THE GENUINE DIFFERENCE

A passion for uncompromising performance and quality is the essence of the Genuine Difference, and it's forged into the parts and accessories we make. Genuine Jeep Accessories are original equipment, which means that the Jeep Accessories in this catalogue are designed by Jeep engineers — the people who know your Patriot better than anyone else.

Our product is a result of uncompromising standards. You'll recognise the difference in the tighter tolerances required of original equipment accessories. You'll see it in our materials, which provide a superior finish and an exact vehicle colour match, as well as in the integrated fit that comes from utilising the same computer modelling technology that was used to design your vehicle.

Our process is an adherence to stricter testing. You'll appreciate the difference in our rigorous evaluations, from demanding salt bath corrosion tests and impact performance tests to harsh on and off-road durability testing. And you'll discover that all Genuine Jeep Accessories are designed so they will not adversely affect your vehicle's original performance specifications.

Our promise is demonstrated in our superior warranty coverage. When installed on a Jeep Patriot that's within the New Vehicle Limited Warranty period, Genuine Jeep Accessories are covered by the unexpired balance of the 3-year/100,000 kilometre New Vehicle Limited Warranty, or a 12-month/20,000 kilometre Basic Limited Warranty, whichever is more favourable to you. And these warranties are serviced by authorised Jeep dealerships in Australia.

Whether you're looking to enhance your Jeep Patriot with premium protection, convenience, style or entertainment, choose the Genuine Difference. Just like our accessories, it's a statement — and a standard of excellence — you'll benefit from for years to come.
