The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather, driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and Co<sub>2</sub> figures.

CO<sub>2</sub> figures shown above are for a standard vehicle without any additional optional equipment. The addition of optional extra could increase the certified CO<sub>2</sub> emission output.

On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

<b>FUEL TANK CAPACITY Litres (gallons)</b>	90 (19.8)				
<b>ADBLUE TANK CAPACITY Litres</b>	18.6				

(1) Without driver. Kerb weight is calculated for a European base specification vehicle including oil, water, lubricants, tools, spare wheel and 90% full fuel tank. Weights may change with the addition of equipment.

(2) Maximum indicative payload is calculated as the difference between GVW and kerb weight. However, due to manufacturing tolerances and differences in the specification of UK vehicles, the mass in service figure provides a closer indication of the vehicle weight and therefore enables a more realistic payload to be calculated. An individual vehicle must be weighed to establish the exact kerb weight and payload applicable to that vehicle. It is the responsibility of the driver to ensure the vehicle is operated within the legal limits

(3) Within limits of GVW.

(4) Maximum recommended towing weight within limits of GTW.

- Quoted values apply to all trim levels unless detailed

- Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard.

- The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.\*\*\*On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

- The NEDC CO<sub>2</sub> figures shown are calculated using an EC correlation tool which converts WLTP figures to NEDC figures.

- For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit [www.peugeot.co.uk](http://www.peugeot.co.uk) and configure your chosen vehicle with your preferred options.

- All information correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

## PEUGEOT BOXER - BUILT FOR BUSINESS CONVERSIONS

PRICES, EQUIPMENT AND TECHNICAL SPECIFICATIONS

Version 1.0 - Issued 1st March 2021

Model Year - 2021.25

## 1. PEUGEOT BOXER CONVERSIONS: Standard equipment by version

### ALL VERSIONS INCLUDE

#### Comfort & Convenience

Air conditioning  
 Front electric windows  
 Twin lens door mirrors with electrically adjustable and heated upper mirror  
 12v socket in cabin  
 Full size steel spare wheel  
 Reach adjustable steering wheel  
 Two cupholders with mobile phone storage in centre of lower dashboard

#### Safety & Security

ABS braking including EBA and EBSD  
 Remote central locking with deadlocking  
 Daytime running lights  
 Driver airbag

#### Seating

Driver's seat with height, rake and reach adjustment  
 Dual passenger bench seat  
 Four seat rear bench with 3-point seatbelts to outer seats, lap belts to inner seats (crew cab only)

#### Technology & Entertainment

DAB radio with Bluetooth® handsfree, USB socket and steering wheel mounted controls  
 PEUGEOT Connect for Free2Move Connect Fleet Services

#### Conversion Equipment

Trifunction aerial in wing mirror (n/a to Crew Van Professional)  
 Heavy duty rear reinforced suspension (n/a to Low-Floor Luton and Crew Van Professional)

### CREW VAN PROFESSIONAL

#### Comfort & Convenience

Cruise control with variable speed limiter  
 Rear parking sensors

#### Safety & Security

Alarm

#### Seating

Driver's seat with height, rake, reach and lumbar adjustment  
 Driver's seat armrest

#### Technology & Entertainment

Touch Screen Navigation Pack: DAB radio, integrated satellite navigation, Bluetooth® handsfree, USB socket and steering wheel mounted controls

#### Crew Van

Three-seat bench in row 2 with 3-point seat belts, fixed side windows, cloth headlining and non slip floor

Full, toughened plastic bulkhead with polycarbonate window fixed behind row 2 seats (in-lieu of full steel bulkhead behind row 1)

Moulded side panels with integrated bottle holders

### LUTON

**Lutons are chassis fitted with a large enclosed box on the back. The cargo area of the luton van extends over the cab. This vehicle is perfect for moving large goods.**

Load volume up to 20m<sup>3</sup>  
 Body approved to European design standards

#### Key features:

Aerodynamic pod providing additional storage area  
 Lightweight roller shutter rear door  
 High-quality GRP panels (11mm thick)  
 15mm thick floor  
 Interior LED light  
 Internal load locks and tie rails along side panels  
 High impact kick strips along side panels and bulkhead to provide protection

### TIPPER

**Tipper are commercial vehicles with an open platform that can be raised at the cab end to enable the load to be tipped out with ease**

Load length up to 2.87m  
 Body approved to European design standards

#### Key features:

Double-skinned aluminium sideboard  
 Three levels of load-lashing rails against the bulkhead and long load-lashing rail incorporated along top of the tailboard  
 High vis red and yellow finish to the tailboard  
 15mm thick, full birch non-slip deck  
 Lashing rings built into aluminium side extrusions  
 Electro-hydraulic lift with automatic overload prevention system

### DROPSIDE

**Dropsides are commercial vehicles with an open platform that has fold-down side panels, allowing easy loading and unloading of goods**

Load length up to 3.64m  
 Body approved to European design standards

#### Key features:

Boards are designed to withstand a burst load of 1.7 tonnes  
 Three levels of load-lashing rails against the bulkhead  
 Aluminium corner posts that extend above the tailboard to form lateral stops  
 15mm thick, full birch non-slip deck  
 Lashing rings built into aluminium side extrusions

### CURTAINSIDE

**Curtainsides are similar to Lutons, except the sides of the body slide open (like curtains), enabling side access as well as rear access for loading and unloading goods**

Load volume up to 20m<sup>3</sup>  
 Body approved to European design standards

#### Key features:

Aerodynamic pod providing additional storage area  
 Lightweight rear barn doors with anti-corrosion external locking  
 Blue curtains with side aperture of 2080mm  
 15mm thick floor  
 Aluminium 'V' groove side rail with four pull-up hooks at 1m intervals  
 Interior LED light  
 High impact kick strip along bulkhead to provide protection

### LOW FLOOR LUTON

**Low-floor lutons are luton vans built on floor cabs (as opposed to chassis cabs), therefore providing the user with an easy access loading height and eliminating the need for extra loading equipment**

Load volume up to 22m<sup>3</sup>  
 Body approved to European design standards

#### Key features:

Aerodynamic pod providing additional storage area  
 Lightweight rear barn doors  
 High-quality GRP panels (14mm thick)  
 15mm thick floor  
 Internal load locks along side panels  
 Interior LED light  
 High impact kick strip along bulkhead to provide protection  
 Lightweight aluminium rear frame

The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and Co2 figures.

CO2 figures shown above are for a standard vehicle without any additional optional equipment. The addition of optional extra could increase the certified CO2 emission output.

On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

<b>FUEL TANK CAPACITY Litres (gallons)</b>	90 (19.8)																	
<b>ADBLUE TANK CAPACITY Litres</b>	18.6																	

(1) Without driver. Kerb weight is calculated for a European base specification vehicle including oil, water, lubricants, tools, spare wheel and 90% full fuel tank. Weights may change with the addition of equipment.

(2) Maximum indicative payload is calculated as the difference between GVW and kerb weight. However, due to manufacturing tolerances and differences in the specification of UK vehicles, the mass in service figure provides a closer indication of the vehicle weight and therefore enables a more realistic payload to be calculated. An individual vehicle must be weighed to establish the exact kerb weight and payload applicable to that vehicle. It is the responsibility of the driver to ensure the vehicle is operated within the legal limits. This figure includes the driver.

(3) Within limits of GVW.

- Quoted values apply to all trim levels unless detailed

- Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard.

- The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.\*\*\*On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

- The NEDC CO<sub>2</sub> figures shown are calculated using an EC correlation tool which converts WLTP figures to NEDC figures.

- For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit [www.peugeot.co.uk](http://www.peugeot.co.uk) and configure your chosen vehicle with your preferred options.

- All information correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

<b>Total OTR costs</b>	<b>£1,070.00</b>	<b>£970.00</b>

VAT is calculated at 20 %

VAT is not applicable to cars sold in the Channel Islands

### PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 - Year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK. This additional warranty carries a mileage limit of 100,000 miles from first registration and is dependent upon the manufacturer's recommended servicing being carried out at the specified time or distance intervals. For full terms and conditions, please consult your PEUGEOT Dealer in the UK.

### PEUGEOT ASSISTANCE

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service. Available every minute of the day and night, 365 days of the year, and for you and anyone else driving your PEUGEOT with your permission. Please note that PEUGEOT Assistance provides assistance in relation to vehicle warranty based faults on your PEUGEOT. It does not provide cover for non-vehicle warranty faults such as:

- the use of incorrect fuel, or lack of fuel
- wheel changes, punctured tyres
- instances where keys have been locked inside the vehicle, lost or stolen.
- road traffic accidents

PEUGEOT Assistance is free for the first year and includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. PEUGEOT Assistance can be extended for a further 12 or 24 months, or to protect you against non-vehicle warranty fault incidents, at specially discounted rates for PEUGEOT owners by calling 0870 752 7050. Call charges to this number from landlines and mobile networks may vary. For more information please contact your phone provider.

### PSA FINANCE UK LTD

PSA Finance UK Ltd have a number of financial products designed to help you afford the PEUGEOT of your choice. We can arrange a finance plan quickly and conveniently. What's more, it will be as suited to your needs as your new PEUGEOT. Our finance plans combine all the know how of a company that has an extensive knowledge of the car market with a financial service you can trust. Tell your PEUGEOT dealer what you want and let us do the rest. Just ask for a free, no obligation quote. Written quotations are available on request from PSA Finance UK Ltd, 61 London Road, Redhill, Surrey, RH1 1QA. Finance is subject to status. Over 18's only, a guarantee may be required.

### FREE2MOVE CONNECT FLEET

All PEUGEOT Boxer versions are 'connected-ready' so that you can benefit from any of our connected services without the need for additional hardware. Free2Move Connect Fleet offer the following telematics packages to manage your fleet:

- Pack 1: Fleet Management £10 + VAT per vehicle per month
- Pack 2: Eco-driving £11 + VAT per vehicle per month
- Pack 3: Geolocation £12 + VAT per vehicle per month

Further details are available at [www.free2move-lease.co.uk/our-services/connect-fleet](http://www.free2move-lease.co.uk/our-services/connect-fleet)

### PEUGEOT SERVICE PLANS

PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan. We offer PEUGEOT Service Plans for up to five years with many mileage options and the choice of either a one-off up front payment or a convenient monthly direct debit. All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan. Monthly price examples based on an annual mileage of 10,000 miles:

**36 Months / 30,000 miles**  
**£8.03**

**48 Months / 40,000 miles**  
**£14.90**

**60 Months / 50,000 miles**  
**£12.25**

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quote above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration, an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.
