Protection

Protect and decorate

Avoid small impacts and friction on the bodywork, edges, and door sills thanks to the Protection Pack's transparent films. The protective film is available in the full pack and also in smaller sections, enabling you to choose what is best for you. To help manoeuvre with ease, add parking sensors to your All-New ZOE Van, which are perfectly integrated into the bumper. Choosing accessories for your vehicles means enhancing its style and protection, which is why we have mudflaps to protect your All-New ZOE Van from flying debris.
