# WHY WE INNOVATE.

For us, innovation is about people. Every car, every technology and every design is the result of our passion to make life easier and better for you.

Our starting point is always research – because by understanding you, your needs and your desires, we can create products that truly work for you. Innovating with people in mind allows us to help solve some of the complexities and challenges of modern life, making it less complicated and more enjoyable.

To do this we're thinking big, making huge strides to shape the future of motoring. We have made a unique commitment that, from 2019, every new car we launch will feature an electric motor, creating one of the most diverse electric ranges of any car maker. We're the first major premium car company to do so, paving the way for a new chapter in the history of the automobile.

We're also continuing our journey of tech innovation and leadership in connectivity. Our vision is that by 2025, every new Volvo sold will help its owner reclaim one week of quality time per year. This will be possible through our innovations around connectivity and car access, including 'shared key' features that will save you time and revolutionise how you interact with your car.

Of course, we also have a progressive vision for the future of safety. We believe that, by 2020, no one should be killed or seriously injured in a new Volvo car. We will achieve this through our unique approach to safety, which builds on real-life research to create innovations that better protect people.

Collectively, this is what drives us forward as a company and is why we're investing in the future, a future where innovation is designed around you.

## THE EVOLUTION OF THE DYNAMIC SWEDISH SUV EXPERIENCE.

**The Volvo XC60** is the perfect balance between comfort and control. It's the SUV where bold design meets a beautiful interior, where technology is natural and where every drive is a pleasure.

With its dynamic, commanding presence, the XC60 is the SUV with a unique Scandinavian attitude. The exterior mixes muscular dynamism with clean, elegant Scandinavian design. One glance tells you this is a car that's ready for whatever activity or challenge awaits. And the interior is crafted from the finest Swedish materials, making sure it's full of natural light and packed with clever touches to make every day easier.

Behind the wheel, you can enjoy technology with a human touch. You're connected, and our most advanced safety technology will help looking out for you, your passengers and other road users.

This is the dynamic Swedish SUV experience. Evolved.

VOLVO XC60

**T8 Twin Engine AWD | R-Design**  
707 Crystal White Pearl | 21" 5-triple spoke  
Matt Black Diamond Cut alloy wheels

**The XC60 possesses** all the qualities of good Scandinavian design – understated yet confident, uncluttered and beautiful. It is an SUV that projects poise and power. In profile, the bonnet, rising side window line and sharply angled tailgate highlight its dynamic nature. Large wheels and pronounced wheelarches express the car's athleticism and capability.

Up close, the sharp creases and sculpted side panels emphasise its muscular, contemporary character. Full-LED headlights with distinctive T-shaped daytime running lights create an unmistakable impression, day or night, while rear lights that flow into the tailgate are a Volvo design cue that emphasise the car's strength. Everywhere you look there is something to delight. The XC60 is a car that you will always be proud to own, and which you will never tire of looking at.

## PLEASURE FOR YOUR SENSES.

**The XC60 is** built for enjoyment, because we think you should enjoy every drive in your car, no matter how short or long the journey. That's why we crafted the XC60 to be a car that you feel inspired and confident when driving. One where you always feel in control, and where technology is there to support you and make every interaction second nature.

With its strong, lightweight construction and sophisticated suspension components, the chassis of the XC60 allowed us to find just the right balance between comfort and control. To create a car that offers great driver feedback but which leaves you feeling fresh, even after a long journey.

Experience the rewards offered by the dynamic handling in a cabin that provides outstanding comfort and a calm, restful environment. With seats designed to perfectly complement the human form, quiet powertrains and first-class sound systems that let you enjoy your favourite music as the artist intended, the interior of the XC60 is a haven. This is the Volvo approach to driving enjoyment.

## THE COMMAND CENTRE.

**When you sit** in the driver's seat of the XC60 you're in control. In control of everything the car can do for you and in control of your journey, from the driving position to the way you interact with the navigation system.

The experience starts with the driving environment. The dashboard and centre console wrap around, creating the feeling of a cockpit and putting you in command. Beautifully designed and finished controls make every interaction with the XC60 a pleasure.

We put as much thought into materials as we do into design. The Tailored dashboard with contrasting stitching, gear selector made from Orrefors® crystal and wood and metal inlays that allow the materials to speak for themselves. You're surrounded by the precision of skilled craftsmanship, where everything works with accuracy and precision. In the XC60 it's effortless to be in command.

## YOUR SANCTUARY.

**When designing the** interior of our cars we apply the same principles you would when designing a living room. High-quality materials, intelligent use of space and attention to detail work together to create a warm, inviting environment. And it's for all of your passengers. Everyone who travels in the XC60 gets the same standards of comfort, space, light and design. Everyone will enjoy the journey, no matter where they sit. Welcome to a sanctuary that calms and soothes.

Exceptional seating is at the heart of the experience. We build all of our seats to give the same high standards of comfort and support, with plenty of adjustment so everyone can find a position that suits them.

The design of the interior is as important as the way it's built. Light floods in through the panoramic roof to make the cabin bright and airy. Reducing the number of buttons and switches creates a distinctly Swedish feel of uncluttered calm. And the clever use of space, such as the storage compartments under the rear seats, is typical Scandinavian ingenuity. They're just the right size to store electronic devices, like a tablet, out of sight.

Unlock the car and the door handles light up to make getting into the XC60 quick and easy. At night the cabin glows with the warmth of its interior lighting, welcoming you into the car. The optional lighting package includes ground lighting in all of the doors to illuminate the area below an open door, so you can avoid stepping into puddles, as well as additional interior lighting such as a worklight in the tailgate.

CleanZone technology means the air you breathe inside the car is clean and fresh, regardless of the air quality outside the vehicle. It filters dust, pollen, particulates and odours while monitoring the air quality and closing the intakes if pollutant levels rise too high. It happens automatically – all you need to do is set the temperature you want and the XC60 does the rest.

Rich materials and intricate detailing, like the Driftwood trim, and yellow Kevlar® speaker cones behind stainless steel speaker panels, provide contrast and visual interest.

The panoramic roof extends the full length of the cabin, flooding the interior with natural light – so everyone gets the benefit.

The combination of clear, easy-to-read instruments and the distinctive lines of the dashboard look great and work beautifully. They exemplify the meeting of form and function.

The way we've reduced the number of buttons has created a clean, uncluttered cabin reminiscent of the traditional, functional design of Swedish homes.

## VERSATILITY'S NEW LOOK.

**A car has** to be more than great design and a rewarding driving experience – the XC60 is versatile, a place which complements and copes with your active life, with extra usefulness built in.

Even getting into the XC60 is easy – you can open the powered tailgate by waving your foot under the rear bumper. Inside you'll find a large, evenly shaped load compartment that makes it easy to accommodate irregular sized objects. Fold the seats at the push of a button and you get a fully flat load floor – and you can do this from the rear of the car, so you don't have to open the doors to fold the seats.

A loading hatch in the seats means you don't have to fold the seats to carry long objects, so you can still carry passengers. And, to make your XC60 even more useful, add extra equipment from our accessories range, which are designed to complement the car's interior.

## STAY CONNECTED AND IN COMMAND.

**We create technology** to serve you and make life easier. Everything that's complicated or doesn't add to your experience is removed.

You control your Volvo intuitively and easily. And seamlessly connected with the car and the world around you, you're in command of every aspect of your journey.

Instead of a multitude of physical buttons, you find a large, 9-inch centre display with touch screen. It's as easy and straightforward to operate as your smartphone, with bold, clear graphics so you can keep your attention on the road. The touch screen blends seamlessly with the car's clean interior design and is easily operated. You can even operate it wearing gloves.

Essential driving information is clearly presented in our 12.3-inch driver display. It adapts to your needs, preferences and surrounding light, so information is always shown on your terms.

For even better control, our head-up display projects vital driver information at a comfortable view distance. It looks like the graphics hover in front of the car, which allows you to stay informed without taking your eyes off the road.

Your Volvo also listens to you. Keep both hands on the steering wheel and speak naturally: our voice control will carry out your command to operate climate control, navigation, entertainment and your smartphone.

In a Volvo, you and your car act as one.

#### Sensus Navigation.

Let Sensus Navigation guide you, inform you and help you find the best route. Road directions are clearly shown in the driver display, centre display and head-up display. Touch screen controls allow you as well as your passenger to operate the system conveniently and safely. Or talk naturally to your Volvo, and let our voice control carry out your commands while you can keep full attention to traffic. With the Volvo On Call app, you can also send the destination to your car before you go. And helping to save time, our in-car navigation apps can help you find and pay for parking, share your location with friends or simply find the best coffee in town. If you drive our T8 Twin Engine plug-in hybrid, the navigation system can also help you optimise the use of pure electric power all the way to your destination. Free life-time map updates ensure your navigation system is always up to date.

## FEEL THE MUSIC.

**Inside the cabin** of your Volvo you can enjoy an audio system designed to put you closer to the music you love, wherever you're seated.

All our audio systems are tailored to the acoustics of your Volvo. Our audio philosophy is very simple: it's all about the soul of music, not the number of speakers or watts. And together with the audio specialists at Bowers & Wilkins and Harman Kardon®, we have created some of the best-sounding audio systems in the class.

Our new audio system, Harman Kardon® Premium Sound, delivers a beautifully balanced, powerful sound. This immersive experience is enabled by 14 hi-fi speakers including an air-ventilated subwoofer that produces a bass sound you'll feel in your body.

If you're truly passionate about music, the Bowers & Wilkins audio system will take the experience to an even higher level. The 15 separate high-end speakers – including a tweeter-on-top centre speaker that minimises acoustic reflection from the windscreen and our unique air-ventilated subwoofer – will surround you with a powerful, pristine sound that feels more spacious and true to life than ever.

It's all about music and making it possible for you to experience it just as it was intended when it was created.

**Harman Kardon® Premium Sound** is developed together with the hi-fi specialists at Harman Kardon®. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high fidelity surround sound experience. A unique sound processing software – Dirac® Unison Tuning – optimises the response of each individual speaker as well as the speakers all together to ensure they perform in perfect harmony. So wherever, you're seated, you and your passengers can enjoy a seamless first-class listening experience in all conditions and – not least – an extremely unified and tight bass sound.

**Our Bowers & Wilkins audio system** integrates seamlessly with the cabin architecture of your Volvo to deliver the most realistic immersive sound possible. Innovative audio processing technology with three room modes allows you to recreate the acoustics of a specific room inside your Volvo, bringing you even closer to the music. And to enable extremely low and undistorted bass tones, the air-ventilated subwoofer uses innovative technology that allows it to pulse large amounts of air, actually turning the cabin into one big woofer.

**Smartphone integration.** Use your smartphone in a smarter way. Via Apple CarPlay™ or Android Auto™, you simply integrate the familiar functions and interface of your smartphone\* with the car's centre display. You can enjoy music, make calls and send messages easily via the car's touch screen, steering wheel buttons or voice control.

\*Supports iPhone® (5 or later) or Android smartphones (5.0 Lollipop or later).

**Intuitively connected.** You operate the audio system and hands-free phone easily using the touch screen controls, steering wheel buttons or voice control. Bluetooth® connection also allows convenient streaming of music via your phone. Within easy reach on the car's touch screen, there's also a Spotify® in-car app that makes finding new music quick and easy without you having to connect your phone. Using Volvo On Call, you can also create a wifi hotspot in your car with a stable internet connection for your and your passengers' mobile devices.

# VOLVO ON CALL. ALWAYS THERE WHEN YOU NEED IT.

The Volvo On Call app connects your car with the rest of your world, helping make life less complicated. It's there when you need it, so your car becomes more than just a means of travel – it's your personal assistant.

It can tell you about the best coffee in town and send the destination to your car's navigation system. It knows when you've got appointments, where they are and how to get there. You can use it to make your car ready for the drive to the office, or the drive home, by remotely cooling or heating the cabin (automatic only). It can help you find a parking space, then take you straight to it. You can sync your Volvo On Call app with your calendar, so if you've got appointments it will tell your car where they are and how to get there. And it helps to keep you safe, automatically contacting emergency services if you're involved in an accident and telling them where you are.

Volvo On Call keeps you connected to the things you need. It's always on. Always with you. Always there.

## YOUR DAY MADE EASIER WITH VOLVO ON CALL

*From saving you time in the morning to helping you relax on the way home, Volvo On Call can be an indispensable part of your daily routine.*

### THE PERFECT START

*Before leaving the house, you send your destination to the car's navigation system so it's ready for you to set off. You get in the car which is already warm and defrosted, thanks to Volvo On Call's ability to run the engine remotely (automatic only).*

07.30

11.00

### WHERE NEXT?

*A calendar card shows your next meeting. You push a button in the app, sending the address to the car's navigation system.*

### FIND YOUR CAR

*You've forgotten where you parked, so you use the car locator map to find the street and then use the flash lights function to pinpoint the car.*

12.00

**REMOTE CONTROL COMFORT**

*You set the engine to warm the car interior (automatic only) so it's ready for when you leave the office.*

13.00

**SET UP YOUR HOTSPOT**

*You pick up some colleagues. Using Volvo On Call, you create an in-car wifi hotspot with a strong internet connection for their mobile devices.*

**FIND A RESTAURANT**

*You head for home, not wanting to cook dinner. The Volvo On Call operator sends your dining choice destination to your car's navigation system within seconds.*

17.45

**READY FOR A NEW DAY**

*A notification reminds you that you've got a meeting in the morning so you send the location to the Sensus Navigation system ready for the morning.*

22.20

## **PILOT ASSIST. DESIGNED TO MAKE DRIVING SAFER AND EASIER.**

**Our latest advances** in supportive driving technologies allow you to enjoy smooth, intuitive driving from standstill up to motorway speeds.

To make driving in demanding traffic less stressful, we created Pilot Assist and Adaptive Cruise Control. Pilot Assist automatically helps you maintain a safe distance from the car in front of you by adapting your speed while helping to keep you centred in the lane by automatically making small steering adjustments. It's intelligent too: using map data from the car's navigation system, the car identifies hills ahead and adapts the speed to help optimise your comfort and safety.

This technology also makes driving in stop-and-go traffic more effortless. Maintaining the set distance, your car follows the car ahead of you and can brake automatically to full stop when needed. And if the car in front just makes a short stop, your car starts following it as it takes off again.

This is driving made safer and easier safe and easy, with the aim to optimise your control, comfort and convenience.

**Please note:** The driver is always responsible for how the car is controlled, the functions described here are only supportive.

## CITY SAFETY TECHNOLOGY. YOUR PRO-ACTIVE PARTNER ON THE ROAD.

With advanced pro-active safety technology we add extra power to your senses and enhance the confident feeling of being in control.

At the heart of our safety technologies is City Safety. By helping you to keep a lookout and brake or steer away if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if needed and can brake automatically to help you avoid a collision or reduce the impact. And our advanced Oncoming Mitigation by Braking technology – a Volvo safety world first – can detect if there's another vehicle driving towards you and can brake automatically to help mitigate the impact.

Your Volvo can also support if you're forced into a rapid evasive action at speeds between 31 and 62 mph. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is simply your perfect partner: pro-active when it's needed, and staying discreetly in the background the rest of the time.

### Oncoming Mitigation by Braking

A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If a collision can't be avoided, it can brake your car automatically to help reduce the effect of a collision.

### Oncoming Lane Mitigation

Using automatic steering assistance, this system helps you avoid collisions with oncoming vehicles. If you drift across the lane markings in the way of an oncoming vehicle, your car can alert you and gently help steer you back into the correct path.

#### Lane Keeping Aid

If you're about to cross a lane marking unintentionally, the Lane Keeping Aid can gently help steer your car back into its lane. If this is not enough or you keep steering across the lane markings, you'll be alerted with vibrations in the steering wheel.

#### Run-off road Mitigation

Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you're about to leave the road unintentionally, it can provide steering input and, if necessary, brake support to help guide you back on track.

#### BLIS™ with Steer Assist

BLIS™ can alert you when a vehicle enters your blind spot or approaches fast from behind. If you nonetheless drift into the path of another vehicle, BLIS™ can gently help steer you back into your lane.

#### Full-LED Active High Beam illumination

To give you the best view, our Full-LED headlights allow you to drive with high beam on all the time, without dazzling others. It detects road users ahead of you and can automatically shade the part of the high beam that would dazzle them.

## PERFECT PARKING, EVERY TIME.

**In a Volvo**, you can enjoy smooth parking.

Our navigation system gives you access to an in-car app that helps you find the nearest free parking space and even pay for it. When parking, you're supported by front and rear park assist functions that alert you if there are obstacles in your way. And by adding our 360° camera, you get a detailed bird's eye view of the area surrounding your Volvo – a great help when you reverse or manoeuvre in confined areas with impaired visibility.

If you want, our Park Assist Pilot can park the car for you. It measures the parking space, and if the space is at least 1.2 times the length of your car it can park by taking over the steering. Park Assist Pilot handles both parallel and perpendicular parking, and can also assist when leaving a tight parallel parking space.

And to make it easier when you reverse out of a parking space, Cross Traffic Alert helps you keep a lookout on approaching vehicles in your blind sectors.

### 360° camera

The 360° camera uses images from discreetly mounted cameras to create a bird's eye view of your car and its closest surroundings. In the centre display, you can see obstacles all around you, which makes it easier to park and manoeuvre in tight spaces.

## PROTECTING WHAT'S MOST IMPORTANT.

**Protecting you and** your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it's the interaction between all the safety features that determines how efficiently the car will protect you and your passengers in a collision. Everything, from the design of the seats to the surrounding safety cage and the safety belts and airbags, works together to help minimise the strain on all occupants and maximise protection.

The front seats not only provide world-class comfort. They are also designed to protect you in the event of an impact. Our unique whiplash injury protection helps protect your back and neck if your

car is hit from behind. And in a Run-off road scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even sense and prepare for impact. The optional prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you're in the safest position should one occur. And in the event of an accident, your Volvo can automatically contact emergency services using Volvo On Call and communicate the car's location so that you can get help as quickly as possible.

It's this range of safety technologies and attention to detail that makes your Volvo a safe place to be.

### Crash-absorbing front seats

The sculpted front seats in your Volvo are more than just beautiful to look at. Their unique structure helps to absorb a vertical impact, helping to protect your spine if the car lands heavily after leaving the road. It's another example of how we make every part of a Volvo work harder for your safety.

### Volvo safety cage

The passenger compartment uses a high percentage of ultra high-strength boron steel to create a protective cage around everyone inside the car, while front and rear deformation zones help dissipate the crash energy. The safety belts and airbags work together to cushion you and your passengers in a controlled fashion.

### Child safety

At Volvo Cars we've spent decades continually researching and improving child safety. Our unique approach includes creating and carrying out tests based on real-life traffic situations, as well as testing our child seats alongside our cars. With our latest range of child seats, we offer unparalleled protection.

## ENJOYING MORE, USING LESS.

With the **perfect** balance between performance and efficiency, every Volvo powertrain gives you a great drive with low fuel consumption and reduced emissions. The combination of lightweight, low-friction engine design and advanced boosting technology allows you to enjoy outstanding performance and a smooth, agile driving experience. Reduced size and weight also frees up interior space and contributes to the car's dynamic handling.

This innovative approach also makes driving fun. Choosing the 235hp D5 diesel powertrain, you can enjoy PowerPulse. At lower speeds and from standstill, it activates the turbocharger as soon as you press the accelerator to give an instant boost of acceleration. It's Volvo technologies like this that allow you to experience the power of a much larger engine from a compact four-cylinder, so you get the perfect mix of power and efficiency.

All our powertrains are quiet and smooth to give you a relaxing journey. In our diesel engines, for example, the i-ART injection technology precisely meters exactly the right amount of fuel for each cylinder to make the engine run more smoothly while using less fuel. And to help minimise health-impairing emissions, the latest generation emission control with Selective Catalytic Reduction reduces emissions of nitrogen oxides (NO<sub>x</sub>) by up to 90%.

Precise manual transmissions and our eight-speed automatic gearbox make the most of each engine's potential. Designed to minimise power loss and maximise performance, the gearbox will always select the right gear for whatever is coming next, or you can choose to change gear yourself in manual mode.

The powertrain can also adapt to the mood you're in. Select Comfort, Eco, Dynamic, Off Road or Individual mode with our drive mode control, and the powertrain, steering and optional active chassis with air suspension adapt instantly to your preferences.

Whichever powertrain you choose for your Volvo, you will enjoy the benefits of responsive power and uncompromised efficiency – simply a great drive.

## POWER WITHOUT COMPROMISE.

**Our high-performance powertrain**, the T8 Twin Engine AWD with plug-in hybrid technology, turns the XC60 into a true performance car but, with its combination of turbocharged and supercharged petrol engine with an electric motor, also has the lowest CO<sub>2</sub> emissions of the range.

The combination of a high-performance four-cylinder petrol engine and a powerful electric motor offers the power and performance of a much larger engine, but use much less fuel. The 303hp petrol engine drives the front wheels and the 87hp electric motor powers the rear, giving instantaneous acceleration and on-demand all-wheel drive.

With just the electric motor powering the car, you benefit from silent, exhaust emissions-free driving and an electric-only range ideally suited to daily commuting.

Four different drive modes offer precise control over the car's powertrain. Hybrid mode uses petrol and electric power for the best

balance of power and efficiency while Pure uses the electric motor only for zero-emission driving. Power combines the full output of the petrol engine and the electric motor for the best performance, while Off-Road switches to full-time all-wheel drive. Blend your favourite elements of each mode and create a mode that's tailored to your needs by selecting Individual.

Controlling this technology is intuitive and straightforward. A beautiful roller switch allows you to flick easily between modes. And if you've chosen our active chassis with air suspension your car automatically selects the best chassis settings to complement the drive mode, allowing you to enjoy the drive while your Volvo does the work.

Charging the battery is quick and easy. Drive the car and it charges the battery with a generator and regenerative braking. If you need to top it up, just plug it into the mains supply.

The T8 Twin Engine AWD gives you the best of both worlds. Power without compromise.

Made from Orrefors® crystal, the gear selector in the T8 Twin Engine AWD blends traditional Swedish materials with advanced design and technology.

The power of a turbo and supercharged petrol engine combined with a responsive electric motor makes the T8 Twin Engine AWD a true performance SUV.

Plug your T8 Twin Engine into our specially-designed wall box at home and charge it conveniently and safely. Fully charged, the battery will provide enough electric-only power to cover the average daily commute of many people.

**T8 Twin Engine AWD | R-Design**  
707 Crystal White Pearl | 21" 5-triple spoke  
Matt Black Diamond Cut alloy wheels

DRIVE-E | 37

**The way we've** designed the T8 Twin Engine AWD gives you more than just efficiency – you will notice how well balanced and responsive the car feels on the road, and how quickly it reacts to changes of direction. By mounting the electric motor over the rear axle and fitting the battery along the car's centreline, we've given the XC60 near-perfect weight distribution, a key element in creating agile handling. The battery's location helps create a low centre of gravity in the middle of the XC60 so the car is stable, sure-footed and comfortable. And because the battery is not in the boot, you get the same luggage capacity in the T8 Twin Engine AWD as you do in all other XC60 models. Our cars are designed from the outset to use plug-in hybrid technology, so your experience with them is never compromised.

**Inscription**

724 Pine Grey metallic | 20" 8-spoke  
Black Diamond Cut alloy wheels

## DRIVE. DON'T COMPROMISE.

**We believe** a car can be both great to drive and comfortable, so we built the XC60 to strike that balance between control, precision and comfort. It's a car that rewards the way you drive with response and control. A car for long distances and memorable journeys.

Sophisticated double-wishbone front suspension and our innovative integral axle rear suspension work together to put you in control of every drive. You get a car that responds to your commands but doesn't sacrifice the comfort you need.

Full air suspension makes the XC60 even more capable, isolating the car's body from the road and soaking up uneven surfaces. By keeping the ride height constant the air suspension increases stability, making the XC60 easier and more predictable to control. The car body's height is adjusted according to its drive mode and speed. In Comfort or ECO drive mode, the body is lowered 10–20mm at higher speeds, using less fuel and making it quieter. In Dynamic mode the body is lowered constantly by 20mm in order to enhance handling and road holding.

Our AWD technology with Instant Traction™ gives you an edge by increasing driving stability and traction – on all road surfaces and in all weathers. As conditions change, wheels with the best grip get the most power to optimise your drive.

The drive mode selector with five different drive modes allows you to tailor the car's behaviour to your mood and find the perfect setting for the road you're on. Altering the engine, gearbox, accelerator and steering response changes the way the car behaves and, in the case of the optional active chassis with full air suspension, even how it rides and handles. On rough roads, Off Road mode makes the XC60 easier to control at the low speeds needed to tackle bad surfaces, and engages Hill Descent Control to make descending slopes safer and simpler.

Air suspension on all four wheels gives the XC60 outstanding ride comfort – the air springs absorb up imperfections in the road – and make the car stable by keeping the ride height constant, regardless of the load. With the active chassis you can alter the way the car rides and handles to suit your mood or the road.

## **SIGN UP TO THE FUTURE.**

**Volvo Cars' approach** to the future of the car experience is known as Care by Volvo.

Care by Volvo is designed to remove the financial investment usually associated with car ownership while still meeting your changing needs through a fixed monthly payment. This means that Volvo Cars takes full responsibility as the owner of the car throughout its lifecycle – from production to final recycling, while at the same time providing you with a seamless user experience.

It's as easy as can be. Decide which car and offer you would like, order it and drive. Care by Volvo includes all regular servicing, maintenance, insurance and tax.

Care by Volvo is the future of the car experience. It's like a phone subscription. You always have the latest technology and powertrain systems in the latest Volvo models, as we move from mild- and plug-in hybrids towards fully electric Volvo cars.

VOLVO XC60

**Inscription****A HIGHER GRADE OF  
REFINEMENT.**

We created the exclusive XC60 Inscription to meet your highest expectations on Swedish luxury. It's a highly personal expression that evokes a strong sense of elegant refinement. Each detail is carefully selected to give you and your passengers a stylish and invigorating experience. Distinguished exterior design cues enhance the luxurious look and feel of the XC60, while the meticulously crafted interior with leather seats gives you ample room for a relaxed driving experience. The XC60 Inscription epitomises our proud heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the XC60 Inscription is in a class of its own – just like you.

The exclusive Volvo XC60 Inscription with its subtle jewellery touches and beautifully crafted wheels expresses the essence of contemporary Swedish luxury. On the inside, you are surrounded by genuine materials and fine craftsmanship. It's a sensory experience, further enhanced by the Comfort seats in Leather, our Tailored dashboard (optional) and genuine Driftwood decor – all to make the Volvo XC60 Inscription your own personal statement of dynamic luxury.

Inscription front grille in elegant chrome finish and the signature headlights with LED illumination.

The lower door bright deco moulding with Inscription logotype.

The lower outer grilles with chrome trim and LED fog lamps complement the elegant front design of your XC60 Inscription.

Dual integrated end pipes and bright decor trim add to an elegant and powerful impression.

The XC60 Inscription with dynamic yet elegant 20-inch Inscription 8-spoke alloy wheels (optional) in distinctive Black Diamond Cut design.

The power-operated Comfort seats with Leather upholstery and front seat cushion extensions and the exclusive Driftwood genuine wood decor inlays add to the sensory experience of contemporary luxury.

Our Tailored dashboard (optional) with contrasting stitching and genuine Driftwood decor enhance the luxurious interior ambience, while the intuitive 12-inch driver display with four graphic modes and the 9-inch centre display with touch screen puts you in the centre of action.

Select your preferred drive mode and steering characteristics with the scroll wheel in diamond patterned metal finish.

The exclusive Inscription leather-clad remote control shell is in the same colour as the leather upholstery in your XC60 Inscription – an excellent example of thoughtful Scandinavian craftsmanship and clean design.

**R**DESIGN

INSPIRED BY SPORT.

If you love to drive, the Volvo XC60 R-Design is for you. With athletic styling and precise control, R-Design captures the thrill of a sporty driving experience. A wealth of distinctive design details raises the dynamic soul of your Volvo SUV and gives it a sportier, more powerful road presence. It's a design expression that catches the eye from every angle and hints at the promise of an amazing drive, every time. And you can rest assured that the Volvo XC60 R-Design will deliver. You can feel it right from the moment you take your position in the sculpted R-Design driver seat – everything is there to inspire and support your driving.

The Volvo XC60 R-Design is characterised by distinctive styling and a powerful road presence. Sporty exterior R-Design details leave no doubts about the intention of your XC60 R-Design. On the inside, sculpted R-Design seats, Metal Mesh decor, Charcoal headlining and our optional Tailored dashboard give the cabin a sporty, cockpit-like feel. A finely-tuned sport chassis helps ensure you're in control without compromising ride comfort.

Enjoy the ultimate R-Design experience with our 21-inch Matt Black Diamond Cut aluminium wheels (optional) and the sport chassis with stiffer springs and shock absorbers dampers for sportier handling and less roll when cornering.

R-Design door mirror caps in contrasting silver look and stylish Silk Metal window trim highlight the sporty look of your XC60 R-Design.

Our headlights with LED illumination, the glossy black R-Design grill with frame in Silk Metal finish and unique glossy black lower outer grilles add to the sporty character of your XC60 R-Design.

Dual integrated end pipes for a distinctive road presence.

The Metal Mesh aluminium decor inlays add to the dynamic, hi-tech ambience inside your XC60 R-Design.

The R-Design sport steering wheel in perforated leather with gearshift paddles, the optional Tailored dashboard and our 12-inch driver display with four graphic modes.

The R-Design interior featuring the R-Design sport steering wheel, Contour seats with exclusive Nubuck Textile/Perforated Fine Nappa Leather upholstery, Metal Mesh aluminium decor inlays and our optional Tailored dashboard with contrasting stitching.

## VOLVO XC60 MOMENTUM. THE PREMIUM TOUCH.

The Volvo XC60 Momentum is a confident expression of dynamic style and liberating capacity, an SUV where progressive design and intuitive technology create a premium experience. Designed to be your dynamic Swedish SUV, the XC60 Momentum will meet your demands on style, comfort, safety and design.

The XC60 Momentum is twisted towards a distinctive, contemporary approach. Our signature design LED headlights and elegant wheels contribute to the car's premium appearance. And on the inside, you and your passengers can enjoy fine materials, elegant design and a host of comfort-enhancing amenities.

The Volvo XC60 Momentum embodies the essence of confident Scandinavian design. The high-gloss black grille and satin silk metal finish roof rails add to the car's premium look, while the LED headlights highlight the powerful presence of your Volvo SUV. Inside the XC60 Momentum, you and your passengers are surrounded by thoughtful comfort. The interior ambience is further enhanced by Iron Ore aluminium decor and aluminium tread plates.

Park Assist supports you when reversing and the chrome dual end pipes add a dynamic finish.

The integrated roof rails in satin silk metal finish add an extra touch of exclusivity to your XC60 Momentum.

The XC60 Momentum with signature design LED illumination headlights, integrated roof rails in satin silk metal finish and 19-inch alloy wheels (optional).

The standard 12-inch driver display allows you to choose between different visual appearances. To provide optimum visibility, the display's brightness automatically adapts to exterior light conditions.

Sensus Connect includes the large 9-inch centre display with touch screen, voice control, USB input, internet maps and our 170W High Performance audio system with 10 excellent speakers and Bluetooth® audio streaming.

## EXTERIOR COLOURS.

Our wide range of exterior colours allows you to create the Volvo XC60 that best reflects your style and preferences. Available in

different variations, each colour imbues your Volvo SUV with a sense of luxury and presence.

## INTERIORS.

The interior of the Volvo XC60 is crafted with you at the centre of attention. Every detail, every line, every shape is testimony to our designers' pursuit to create a space in which you feel relaxed and in complete control. Choose between two seat variants: the lavish Comfort seats or the sportier Contour seats. The interior is available in many colour, upholstery and decor trim combinations – including Blond or Charcoal headlining – to suit your preferences.

## ACCESSORIES. MAKE IT YOURS.

Add your own style to the XC60 with Volvo styling accessories; the perfect addition to your new SUV. Designed to perfectly complement the lines of the XC60, the exterior styling kit allows you to create an exclusive, individual look – no matter which trim level you've chosen.

At the front, a stainless steel skidplate wraps around the leading edge of the lower bumper, adding definition. At the rear a matching stainless steel skidplate and integrated dual split tail pipes give the car a powerful presence.

In addition to this the stainless steel bumper protector looks great and stops the paintwork from being damaged during loading.

The 22-inch wheel designs combine delicate, technical forms with a high-tech look. Both the five double-spoke and 10 open-spoke wheels are finished in black with a diamond cut finish, a technique that provides a striking contrast between the dark recesses and bright faces. Body-coloured wheelarch extensions cover the wheels' extra width and help to create a more powerful visual statement. And to maintain that powerful look all year round, choose our large 21-inch winter wheels for your winter tyres.

**T8 Twin Engine AWD | R-Design**

707 Crystal White Pearl | 22" 5-double spoke Matt Black Diamond Cut alloy wheels

Coupled with R-Design trim, the exterior styling kit accentuates the car's athletic, dynamic design. With just the right amount of stainless steel detailing to contrast with the body colour and complement the R-Design silver mirror covers, it's a great way to add your own touch to the XC60. The 22-inch 5-double spoke wheels in distinctive Matt Black Diamond Cut design add a rugged, sporty edge to your XC60 R-Design.

## SWEDISH LUXURY, YOUR WAY.

The XC60 Inscription is about elegant, Swedish luxury. To make your SUV an even stronger and more personal statement, you can add our exterior styling kit. Front and rear skidplates in stainless steel combined with the integrated dual split tail pipes enhance

your car's exclusive and powerful presence. And adding our large 22-inch 10 open-spoke alloy wheels, you lend the elegance of your XC60 Inscription a more rugged touch – perfectly harmonising with the stainless steel design elements of the exterior styling kit.

**Inscription**  
724 Pine Grey metallic | Exterior styling kit with stainless steel skidplates front and rear |  
22" 10-open spoke Black Diamond Cut alloy wheels

Our new 22-inch wheels are the largest we've ever fitted to a production car and give the XC60 extra width and attitude. The front and rear skidplates with integrated double tailpipes are made of stainless steel.

## FOR ALL OF LIFE'S JOURNEYS.

Create an Volvo XC60 that's perfect for your life, with Volvo accessories that are designed around you and your SUV.

Our sleek iPad® holder allows rear-seat passengers to watch, read or play during the journey. And with our Media Server, they can enjoy stored entertaining content via their mobile devices.

For children up to 10 years, our child seats combine comfort with state of the art safety and are designed to fit perfectly into your Volvo. And adding a steel grille, you create a sturdy barrier between the load and passenger compartment.

Child seat, booster cushion with backrest, Leather/Nubuck Textile.

Child seat, rearward-facing.

Child seat, infant seat.

Child seat, booster seat.

Media Server and iPad® holder, rear seat (iPad® not included).

Red Key, restricted remote key.

Protective steel grille.

Load compartment mat, plastic.

Load carriers.

## WORKS HARDER WHEN YOU NEED IT.

To make your Volvo SUV work even harder for you, just add our load accessories. Designed to look good and work flawlessly, they will make life less complicated and help you bring the gear you need without compromising comfort, style or safety. Our lightweight, specially-designed roof box is easy to fit onto the load carriers, adding 350 litres of carrying capacity. And to really extend the load capacity of your XC60, our foldable tow bar gives you the ability to tow a trailer. When not in use, it folds discreetly away.

Mud flaps, front and rear.

Bumper cover.

Roof box, designed by Volvo Cars.

Foldable towbar.

Bicycle holder.

Illuminated tailgate scuff plate.

## MAKE YOUR POWERFUL CHOICE.

We created the new XC60 with one single purpose: to provide you with an SUV that perfectly fits you and your lifestyle. It's a car that meets your expectations of a dynamic drive with refined comfort and confident design – built with care for people and the world we share. And designed to be intuitive to use and to make life easier, the XC60 is a pleasure to live with every day.

At the heart of your Volvo XC60 is a dynamic, efficient powertrain. Whichever you choose, you will enjoy our latest Drive-E technology that gives you instant response and a comfortable ride. Fuel consumption and CO<sub>2</sub> emissions are kept low, and our powertrains comply with strict exhaust emission requirements.

Our Drive-E powertrain range includes advanced diesel and petrol engines mated to our smooth eight-speed automatic gearbox or a distinct six-speed manual gearbox. The responsive AWD all-wheel drive technology gives you an edge by increasing driving stability and traction – on all road surfaces and in all weathers. And for the ultimate combination of performance and efficiency, there's the option of our T8 Twin Engine AWD with plug-in hybrid technology.

Make your choice, and enjoy the journey wherever it takes you.

### **T8 Twin Engine AWD**

Our T8 Twin Engine with plug-in hybrid technology delivers an exhilarating drive with uncompromised efficiency. Combining a high-performance petrol engine and an electric motor, this 303hp+87hp/400Nm+240Nm powertrain allows outstanding highway performance and zero emission commuting – with all-wheel drive capability when needed.

### **T5 AWD**

The 250hp/350Nm T5 AWD petrol powertrain is as responsive on the highway as in the city. This superb all-rounder delivers generous power just where you need it, ensuring excellent driveability in combination with our smooth 8-speed automatic gearbox and all-wheel drive.

### **D5 AWD**

Our most powerful 235hp/480Nm diesel powertrain D5 AWD allows you to experience performance and refinement without compromises. Twin-turbo engine technology, our 8-speed automatic and all-wheel drive add to instant control.

### **D4 AWD**

Our sophisticated 190hp/400Nm D4 diesel powertrain allows you to enjoy more while using less. Available with our dynamic all-wheel drive and 8-speed automatic or 6-speed manual gearbox, the D4 is designed to give you the most efficient and confident driving experience.

## WELCOME TO VOLVO CAR LIFESTYLE COLLECTION.

Our Lifestyle Collection includes a wide range of lifestyle accessories – from Swedish crystal and crafted leather bags, to clothing, watches and more selected items. To view the complete collection, please visit [collection.volvocars.com](http://collection.volvocars.com)

## SERVICE BY VOLVO. A SIMPLER WAY.

When you buy a Volvo, you buy the simplest way to have a car. No matter what your car may need, your authorised Volvo retailer will take care of it for you and make sure that your Volvo stays in tip-top shape.

We have our own approach to service that's personal, efficient, and which takes care of you as well as it takes care of your

car. We call it Service by Volvo and it will provide everything you need in the simplest way possible.

Your Volvo Cars retailer offers a whole range of simplifying services all designed around you, ensuring you a carefree ownership experience. Still, this is just the beginning. Soon, you will also get a Personal Service

Technician and your car will be ready within the hour so you can relax in our lounge instead of driving back and forth. It's because everything we do is about finding new ways to make life simpler for people, with our cars as well as our service.

### HAVE YOU GOT YOUR VOLVO ID?

A Volvo ID allows you to access a whole world of connectivity with your Volvo. With your Volvo ID, you can:

- Access your My Volvo account on [volvocars.co.uk](http://volvocars.co.uk) for car information, updates and offers.
- Access internet services and apps in your car, including connected service booking
- When applicable, sign in to the Volvo On Call app and connect with your car from everywhere

### CONNECTED SERVICE BOOKING

Via Sensus Connect, your Volvo will remind you when it needs servicing and offer to contact your Volvo retailer for you. Booking proposals sent from your preferred retailer can easily be managed directly in the car. When the time comes to drive to your workshop, your Volvo will remind you and even guide you there. And since your Volvo tells us what it needs, we can make sure it always receives the service it requires when it gets there.

**V O L V O**

**Official fuel consumption for the Volvo XC60  
in MPG (l/100km) ranges from:**

Urban 30.4 (9.3) – 44.8 (6.3), Extra Urban 42.2 (6.7) – 60.1 (4.7),  
Combined 36.8 (7.7) – 122.8 (2.3). CO<sub>2</sub> Emissions range from 178 – 52g/km.  
MPG figures are obtained from laboratory testing intended for comparisons  
between vehicles and may not reflect real driving results.
