7 YEAR
WARRANTY

SAY YES TO THE ALL-NEW

MG4 EV

-  **Up to 281 miles of electric range on a single charge***
-  **A comprehensive list of high-tech features as standard**
-  **An ultra-thin underfloor battery to maximise head and leg room**
-  **Complete peace-of-mind with our 7-year warranty**

Welcome to next-gen electric driving from MG.

The All-New MG4 EV is our first car designed for electric driving and is our most exciting drive yet. This family-friendly hatchback has a custom chassis design and all the safety and tech you would expect from MG.

Why compromise when you can have the All-New MG4 EV?

*Range applies to All-New MG4 EV SE Long Range with the 64kWh battery from a single charge on the WLTP combined cycle: Combined Range 281 miles (450 km); City Range: 360 miles (579 km); Combined Driving Efficiency: 3.8 miles/kWh (16.0 kWh/100km).

SAY YES TO

ELECTRIC

The tech behind EVs is improving at pace and ownership has never been more attainable.

With the UK setting to ban the sale of new petrol and diesel cars from 2030, the future of driving is electric. The benefits of joining the electric driving revolution have never been better.

£ Electric is cost-effective.

Electric power is considerably cheaper than petrol or diesel.*

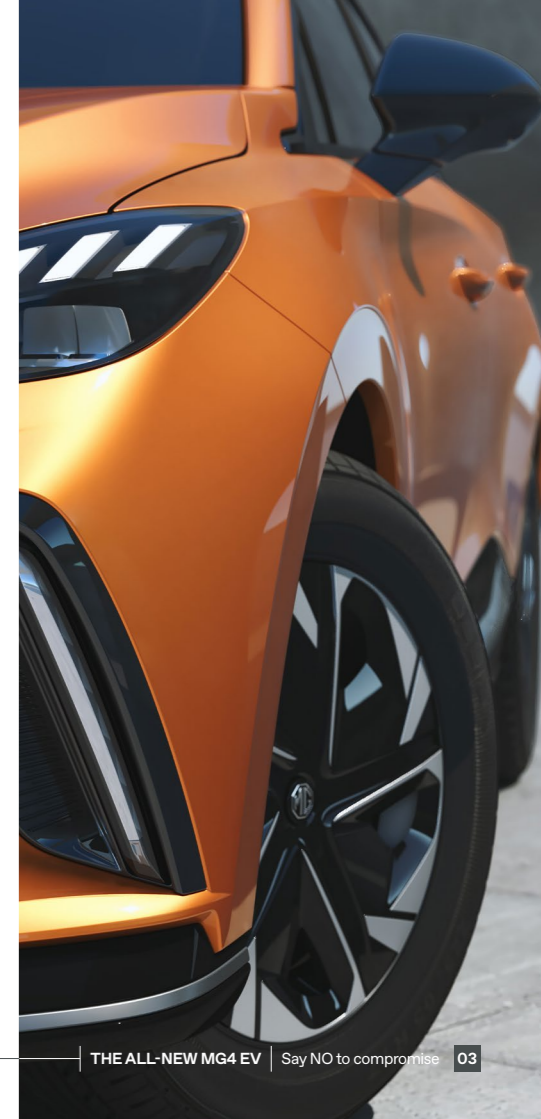

📍 Electric is convenient.

Finding a place to plug in is easier than ever, with around 40,000 charging points nationwide.**

🌱 Electric is sustainable.

Reduce your CO₂ emissions and contribute to cleaner air quality.

*Figures are intended for comparability purposes. The fuel consumption/electric range you achieve under real life driving conditions will depend upon a number of factors including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. **Source: EDF energy <https://www.edfenergy.com/electric-cars/charging-points>.

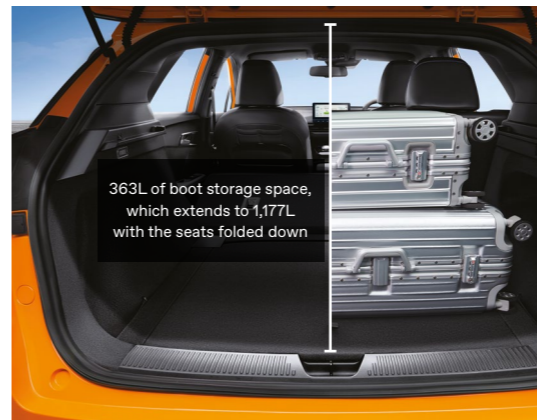

SAY YES TO RANGE

- MG4 EV SE**
218 miles
- MG4 EV Trophy Long Range**
270 miles
- MG4 EV SE Long Range**
281 miles
