Model featured: The MINI Electric Level 3 personalised with White Silver metallic exterior paint colour, Energetic Yellow mirror caps with roof in black and 17" Electric Power Spoke alloy wheels in two-tone.

¹ These figures were obtained after the battery had been fully charged. The MINI Electric is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO₂ and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. ² These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. ³ The CO₂ figures have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent.

FEELING ELECTRIC.

EXPLORE THE MINI ELECTRIC.

If you're looking for a car that's all torque, as well as action, then let us introduce the latest MINI Electric. It feels better than ever, with immediate oomph thanks to instant torque. And it looks better than ever too. With a sharper, sleeker update to its legendary MINI look and, of course, that MINI Electric feeling. The MINI Electric is the best of both worlds, giving you the iconic character of MINI with all the benefits of going electric. Emitting zero emissions, it's the perfect combination of sustainable driving, thrilling driving performance and iconic MINI design. The MINI Electric is reinventing urban life.

THE MINI ELECTRIC COLLECTION.

THE DESIGNERS' CHOICE.

The MINI Electric welcomes a unique edition: the MINI Electric Collection. Coming with a fixed standard specification apart from an exterior colour personalisation option and optional upholsteries, the MINI Electric Collection is based on the Level 3 and includes some unique features such as the 17" Electric Collection Spoke alloy wheels and Collection exterior graphics. It's also the only MINI Electric which includes special exterior paint colours, perfectly partnered with the multi-tone roof and Piano Black Exterior. The interior design complements the exterior of the car, thanks to the sport seats upholstered with cloth/leatherette in Light Grey and the Aluminium interior trim.

STANDARD EQUIPMENT HIGHLIGHTS.

THE NEW MINI ELECTRIC SHADOW EDITION.

A MINI WITH BIG ATTITUDE.

The Shadow Edition's sleek look and bold attitude push the playful MINI spirit to new levels. This sporty and masculine inspired special edition is now offered on the MINI Electric model. Based on the Level 3, the Shadow Edition is given a definitively grown-up look thanks to the Midnight Black metallic exterior paint colour, Piano Black Exterior and 17" Tentacle Spoke alloy wheels in black. Fully electric, this edition focuses on blacked out features with contrasting decal highlights. The bespoke Shadow Edition logo, embellished with a unique design, can be spotted on the side scuttles, bonnet, roof, dashboard interior trim and door sill finishers too. These specific Shadow decals offer changing tones and textures depending on the light conditions. You can also personalise your limited edition thanks to various options, so what are you waiting for?

STANDARD EQUIPMENT HIGHLIGHTS.

IN ADDITION / REPLACEMENT TO THE MINI ELECTRIC LEVEL 3 STANDARD EQUIPMENT.[^]

ON THE ROAD PRICE

The recommended On The Road price is based on the Recommended Retail Price (RRP) and On The Road charges.

OTR charges include:

Delivery and Emergency Service	£500
Number plates	£25
Vehicle first registration fee	£55
Vehicle Excise Duty	See below

VED RATES

VED rates for brand new cars are determined by their CO₂ emissions figures. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The MINI Electric models fall into the category listed below:

Electric

CO ₂ emissions (g/km)	0
First year VED	£0
Annual VED (second year onwards)	£0

PRICES AND SPECIFICATIONS

MINI UK reserves the right to alter prices and specifications without notice. MINI UK has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions. Prices shown are valid for November 2021 production and January 2022 production.

*These figures were obtained after the battery had been fully charged. The MINI Electric is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO₂ and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. The CO₂ figures have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. **The price shown includes the HM Government Plug-In Car Grant of up to a maximum of £2,500. The receipt of this grant is subject to the eligibility of the vehicle for the Plug-In Car Grant scheme at the point of the vehicle's first registration in the UK. The grant amount and vehicle eligibility may change from time to time following Government policy or regulation.

COSTS AND TOP TIPS.

IT'S YOUR MINI, BE BOLD.

FINANCIAL PERKS.

The government currently offers £2,500* towards your MINI Electric as it's classed as a low-emission vehicle. Plus, if you're considering the MINI Electric as your company car, it will have a BIK tax rate of 1% for the year 2021/22.

CHARGING COSTS.

The cost per mile for the MINI Electric is only 4p, which is approximately 2 to 5 times cheaper than cars with a petrol or a diesel engine.¹

MINI TRACKSTAR.

Locate and recover your vehicle if it is stolen with MINI Trackstar or MINI Trackstar Advance.

Benefits include:

- 24/7 Trackstar Monitoring Centre
- Integrated motion sensor
- Thatcham accredited
- Pan-European protection

MINI SHARING.

MINI Sharing is MINI's new peer-to-peer sharing service. It lets you easily share your MINI with your family, friends and colleagues when you don't need it yourself. This mobile solution offers you a shared calendar between you and your drivers. This helps you manage your sharing times and provide keyless access for the drivers to your MINI. But the benefits don't end there. As an owner yourself, you can also use the MINI Sharing app to locate, open, drive and close your MINI with the MINI Sharing app. You can get MINI Sharing directly when ordering your new MINI, and you can also order this option on your current MINI via MINI Aftersales.³

Click [here](#) for more information.

MINI Sharing offering	Price
Module, installation and first year's subscription	£395 ⁴
Annual subscription (from the second year onwards)	£40

*The receipt of this grant is subject to the eligibility of the vehicle for the Plug-in Car Grant scheme at the point of the vehicle's first registration in the UK. The grant amount and vehicle eligibility may change from time to time following Government policy or regulation. ¹Cost per mile for cars with a petrol, diesel or LPG engine varies between 7p to 20p. Source: [UK Government website](#) (25 August 2021). ²Price excludes subscription, please consult your local MINI Centre for further details. ³Your MINI must be built after March 2021 to be able to install MINI Sharing, as Flexible CarSharing Preparation is required. You can check with your local MINI Retailer to make sure your MINI meets the requirements. ⁴Please note retailers may charge an additional cost for fitting. [†]The Warranty on the battery is 8 years or 100,000 miles, whichever is reached first. [†]Tax rate for company cars only.

CONVENIENT CHARGING SOLUTIONS.

HOME AND PUBLIC CHARGING.

EASY HOME CHARGING OR CHARGING ON THE GO.

The MINI Electric includes AC for easy home and public charging and DC for rapid public charging.

CHARGING CABLES.

The MINI Electric comes with both an AC occasional home charging cable (3-pin plug) and an AC public charging cable (type 2 – 11 kW) as standard.

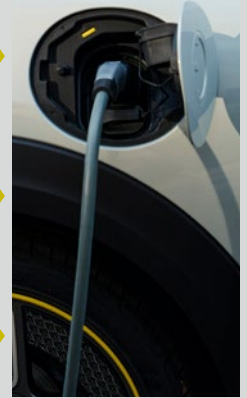

PUBLIC CHARGING.

You can use both AC public charging and DC rapid chargers (with their own cables ready to use). Just activate your MINI Charging account to access more than 15,000 public charging points in the UK.

HOME CHARGING.

You can charge your car at home using the occasional 3-pin plug home charging cable or your Homecharge unit.¹

CHARGING TIME.²

Home charging (AC)

With occasional home charging cable (3-pin plug)	2.3 kW	12 hours
With Homecharge unit ¹	7.4 kW	3 hours 12 minutes ³

Public charging (AC/DC)

With AC public charging	11 kW	2 hours 30 minutes ⁴
With DC rapid charger	50 kW	36 minutes ³

MINI CHARGING.

MINI Charging is your gateway to one of the world's largest public charging networks. You will have access to more than 15,000 public charging points in the UK across a range of providers, using just one RFID card or via a mobile app. What's more, your MINI Charging account is also valid across Europe.

You can monitor your charging history directly from your account, and you can find MINI Charging locations via the MINI Charging App or on [MINI-Charging.com](https://www.mini-charging.com)

MINI Charging also comprises a one-year free upgrade to include a bp pulse subscription package, offering discounted and preferential charging rates at bp pulse points (normally worth £7.85 per month).

PARTNERSHIP WITH BP PULSE.

For home charging you can use the bp pulse Homecharge unit.

For more information please visit mini-electric.bpchargemaster.com

^ASource: Zap-Map. ¹The Homecharge unit is not included in the price of the car, it has to be purchased separately. For more information please speak to your MINI Retailer. ²Charging time corresponds to an 80% charge. Charging times are approximate and may vary depending on various factors such as the type and condition of the charger and the temperature of the battery at the point of use. ³Charging time applies to any 7.4 kW Homecharge unit. ⁴A 100% charge is achieved in 3 hours 30 minutes. ⁵A 100% charge is achieved in 1 hour 24 minutes.

MINI ELECTRIC PAY MONTHLY.

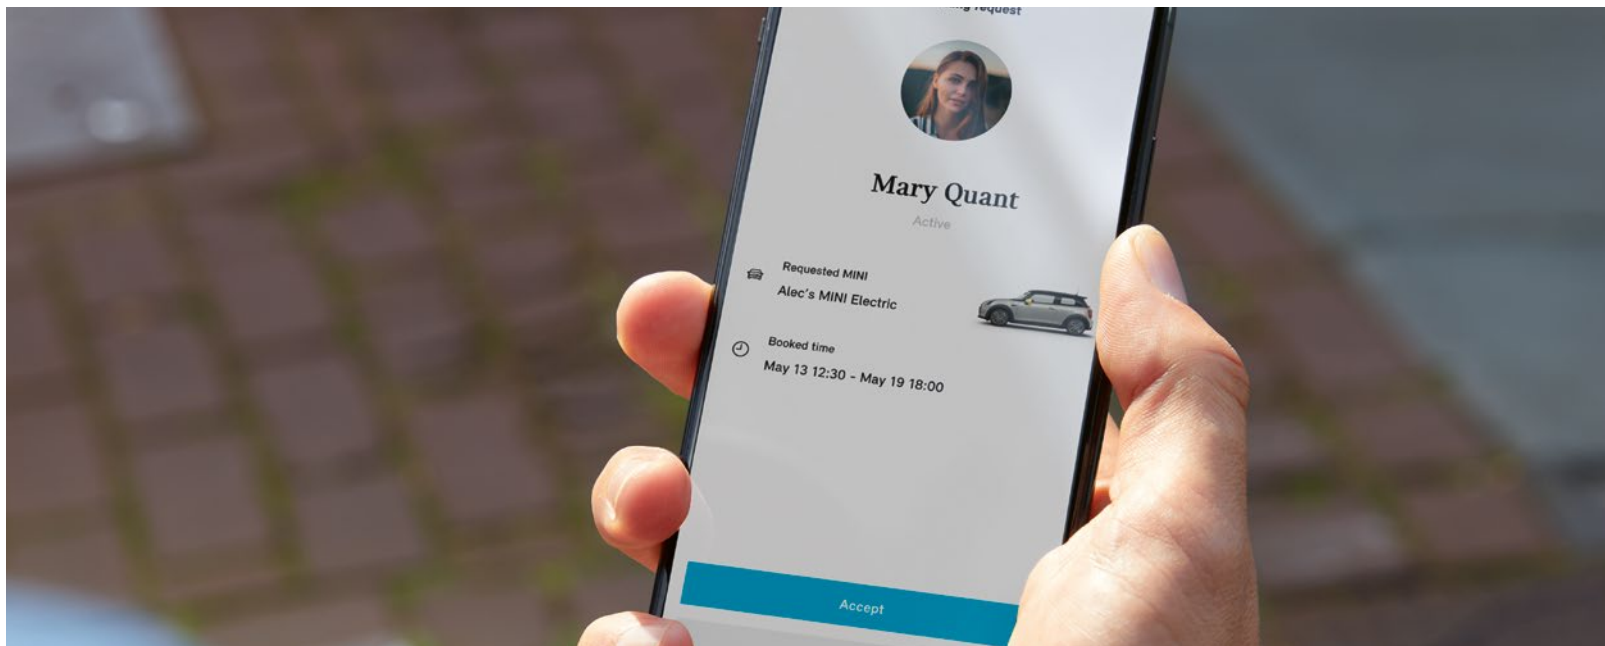

The cost for your Service Plan is fixed for its duration, so you're protected against inflation and any price rises that might happen in the future. If you ever come to sell your MINI, you'll have the option to keep the plan and transfer any unused balance to your new MINI, so no worries about not using all of it.

As well as two services, the MINI Pay Monthly Servicing plan includes:

- One MOT
- Fluid top-ups
- Seasonal health checks
- Sat Nav Map updates
- Wash and Vacs at each visit

Price from £10² per month.

[Click here](#) for more information.

¹Price includes VAT. Terms and Conditions Apply. ²Price per month for 48 months. Terms and Conditions Apply. ³Price excludes subscription, please consult your local MINI Centre for further details. ⁴Your MINI must be built after March 2021 to be able to install MINI Sharing, as Flexible CarSharing Preparation is required. You can check with your local MINI Retailer to make sure your MINI meets the requirements. ⁵Please note retailers may charge an additional cost for fitting.

Luggage capacity [^] (litres)	211-731	211-731	211-731	211-731	211-731

† These figures were obtained after the battery had been fully charged. The MINI Electric is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO₂ and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO₂ and electric range figures with other cars tested to the same technical procedures. The CO₂ figures have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. †† These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. [^] Luggage capacity varies depending on whether the rear seats are up or folded down.

MINI SELECT FINANCE.

THE MINI ELECTRIC.

MINI SELECT REPRESENTATIVE EXAMPLE: THE MINI ELECTRIC LEVEL 1.[†]

Term of agreement	48 months	Optional final payment [^]	£11,618.46
47 monthly payments of	£299.00	Total amount payable	£28,671.46
On the road cash price*	£26,000.00	Total amount of credit	£23,000.00
Customer deposit	£3,000.00	Rate of interest	3.9% Fixed
Option to purchase fee	£0.00		Representative 3.9% APR

The MINI Electric Level 1 shown on the right in Moonwalk Grey metallic exterior colour, with a black roof, Energetic Yellow mirror caps and 16" Electric Revolite Spoke alloy wheels in Dark Grey.¹

MINI SELECT FINANCE EXAMPLE: THE MINI ELECTRIC LEVEL 2.[†]

47 monthly payments of	£329.00

MINI UK, a trading name of BMW (UK) Limited, is a credit broker not a lender.

The Representative example and the finance examples are for 48-month MINI Select (PCP) agreements for the MINI Electric models stated above, with a contract mileage of 32,000 miles and excess mileage charge ranging from 7.27p per mile for the MINI Electric Level 1 to 8.81p per mile for the MINI Electric Collection. Applies to new vehicles ordered between 1 October 2021 and 31 December 2021 and registered by 30 April 2022 (subject to availability) at participating MINI Retailers. Retail customers only. [†]The prices shown incorporate the HM Government Plug-In Car Grant of up to a maximum of £2,500. The receipt of this grant is subject to the eligibility of the vehicle for the Plug-In Car Grant scheme at the point of the vehicle's first registration in the UK. The grant amount and vehicle eligibility may change from time to time following Government policy or regulation. OTR price is based on the Recommended Retail Price (including VAT) and On The Road charges (including delivery and emergency service, vehicle first registration fee and VED costs), after deduction of the Plug-In Car Grant. *On the road cash price is based on manufacturer's recommended retail price and includes 3-year MINI Retailer Warranty, MINI Emergency Service, 12-month road fund licence, vehicle first registration fee, delivery, number plates and VAT. [^]Optional final payment not payable if you opt to return the vehicle at the end of the agreement (vehicle condition, excess mileage and other charges may be payable). Finance available subject to credit acceptance to UK residents aged 18 or over. Guarantees and indemnities may be required. Terms and conditions apply. Offer may be varied, withdrawn or extended at any time. Finance provided by MINI Financial Services, a trading name of BMW Financial Services (GB) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB. You will have a 14 day statutory right to withdraw from the agreement. MINI UK introduces customers to MINI Financial Services only and does not receive any commission or other payment for the introduction. The introduction does not amount to independent financial advice. Your Retailer will receive commission for introducing customers to MINI Financial Services. ¹The personalisation options listed are available at no additional cost.
