Mercedes-Benz Vans. Keeping people moving.

The most driven businesses drive Mercedes-Benz vans. Why?
Because we keep them moving...

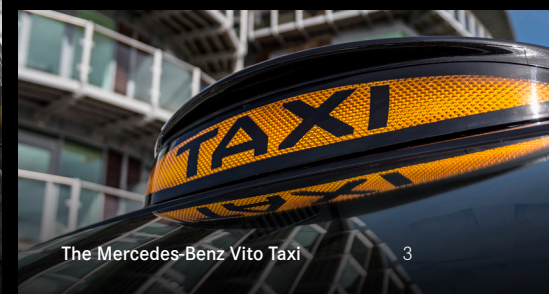

From taxi firms to dog walkers, supermarkets to safety engineers, paramedics to photographers, and international couriers to local chefs, the people we support are hardworking, self-assured, forward-looking, and hardwired to succeed. And they all share a desire to keep moving.

That's why we continue to make sure our vans are among the most reliable, technically advanced vehicles on the road, and we go further to support our customers' businesses and maximise vehicle uptime.

We're your business partner, not your vehicle supplier. We're with you all the way. And we won't stop, because we know you can't afford to.

"The Vito Taxi is a fantastic vehicle. Would I want to take my family to the airport in one? Absolutely! It's premium, business class transport."

The Mercedes-Benz Vito Taxi

The Mercedes-Benz Vito Taxi.

Strengthening the ranks.

The new, improved Euro 6 Vito Taxi was developed using feedback from drivers to deliver the kind of fuel-efficient, reliable performance you need to drive your business forward – with, of course, the comfort and ride quality you and your passengers expect. Available with a 3-year unlimited mileage warranty and free 24/7 MobiloVan roadside assistance*, the Euro 6 Vito Taxi is a worthy successor to previous models.

Enhanced driver experience.

Because drivers spend their working life sitting behind the wheel of a cab, we've worked hard to make sure it's a more comfortable, rewarding experience.

- **Active Parking Assist with PARKTRONIC technology** – the Vito Taxi can park itself by automatically and precisely steering the vehicle into a space. Parking sensors make life easier and protect your investment when you choose to park the vehicle on your own.

- **Passenger and driver air conditioning** – for a comfortable working environment.
- **Electric folding mirrors** – for when space is at a premium.
- **7G-TRONIC PLUS** – a seven-speed automatic gearbox which offers a choice of driving modes for increased comfort, better driving dynamics and enhanced fuel economy. 7G-TRONIC PLUS is fitted as standard.
- **Servicing intervals of up to 24,000 miles, depending on usage** – keeping your taxi out on the road for longer.
- **Lower emissions and enhanced fuel efficiency** – good news for the environment that saves you money on VED and at the pump.
