THE MINI HATCH: THE ORIGINAL MINI REBORN.

Welcome the MINI Hatch. The true original and the one that started it all. The MINI Hatch is striking and showcases its legendary DNA more proudly than ever. Distinctively modern, it comes equipped with an extensive list of standard features. Compact on the outside, with short overhangs, plus loads of space inside – it's as fun to drive today as it was back in 1959. On winding country roads it handles like a go-kart. It also has a small turning circle, which is handy for nimble manoeuvring in the concrete jungle. The MINI Hatch is made to enjoy urban life to the full.

CHOOSE YOUR PERFORMANCE.

ONE

The 1.5-l 3-cylinder petrol engine delivers 102 hp/75 kW and features MINI TwinPower Turbo technology. It comes with a matt black safety bar and tailgate handle as well as high-gloss black radiator grille fins. The go-kart feeling starts here.

COOPER S

To really take things up a gear, climb aboard the MINI 3-door or 5-door Hatch Cooper S. Under the bonnet it boasts a 2.0-l MINI TwinPower Turbo 4-cylinder engine that generates 178 hp/131 kW. The air intakes in the front bumper, the air scoop in the bonnet, the rear apron with diffuser and the central twin exhaust tailpipe all hint at the power waiting to be unleashed on the road.

COOPER

A 1.5-l 3-cylinder petrol engine (136 hp/100 kW) offers a handy blend of power and fuel economy. It hosts a safety bar, tailgate handle and radiator grille fins in high-gloss black and exhaust tailpipes in Chrome.

JOHN COOPER WORKS

With a 2.0-l 4-cylinder petrol engine (231 hp/170 kW), the John Cooper Works packs the biggest punch. The standard John Cooper Works aerodynamic kit includes front and rear bumpers with sporty John Cooper Works styling and part-painted side sills which underline the John Cooper Works heritage.

VED RATES

Annual VED (second year onwards) includes an additional rate of £325 for cars costing over £40,000 which is payable for five years. VED rates for brand new cars are determined by their CO₂ emissions figures. First year VED applies to the first year of ownership. Annual VED rates apply thereafter.

The MINI Hatch models fall into one of the categories listed below:

Petrol

CO ₂ emissions (g/km)	111-130	131-150	151-170
First year VED	£175	£215	£540
Annual VED – second year onwards (standard rate)	£150	£150	£150
Annual VED – second year onwards (vehicles over £40,000)	£475	£475	£475

* Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent.

[^] Please note that none of the performance related features of the MINI John Cooper Works GP are present (such as wheels, tyres, Carbon Fibre wheel spats, GP spoiler, upgraded engine, suspension or brakes). The package is limited to 300 vehicles only. For more information about the GP Pack (7KH), please [click here](#).

^{*} Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures shown above have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent.

¹ Sport models are slightly longer due to the John Cooper Works aerodynamic kit fitted as part of the standard equipment.

² Luggage capacity varies depending on whether the rear seats are up or folded down.

All figures relate to vehicles with 6-speed manual transmission. Figures in [] relate to vehicles with automatic transmission.

SENSIBLE REASONS TO CHOOSE A MINI.

Exceptional drive, build quality and an array of striking interior design features – all great reasons to buy a MINI but that’s certainly not the whole story. Here are some other things you might find interesting:

Genuine MINI Accessories.

Genuine MINI Accessories are the only range of products which are approved by the people that build the MINI. Every item is at one with the design, build and spirit of this uncompromising car. New or Approved Used, there are many ways to make your MINI unique with our innovative equipment and Accessories.

Be it exterior styling accessories including decals, alloy wheels, roof rack systems and mirror covers or why not tailor the interior, where the range extends from textile floor mats and door lock caps to MINI Advanced Car Eye and Travel and Comfort systems for rear seat entertainment and storage.

Whichever you choose, Genuine MINI Accessories are sure to make your MINI as individual as you. For details of the full range available ask about our MINI Accessory brochures at your local MINI Centre or visit: mini.co.uk/accessories

Servicing made simple.

Planning for the road ahead has never been easier. With the MINI Pay Monthly Service Plan¹ you can remove the uncertainty that comes with car servicing costs by spreading them monthly, just like you would with household bills.

Our Pay Monthly service plan covers 2 services² and comes with a number of added extras including fluid top ups, an MOT, a Wash & Vac each time you visit, seasonal health checks and Sat Nav Map updates.

The cost for your Service Plan is fixed for its duration, so you’re protected against inflation and any price rises that might happen in the future. If you ever come to sell your MINI, you’ll have the option to keep the plan and transfer any unused balance to your new MINI, so no worries about not using all of it. What’s more, your MINI Pay Monthly Service Plan is suitable for any age of vehicle.

With the MINI Pay Monthly Service Plan you can keep your service history up to date at a locked-in price. And you can rest easy knowing that we’ll put the same love and attention into servicing your MINI as we did making it.

For more information please contact your preferred MINI Centre.

Finance that focuses on you.

Driving away in your new MINI could be closer than you think. From getting an online quote, to getting behind the wheel, we make the financing journey easier. We offer three tailored finance products, so whether you want to own or lease your MINI, you’ll find a finance product that works for you. Visit mini.co.uk/finance for more information. What’s more, you can manage your agreement online with MyMINI Finance.

MINI Select.

Having three options at the end of your agreement makes this our most popular finance product, for new or Approved Used MINIs.

MINI Hire Purchase.

The attraction of MINI Hire Purchase is that there are no mileage restrictions. Better still, when you get to the end of your finance agreement, your MINI is all yours.

MINI Contract Hire.

Available for both personal and business users, this is a truly effortless way to get the keys to a MINI.

MINI UK, a trading name of BMW (UK) Limited, is a credit broker not a lender.

Finance is subject to status and available to over 18s in the UK only. Guarantees and indemnities may be required. Terms and conditions apply. Finance provided by MINI Financial Services, a trading name of BMW Financial Services (GB) Limited, Summit ONE, Summit Avenue, Farnborough, Hampshire GU14 0FB.
