BLUE&ME™ - TOMTOM®

Punto EVO

Only for cars with preparation in the dashboard (opt. 54k). Sophisticated equipment and simple controls that open up a new world with a single touch: on board the Punto EVO the technological development is at your fingertips. The very latest generation Blue&me - TomTom®, Sat Nav, integrates all the functions of Blue&me™ and allows the safe use of all the communication equipment and a

constant dialogue with the car. In addition, eco:Drive Info measures and processes the driving style and, in real time, gives useful suggestions for reducing the impact on the environment and improving consumption, suggesting gear changes and the use of the accelerator based on the type of road.
