-Net registration in a few easy steps:

1. Create your personal account on the Car-Net website.
2. You will receive a registration code (PIN).
3. Enter your vehicle identification number (VIN).
4. Enter the PIN into your vehicle's navigation system.

¹ Available as an option, App-Connect is only available in conjunction with the Composition Media DAB+ radio system or the Discover Media satellite navigation system. App-Connect comprises MirrorLink™, CarPlay™ and Android Auto™. The availability of these technologies can vary depending on the country in question. Please note that App-Connect is not currently supported by all mobile telephones on the market. Volkswagen is working closely with major smartphone producers to promote broader compatibility for App-Connect.
² Available as an option, mobile online services (Car-Net) is only available in conjunction with the Discover Media satellite navigation system. You will also require a mobile device that is capable of acting as a mobile wireless hotspot. Car-Net services are only available with an existing mobile network contract or one to be agreed separately for this purpose between you and your mobile phone network provider and only within the respective mobile phone network coverage. Depending on your mobile phone tariff, receiving data from the internet may incur additional charges, particularly if you are using the phone abroad. Due to the amount of data needed when using Car-Net services, we strongly recommend signing-up to a data flat rate with your mobile phone provider. Use of Car-Net is governed in a separate agreement with Volkswagen AG online. After taking possession of the vehicle, you have 90 days in which to register the vehicle at www.volkswagen-commercial-vehicles-carnet.com. The availability of Car-Net services may vary depending on the country in question. These services are available for the duration of the contract term agreed and may be subject to changes in terms of content during the contract period. More detailed information on Car-Net is available at www.volkswagen-commercial-vehicles-carnet.com and from your Volkswagen Commercial Vehicles Van Centre. Contact your mobile network provider for information regarding your mobile network tariff.
³ Available at participating fuel stations and car parks.

* This vehicle is currently unavailable to factory order. Please contact your local authorised Van Centre for stock availability.

1 We are currently changing over to the new vehicle testing regime known as the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). This is being phased in for Light Commercial Vehicles (LCVs) and replaces the New European Driving Cycle (NEDC) test procedure for establishing the official fuel consumption and CO₂ emissions figures for new vehicles. WLTP applies to all vehicle manufacturers. If you order an LCV now, it is likely to have different official fuel consumption, CO₂ emissions data and specification to that shown in the configurator. For more information, please speak to your local authorised Van Centre. Comparisons may be unreliable.

Other factors including Gross Vehicle Weight, trimline, extra equipment, options and accessories (wheels, tyres, etc.) may change vehicle parameters such as the weight, rolling resistance of the tyres and the aerodynamics and thus influence the fuel consumption, CO₂ emissions and driving performance values.

2 Where the law permits.

Panel van fuel consumption, performance and emissions (continued).

1 We are currently changing over to the new vehicle testing regime known as the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). This is being phased in for Light Commercial Vehicles (LCVs) and replaces the New European Driving Cycle (NEDC) test procedure for establishing the official fuel consumption and CO₂ emissions figures for new vehicles. WLTP applies to all vehicle manufacturers. If you order an LCV now, it is likely to have different official fuel consumption, CO₂ emissions data and specification to that shown in the configurator. For more information, please speak to your local authorised Van Centre. Comparisons may be unreliable. Other factors including Gross Vehicle Weight, trimline, extra equipment, options and accessories (wheels, tyres, etc.) may change vehicle parameters such as the weight, rolling resistance of the tyres and the aerodynamics and thus influence the fuel consumption, CO₂ emissions and driving performance values.

2 Unladen weight includes approximately 90% fuel load and 75kg for driver.

3 Payload = gross vehicle weight minus unladen weight. Quoted weights are for vehicles with standard specification. Unladen weight and payload may be influenced by trimline, factory options and Van Centre fitted accessories. Roof load limit: 100kg (with two roof carriers) or 150kg (with at least four roof carriers) for normal roof only. Trailer nose weight: 100kg.

Cost of your vehicle

Deposit
As little as one monthly repayment

Rental repayments
Spread across 12 to 48 months

Final 'balloon' repayment

Own

Solutions Personal Contract Plan

Not sure if you want to own or hire? Make the decision later. Pay monthly payments for the length of your agreement. At the end you can decide to keep (once all payments have been made), upgrade or return the vehicle.

Hire Purchase

Make all the regular monthly payments. At the end the vehicles is yours.

Lease Purchase

Make lower monthly payments by deferring an amount until the end. Once paid the vehicle is yours.

Cost of your vehicle

Initial rental
As little as one rental repayment

Rental repayments
Spread across 12 to 60 months

Hire

Cost of your vehicle

Initial rental
As little as one rental repayment in advance

Rental repayments
Spread across 12 to 60 months

Hire

Cost of your vehicle

Initial rental
As little as one rental repayment in advance

Rental repayments
Spread across 12 to 48 months

Final 'balloon' repayment
You have two options at the end of your agreement

Hire

Contract Hire

Pay fixed monthly rentals to hire the vehicle. Look after it so at the end you can return it hassle free.

Finance Lease (full pay out)

Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle and receive a percentage of the sale proceeds. Or retain the use of your vehicle by paying a reduced annual rental.

Finance Lease (balloon repayment)

Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle to settle the outstanding amount and receive any excess sale proceeds. Or pay the 'balloon' payment and retain the use of your vehicle by paying a reduced annual rental.

Finance subject to status. Available to 18s and over in the UK only. Terms and Conditions apply. Volkswagen Commercial Vehicle Financial Services.

Service & warranties.

Finance and insurance.¹

When it comes to paying for your van, we've got options including Contract Hire and Finance Lease, or Hire Purchase. We can also offer you competitive insurance.

A choice of packages.²

Whether you prefer to lease your vehicles, with none of the concerns of ownership and the freedom to change models easily, or purchase outright to own the vehicle that's perfect for your business, we're here to help you consider your options.

You can go flexible, by choosing a payment plan that suits your finances, with options to reduce your monthly costs and your repayment period. Or choose a fixed monthly price that allows you to budget confidently for the longer term.

You can even include your road tax and servicing costs to arrive at one simple, all-inclusive payment. For more information, pick up a finance brochure, or ask at your Van Centre.

Volkswagen insurance.

Volkswagen Commercial Vehicles Insurance¹ provides cost-effective and comprehensive motor insurance³, as well as gap insurance⁴, which helps replace your vehicle and protect you from any financial shortfall if it's written off.

Insurance benefits include:

- Complimentary 5-day drive away insurance cover.
- All repairs performed by approved repairers.
- Volkswagen Genuine Parts[®] used on all repairs.
- Courtesy vehicle provided during repair following an accident (subject to availability).
- Cover for breakage and damage to glass.
- In-vehicle personal belongings cover (up to £250).
- Vehicle recovery.
- 90-day European Union cover.

For more information about our motor insurance call: **0345 877 6355** (lines open 9am-6pm Monday-Friday) or visit: insurewithwvcv.co.uk

Servicing and support.

We're here to keep your business moving, with our range of three award-winning⁵ servicing and maintenance options, as well as free Roadside Assistance. Some exclusions apply. For more detail, please visit www.volkswagen-vans.co.uk/aftersales.

Pay monthly.

This option is available for vehicles that are less than 12 months old and have covered less than 10,000 miles. It makes budgeting easier by splitting the cost of servicing into fixed monthly payments – whether you want Service only; Service and Maintenance; or Service, Maintenance and Tyres.

Pay upfront.⁶

If you can pay for more than one service upfront, we'll help by reducing your costs. Buy two upfront and you'll receive one interim and one full service at a discounted rate. Buy four and you'll receive two interim and two full services, with your next MOT also included.

Pay on demand.

If you're looking for freedom and flexibility with your servicing, it's good to know we're ready when you are. So with our third option, you can choose to pay for your services as and when you need them, with our National Service Pricing. Ask your Van Centre for an up-to-date pricing guide.

Roadside Assistance.

We understand the need to keep you mobile. That's why all new vans come with three-year, unlimited mileage roadside cover. Should the unexpected happen, one call gets you straight through to a team trained to help you through any breakdown or accident. Supporting you every day will be a team of vehicle technicians, fully-trained by Volkswagen and carrying the latest diagnostic equipment, specialist tools and parts.

Assistance benefits include:

- Assistance at home, by the roadside or place of work.
- Recovery to your preferred location.
- Onward travel, for you and your cargo.
- Cover 24 hours a day, 365 days a year.
- Free cover for three years (on new vehicles).
- Unlimited mileage.
- European cover.
- Option to extend cover beyond three years.

Warranties.

You can count on us long after you purchase your Transporter, thanks to its comprehensive three-year, 100,000 mile warranty. You choose Volkswagen because your business depends on it, year in, year out. While your Transporter is under warranty, we'll fix any defect in manufacture or workmanship free of charge, even if you purchase and service the vehicle at different Van Centres. Some exclusions apply and the vehicle must be cared for using the guidance in your owner's manual. For more detail, please visit www.volkswagen-vans.co.uk/aftersales.

Extended warranty.

You can also extend your warranty beyond the three-year, 100,000 mile period, choosing either Comprehensive or Major Component cover, as a one-off or monthly payment. For more detail of cover levels, along with terms and conditions, please visit volkswagenwarranty.co.uk where you'll also be able to obtain a quote and purchase an extended warranty.

Paint and body warranty.

Your Transporter's exterior paintwork is covered against manufacturing defects for a period of three years, while its body sections and panels are covered against rusting through from the inside for 12 years. Some exclusions apply and the vehicle must be cared for using the guidance in your owner's manual.

Add Ons

Accessories to help keep your vehicle **100%** Volkswagen

Add extra style, protection and practicality to your van, while still keeping it 100% Volkswagen.

Add more with Add Ons...

Accessories allow you to go beyond options and truly customise your van. You might want extra capacity with roof attachments or a tow bar, add cab technology or even convert a work van into a weekend leisure vehicle.

Keep it 100% Volkswagen.

There are big advantages to purchasing approved accessories from us. Add Ons have all been designed with your Volkswagen in mind, so they're a perfect match for fit and style. They're built to be rugged, reliable and long-lasting.

Keep your Add Ons covered.

Most Add Ons include a two-year warranty, but the great news is that if you order and fit them when you purchase a new van, we may be able to extend that to three years to match your vehicle's warranty. Ask your Van Centre for more detail.
